I sent you a letter to-day & tried to Answer your questions, but I forgot this note, I am about to wright, Please check this & you may get a lot of feathers in your cap - you know what I mean -

This is about Martin Luther King, After he was shot, the Negro that was with him, Said (in a loud voice) Dr. King, then he was shot, the Negro that was with King, said his face lit up & he fell dead - Now you know, that if his face lit up, the Gun had to be at close range. So if the negro that was with King did not kill King, then M L King killed himself, Please have them run that reel again & you will see I am right .This is not the first case I have figured out.

On 5/23/68 [redacted] Records Section, Indiana Drivers License, advised all records are recorded alphabetically. No separate record is maintained on new licenses. No applications are retained.

She further advised that race is no longer listed on the driver's license.

[redacted] Indiana State Police, advised his records revealed there are over 3,174,000 registered drivers' licenses on file. It would take 10 Agents, 20 days of review in order to check all licenses.

In view of fact license records previously checked for subject RAY and known aliases, it is not believed feasible to review over three million licenses in file, and Bureau is requested to advise if they desire this be done.

This is the case involving the killing of Martin Luther King, Jr.

The Bureau is in receipt of a letter from [redacted] Cleveland, Ohio, wherein she states she furnished information to the Bureau over a month ago indicating she had seen the subject James Earl Ray. She states she is not satisfied with the way her information was handled and is generally critical.

On 4-23-68 [redacted] advised the Cleveland Office she observed an individual resembling subject Ray the previous day parked in a shopping center in Cleveland. At the time of the call she was excited and could not remember the number of the apartment where she lived. She stated she had no other information to furnish and did not indicate any desire to see an Agent. Cleveland conducted investigation in the area of the shopping center but located nothing of significance with respect to Ray.

[redacted] directed a letter to the Bureau dated 4-25-68 in which she stated she had contacted the Cleveland Office but no one had called upon her. Cleveland was instructed to interview her for any additional details she might have in her possession. She furnished conflicting information at that time concerning the color of the automobile the person was driving as well as conflicting information concerning the license plate. She also told the Agents that her reason for writing was that she had never met an FBI Agent before and really wanted to talk to one. She said she was very disappointed when an Agent did not come out [redacted] house right after she called [redacted]

[redacted]

In her current letter she refers to receiving a mysterious phone call from an unknown male and can't understand how he obtained her telephone number.

SUBJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

[redacted] has advised our Denver Office that about a year ago [redacted] one [redacted] claims to be involved in a conspiracy to kill Martin Luther King, Jr. She said she would not have furnished this information except [redacted] who is a heavy drinker, recently told her he was going to marry another woman.

In about October of 1967, [redacted] began telling her he was in some type of organized crime syndicate but never was specific as to members or activities. He claimed to have killed many men, but she was never sure that the killings were while he was in the Armed Forces or in connection with a syndicate.

[redacted] spent a lot of time out of town and on 5/14/68, he was at her place and was "very drunk." Before they retired for the evening, she told him she was scared and asked him if he had a hand in King's death. He replied "What do you think? Of course." She then asked [redacted] if James Earl Ray did the shooting and he replied asking her what made her think Ray did it. She indicated that Ray was probably dead and [redacted] said he was not.

REC 209 4086

On 5/22/68, [redacted] who had been representing [redacted] telephoned [redacted] and asked her to locate [redacted] as it was an emergency. She was to tell [redacted] the following message: "Emergency Tea Cup" and [redacted] would know what it meant. JUN 4 1968 Later on [redacted] called at which time she gave him the message and he had her repeat it three times, swore and commented "I wonder if mine will be as big as the other." This message frightened her and she has not heard or seen from him since.

Memo Rosen to DeLoach
RE: MURKIN

Although the information as related by [redacted] appears to be rambling and highly imaginative and she appears to be the victim of a love affair, we are attempting to locate and interview [redacted] to completely determine the veracity of the facts as related.

Our Dallas Office advised that a potential criminal informant of their office had been in contact with a former gambler, whose identity the informant would not disclose, who had just returned from Monterrey, Mexico. According to the informant this gambler made the statement that James Earl Ray is currently working as a bartender in a bar located near the Chevrolet dealership near Monterrey, Mexico. Legat, Mexico City has advised that [redacted] has checked the only bar closely fitting the description in this allegation. It is the bar known as "El Rancho" located about thirty yards from the Chevrolet dealership in Monterrey, Mexico. [redacted] completed a canvass of management personnel and employees of the bar and determined that there are no North Americans employed there in any capacity and no employee resembling description of photograph of subject. Investigation is continuing in nearby restaurants where bar service is available and this is being afforded most expeditious attention.

A person by the name of [redacted] contacted our Brownsville, Texas, Resident Agency and advised that he had received information that about four days ago James Earl Ray was working in a kitchen of a hotel located on Isla Mujeres, off the coast of the State of Quintana Roo, Mexico, [redacted] gave his permanent address as Yucatan, Mexico. His source of information is the son of the man who owns the hotel. This is presently being checked out.

The Taipel, Taiwan, newspaper is carrying a story of the possibility of James Earl Ray en route to Taiwan. Although there is no apparent basis for this allegation and it appears that Korea National Police, Seoul, Korea, gave a press release asking all to be alert for subject in event he travels to Korea, this matter is being checked out.

ACTION: We are affording this case top priority attention.

RE: [redacted]

Re Bureau telephone call, 5/31/68.

[redacted], Savannah, Ga., advised his son, [redacted] was recently in Mexico but has been back in Savannah for about two weeks. He said his son, who is 33 years of age, left him to take care of the store without saying he was going and then after being in Mexico had to call back for money because some hotel down there refused to accept his credit card. He said his son has not been back in the store since his return to Savannah because of their differences.

[redacted] advised that he and his son were in the store at the time MARTIN LUTHER KING, JR. was killed and that thereafter they went to a local restaurant with other employees in the store for a steak. [redacted] verified this matter without any prompting.

[redacted] was interviewed by SAs [redacted] and [redacted]. He said he departed Savannah by Delta Airlines on about 4/30/68, and took Delta to Dallas where he was to take Braniff to Mexico City. He was just a few minutes late at Dallas and had to take a later flight on Pan American Air Ways to Mexico City. At Mexico City he registered at the Marie Isabella Hotel where he stayed

until Sunday, 5/5/68. He had to leave the hotel because of a convention. He then went to the Alfer (PH) Hotel where he stayed until about Wednesday. He left Mexico City on Wednesday via Mexicana Airlines at Madrias (PH) in the Yucatan Peninsula and spent one night at the Madrias Hotel. The next day he flew from Madrias to the Island of Iznio (PH) where he stayed for a week in the best hotel on the island. There is no telephone service on this island. When he got ready to leave, the hotel declined to accept his American Express or Diners Club credit cards. He had to go back to Madrias where he wired home for money to pay his expenses back to the states. He took a plane out of Madrias back to New Orleans and then back to Savannah arriving in Savannah either Wednesday or Thursday night, 5/15 or 16/68.

The following description was obtained from observation and interview:

Race	White
Sex	Male
Age	33
DOB	[redacted]
POB	
Height	5' 11"
Weight	195 - 200
Hair	Brown, died blond
Scars and marks	Thin scar from right temple across top of right eye and nose; his left leg was broken

[redacted] said he was talking to a Negro policeman in the store at [redacted] when the news came over the radio that MARTIN LUTHER KING was killed. He said thereafter he went with his father and some other employees to a local restaurant for a steak. He said he also attended a memorial service for Dr. KING the following Sunday in Savannah. He denied having a pistol in his possession at any time.

Today Legal Attache [redacted] of Mexico City called relating to the lead furnished by [redacted] to the effect that James Ray was reportedly working at the Sadzil Ha Hotel, Isla of Mujeres, off the coast of Mexico.

[redacted] advised that an American was a guest at the Sadzil Ha Hotel from 5/9/68 to 5/12/68 at which time he reportedly left Isla of Mujeres for Merida, Mexico. Efforts to locate this individual in Merida have been unsuccessful to date.

[redacted] advised that investigation disclosed that this individual arrived in Mexico City, 5/1/68, using the name [redacted] or [redacted] He stayed at the Maria Isabella Hotel, Mexico City, from 5/1/68 to 5/4/68 and at the Alfero Hotel, Mexico City, from 5/5/68 to 5/6/68 before leaving for Isla of Mujeres. In connection with his hotel registrations he listed his profession as [redacted] and gave a permanent address of [redacted] Savannah, Georgia. He also listed a Diners' Club Card, number [redacted]

According to [redacted] this individual generally answers the physical description of Ray. Four witnesses have said that [redacted] resembles Ray while several others have expressed the opinion he does not. According to witnesses [redacted] has obviously dyed blond hair and has in his possession an automatic pistol. He also had a noticeable limp.

ACTION:

The above was telephonically furnished to ASAC Thomas Westfall of the Savannah Office with instructions to conduct immediate investigation to determine whether [redacted] is a legitimate existing person and if so, his current whereabouts.

[redacted] admitted that he had been in Mexico earlier this month and was on the Isla of Mujeres from 5/9 to 12/68. He is 33 years old, has bleached blond hair, [redacted] and does limp [redacted] denied currently possession a pistol or having possessed one while in Mexico.

[redacted] further advised that he did use Diners' Club Card number [redacted] while in Mexico.

The Agents who interviewed [redacted] advised that he does not resemble James Ray.

[redacted] Diners' Club Card numer [redacted] was issued to [redacted] Savannah, Georgia, on 10/24/67. At the time the card was issued to him he was 32 years of age [redacted]

[redacted] verified [redacted] position as [redacted]

He stated he was aware of this, had desired to determine [redacted] identity, even though a guest on possibility he might be identical to Ray, and that expedite inquiry was continuing to resolve the original allegation.

Re: JAMES PAUL THORNTON

Atlanta summary teletype of 5/24/68, requested advice concerning THORNTON who is now residing in Atlanta.

The following was obtained from [redacted] BUFILE 157-1660), which also has to do with the American States Rights Party, an off-shoot of the National States Rights Party:

During 1963, THORNTON was residing in Garden Grove, California, and was assisting in the publication of the NSRP of California organ, "The Attack," P. O. Box 641, Santa Ana, California. On page 8, of the report of SA [redacted] Los Angeles, 1/14/64, it appeared that THORNTON left for Birmingham, on 1/6/64. Birmingham file reflects he left Birmingham in November, 1964, to return to Garden Grove, California.

THORNTON [redacted] had been inducted into the U. S. Army on 6/15/65, at Los Angeles, Serial No [redacted] and assigned to duty at Ft. Polk, Louisiana. He is not known to have returned to Birmingham, and since NSRP headquarters had been moved from Birmingham, there would have been no reason for him to have done so.

From the above, it does not appear that any association of RAY with THORNTON could have occurred in Birmingham, since RAY was confined during the period of THORNTON's residence there.

SCHNEIDERMAN provided a local address of the Holiday Inn, Olympic and Figueroa, Los Angeles, California.

Mr. GENE BERRY, Manager, Holiday Inn, 1020 South Figueroa Street, Los Angeles, California, advised on 5/31/68 that a SAMUEL S. SCHNEIDERMAN was a guest at their motel from 1:58 AM, 4/10/68, until his room was found vacant on 4/21/68. SCHNEIDERMAN left owing a $105.98 motel bill. The following investigation was conducted by SA [redacted]

On 5/22/68, Mrs. GEORGE KARIAN, [redacted] Whitemarsh Township, Pa., whose phone number is [redacted] advised that following the previous contact, she and her husband rechecked all their phone numbers, outgoing and incoming, as best they could, and they have no record of any calls from the West Coast on 1/3/68.

She stated that from November, 1967, to March, 1968, her husband's mother, Mrs. SAMUEL KARIAN, was in the Los Angeles area, and several phone calls were made; however, they were all collect. A check of these calls failed to reflect a call on 1/3/68.

Mrs. KARIAN stated she asked her two children, PATRICIA and JANICE, if they recalled an incoming phone call on 1/3/68, and they both stated they did not remember any long-distance calls.

They did not have any incoming calls from the West Coast or outgoing on 1/3/68. The only toll calls from his phone on 1/3/68 were one to Tennessee, one to South Carolina, and one to Worcester, Mass.

The Bureau by radiogram dated 5/21/68 to All SACs instructed that each field office covering state capitals cause a review for all driver's license applications to be reviewed for the months of April and May, 1968, as subject Ray may have obtained a driver's license in a state using a name not known to this Bureau.

Sacramento now advises that due to the system of recording information regarding driver's license for the State of California to cause a review of all applications received for the months of April and May, 1968, would result in a cost to the Bureau of $81,000. Upon further conversation with Sacramento they advised that the State is approximately four or five weeks behind in filing their applications and they recommend these unfiled applications can be reviewed on a daily basis with five Agents conducting review of three to five thousand applications daily, Monday through Friday from 8:00 to 11:00 a.m., at Department of Motor Vehicles headquarters.

Sacramento is being instructed to review these applications not yet filed concerning all applicants for months of April and May, 1968, at no cost to Bureau.

SUBJECT: MURKIN

The following action was taken by Extra-Duty Supervisor [redacted] on 6-2-68, regarding location by Canadian authorities of a passport issued to Ramon George Sneyd:

Legal Attache [redacted] London, England, was telephonically contacted. He advised that there would be no record maintained on an individual entering England or any of the Commonwealth under Canadian passport. He pointed out that if a person arrived on a plane from Canada at London, he would merely present his passport to Immigration officials who would stamp the passport but no record would be made of the person's entry.

[redacted] stated there were several avenues of investigation possible in London which are: (1) check of British Overseas Airlines Company (BOAC) passenger manifests to determine if a person by the name of Sneyd was on an incoming flight. In this connection, he noted that this is a holiday weekend in England and that Monday, 6-3-68, is a holiday, similar to our Labor Day, and he doubted if such a check of BOAC records could be undertaken before 6-4-68; however, he would explore the possibility on 6-3-68. (2) Circularize the name of Ramon George Sneyd through the Hotel Security Officers Association to determine if Sneyd was registered in a London hotel. He pointed out that there was no guarantee that such circularization would not be leaked to the press. (3) Circularization through the Metropolitan Police Gazette which is a periodical sent to all police agencies in the United Kingdom. Here again while the Gazette is supposedly restricted to police agencies, information contained therein very often comes to the attention of the press. (4) Arrange for widespread publicity through news media of subject's photograph and descriptive data.

[redacted] was instructed that at this point all investigation should be handled in a discreet fashion and that he should take no action concerning circularization through the Hotel Security Officers Association or the Metropolitan Police Gazette and no publicity to news media unless specifically authorized by the Bureau. He was instructed to have a check of BOAC records instituted as soon as possible.

Memorandum to Mr. Rosen
RE: MURKIN

In connection with past information indicating Ray might desire to travel to Rhodesia, [redacted] advised that all British are banned from travel to Rhodesia and, therefore, he would have extreme difficulty using a Canadian passport to leave London for Rhodesia but he did point out that a person could fly from London to some point on the continent and from there travel to Rhodesia.

Legal Attache [redacted] Ottawa, Canada, advised at 1:45 p. m., 6-2-68, that Royal Canadian Mounted Police (RCMP) had reported no new developments to him and that if he did not hear from them by 5:00 p. m., he would call them and thereafter call the Bureau bringing the Canadian investigation up to date. He pointed out that RCMP is checking regarding whether or not there was a legitimate birth certificate filed for Sneyd. In connection with the handwriting examination being done by RCMP, he said a comparison was being made with the signature on the lease executed by Galt in Montreal. RCMP is also checking to determine what records BOAC maintains in Canada concerning London passengers. [redacted] was advised that an FBI Identification Record was located for one Paul Osborn Bridgeman, [redacted] indicating Bridgeman had been fingerprinted by the Department of Correction, Jefferson City, Missouri, on 4-23-65, and could very well have been confined to the Missouri State Penitentiary at the time Ray was confined there.

[redacted] will attempt to get passport application and photograph of Sneyd in the mail to the Bureau 6-3-68.

[redacted] was instructed that all investigation in Canada regarding this matter should be handled in a discreet fashion.

ASAC Cliff Halter, Memphis Office, was telephonically advised of the developments concerning the Canadian passport issued to Sneyd. SAC Robert Jensen, Memphis Office, subsequently called and suggested that Legat, Ottawa be requested to have laundries in the vicinity of the Chinese rooming house checked to determine if photographs of Ray could be identified by them. SAC Jensen also suggested that as soon as photographs of Sneyd are obtained from Legat, Ottawa, copies should be sent to St. Louis and Chicago to be shown to Ray's relatives.

SAC Karl Dissly, Kansas City Office, was telephonically advised of the Canadian developments and was furnished background concerning Paul Bridgeman, [redacted]. SAC Dissly advised that the Department of Correction, Jefferson City, Missouri, is the Missouri State Penitentiary. He was instructed to immediately have appropriate record reviewed and set out necessary leads to locate and interview Bridgeman concerning his knowledge of subject Ray and present whereabouts and to determine if Bridgeman is now or was in Toronto, Canada, in April of this year.

SUBJECT: MURKIN

Reference is made to Mr. Gale's conversation with Cliff Sessions today concerning the proposed meeting which the Attorney General plans to have with representatives of CBS this afternoon.

It was indicated that CBS was going to do a program on Martin Luther King and one of the comments would pertain to Rev. Ralph Abernathy's comment concerning the fact that the FBI was doing nothing to bring about the arrest of King's murderer.

ACTION RECOMMENDED

The Attorney General according to Cliff Sessions desired some statement which might be suggested which he could make or give to CBS representatives.

It is believed that any statement which we might give to the Attorney General should be brief and succinct and we, therefore, recommend for your consideration the brief comments which are attached. All of the information in the attached statement has previously been publicly released.

ASSASSINATION OF MARTIN LUTHER KING, JR.

The record of the FBI in connection with the investigation into the murder of Martin Luther King, Jr., is one of substantial achievement.

Starting with an unknown subject, the man known as Eric Galt was identified by the FBI as a prime suspect within five days. Within another week the FBI had obtained a photograph of the subject and the Attorney General considered sufficient evidence had been developed to warrant Federal process. Three days later, as a result of a project to check latent fingerprints against the fingerprints of more than 53,000 fugitives, James Earl Ray was determined to be identical with Galt.

The total facilities of the FBI have been fully committed to this case from the outset. Investigation has proceeded around-the-clock on a top priority basis throughout the United States and in various foreign countries. Thousands of interviews have been conducted and hundreds of suspects have been processed. A tremendous number of examinations have been conducted by the FBI Laboratory and the FBI Identification Division. Every logical investigative approach is being vigorously pursued and there will be no let up until Ray is apprehended.

I. CRIMES COMMITTED FOR WHICH FEDERAL PROCESS OUTSTANDING

The subject, JAMES EARL RAY, was received at the Missouri State Penitentiary (MSP), Jefferson City, Missouri, March 17, 1960, from the St. Louis City Circuit Court to serve a sentence of 20 years after conviction for robbery first degree by means of a dangerous and deadly weapon (2 counts) and for operating a motor vehicle without permission of the owner. He was given sentences of 20, 7, and 5 years, all to run concurrently.

The subject, who was MSP inmate #00416, was assigned to the Bakery Unit of the Food Service Department. Just prior to the 5:00 P.M. count on April 23, 1967, he was discovered missing and could not be found within the penitentiary. It was not until some 10 days later that prison officials determined that the subject had escaped by being concealed in a large bread box being taken by open truck from the main prison to Renz Farm, a prison farm that lies outside the prison walls and about 5 miles north of the main prison. This method of escape has not been positively verified and remains largely a matter of conjecture.

Federal assistance was requested to locate the subject, and on July 20, 1967, a complaint was filed before U. S. Commissioner W. C. SHELEY at Jefferson City, Missouri, charging the subject with Unlawful Flight to Avoid Confinement following a conviction for robbery first degree, this being in violation of Title 18, U. S. Code, Section 1073.

On April 24, 1968, an amended complaint was filed by SA ROWEN B. AYERS before U. S. Commissioner SHELEY.

At about 6:00 P.M. on April 4, 1968, while standing on the second floor balcony outside Room 306 of the Lorraine Motel, 406 Mulberry Street, Memphis, Tennessee, Dr. MARTIN LUTHER KING, JR., was struck in the right side of the face by a single bullet. Investigation disclosed that this shot was fired from the bathroom of a rooming house located at 422½ South Main Street, Memphis, which bathroom was located at the rear of the rooming house and which had a window overlooking the Lorraine Motel. It is 207 feet from the bathroom window to the spot where KING was shot.

It was determined that on the afternoon of April 4, 1968, a man using the name JOHN WILLARD rented Room 5B at 422½ South Main Street, paying one week's rent. After hearing the rifle shot at about 6:00 P.M. on April 4, 1968, other tenants in the rooming house observed the man known as WILLARD fleeing from the rooming house carrying a large package which was subsequently abandoned by him on the sidewalk in front of 424 South Main Street. Further investigation disclosed that WILLARD fled from the scene in a white Mustang parked a few feet south of 424 South Main Street.

Found abandoned in front of 424 South Main was a 30-06 Remington, Model 760, rifle, a small plastic suitcase containing numerous toilet articles, undershorts, a T-shirt, binoculars, a newspaper, an after shave lotion bottle, 2 cans of Schlitz beer, and a brown and green bedspread in which all of these items were partially wrapped.

Investigation at motels in the vicinity of Memphis, Tennessee, to identify persons who might be driving a white Mustang automobile disclosed that ERIC S. GALT, 2608 Highland Avenue, Birmingham, Alabama, had spent the night of April 3, 1968, at the Rebel Motel, 3466 Lamar Avenue, Memphis, Tennessee, and was driving a Mustang with Alabama license 1-38993. Subsequent investigation at Birmingham, set out in more detail elsewhere in this report, indicated that ERIC STARVO GALT was responsible for the murder of Dr. MARTIN LUTHER KING, JR., and on April 17, 1968, Assistant U. S. Attorney R. MACEY TAYLOR, Birmingham, Alabama, authorized the filing of a complaint against ERIC STARVO GALT for violation of Title 18, U. S. Code, Section 241, charging that GALT did conspire to injure, oppress, threaten or intimidate MARTIN LUTHER KING, JR., in the free exercise and enjoyment of his rights secured by the Constitution of the United States, namely, the right to freely travel from state to state. Assistant U. S. Attorney TAYLOR recommended bond be set in the amount of $50,000.

This complaint was filed by SAC JOSEPH H. GAMBLE before U. S. Commissioner MILDRED F. SPRAGUE, Birmingham, on April 17, 1968, and Mrs. SPRAGUE issued a warrant of arrest for ERIC STARVO GALT.

On May 7, 1968, a Shelby County Grand Jury, Memphis, Tennessee, returned a secret indictment charging the subject, JAMES EARL RAY, with murder in the first degree. While this indictment has not been made public, the local press is aware of its existence and has commented on it.

II. CHRONOLOGICAL LISTING OF KNOWN ACTIVITIES OF JAMES EARL RAY SINCE HIS ESCAPE AND LABORATORY EXAMINATION OF EVIDENCE ATTENDANT THERETO

4/23/67 — JAMES EARL RAY, FBI #405 942 G, escaped from the Missouri State Penitentiary (MSP), Jefferson City, Missouri.

GALT is not known to have made any telephone calls from the telephone in the hall, #532-0094, and interviews have been unproductive with other tenants, nearby stores, garages, parking lots, and other places where GALT might have parked his car.

An employee at the apartment house has reported that during GALT's stay he was visited on one occasion by 2 women, both described as being aged 40 to 42, one woman had black hair, the other had reddish brown hair. They reportedly stayed overnight, one left the following day, and the other stayed for a few days.

7/28/67

ERIC GALT purchased a Canadian Postal Money Order #C31,600,868 at Station "C," Montreal, Canada. This money order was in the amount of $17.50 and was made payable to Locksmithing Institute, Little Falls, New Jersey.

A photostat copy of this money order was examined by the FBI Laboratory. The FBI Laboratory reported that the photostat copy of this money order lacks the quality necessary for a satisfactory comparison; however, some differences were noted between the writing appearing on the face of this item when compared with writing appearing on other specimens submitted in this case under the name of ERIC GALT.

ERIC S. GALT, 2589 Notre Dame East, Montreal, Canada, enrolled in the Locksmithing Institute, 1500 Cardinal Drive, Little Falls, New Jersey, a correspondence school whose records reflect that his first payment was received July 31, 1967, and the last payment was by money order dated March 28, 1968. During the period of his enrollment, GALT showed in addition to the Canadian address the following addresses:

1535 South Serrano
Los Angeles, California

2608 Highland Avenue
Birmingham, Alabama

113 14th Street, N.E.
Atlanta, Georgia

The enrollment form of Locksmithing Institute, Little Falls, New Jersey, dated July 31, 1967, in the name of ERIC S. GALT; the confidential information form of the Locksmithing Institute bearing the signature ERIC S. The FBI Laboratory reported that the signature appearing on the confidential information form was prepared by the writer of the signatures in this name appearing on items submitted in this case. It was determined that the handprinting appearing on the enrollment form and white envelope was prepared by the same individual who prepared handprinting on other items submitted attributed to ERIC S. GALT.

8/9/67

ERIC GALT purchased a Canadian Postal Money Order #C35,273,307 from Station "C," Montreal, Canada. This money order was in the amount of $1 payable to E. Z. Formula, Hollywood, California. E. Z. Formula, 6311 Yucca Street, Hollywood, California, is a subsidiary of Barnett and Hersh and concerns only a magazine mail order business selling a single formula for making glass into a 2-way mirror. They maintain no receipt or record of shipment and are therefore unable to further verify receipt of an order from GALT.

8/26/67 — Personnel at the Harkay Apartments, Montreal, Canada, are not certain as to the date ERIC S. GALT moved from that address; however, they are in agreement that it was shortly before Labor Day of 1967. Investigation at Birmingham, Alabama, has disclosed that on August 26, 1967, ERIC S. GALT registered in a rooming house known as Economy Rooms at 2608 Highland Avenue, Birmingham, Alabama.

The record of access to the safe deposit box, contract for box, ledger card for box, and the undated, handwritten letter from GALT were forwarded to the FBI Laboratory. The FBI Laboratory concluded that the signature of ERIC S. GALT appearing on these items was prepared by the same individual who prepared the writing in the same name appearing on other items attributed to ERIC S. GALT.

8/29-30/67 — ERIC GALT, in answer to an ad appearing in a local newspaper, contacted Mr. WILLIAM D. PAISLEY, [redacted] Birmingham, Alabama, regarding PAISLEY's offer to sell a 1966 white Mustang. On August 30, 1967, GALT met PAISLEY at the First National Bank Building, Birmingham, where GALT paid PAISLEY $1995 in cash. A bill of sale was prepared indicating the car was sold to ERIC GALT, 2608 Highland Avenue, Birmingham, Alabama, telephone #323-9487.

9/6/67 Records of the Drivers License Division, Department of Public Safety, State of Alabama, Montgomery, revealed that Alabama driver's license #2848947 was issued to ERIC STARVO GALT, 2608 Highland Avenue South, Birmingham, Alabama.

The FBI Laboratory concluded that the signature of ERIC STARVO GALT appearing on his application for Alabama driver's license was prepared by the same individual who prepared other signatures in the same name attributed to ERIC S. GALT.

9/12/67 ERIC GALT, 2608 Highland Avenue, Birmingham, Alabama, enrolled for 5 weekly classes in dance instruction at Continental Dance Club Studios, also known as the Friendship Club, Birmingham, Alabama. GALT, with the same Birmingham, Alabama, address wherein GALT refers to his order for Book #633 and requested that the book not be sent as he was moving shortly and would send a corrected address later. Officials of the Modern Photo Book Store advised that they have received no further communications from GALT subsequent to the letter dated September 26, 1967.

The FBI Laboratory reported that the handwriting appearing on this coupon and letter was identical with the handwriting of JAMES EARL RAY, FBI #405 942 G. The FBI Identification Division advised that one latent fingerprint of value was developed on the coupon and that this latent fingerprint is identical with the left thumb print of JAMES EARL RAY, FBI #405 942 G.

Since the Kodak Model M8 camera was not in stock, a Crestline Super 8 camera was substituted.

The FBI Laboratory concluded that the handprinting appearing on this Superior Bulk Film Company order blank was prepared by the same individual who prepared other items submitted under the same name and attributed to ERIC S. GALT.

10/5/67 — ERIC S. GALT sent a typewritten note dated October 5, 1967, to Superior Bulk Film Company, Chicago, acknowledging receipt of items ordered from them and by which he returned the Crestline Super 8 camera. He indicated the camera ordered by him was a four speed camera while the substituted one was a one film speed camera. GALT indicated he was leaving for Mexico on October 7, 1967, but would later send his Mexican address to that company.

ERIC GALT, 1535 North Serrano, Los Angeles, California, executed an enrollment agreement and contract for dancing instruction with the owner of the National Dance Studio, 2026 Pacific Avenue, Long Beach, California.

The FBI Laboratory concluded that the ERIC S. GALT signature appearing on an interview card #66429 dated December 5, 1967, of the National Dance Studio was prepared by the writer of this signature appearing on other items previously submitted and attributed to ERIC S. GALT. The Laboratory concluded that the ERIC S. GALT signature appearing on the National Dance Studio enrollment agreement and contract dated December 14, 1967, was too distorted for any determination to be made.

Investigation revealed that GALT first appeared at the office of the National Dance Studio on December 5, 1967, at which time he took two lessons and made payments of $29. GALT appeared at the studio again on December 17, 1967, and took two lessons, again on December 12, 1967, and took two lessons, and on December 14, 1967, and took one lesson.

"I would appreciate any information you could give me on the above subject or any other information on Rhodesia."

JEROME WALLIS VERNON operated the Home Service Laundry and Dry Cleaning Company, 5280 Hollywood Boulevard, Los Angeles, California, from about January 16, 1968, to March 23, 1968. He said that a man named ERIC GALT was a regular customer who came in each Saturday afternoon with a bundle of laundry which usually consisted of underwear, T-shirts, and dress shirts. He believes he first saw GALT on Saturday, January 20, 1968, and he recalled seeing him for the last time on about March 16, 1968. VERNON was shown the laundry marks on the T-shirt and undershorts abandoned by the killer in front of 424 South Main Street, Memphis, Tennessee, on April 4, 1968. VERNON identified the laundry marking on the undershorts and T-shirt as being similar to the mark used at his laundry. Found in the records of the Home Service Laundry and Dry Cleaning Company was laundry list #3065 in the name of E. GALT with Thermo Seal sticker 02B-6.

IT IS NOTED THAT UNDERSHORTS AND T-SHIRT ABANDONED BY THE KILLER AT MEMPHIS, TENNESSEE, ON APRIL 4, 1968, CONTAINED A THERMO SEAL LAUNDRY MARK 02B-6.

The Los Angeles Division forwarded to the FBI Laboratory a piece of paper and a cloth square, each containing 12 samples of laundry marking printed by a Thermo Seal marking machine manufactured by the Textile Marking Company, Syracuse, New York, and obtained from the Home Service Laundry and Dry Cleaners, 5280 Hollywood Boulevard, Los Angeles, California.

The FBI Laboratory advised that these 12 laundry tapes are similar to the laundry tapes in color, construction, and composition to the laundry tapes appearing on the undershorts and T-shirt abandoned at 424 South Main Street, Memphis, Tennessee, by the killer of MARTIN LUTHER KING, JR. Five of these tapes have the same length (1 1/16") as those appearing on the undershorts and T-shirt. The other 9 are longer, either 1 3/32" or 1 1/8" in length.

The FBI Laboratory advised that no significant differences were noted between the laundry tapes appearing on the undershorts and T-shirt when compared with some of the laundry tape specimens submitted by Los Angeles indicating that they may have originated from the same machine.

"The Local Swinger" is a correspondence club operating from P. O. Box 3802, Downey, California. "The Local Swinger" placed an advertisement in the Los Angeles "Free Press" offering to send a list of local swingers to anyone who paid the price of $1. In addition, it was understood that for each letter sent to "The Local Swinger" the sender would have to pay $1. During February 1968 ERIC S. GALT sent $1 and a request for a list of swingers and thereafter sent 5 letters to 5 individuals.

PATRICIA ANDERSON, nee SCHUBERT, is the only one of these thus far identified. She has made available a photograph which GALT enclosed in his letter to her. PATRICIA ANDERSON has never subscribed to "The Local Swinger" nor has she ever written to pen pal clubs or subscribed to the Los Angeles "Free Press." She has never met GALT and has had no further correspondence from him.

By letter postmarked February 26, 1968, addressed to Tiffany Enterprises, 8512 Whitworth Drive, Los Angeles, California, ERIC S. GALT, 5533 Hollywood Boulevard, Hollywood, California, ordered one pair of Japanese handcuffs.

It is noted that Tiffany Enterprises is a mail order business but that they do not stock these Japanese handcuffs, so it was necessary for them to have the order filled by the International Police Equipment Company, 806 South Robertson Avenue, Los Angeles. These handcuffs were shipped to GALT on March 16, 1968.

The FBI Laboratory concluded that the signature ERIC S. GALT appearing on the typewritten letter dated February 26, 1968, was prepared by the writer of the "GALT" signatures on other specimens previously submitted.

3/2/68

On this date GALT was graduated from the International School of Bartending, 2125 Sunset Boulevard, Los Angeles, California, and a photograph made that date has been discovered. Approximately a week after GALT's graduation he was telephonically contacted by the director of this school, who indicated he had employment for GALT as a bartender. GALT declined stating that he was leaving town within 2 weeks to visit his brother and did not wish to take employment. GALT indicated he would later return to Los Angeles.

3/21/68

As well as can be established, it was on or about this date that the subject left at [redacted] New Orleans, Louisiana, a box of clothing belonging to [redacted] It is noted that [redacted] is the daughter of MARIE MARTIN, one of the subject's associates in Los Angeles. Additional information concerning MARIE MARTIN is set out elsewhere in this report. 3/29/68

On this date an individual who gave his name as HARVEY LOWMEYER, 1907 South 11th Street, Birmingham, Alabama, went to the Aeromarine Supply Company, 5701 Airport Highway, Birmingham, Alabama, where he purchased a Remington, Model 700, caliber .243, rifle with a 2x-7x Redfield telescopic sight mounted thereon. He also bought a box of 20 rounds of .243 Norma ammunition. He left the store carrying this rifle in a cardboard box in which had originally come a rifle from the Browning Manufacturing Company. He was given the Browning box because the rifle with the mounted sight would not fit in the Remington box in which the rifle had originally been shipped. LOWMEYER paid cash.

3/30/68

The man calling himself LOWMEYER telephoned first and later that day returned with the newly purchased .243 rifle to Aeromarine Supply Company and explained that following a conversation with his brother he had decided to exchange this rifle for a Remington, Model 760, 30-06 caliber. This exchange was accomplished on the afternoon of March 30, 1968, with LOWMEYER leaving the store with a Remington, Game Master rifle, Model 760, SN 461476, on which was mounted the Redfield telescopic sight,

SN A17350. He again left with this gun in the Browning cardboard box. The .243 caliber ammunition was exchanged for a box of 30-06 ammunition. LOWMEYER indicated he wanted to use the 30-06 rifle to hunt in Wisconsin.

Investigation at Birmingham disclosed that LOWMEYER is unknown at 1907 South 11th Street and is unknown in that general neighborhood.

3/30/68

On this date the Locksmithing Institute, Little Falls, New Jersey, received a change of address from GALT indicating his new address to be 113 14th Street, N.E., Atlanta, Georgia.

The Newark Division forwarded to the FBI Laboratory 4 green payment coupons to the Locksmithing Institute, Little Falls, New Jersey, showing payment for lessons #6 through #9. Coupons #6 through #8 bore the handprinted address of 1535 North Serrano, Los Angeles, and the handprinted name of ERIC S. GALT. Coupon for lesson #9 bore the handprinted address of 113 14th Street, N.E., Atlanta, Georgia.

The FBI Laboratory concluded that the questioned handprinting appearing on the green payment coupons was prepared by the individual responsible for preparing other handprinting on specimens in this case attributed to ERIC S. GALT.

It is unknown by officials of the Locksmithing Institute the exact manner in which GALT furnished the above described change of address.

3/31/68

JIMMY DELTON GARNER, operator of a rooming house located at 113 14th Street, N.E., Atlanta, Georgia, admits being drunk during a large portion of the time around March 24 - 31, 1968, but states that on March 31, 1968, GALT paid for an additional week's rent. GARNER does not recall seeing GALT after March 31, 1968.

GARNER advised that when ERIC S. GALT paid his rent for the second week commencing March 31, 1968, he had GALT write his name on an envelope. According to GARNER who made this envelope available, GALT hand-printed his signature on the envelope. The reason GARNER requested that GALT sign his name was the fact that GARNER intended to then transfer this name to his official records when he returned to his own room.

The FBI Laboratory concluded that the hand-printed name of ERIC S. GALT that appears on the envelope furnished by JIMMY DELTON GARNER, manager of the rooming house located at 113 14th Street, N.E., Atlanta, was prepared by the person who prepared the hand-printing on material previously submitted in this matter and attributed to ERIC S. GALT.

As a result of a lawful search of Room 2 of this rooming house conducted on April 15, 1968, numerous items of a possible evidentiary value were obtained, including a map of Mexico.

The FBI Identification Division, Latent Fingerprint Section, reported that 2 latent fingerprints were developed on this map and that these latents were identified with fingerprints of JAMES EARL RAY, FBI #405 942 G.

4/1/68 — On this date an individual using the name ERIC GALT left both laundry and dry cleaning at the Piedmont Laundry pick up station, 1168 Peachtree, N.E., Atlanta, Georgia.

4/3/68 — ERIC S. GALT, 2608 Highland Avenue, Birmingham, Alabama, registered at the Rebel Motor Hotel, 3466 Lamar Avenue, on April 3, 1968, was assigned Room 34, and departed the hotel prior to the checkout time of 1:00 P.M. on April 4, 1968. At the time of registration GALT indicated on the registration card that he was driving a Mustang bearing Alabama license 1-38993.

The FBI Laboratory concluded that the signature of ERIC S. GALT appearing on the hotel registration card was prepared by the same individual who prepared other specimens submitted under the same name.

4/4/68 — Between 3:00 P.M. and 3:30 P.M. on this date a man using the name JOHN WILLARD rented sleeping room 5B at 422½ South Main Street, Memphis, Tennessee, at the rate of $8.50 per week. He paid one week's rent in advance. He was not required to execute a registration card or to otherwise provide any information concerning himself or his automobile.

At about 4:00 P.M. on April 4, 1968, an unknown individual purchased from York Arms Company, 162 South Main Street, Memphis, Tennessee, a pair of Bushnell 7 x 35 binoculars. The salesman did not record the serial number of the binoculars; however, he wrote the price of the binoculars $39.95 and the amount of the tax $1.60 on the side of the cardboard box in which the binoculars came and added them for a total of $41.55. He placed the sales slip, the binoculars, box, and the leather type carrying case in a gray paper bag which bears on its side the name York Arms. This witness subsequently identified photographs of JAMES EARL RAY as

being identical with the purchaser of the binoculars; however, it should be noted this witness has since been committed to the Tennessee Psychiatric Hospital and Institute, Memphis, Tennessee.

At about 6:00 P.M. on this date Dr. MARTIN LUTHER KING, JR., was shot and killed by a single bullet fired from the bathroom of the rooming house at 422½ South Main Street, Memphis. At the time he was struck KING was standing on the second floor balcony in front of Room 306 of the Lorraine Motel, 406 Mulberry, Memphis. Other occupants of the rooming house at 422½ South Main Street heard a rifle fired and observed a man run from the rooming house onto South Main Street where he dropped a large bundle in front of 424 South Main Street. Neighborhood investigation disclosed that a white Mustang was seen immediately leaving the area at a high rate of speed. A canvass of motels in the Memphis area disclosed that one ERIC S. GALT had spent the night of April 3, 1968, at the Rebel Motel, Memphis, Tennessee, and had been driving a white Mustang. He gave as an address 2608 Highland Avenue, Birmingham, Alabama. When inquiries were made at that address solely for the purpose of further identifying GALT, it was determined that he had not resided there since about October 1967. It was for this reason that GALT came to our attention in connection with this case.

Inspector N. E. ZACHARY, Homicide Bureau, Memphis, Tennessee, Police Department, recovered numerous articles dropped by the assailant of Dr. MARTIN LUTHER KING, JR., on the sidewalk near the entrance of the building located at 424 South Main Street. Included among these articles are the following:

1) Remington Game Master rifle, Model 760, SN 461476, on which was mounted a Redfield telescopic sight, SN A17350

2) Banner by Bushnell binoculars, SN DQ408664

3) First section of the April 4, 1968, issue of the "Commercial Appeal," a daily newspaper published in Memphis

4) A plastic bottle of Mennen Afta Shaving Lotion

5) An unopened can of Schlitz beer, bearing the legend "Mississippi Tax Paid. IV Cents."

6) A Channel Master radio receiver, Model #6502, 6 Transistor, Super Hetrodyne, with a frequency range of 535-1605 Kc/s. This radio bears scratchings on one side interpreted to read "00416."

7) One pair of undershorts and one T-shirt

8) Green and brown bedspread (see date of April 5, 1968, concerning items found in abandoned Mustang)

The Latent Fingerprint Section of the FBI Identification Division advised that one latent fingerprint on this rifle; one latent fingerprint on the telescopic sight; one latent fingerprint on the binoculars; one latent fingerprint on the newspaper; one latent fingerprint on the bottle of Afta Shaving Lotion and one latent fingerprint on the Schlitz beer can have been identified with the fingerprints of JAMES EARL RAY, FBI #405 942 G.

The Bureau advised that the number "00416," which was the interpretation of the scratchings appearing on the above described Channel Master radio, is the same number as the inmate number for JAMES EARL RAY, FBI #405 942 G, while confined at the Missouri State Penitentiary.

The FBI Laboratory examination revealed that the undershorts and T-short each bears a laundry tag on which appears the characters "02B-6." Only a portion of the first character is present on each tag.

Samples of the Thermo Seal marking machine, SN 31454, Model RH-5K1, in possession of the Home Service Laundry and Dry Cleaning Company, 5280 Hollywood Boulevard, Los Angeles, California, using the numbers and letters 02B-6 on red colored tape, were forwarded to the FBI Laboratory. This machine was used in this laundry between January 16, 1968, and March 23, 1968. The FBI Laboratory advised that the specimens from the Thermo Seal marking machine, SN 31454, are similar to the laundry tapes appearing on the T-shirt and undershorts in color, construction, and composition. Five of these tapes have the same length (1 1/16") as the tapes appearing on the T-shirt and shorts. The other 9 are longer, either 1 3/32" or 1 1/8" in length. These tapes submitted by Los Angeles are of varying lengths; however, no significant differences were noted between the T-short and shorts laundry tapes when compared with some of the specimens submitted by Los Angeles indicating that they may have originated from the same machine.

The bullet removed from the victim KING was examined by the FBI Laboratory, who determined that it is a .30 caliber metal-jacketed "soft point" sporting type bullet of Remington - Peters manufacture which could have been fired from the recovered Remington 30-06 rifle. The bullet has been distorted due to mutilation and insufficient marks of value for identification remain on this bullet. Therefore, it was not possible to determine whether or not the bullet removed from the deceased had been fired from the recovered Remington rifle bearing the fingerprint of JAMES EARL RAY.

4/5/68

An unknown white male at about 8:30 A.M. on Friday, April 5, 1968, parked instant white Mustang bearing Alabama license 1-38993 in the parking lot of Capitol Homes, a public housing project in Atlanta, Georgia.

Among other items found in this abandoned Mustang was bed linen bearing laundry mark 20R-3. As mentioned earlier in this report, records of the Avalon Cleaners and Laundry, Inc., 5662 Hollywood Boulevard, Los Angeles, reflect that laundry belonging to an individual named GALT, which laundry was brought in on December 15, 1967, had been assigned laundry #20R-3.

Brown cotton fibers, green cotton fibers, and green rayon fibers were found in the abandoned Mustang. The FBI Laboratory has compared these with the bedspread found abandoned by the killer in front of 424 South Main Street, Memphis, on April 4, 1968, and has concluded that the fibers found in the Mustang could have come from this bedspread.

Between 9:00 A.M. and 10:00 A.M. on April 5, 1968, an individual stopped at the Piedmont Laundry pick up station, 1168 Peachtree, N.E., Atlanta, and picked up laundry left there on April 1, 1968, under the name ERIC GALT. The clerk, Mrs. ESTELLE PETERS, when shown photographs of JAMES EARL RAY, stated she believes the photograph of RAY in which he was wearing a bow tie is a better likeness; however, the most recent photograph in which he is wearing a four-in-hand tie looks older and the eyes and nose appear very similar.

No information has been received concerning the whereabouts of JAMES EARL RAY since April 5, 1968.

The Kansas City Division submitted the following described documents to the FBI Laboratory requesting appropriate handwriting and handprinting examination with the handprinting and handwriting specimens submitted to the Laboratory as evidence in this matter:

One copy of a letter dated October 24, 1966, in the handwriting of JAMES E. RAY. This letter was from RAY to Dr. EARL C. KEPLER, Biggs Building, Fulton, Missouri.

34 pages containing purported handwriting and handprinting of JAMES EARL RAY obtained from the records of the Missouri State Penitentiary, Jefferson City, Missouri.

22 pages of handwriting of JAMES EARL RAY obtained from the U. S. Penitentiary, Leavenworth, Kansas, and one copy of a form dated April 4, 1958, signed by JAMES EARL RAY which was obtained from the U. S. Probation Officer, Kansas City, Missouri.

The FBI Laboratory concluded that the questioned handwriting and handprinting appearing on items attributed to ERIC S. GALT were prepared by JAMES EARL RAY.

Because of the presence of characteristics which cannot be explained on the basis of the known handwriting of JAMES EARL RAY, the FBI Laboratory advised that it cannot be definitely determined whether the "HARVEY LOWMYER" signature appearing on the sales invoice of the Aeromarine Supply Company, Birmingham, Alabama (place where Remington rifle, Model 760, SN 461476, was purchased), was prepared by this individual; however, significant handwriting similarities were noted.

The FBI Laboratory stated that because of the lack of identifying defects, it could not be definitely determined whether the same typewriter was used in preparing all the typewritten impressions appearing on items previously submitted in this case attributed to ERIC S. GALT, but no significant differences were noted.

ASSOCIATES

Missouri State Penitentiary

[redacted] interviewed at Dallas, Texas, and resides at [redacted] Seagoville, Texas. He was acquainted with JAMES EARL RAY during the period [redacted] while serving [redacted] sentences at the Missouri State Penitentiary. [redacted] RAY worked in the prison bakery. RAY used amphetamine powder and dealt extensively in the sale of the amphetamine powder and benzadrine to other inmates. These items were being obtained by RAY, apparently through prison guards. RAY liked to play poker and was considered a good player; was mild mannered, and appeared timid to persons not knowing him well. He did not have any special interests and did not express any opinions regarding the Negroes, Ku Klux Klan, Army service, women, clothes, drinking, and the outside world in general.

[redacted] MSP [redacted] is serving [redacted] at the Missouri State Penitentiary and worked in April 1967 in [redacted] the prison. RAY was known to him by sight and though he did not associate with RAY in K Hall [redacted] RAY was very quiet and there was no information available as to his personal habits or beliefs. He also had no knowledge of RAY's associates.

[redacted] formerly of the Missouri State Penitentiary, is currently incarcerated at the Federal Penitentiary, Leavenworth, Kansas. [redacted]

RAY reportedly stabbed one inmate in the Missouri State Penitentiary while the victim was held by another inmate. Reportedly RAY used to steal locks from different doors in the backery and kitchen area and practice picking these locks later in the day.

[redacted] currently incarcerated at the Illinois State Penitentiary was acquainted with JAMES EARL RAY at the Missouri State Penitentiary. ADAMS left the penitentiary in [redacted]

RAY brought food to [redacted] where [redacted] was working and he assumed RAY worked in the prison kitchen. He described him as a quiet individual, but he never talked directly to him nor did he ever observe him with any other inmates.

[redacted] currently incarcerated at the Florida State Prison, Raiford, Florida, knew JAMES EARL RAY in the Missouri State Prison from about [redacted] until [redacted] He met him through [redacted] presently at the New Penitentiary, Moberly, Missouri.

RAY never said much, did not bother anybody, was a loner and had a bad nervous condition and a definite mental problem. He was taking powdered amphetamine while in prison and would suffer weight losses and gains of 10 to 15 pounds over short periods of time.

[redacted] stated that amphetamine taken in quantities would produce a substantial rapid weight loss.

The amphetamine supply, prior to 1964, was $5 a shot or less and after 1964, although the supply was limited, it still sold for the same price.

[redacted] is currently in Cuyahoga County Jail, Cleveland, Ohio, for [redacted] and had been an inmate at the Missouri State Penitentiary from [redacted] until [redacted]

RAY was a bread man, working in the bakery, slicing the bread for meals. RAY was a racist and was many times heard discussing his dislike for Negroes. RAY was hooked on amphetamine powders and always had a nose dropper and needle to shoot the solution made up from the amphetamine powders into his veins. The amphetamine was obtained through a source in the prison at a price between $50 and $100 per spoonful, and on occasion would break down the amount of powder he would receive and in turn sell it in smaller packages. When the amphetamine was not available RAY would break up "bennies" and use it.

He was a "lone wolf", never discussed his own personal background, and was an avid reader of sex books and girlie magazines. RAY never trusted anyone and had a feeling that everyone was out to get him. He also had a habit of pulling at his left ear constantly. RAY purchased the amphetamines from a fellow convict, [redacted] described as the "top con" at Missouri State Penitentiary.

RAY had talked of escaping on numerous occasions and on one occasion was caught with a rope and hook. He also participated in a tunnel job which was discovered, though the authorities were unaware of who had been involved in this attempt.

[redacted], currently incarcerated in U. S. Penitentiary, Leavenworth, Kansas, under number [redacted] is serving a [redacted] sentence for violation of [redacted] disclaimed any knowledge of RAY personally or by name.

[redacted] has Missouri State Penitentiary Number [redacted] and is currently serving [redacted] sentence. He was incarcerated in [redacted] He knew JAMES EARL RAY as an employee in J Hall for a time and knew he lived alone in a cell in K Hall. He always desired to cell alone.

[redacted] was in solitary when RAY escaped and knew nothing of it. He described him as an exceptionally quiet and "odd" person. RAY took mild drugs such as amphetamine and had very small veins, making it difficult for him to "main line" his shots. He purchased barbiturates and amphetamine whenever he could, but always believed he was ill, using drugs on occasion as a matter of medicine.

JEROME (NMN) CARPENTER, possesses Missouri State Penitentiary #[redacted]

He has known JAMES EARL RAY since about 1963, but not well. He knew JERRY RAY, brother of JAMES RAY, and their father was named JERRY RAY. When CARPENTER was 15 years of age his mother ran away with JERRY RAY and went to St. Louis, Missouri. They separated after two years and his mother has returned to Quincy, Illinois.

He described RAY to be a quiet, meek person who was very soft-spoken.

[redacted] now a [redacted] at St. Louis, was a fellow inmate at the Missouri State Penitentiary with JAMES EARL RAY, during the period [redacted] or [redacted] until his release in [redacted] RAY is described as a loner, closed-mouth, who never discussed anything but mixed well with the other inmates, both black and white. RAY never displayed propensity for violence or racist sentiments.

RAY was not addicted to drugs, but nearly all the inmates used any drugs available.

(Information received elsewhere noted that [redacted] received two telephone calls from RAY since KING was killed, one call coming from New Orleans, Louisiana, and one call from North Carolina.)

[redacted] became acquainted with JAMES EARL RAY in [redacted] while both were inmates at the Missouri State Penitentiary. RAY worked in J Hall as a "walk boy." He would take orders for cigarettes, gum, candy, and the like to be purchased within the prison and would bring hot water for shaving and coffee to the inmates. He was the only "walk boy" in J Hall and was free to contact any inmate and could walk throughout the hall freely. Conversations with

RAY indicated he was intimate with the area in Alabama known as Walker County and had stayed in Birmingham, Alabama, in the past. RAY on a daily basis would read the "Post-Herald", a newspaper of Birmingham, Alabama.

RAY reportedly stated that if he ever got out of jail he was going to make himself a "bunch of money" and said that the Businessmen's Association has offered $100,000 for killing MARTIN LUTHER KING, and KING is five years past due. RAY did not know what the Businessmen's Association was, but he intended to find out.

RAY also stated that he has a place picked out where he could hide, but never identified its location.

RAY would be easy to identify, even if he attempted to disguise his identity, in that he is definitely "slough-footed" and his toes point out noticeably when he walked, causing his heels and soles to wear down on the outside edges. He also has a prominent cleft on his chin and RAY liked to drink.

RAY also picked up and delivered wagering tickets in the cigarette lottery in J Hall.

RAY never discussed his family nor did he ever indicate from which part of the United States he came.

RAY, in connection with the lottery, was closely connected with [redacted] and an individual named [redacted] subsequently identified as [redacted]

[redacted] Alabama, was an inmate at the Missouri State Penitentiary from [redacted] through [redacted] In [redacted] he met RAY and heard him make the statement that he was glad when JOHN F. KENNEDY was killed, identifying KENNEDY as a "nigger lover". RAY disliked Negroes and during the time MARTIN LUTHER KING was leading demonstrations and marches he would become aggravated and upset when reading this information in newspapers to the point that he would curse KING and the Negroes.

[redacted] also heard RAY make the statement that he was going to get MARTIN LUTHER KING when he got out. "Cooley's organization" would pay $10,000 to have KING dead. [redacted] had no knowledge concerning this organization and only heard it from RAY.

RAY was not overly friendly and never discussed his past life in [redacted] presence. He had mentioned about tunneling out of prison and going to Virginia to hide in a cave.

RAY was friendly to an inmate, [redacted] who often spoke about Mexico and could speak Spanish.

RAY had also mentioned at one time that his brother-in-law was working in Liberia, Africa, and was making large sums of money.

[redacted] further stated that [redacted] had told him he and RAY committed a robbery of an oil company in Atlanta, Georgia, committing the robbery about midnight.

[redacted] overheard RAY tell [redacted] that when RAY got out of the penitentiary he knew a guy names "COOLEY" who would hide him where no one could find him.

(Credibility of [redacted] has not been established to date, it being noted he has furnished conflicting information about the personal habits of RAY.)

[redacted] interviewed by the Oklahoma City Division, advised he was an inmate at the Missouri State Penitentiary from [redacted] until [redacted] when released and was friendly with JAMES EARL RAY. He worked with RAY in the prison bakery and was a partner with him in operating prison poker games.

RAY expressed some interest in learning to speak Spanish, studying the language from a Spanish dictionary [redacted]. He also read books about Mexico which he obtained from the prison library.

[redacted]

In searching his belongings [redacted] located the name ERIC LARSON, who was the inmate supervisor at the penitentiary bakery, whom he described as the most likely person to know the whereabouts of RAY.

[redacted] Missouri State Penitentiary No. [redacted] is currently serving [redacted] He came to the Missouri State Penitentiary in [redacted]

He said he did not know JAMES EARL RAY in the Missouri State Penitentiary, though the photograph of RAY contained in the newspapers looks familiar. He did not know any asscciates of RAY either.

RAYMOND LOUIS CURTIS is currently incarcerated in the Whitfield County Jail, Dalton, Georgia, pending an appeal on a life sentence for murder.

He first became acquainted with JAMES EARL RAY in March 1955 in the Jackson County Jail, Kansas City, Missouri, where RAY was incarcerated on a Post Office Burglary charge. They were cellmates for six to seven months. During this incarceration a friend of RAY's would visit him. This friend had been a cellmate with RAY at Menard, Illinois. This individual kept RAY in spending money while RAY was in prison and it is CURTIS' opinion he would harbor RAY.

After this incarceration in the Jackson County Jail they both at different times were transferred to the Federal Penitentiary in Leavenworth. During this period at Leavenworth RAY, to his knowledge, spoke of no girlfriend and corresponded with none. He mentioned that he "operated" which CURTIS stated meant engaged in burglary and payroll jobs, out of Quincy, Illinois.

RAY is a good poker player and he with CURTIS participated with fellow prisoners in crooked poker games. At a subsequent time they were both incarcerated in the Missouri State Penitentiary, occasionally in the same cell. While in B and C Halls they were together in a three-man cell with a third individual, and it was during this period that President JOHN F. KENNEDY was assassinated. Subsequently in 1963 or 1964 the movements of Dr. MARTIN LUTHER KING became topic of conversation at the penitentiary and word got around to the prisoners that businessmen had raised a considerable amount of money, about one million dollars, as a bounty on KING's head. RAY mentioned a dozen times that had he known about the bounty on JOHN F. KENNEDY's head and had been out he would have collected it; and if he got out in time and if KING was still alive, he would like to get the bounty on KING.

RAY had a friend in New Orleans whose name was spelled like [redacted] apparently a fence, who would harbor RAY.

GEORGE BEN EDMONDSON, an inmate at the Missouri State Penitentiary, initially denied knowing JAMES EARL RAY, but subsequently recognized him as an associate of an inmate he knew by the name of RAY CURTIS. He personally had no dealings with RAY inside or outside the penitentiary, and therefore had nothing to discuss with him. EDMONDSON stated it is very easy to get a Canadian passport. All that is needed is $5.00 plus someone to sign as a guarantor and substantiate this with a baptismal certificate or a birth certificate. These records are available, as are guarantors, in the Rue Notre Dome area. It costs about $50 to obtain the necessary papers to back up the passport application.

All the inmates at the Missouri State Penitentiary are aware how easy it is to get Canadian passports in Montreal through this procedure.

[redacted] Jefferson City, Missouri, formerly [redacted] at the Missouri State Penitentiary and knew JIMMY RAY well [redacted] RAY was a good friend of a blond inmate by the name of [redacted] who hated Negroes.

[redacted] thought that both RAY and [redacted] could be mixed up in peddling dope in the penitentiary but he could never prove it.

He was aware that RAY wanted to escape from the penitentiary [redacted] RAY was strictly a loner and very quiet.

[redacted] currently an inmate of the Missouri Training Center for Men, was [redacted] in J Hall where RAY hid in the Missouri State Penitentiary for one week in 1964 or 1965.

RAY [redacted] was described as closed-mouth who had few friends and did not talk much to anyone. [redacted] last contact with JAMES EARL RAY in [redacted] or [redacted]

[redacted] resides at [redacted] Palm Springs, Florida, and while an inmate at the Missouri State Penitentiary for three years had met and known JAMES EARL RAY. He was not very friendly with RAY but did eat with him a number of times when RAY was in the kitchen visiting with his friend, [redacted]

He described RAY as a sharp intelligent guy who hung around with the boys who were always up to something and were in on all the deals. He never seemed to have a lot of money but always seemed to have enough to get whatever he wanted.

Most of the guys that RAY was with were on dope and were peddling it.

There had been trouble with some of the Negro prisoners in the Missouri State Penitentiary who were Black Muslims. Some of the prisoners decided to teach them a lesson, and three or four of the Negro leaders were killed. RAY might have been in on the actual killing; [redacted] did not know, but if not, RAY was close with the one that did it.

[redacted] stated that from his association with RAY he felt sure RAY would have a .45 automatic on his person somewhere and he would not give up or be taken without a fight. He considered RAY to be a "killer" and would not be easy to catch or find.

He has not heard from RAY since he got out of the Missouri State Penitentiary over two years ago and he does believe RAY would know how to contact him.

[redacted] Warsaw, Missouri, [redacted] at the Missouri State Penitentiary at the same time as JAMES EARL RAY.

[redacted] RAY [redacted] could be intimidated into doing almost anything. He became indebted to an inmate named [redacted] who stood good for RAY's debts "in the yard." [redacted] also worked in the kitchen of the prison with RAY.

RAY in his conversations would always mention his liking for the Rogue River area of Oregon. He seemed to be familiar with saw mill work in Oregon.

[redacted] was called on the telephone at [redacted] Warsaw, Missouri, by [redacted] telling [redacted] he was in serious trouble and had to keep moving. [redacted] turned [redacted] down rendering any assistance and advised that [redacted] knows JAMES EARL RAY very well since he was at the Missouri State Penitentiary in [redacted] through [redacted]

[redacted] Missouri State Penitentiary Number [redacted] knew JAMES EARL RAY at the penitentiary.

From his conversations with RAY he learned that his maximum ambition in life was to make a "score" of about $20,000 to $30,000 after which he would go to Mexico to "hide out" living simply on the loot at the favorable Mexican exchange rate.

RAY had spoken of Campeche Bay near the Yucatan Peninsula and of living with peasants on the outskirts of the town of Campeche, Mexico. He also spoke of a cheap "red light district" which was located in the town of Torreon or Torrejon (phonetic), which is believed located in north central Mexico.

[redacted] stated RAY did not like Negroes in general but expressed no particular feeling toward MARTIN LUTHER KING although he did hear him refer to Dr. KING as "MARTIN LUTHER COON".

RAY is described as a hypochondriac in that he took six or seven different kinds of pills daily, imagining he had a cranial depression and a "rapid palpitation of the heart. He would use an inmate's watch with a second hand to time his pulse.

RAY was acquainted with a man who operated a small-scale smuggling business who lived near the town of Campeche, Mexico. His name is believed to be either [redacted] or [redacted] who had apparently lived for some time in the United States and who spoke English. He owns a small fishing boat and would smuggle things from Brownsville, Texas, into Mexico through Campeche Bay.

[redacted] Missouri State Penitentiary Number [redacted] was contacted by the Little Rock Division and stated he was well acquainted with JAMES EARL RAY while both were incarcerated at the Missouri State Penitentiary.

[redacted]

Prior to RAY's escape, RAY sold narcotics to other inmates.

He stated that RAY was a loner and had very few friends.

[redacted] said that if RAY was in the Blytheville, Arkansas, area and knew that [redacted] was there, he would contact him.

[redacted] currently incarcerated at the Missouri State Penitentiary, has number [redacted] He recalls JAMES EARL RAY as an inmate and believes he was addicted to "Bennies" and amphetamine. RAY and [redacted] another inmate, were receiving this material at the Missouri State Penitentiary through a guard who was later transferred to one of the farms and subsequently fired for smuggling a watch into the prison farm.

[redacted] believes there was an elderly con, about 65 or 70 years of age, named [redacted], who would have known RAY, but he never knew them to cell together.

[redacted] Kansas City, Missouri, was an inmate at the Missouri State Penitentiary at the same time that JAMES EARL RAY was incarcerated there.

[redacted] He was never a close friend of RAY's [redacted]

Although he knew RAY to speak to, he never had an extended conversation and knew very little concerning his personal life or friends at the prison. He described him as a loner who always acted like he was troubled.

[redacted] California State Prison [redacted] is an inmate at this institution having been arrested [redacted] and having been in continual confinement since that time. He is presently serving a [redacted] sentence for [redacted]

In [redacted] he arrived at the MSP to serve a sentence for another charge and remained there for about [redacted] He knew a lot of inmates but upon viewing photographs of JAMES EARL RAY, he could not be sure of his recognition of this individual as having been one of his cellmates. The center photograph on the Wanted Flyer of JAMES EARL RAY resembles a man who worked in the wood shop at the Men's Institution Training Center, Moberly [redacted] This individual who resembled JAMES EARL RAY claimed to know quite a bit about safes, was to get out soon, wanted to score on safes in California, and go to Mexico to "cool it."

Other than this, he has no knowledge of the location of JAMES EARL RAY.

[redacted] Men's Training Center, Moberly, Missouri, knew JAMES EARL RAY when they were prisoners at the penitentiary. He never considered himself a close associate and last saw RAY in 1964. He never heard RAY make any antagonistic remarks concerning Negroes and never heard him mention Dr. MARTIN LUTHER KING.

[redacted] has no knowledge of any person who would be a close associate or confidant of RAY, nor does he know where RAY could be located.

[redacted] Missouri State Penitentiary Number [redacted] is serving [redacted] in the Missouri State Penitentiary, and said he was interviewed by reporters with the permission of Warden SWANSON and has been quoted without the use of his name about his knowledge of RAY.

He has known RAY since February 1961 and heard RAY mention he had a brother and sister.

No one was actually a "friend" of RAY's as he had no close friends, but the person nearest to this category is a former inmate named [redacted] with whom RAY did get along quite well.

RAY was always looking for a means to escape and was considered by some of the inmates to be "crazy" for his attempts at escape.

[redacted] RAY operated a book shop [redacted] at the prison [redacted] made some money from this [redacted] would sell and trade them for small amounts to the various inmates.

[redacted] when interviewed by the St. Louis Division was extremely hostile. He remembered JAMES EARL RAY from being incarcerated with him at the Missouri State Penitentiary, but he knew nothing about RAY now and would not tell law enforcement officials any information he did have.

He denied having anything to do with the escape of RAY from the penitentiary and he said he had not seen RAY or been contacted by him since the escape.

[redacted] said that he knew RAY for ten years in prison and was aware of his planning to escape on three occasions, but had no knowledge as to the details or modus operandi. He considers himself the closest associate of RAY as an inmate and walked in the prison yard with him daily.

It is his opinion that RAY does not trust any convict and regards all as potential "stool pigeons," since RAY felt that two of his escape attempts had been thwarted by informants,

[redacted]
RAY was quite interested in law if it concerned his case and spent extra money to purchase law books.

[redacted] has number [redacted] and is an inmate at the Missouri State Penitentiary. He was in K Hall at the penitentiary during the time JAMES EARL RAY celled there in 1967, and at the time RAY escaped.

He did not work directly with RAY but did see him and spoke with him. He worked in the bakery on the day after RAY's escape but never heard any talk concerning this escape nor does he have any information as to the identity of any inmate who may have aided him in his escape.

He never heard RAY speak of any "bounty" for the death of Dr. MARTIN LUTHER KING.

RAY, in his conversations, did comment on New Orleans, Louisiana, and he got the impression that RAY had lived in New Orleans; however, he does not recall any specific comments concerning this city.

JAMES LOAMA OWENS was interviewed by the St. Louis Division and advised he met JAMES EARL RAY in 1959 at the St. Louis Rescue Mission as a friend of BLACKIE AUSTIN. When he met RAY he knew him as JIM O'CONNOR, but RAY used the names RYAN and RAY, always with the first name of JIM. He described him as a professional thief, specializing in robbery and burglary. He described RAY as a loner and thinker, but never a braggert. He liked cars and pistols and once demonstrated his marksmanship by hitting a can successively on a bounce. He is a moderate drinker of bourbon highballs, no beer. RAY's theory was that women were to use and forget and he preferred female street bums with no attachment to any female.

RAY once was seen with an older man named JACK GAWRON who, with AUSTIN, appeared to be his only close associate.

RAY once displayed $1,000 in travelers checks and said he was going to Canada and the following month told OWENS that he had been to Canada. RAY also indicated at least a dozen trips to many parts of Mexico to cool off,

mentioning Vera Cruz, Acapulco, Nogales, and Mexico City. He reportedly had to leave Mexico City when he struck a man in the head with a pistol as the man came at him with a knife.

OWENS learned from other inmates that RAY sold pills, believed to be bennies, and had a 3 for 2 loan business at the Missouri State Penitentiary where they were both incarcerated.

OWENS was in Menard Prison prior to the second escape attempt by JAMES EARL RAY. He last saw him at the Missouri State Penitentiary and has not contacted or corresponded with him since that time.

be worth a large amount of money to Memphis businessmen to have KING killed. This conversation had taken place in his, [redacted], presence in Memphis but it was mere speculation and had no basis in fact. This conversation was related to his prison mates but he had no intention of implying that any person or group of persons had or was contemplating placing a bounty on MARTIN LUTHER KING.

It was his recollection that RAY had a great dislike for Negroes and although he would not describe him as a "loner", he would say RAY did not know how to make friends or how to mix with other people. RAY was a regular user of amphetamines in prison but he did not believe RAY used any other narcotics.

He did not believe RAY had any important criminal connections and he had no idea where RAY might presently be. He has not heard from RAY since he left the Missouri State Penitentiary.

RAY enjoyed tinkering with mechanical things, had built an air-conditioner out of spare parts for his prison cell, and was handy in the repair of radios, parts for which he would obtain from the penitentiary machine shop.

[redacted] stated he would in no way render assistance to aid in the capture of RAY.

[redacted], Missouri State Penitentiary # [redacted], knew JAMES EARL RAY at the penitentiary but was not too well acquainted with him. He stated no one was well acquainted with RAY as he was a quiet individual. He never knew RAY to express strong opinions on any subject, including racial matters, and he never heard of a bounty mentioned in connection with Dr. MARTIN LUTHER KING.

[redacted] did not feel that RAY was involved in the sale of amphetamines or "pills", or to operate or play in poker games.

JOSEPH ELMER AUSTIN advised he is 69 years of age and he knew JAMES EARL RAY for about 6 months during 1959. He and RAY robbed a supermarket at Alton, Illinois, which was the only score they pulled together. He claimed RAY cheated him, AUSTIN, of his part of the loot from the robbery.

AUSTIN was unaware that RAY had escaped from prison or that he was being sought in the slaying of Dr. MARTIN LUTHER KING.

[redacted] Georgia, and was formerly incarcerated at the Missouri State Penitentiary. He was acquainted with JAMES EARL RAY for approximately three years. [redacted] RAY worked as a bread slicer.

He described RAY as an avid reader who participated in softball games as a pitcher and would watch all the baseball games at the prison.

In 1966, a group of Black Muslims petitioned for the right to have their own religious services and a subsequent

search recovered weapons in their possession. This was followed by white prisoners arming themselves which in turn was followed by a riot. Three Negro prisoners were killed and, in his opinion, if RAY did not knife them himself he would know who did knife them. RAY was a racist and hated Negroes.

RAY often talked of going to the Lake of the Ozarks when he got out of prison. RAY was particularly interested in Western Music and a number of orchestras from the Lake of the Ozarks had played at the penitentiary.

[redacted] stated RAY's dope habit was costing him from $35 to $40 per week for shots and he appeared to be well fixed and never wanting for anything. While in prison he used amphetamines which he took in shots in the "main line" and he had known RAY to give free amphetamines to prisoners who needed a shot.

[redacted] was RAY's closest friend in the Missouri State Penitentiary and was responsible for bringing RAY in to the kitchen. [redacted]

[redacted] claimed he had not been contacted by RAY and had heard nothing to indicate RAY had attempted to contact him. RAY had talked about traveling all over the United States but never mentioned anything to indicate RAY was associated with anyone in the Atlanta, Georgia area.

[redacted] #[redacted] of the Missouri Training School for Men, had been in the Missouri State Penitentiary at the same time JAMES EARL RAY was there and he knew him from going back and forth to the dining room to eat. Everyone knew JAMES EARL RAY by his reputation as he had attempted to escape several times.

[redacted] reported RAY missing at the time of his April, 1967, escape to Lt. BILLY TURNER. It was rumored at the time that RAY was going to the State of Georgia if he was successful in his escape.

[redacted] had no knowledge or information concerning RAY's current location nor had he been contacted by RAY since his escape.

[redacted] knew JAMES EARL RAY casually while both were inmates at the penitentiary. During the period of this casual acquaintance, they had some slight association in the yard and personal association based on the fact that RAY worked on the food detail [redacted] he considered RAY to be a neat individual and clean.

Close associates of RAY at the penitentiary were identified to be [redacted] and [redacted]

At the time of RAY's escape, [redacted] was not confined at Jefferson City but was on the honor farm at Springfield, Missouri. He has no knowledge of where RAY would be now or whom he would seek out once he had escaped.

JOHN KENNETH HURTT is an inmate at the Missouri State Penitentiary, having number [redacted]. In 1966 he celled in the same hall at the Missouri State Penitentiary as did JAMES EARL RAY for two or three weeks. He was not close to RAY and knows of no close associates of RAY.

RAY was always "planning an escape" but HURTT does not know who helped RAY escape in April 1967, if anyone did help him.

He never heard RAY mention a bounty on the life of Dr. MARTIN LUTHER KING, nor did he ever hear anything from RAY to indicate one way or the other his feelings toward the Negro race.

In return for sending about a $15 money order to a stationery company under the pretext of ordering some paper, all done at the direction of RAY, he (HURTT) was given cigarettes in return by RAY for accomplishing this feat. RAY was always talking about the man who owned the stationery company, and it is this person whom HURTT thought RAY said lived in Kansas City. The name it was directed to he believes was PEPPER. The paper never came and when he asked RAY about delivery RAY told him the paper would be delivered directly to RAY.

HURTT further advised that he never heard of "COOLEY's Organization" and he has been in the Missouri State Penitentiary for the past 15 years. He also has no information to indicate RAY was involved with the sale of amphetamine in the penitentiary.

[redacted] Missouri State Penitentiary inmate [redacted] believes that when he was in the penitentiary during the [redacted] era he believes he may have known who RAY was during that time but was not associated or acquainted with him personally.

He returned to the Missouri State Penitentiary in [redacted] and worked in the bread room of the penitentiary in the early part of the year and he was working the morning shift during the time RAY escaped.

He does not know whether or not another inmate aided RAY in his escape and he does not subscribe to the theory that RAY escaped in the bread box being delivered to one of the prison farms. He [redacted] personally loaded

the bread into the wooden bread box and took it down the elevator operated by an inmate to the dock and assisted in placing the box on the truck.

[redacted] denied having knowledge of any plan by JAMES EARL RAY to escape and had no knowledge as to his possible whereabouts.

[redacted] St. Louis, Missouri, was in the Missouri State Penitentiary from [redacted] to [redacted]. He does not believe he was ever housed in the same hall as RAY and therefore was not that familiar with him.

He described RAY as a quiet type, seldom noticed. RAY did not gamble or play sports or do anything to attract attention to himself.

He recalls RAY's face from having seen him at the penitentiary. RAY's escape attempts attracted no attention to RAY as there were frequent such attempts by numerous inmates.

He has no knowledge of RAY's present whereabouts.

When reinterviewed, [redacted] admitted he ran a poker game and lottery at the penitentiary, having numerous inmates working for him. He knew all of them personally, but JAMES EARL RAY never worked for him.

[redacted] currently incarcerated San Quentin Penitentiary advised he was confined to the Missouri State Penitentiary from [redacted] through [redacted] on a [redacted] charge. He knew JAMES EARL RAY from about [redacted] until [redacted]. RAY came to the Missouri State Penitentiary with a man by the name of RAY PRUETT [redacted]

[redacted] RAY [redacted] worked in the prison bakery.

RAY, [redacted] and [redacted] (phonetic), were selling amphetamine and other stimulants to the inmates.

[redacted] estimates that the five of them made about $1,000 a month or more selling these pills each month. [redacted] paid a guard $100 to bring the jar in and after expenses cleared, about $1,000.

RAY had a friend who sent him narcotics, but [redacted] did not know any more about this matter.

He described RAY as closed mouth who never discussed with anyone and would not discuss any ideas or plans he had about escaping.

He stated RAY does not like Negroes and was capable of killing Dr. MARTIN LUTHER KING, JR.

[redacted] who was a cell block mate, worked in the library and would bring books to RAY, who liked to read about foreign countries.

[redacted] and [redacted] each got [redacted] years so they are still in the Missouri State Penitentiary.

Money earned in the penitentiary could either be in currency and/or script, such as commissary chits. Money could be sent out by guards who were bribed by the prisoners to act as couriers involving items leaving or entering the prison, but [redacted] would not identify any guard as he still might be in use by the present penitentiary inmates. RAY would earn $1.50 per month from his bakery work and $15 or $20 a month would be furnished to RAY by friends or the family outside of the prison for his personal use in purchasing commissary items.

[redacted] did not know how RAY handled his prison earnings.

[redacted] Moberly Training Center for Men, #[redacted] served from [redacted] until [redacted] at the Missouri State Penitentiary as a portion of his [redacted] sentence for [redacted] Subsequently he was transferred to his current place of confinement.

The substance of the telephone call allegedly received from JAMES EARL RAY on April 19, 1968, was that he was "hotter than a cow marshal's pistol" and made a request of [redacted] for money, which was denied.

WALTER TERRY RIFE, [redacted] was located at Quincy, Illinois, and disclaims having seen JAMES EARL RAY since he was incarcerated at Leavenworth, Kansas, in 1957. He has no information concerning the current whereabouts of JAMES EARL RAY nor his close associates.

RIFE stated that RAY was prejudiced against Negroes in a general way and he has never known RAY to belong to any organization or to make any threat against Negroes.

Both he and RAY were sentenced on July 1, 1955, to Leavenworth and RIFE was released in 1960.

ASSOCIATES

DYRELL DENNIS, located at the Towne Hotel, Milwaukee, Wisconsin, listed her home address to be [redacted] Los Angeles, California. When initially contacted on April 25, 1968, she advised she had no knowledge of JAMES EARL RAY and through viewing his photographs said she did not know him or anyone named ERIC STARVO GALT.

Subsequently, she was recontacted on April 27, 1968, at the Belmont Hotel, Milwaukee, Wisconsin. She advised she had resided at the St. Francis Hotel, Los Angeles, California, from March 1 to March 9, 1968. One night in the Sultan Room, Hollywood Boulevard, she was approached by a man who introduced himself as ERIC (Last Name Unknown). She described him as follows:

Race	White
Sex	Male
Age	Late 30's or early 40's
Height	5'10"
Build	Slender
Hair	Salt and pepper
Eyes	Light blue
Wearing apparel	Dressed very neatly
Characteristics	Appeared very nervous; pointed facial features; spoke with a nasal twang.

This person drank screwdrivers and claimed to have worked with computers. He had in his possession a large sum of money in $10 and $20 bills. She talked him into giving her a $20 bill after which they left the Sultan Room and went to another club where they continued to drink and then went to ERIC's room, #403 in the St. Francis Hotel. As they drank he told her on more than one occasion that he could become violent. She began to fear that he might possibly be a psychopath [redacted] Under pretext, she left the St. Francis Hotel.

Subsequently, she again encountered ERIC at the Sultan Room at which time he asked for and she returned his $20 bill.

She stated she has not seen this person since that time.

ANITA LOUISE KATZWINKEL, [redacted] Hollywood, California, was unable to identify photographs of ERIC STARVO GALT as anyone she knew. She also did not know CHARLES J. STEIN.

[redacted]

GINGER DAY, also known to her as GINGER NANCE, like the news broadcasts concerning GALT, favored beer and vodka and would listen only to country and western music.

KATZWINKEL has no knowledge of the location of JAMES EARL RAY, known as ERIC STARVO GALT.

MARIE MARTIN, [redacted] Los Angeles, California, listed her original name to be MYRIAL TOMASO, and she has also used the names MARIE DENNINO and MARIE MARTINELLO. [redacted]

She first met a person who introduced himself as ERIC GALT on approximately December 4, 1967, in the Sultan Room. He had been drinking at the bar and carried on a conversation with her while she was waiting on other customers.

She obtained GALT's agreement to drive her cousin, RITA STEIN to New Orleans, Louisiana, to pick up RITA's two children and return them to Los Angeles. GALT agreed to make the trip if MARIE MARTIN and RITA STEIN and her brother, CHARLES STEIN, would register to vote and list the political party sponsoring former Governor GEORGE C. WALLACE as their political candidate.

The day after the group registered for the WALLACE political party, MARIE MARTIN, RITA STEIN and CHARLES STEIN were issued registration receipts. Subsequently, MARIE MARTIN went to her room and brought a box of clothing

down to GALT's car which she had requested to be delivered to her mother, [redacted] at New Orleans. At this point, RITA and CHARLES STEIN and GALT left.

About one week later, she again saw GALT at the St. Francis Hotel, and he gave her a $20 bill after asking her if she were short of money. GALT told her he had visited some friends who lived in the Industrial Canal area of New Orleans near Chef Menteur Highway. GALT became a regular customer at the Sultan Room and on her recommendation, he moved into the St. Francis Hotel.

On February 14, 1968, GALT came to her room and they arranged to trade television sets. He took her portable set and gave her his set and a $20 bill. He told her he was going south and agreed to drop off another package at her mother's house at New Orleans.

She said that GALT used Spanish phrases on occasion, though he told her he could not speak Spanish. He told her he had lived in Mexico for about six years and knew a girl in Guadaljara.

Referring back to her portable television set, she described it as a 21 inch General Electric set of plastic material with built in rabbit ear antennas and a handle on top.

The last time MARIE MARTIN saw GALT was on the day they traded television sets, February 14, 1968.

RITA STEIN resides at [redacted] Los Angeles, California, and first met ERIC S. GALT in mid-December 1967 at the Sultan Room, St. Francis Hotel, Los Angeles, California. In conversation with GALT relative to her two children residing at her mother's home in New Orleans, Louisiana, she was able to determine that GALT would drive to New Orleans in his own car and return the children to Los Angeles. He agreed to take her brother, CHARLES STEIN, with him on the trip. Conditions for making this trip were that she, her brother and her cousin, MARIE MARTIN, all register with GEORGE WALLACE's party in California.

The following morning GALT drove the three of them to a location where they registered for the WALLACE party. Following this, they all returned to her residence, after which her brother left for New Orleans with GALT.

She next saw GALT when he returned with her two children approximately one week. He entered her house upon his return but stayed only a few moments and then departed. He returned again the next day to bring one of her children's toy blackboard which had been left in his car the previous day.

Following this, she saw GALT in the Sultan Room in mid-January 1968 and had no conversation with him. This was the last time she saw him.

A photograph of ERIC S. GALT obtained from the International School of Bartendering, Los Angeles, California, when displayed to RITA STEIN, reflected that this indeed was the ERIC S. GALT known to her.

JEROME WALLIS VERNON, known also as Jay Wallis Vernon, resides in [redacted] Upland, California.

He operated the Home Service Laundry and Dry Cleaning Company, Los Angeles, from January 16 to March 23, 1968, and a man by the name of GALT was a regular customer at the laundry. He believes GALT came in each Saturday afternoon.

He first saw GALT on Saturday, January 20, 1968, and last recalled seeing him on March 16, 1968. GALT would always leave a bundle of laundry consisting of underwear, T-shirts and dress shirts, and he would pick up the finished laundry the following Saturday. Photographs of the T-shirt and shorts recovered near the scene of the assassination were similar to the ones brought in by GALT, according to VERNON, but he could not be sure whether the two pieces belonged to him. The laundry markings on the underwear were identified by him as being similar to the mark used by his laundry.

GALT always paid for his laundry in cash, using $10 and $20 bills.

GINGER LEE NANCE (nee CUNNINGHAM) resides [redacted], Dixon, Illinois. On the first Saturday or Sunday of May, 1967, she and ANITA KATZWINKEL left Dixon, Illinois, and proceeded to Los Angeles, California, where they established residence at the Palms Apartments on Sunset Boulevard, Hollywood.

After about three weeks, she and KATZWINKEL moved to 1535 Serrano and resided there for about a month and a half.

In June, 1967, she hitchhiked back to Dixon, Illinois, accompanied part of the way by her boy friend, JIM LEEHY. She cannot recall writing her name and address on any paper nor did she give any name and address on a paper to any of the people who gave her a ride in a car. She did enjoy several rides across country during her hitchhiking trip in Mustangs.

[redacted]

NANCE further advised the name ERIC S. GALT is unknown to her.

CHARLES J. STEIN resides at [redacted] Los Angeles, California, and first met ERIC S. GALT at the Sultan Room of the Saint Francis Hotel, Los Angeles, California, on December 24, 1967. His sister, RITA STEIN, was present along with his cousin, MARIE MARTIN, at the time of the meeting.

GALT offered to drive STEIN to New Orleans to pick up RITA's two children, and return them to Los Angeles.

The morning after the initial meeting, the three of them registered at GALT's request in the political party of GEORGE WALLACE.

STEIN and GALT traveled to New Orleans along the southern route through Yuma, Tucson and El Paso. While en route, GALT made several telephone calls, mostly while traveling through Texas and these calls were made from pay telephones.

GALT mentioned that he had recently returned from Mexico where he had formerly had a part ownership in a bar and that his former partner, a Mexican, had bought out his interest in the bar. This bar was located near a seaport or boats.

At New Orleans, GALT expressed the desire not to stay at STEIN's mother's residence, but to stay at a motel and he was directed to a motel in the 1000 block of Charter Street (determined to be the Provincial Motel), New Orleans. They had driven straight through from Los Angeles, arriving on December 17, 1967.

On the following day, he met GALT in the street near the residence of [redacted] STEIN's mother, and GALT told him he had contacted the individuals he needed to contact and wanted to begin the trip back to Los Angeles. Subsequently, he telephoned STEIN and delayed the departure due to a storm blocking their present route.

They returned to Los Angeles on December 19, 1967, with RITA STEIN's two children. GALT paid for all expenses of food and gasoline in cash.

STEIN stated that a girl, with blond hair, about 5'2", by the name of JERI, according to information developed by he and LOUIS LOMAX, a Los Angeles newspaper man, had lived with GALT while GALT resided in Los Angeles. JERI is presently in Milwaukee, Wisconsin, and had used several names in the past, one of which he believed to be DYRELL.

STEIN further stated that he learned, following his initial meeting with GALT, that GALT must have thought he was being set up for a robbery because MARIE MARTIN told STEIN that GALT had made the comment following STEIN's departure from the Sultan Room that "He would hate to have to kill someone."

When STEIN loaded his suitcase into the trunk of GALT's Mustang, he noticed GALT's blue suitcase there, as well as what appeared to be a Kodak camera box. This box was yellow and black in color, two and one-half feet long and a foot wide.

Driving through New Orleans, STEIN told GALT he was grateful to him for driving down to pick up the children of RITA STEIN, but GALT mentioned that he was not doing anyone a favor because he had business to conduct in New Orleans, himself, and he mentioned an Italian-sounding name, which he cannot recall, but is a well-known name in New Orleans and the street he mentioned gave STEIN a mental picture of the Chalmette-Industrial Canal area of New Orleans.

Near El Paso, Texas, GALT purchased a used tire for the Mustang at a tire store. Later in the evening of the same date, December 16, 1967, STEIN recalled that he awoke from a sleep and found they had stopped and GALT was making a lengthy telephone call from a public coin box telephone booth. He believes this call was made somewhere in the vicinity of Houston, Texas, and since it was dark, he could recall the light in the telephone booth shining down on GALT while he made the call.

Later in the day, after arriving at New Orleans and GALT's going to the Provincial Motel, STEIN went for a walk with his sons through the French Quarter and over near the new Trade Mart Building on Canal Street. Later in the day, during the evening, GALT commented that he had seen STEIN and the two boys earlier that day near the Trade Mart Building while he was having a beer at a bar in the area. This was at the home of his sister, [redacted] that the conversation with GALT took place.

On the evening of December 19, 1967, GALT, STEIN and RITA STEIN's two children departed New Orleans for Los Angeles. They drove straight through, arriving on December 21, 1967, in the morning.

After this trip, STEIN did observe GALT on a couple of occasions in the Sultan Room of the Hotel Saint Francis. On one of these occasions, GALT mentioned the fact that he had "just finished bartending school." Sometime after this, either RITA STEIN or MARIE MARTIN

mentioned to STEIN that GALT was going to New Orleans again, and his comment was that GALT liked hamburgers because that was all he ate on the trip to New Orleans.

STEIN did advise that he had helped LOUIS LOMAX, the newspaper reporter, identify RUSSELL DENNIS, who is now in Milwaukee, Wisconsin, who allegedly dated GALT on one occasion while he resided in Los Angeles. STEIN feels that LOMAX "Used" him for publicity purposes, identifying STEIN as the "Key to the case." This upset STEIN because he felt whoever shot KING might take a shot at him.

JOHN EUGENE GAWRON, residing at [redacted], St. Louis, Missouri, was born on July 12, 1897, at Chicago, Illinois, and estimates that he has spent about 45 years of his life in penal institutions.

Paroled in 1954 to a Soldier's Home, Quincy, Illinois, GAWRON became acquainted at a tavern in Quincy with LUCILLE RYAN who was separated from her husband, JERRY RAYNES. LUCILLE had a daughter named CAROL, then living with her; a son named JERRY, who was also living with her; a son named JIMMY (JAMES EARL RAY), who was then serving a Federal sentence in the U. S. Penitentiary, Leavenworth, Kansas; a son named FRANKLIN DENNIS RAYNES, deceased; a daughter named MELBA, who was in a mental hospital in Jacksonville, Illinois; a son named MAX, who was in an orphanage located in the vicinity of Springfield, Illinois; a daughter named SUSAN, who was in a Catholic orphanage located at Alton, Illinois; and a son named JOHN (JACK), who was serving a sentence in the Illinois State Penitentiary, Menard, Illinois.

GAWRON, allegedly involved in a burglary at Quincy, Illinois, in 1956, had his parole revoked and was returned to the Illinois State Penitentiary, but in 1959 he escaped from this institution. After a few days, he went to the home of LUCILLE RYAN (RAYNES) where her mother, MARY MAHGR, was operating a rooming house [redacted]

During a period of several months in 1959, he was closely associated with JAMES EARL RAY and taught him to be a burglar and they went together on a number of burglaries, estimated to be twelve. They were committed outside St. Louis in the northern part of Missouri, in Iowa, and in Illinois. GAWRON taught JIMMY (JAMES EARL RAY) to always wear gloves on any kind of a job, and he was surprised that he would now go on any job without wearing gloves at the risk of leaving fingerprints.

Together they spent a great deal of time, and in St. Louis they frequented a tavern known as Ruby's Bar, later known as the Haven Bar, Lafayette Street, just west of 18th.

RAY generally drank bourbon, which he mixed with sweet soda. He did not drink beer or smoke. When meeting any girl for the first time, he (RAY) had a tendency to lisp or stutter in his speech. When RAY wanted a girl, GAWRON usually found a girl for him and on such occasions, his relationship with the girl was only brief and temporary at some second or third rate hotel room.

RAY dresses extremely well when he has money, likes good food, and buys expensive clothes, but he always chooses a second or third rate hotel or a cheap rooming house in which to live.

GAWRON, RAY, and JAMES OWENS, with whom RAY was arrested and sentenced to the Missouri State Penitentiary, cased the Kroger Store in East St Louis, Illinois, for a robbery. GAWRON declined to participate because of the danger involved.

The following day RAY and OWENS were arrested and subsequently RAY was transferred to the Missouri State Penitentiary. GAWRON has not seen RAY since that time.

In 1961, GAWRON, ALBERT PEPPER, and JOHN RAY, brother-in-law and brother of JAMES EARL RAY, respectively, were arrested at Louisiana, Missouri, and while his parole was revoked, the other two persons received sentences of ten days in jail. He does not believe that JAMES EARL RAY knows ALBERT PEPPER, who is married to RAY's sister.

GAWRON is on friendly terms with JERRY RAY and CAROL RAY PEPPER. All of RAY's family referred to him as "Uncle JACK," although he has no family relationship. The PEPPERs have two young sons [redacted] The PEPPERs operate the Grapevine Tavern, and JOHN RAY is active in the operation of this tavern at St. Louis, Missouri.

GAWRON stated that insofar as he knows, the subject has not been in St. Louis since his escape from the

Missouri State Penitentiary in view of the fact he is too well known. GAWRON has not seen JAMES EARL RAY since 1959.

GAWRON believes JAMES EARL RAY trafficed in drugs or barbiturates at the Missouri State Penitentiary and also had a loan shark business there. On three different occasions, he made purchases of inhalers, normally used for colds, at the request of RAY. His request, though originating from RAY in prison, was relayed to him by CAROL PEPPER. On each of these occasions, GAWRON purchased a gross of these inhalers (probably Benzedrine) and on three separate occasions, he was contacted by a guard from the prison at Jefferson City, Missouri, who would pick up the inhalers and take them to RAY at the prison. Reportedly, the guard told GAWRON that each trip was worth a "C" to the guard.

GAWRON recalls being told by JOHN RAY that JAMES EARL RAY was in Omaha, Nebraska, during well, making good money as some sort of a salesman. This was in June, 1967. Shortly thereafter, JOHN RAY told GAWRON that JAMES was now in Los Angeles, California. GAWRON had no knowledge as to how JOHN RAY and CAROL PEPPER would have come into possession of information relative to the location of JAMES EARL RAY in June, 1967.

RE: MURKIN

ReBuairtel, 5/9/68 to all SAC's and LEGATs.

In above referenced communication, the Bureau directed that all offices should contact the Bureau of Vital Statistics or similar agency in their States to cover the possibility that subject may have died since the commission of the crime. It was also pointed out that if no central record repository is maintained, appropriate inquiries relative to unidentified dead should be made during the course of normal business with appropriate agencies and reasonable investigation should be pursued.

In an effort to broaden this coverage, Dr. SAMUEL GERBER, Executive Secretary-Treasurer, National Association of Coroners and also coroner, Cuyahoga County, Cleveland, Ohio, who has cooperated with this office in the past [redacted] was contacted and he advised he is presently the Executive Secretary-Treasurer of the National Coroners Association. Dr. GERBER advised that this group consists of approximately 2400 members throughout the country. He stated that he has access to the addressograph plates and he would be most happy to make these plates available to circularize the Bureau's Identification Order to the various members.

Dr. GERBER stated that in his opinion, if the Identification Order would be accompanied by a short letter from the Director, indicating that this was being done with the cooperation of the National Coroner's Association, it would create much more interest in the recipients of the letter and would obtain a higher degree of cooperation and awareness as to the contents.

Special Agent in Charge

Cleveland has prepared the following letter with the Bureau's approval, if the circularization meets with Bureau approval:

"Dear Sir:

In cooperation with the National Association of Coroners, I am enclosing an Identification Order which contains the name, aliases, description and fingerprint classification of James Earl Ray, who is wanted in connection with the assassination of Dr. Martin Luther King.

I would appreciate your bringing the information and photographs contained in this Identification Order to the attention of your staff and request that they remain on the alert for a possible identification of James Earl Ray by them during the course of their employment.

Should any information come to your attention in this matter, I would appreciate your notifying the FBI Office nearest you as noted on the back of the enclosed Identification Order.

Thanking you for your cooperation, I remain.

Very truly yours,

J. Edgar Hoover,
Director"

Dr. GERBER stated that as a rule, only bodies that have met with violent deaths or have not been identified are taken to the morgue in Cuyahoga County, Ohio. However, he stated that many individuals who have died of natural causes do pass through a coroner's office where there is no physician available to sign the death certificate.

Dr. GERBER stated that many deceased do not pass through a coroner's office or medical examiners office when the death certificate is signed by a physician. In such cases, the body goes directly to a mortician. Dr. GERBER stated that the Executive Secretary for the National Funeral Directors Association is HOWARD RATHER, Milwaukee, Wisconsin.

Recommendations and Requests:

1.) Bureau will furnish the Cleveland Office with 2500 Identification Orders #4182, along with Bureau approval for Cleveland to circularize this Identification Order with a letter from the Director as set forth above.

2.) At Milwaukee, Wisconsin: Will contact HOWARD RATHER, Executive Secretary, National Funeral Directors Association, Milwaukee, Wisconsin, in an effort to see if it is possible to utilize mailing list of members for circularization of Identification Order. This contact will be made subsequent to 6/6/68, UACB.

3.) Will consider furnishing National Headquarters of American Dental Association, dental chart of JAMES EARL RAY if available from records of Missouri State Penitentiary, and circularize same to members of the American Dental Association.

Re Butel to all offices dated 5/22/68.

Re Driver's License Check.

Investigation conducted by the Louisville Office at both the Driver's License Bureau, Frankfort, Ky., State Capital, and at the Jefferson Co. Driver's License Bureau, Louisville, reflects that a check of individual driver's license applications would be highly impractical and virtually prohibitive for the following listed reasons:

On 5/24/68, contact was had with [redacted] Driver's License Bureau, Louisville, Ky., and with [redacted] 5/27/68, [redacted] Driver's License Bureau, Department of Public Safety, Frankfort, Ky., who advised as follows:

There are approximately 2 million separate files in the Drivers License Bureau representing holders of Kentucky Operator's Licenses. These records can be searched either through the code number assigned to each separate licensee or alphabetically. There is no manner by which the records can be searched as to a specific date of birth or age group and in order to accomplish this each file jacket would have to be searched individually. [redacted] stated even if sufficient manpower were available to search these records, it would take an extremely long time to accomplish, probably as much as several months.

[redacted] stated his department searches and files the drivers license applications or renewals received from all of the 120 counties in the state as they are received in Frankfort. At the present time all of the April, 1968, applications and renewals have been filed and the department is working on the [redacted] group received in the Bureau as late as May 17, 1968. [redacted] also stated that the applications for new drivers licenses are not filed separate from the renewals and there is a standard card utilized through the service with check marks appearing thereon where the applicant for a driver's license checks whether his request is for a new license or for a renewal. It was only [redacted] estimate, but he stated that applicants for new licenses in the state total approximately 5,000 monthly.

[redacted] added that it would be a physical impossibility to check these drivers license records during a usual work day because of other commitments in the department, that his office is presently understaffed and if the work was to be done, in searching these 2 million records, it would have to be done after hours and time and a half overtime would have to be paid all of the employees. [redacted] stated that it was only a rough estimate, but he believed the cost of searching these records would run about four cents a file. There is no state appropriation to meet this expense. With regard to a team of FBI Agents searching these records, [redacted] stated that it would not be desirable to have any outsiders to go through the Bureau's records, no matter how responsible they might be. He pointed out that the Department of Public Safety has a responsibility to the public in reporting to the different examining stations prior traffic offenses for drivers license applicants and if one of these files on an offender was misplaced or misfiled and the offender was issued a legitimate driver's license and then became involved in a serious accident, the State of Kentucky would be liable from a civil standpoint for not identifying the applicant as a prior offender.

[redacted] advised that when any applicant for a new license in the State of Kentucky makes an application, he would do so through any of the 120 counties in the state and would be required to take a written examination and even a driver's test regardless of whether he was licensed in another state. [redacted] stated that these driver's tests are administered by examiners of the Kentucky State Police assigned to each of the counties in the state and as a practical manner in attempting to locate subject, JAMES EARL RAY, the individual license examiners would be contacted and shown the available photographs

of RAY to determine if he applied for a driver's license in the state.

In view of the above, UACB, the Louisville Office will contact each individual drivers license examiner in each of the 120 counties displaying and leaving wanted flyers on the subject with these examiners requesting that they be on the alert for any information indicating possible application for driver's license on the part of RAY. Efforts will be made at the same time to determine if anyone answering the description of RAY has made application during April and May of this year.

This is the case involving the murder of Martin Luther King, Jr.

[redacted] who is a James Earl Ray look-a-like suspect, signed an escrow contract to purchase a home at Bonita, California, on 5-14-68, for $51,000. He gave a promisory-type check for $5,000 and indicated he had a $65,000 certified check in his hotel room. [redacted] claimed to be employed by International Harvester Company, Bloomington, Illinois, and recently transferred to the San Diego area. On 5-14-68, he attempted to purchase a 1967 Plymouth at Chula Vista, California, displaying the escrow contract. An automobile salesman gave the keys of the vehicle to [redacted] who then drove off in the car. [redacted] did not return the vehicle and as a result thereof, a description of the vehicle and of [redacted] was placed in an all-points bulletin by California authorities. Investigation indicated that the financial claims and maneuvers were fictitious and fraudulent.

On 5-28-68, the Covina, California, Police Department advised our Los Angeles Office that the Plymouth stolen in Chula Vista, California, had been recovered abandoned in Covina on 5-28-68, and had apparently been abandoned for several days. The Covina Police Department reported that the 1967 Plymouth had been involved in an accident with a car driven by one Allen Krause, Azusa, California, who stated the driver of the Plymouth identified himself as [redacted] and had given a check to reimburse him for damages. This check was found to have been stolen at Huntington Beach, California. Krause was shown a photograph of subject Ray and he stated that the driver of the Plymouth was not identical with Ray.

REC-106 44-38861-4161

The Covina, California, Police Department suspects that [redacted] is responsible for five armed robberies of real-estate agents in the Chula Vista area. Person of [redacted] description had contacted real-estate agents about home purchase as pretext before robbing them.

66 JUN 11 1968

[redacted] Huntington Beach, California, advised that on 5-15-68, a man (generally fitting previous description of [redacted] driving a gold and black car (same color as stolen 1967 Plymouth) came to her home in response to a sign in front indicating it was for sale by owner. This man indicated he was interested in buying the home and [redacted] left him in her living room to arrange for a later appointment. She was gone for approximately ten minutes and when she returned, the man indicated he would obtain $500 in cash and return the following day to handle details. After this man left, [redacted] discovered her checkbook and numerous credit and identification cards as well as her driver's license had been taken from her purse which had been in the living room. Several of the items stolen from [redacted] have been recovered.

We are continuing investigation to determine if subject Ray is involved in this matter in view of the fact that [redacted] examined photograph of James Earl Ray and indicated photograph somewhat resembled man who stole her identification but could not make any positive identification, and also that other individuals stated that James Earl Ray resembled person known as [redacted]

Allen Thompson, manager of the St. Francis Hotel, Los Angeles, California, which is a former residence of subject Ray, advised an individual who he knows as [redacted] recently inquired about the relationship between Ray and one [redacted] Thompson recalls during period of March 1 through March 17, 1968, while he was operating the switchboard at the hotel, an individual called for Ray and left a message for him to call [redacted] collect. According to Thompson, calls were subsequently received from this individual from Atlanta and New Orleans. Thompson advised that later a person identifying himself as [redacted] came to the hotel during the period March 1 through March 17, 1968.

Thompson reported that [redacted] may be the subject of an outstanding warrant, and that he has seen [redacted] on an infrequent basis in the vicinity of Hollywood and Western area, Los Angeles, during the past six months. Thompson advised he has no knowledge of associates of [redacted] his residence past or present, his automobile, or his employment, if any. Thompson said sometime after the first of the year he believes he expelled [redacted] and another Caucasian male from the parking lot of the St. Francis Hotel where they were sleeping in an automobile. Thompson said that whenever and wherever he observes [redacted] he will immediately notify the FBI. We are thoroughly checking this matter out.

Memorandum to Mr. DeLoach
RE: MURKIN

The Royal Canadian Mounted Police (RCMP) have been conducting an examination of Canadian passports issued to individuals since April 23, 1967 (date of subject's escape from Missouri State Penitentiary) in an attempt to locate our subject James Earl Ray. The RCMP advised our Legal Attache in Ottawa, Canada, that Canadian passport number BJ909324 was issued to an individual by the name of Ramon George Sneyd on April 24, 1968, at Ottawa and the photograph in the file is very definitely similar to Ray, and there is a good probability it is a photograph of Ray.

Sneyd's application for passport was filed on his behalf by the Kennedy Travel Bureau, Toronto, Canada, and the purpose for the passport was for Sneyd to fly to London, England, on May 6, 1968, by way of British Overseas Airline Company and return to Canada on May 21, 1968. Sneyd filed an affidavit in lieu of listing a guarantor as he had been in Toronto three weeks and did not know a guarantor. He also listed as a friend Paul Bridgman, Toronto, Canada. (The RCMP has not been able to locate Bridgman to date.)

The address of 968 Dundas Street, Toronto, Canada, as listed by Sneyd is a Chinese rooming house and investigation there by the RCMP has established that Sneyd arrived there on April 19, 1968, and roomed there for three weeks.

Our records indicate that one Paul Osborn Bridgeman was fingerprinted by the Department of Correction, Jefferson City, Missouri, on April 23, 1965, [redacted] Bridgeman received a five-year sentence which was commuted on January 16, 1968.* It is to be noted that subject James Earl Ray was confined to the Missouri State Penitentiary from 1959 to April 23, 1967.

The RCMP are conducting extensive investigation and are going all out in this matter to determine if subject James Earl Ray and Ramon George Sneyd are identical. Our Legal Attache in London has been instructed to check records of British Overseas Airline Company in a most discreet manner.

*Investigation being conducted to determine if Bridgeman was confined to Missouri State Penitentiary.

Enclosed for the information of the Bureau and San Antonio is one copy each of an investigative insert. Enclosed for Memphis are 15 copies of the above mentioned investigative insert.

On 5/27/68, a review of the records of the Michigan Bell Telephone Company indicated that telephone number 517-867-[redacted] is non-existent. The exchange 517-867 would be in Twining, Michigan, and the phone numbers at that location start at the number 5,000.

Telephone number [redacted] is a non-published number listed to CHARLES F. DENT, Pullman, Michigan.

The following investigation was conducted by SA [redacted] on May 29, 1968:

Mrs. CHARLES F. DENT, [redacted] Pullman, Michigan, advised she has had Pullman, Michigan, telephone number [redacted] since prior to December, 1967. She said the party named WATKINS who reportedly received a call at that telephone on December 17, 1967, was undoubtedly SONETTA WATKINS who lives across the street; has no telephone, but frequently receives telephone calls at the DENT residence.

ROSALEE WATKINS, [redacted] Pullman, Michigan, advised her daughter, SONETTA WATKINS FISCHER, had a boyfriend, ROGER JACK, who is in the Air Force in Texas and undoubtedly it was this individual who called SONETTA at the DENT residence in December, 1967. Mrs. WATKINS advised she did not know suspect RAY or have any information regarding captioned case.

SONETTA WATKINS FISCHER, interviewed at [redacted] Pennville, Michigan, home address [redacted] Pullman, Michigan, advised she had received a telephone call on or about December 17, 1967, at the telephone of her neighbor, CHARLES DENT, in Pullman, which call was from her boyfriend, ROGER JACK who was then stationed in the United States Air Force at Lackland Air Force Base near San Antonio, Texas. She said this was purely a personal call; that she did not know suspect RAY or have any information concerning the captioned case.

All of the above individuals are Negroes who expressed great interest in the apprehension of the murderer of Dr. MARTIN LUTHER KING, JR. and no one had any pertinent information.

[redacted] Dale Carnegie and Associates, Inc., International Exporters, 1475 Franklin Ave., Garden City, NY, advised that above organization has 74 domestic and 20 overseas franchises. Each franchise covers a designated area and each franchise holder has agreements with as many sponsors as he desires. Sponsors are promoters who establish and promote the schools and arrange for lecturers. The sponsors submit rosters of students to the franchise holder, who in turn submits copies of student rosters to international office.

[redacted] stated that students throughout the US and overseas amount to over 90,000 per year. Student rosters submitted to international office are not alphabetized and to cover pertinent period, approximately 140,000 names would have to be checked to determine if subject, under true name or aliases, had been enrolled. For the information of the Bureau, Newark has completed a review of drivers license applications for the month of April, 1968, which have resulted in approximately 3,000 leads. It is noted that the State of New Jersey does not differentiate between Negro and causasian.

A conservative estimate is that an additional 3,000 leads will result for the month of May, thus making a grand total of over 6,000 individuals who would have to be personally contacted in order that they might be eliminated as being identical with subject.

This is the case involving the murder of Martin Luther King, Jr.

At 9:30 p. m., 6/1/68, [redacted] Legal Attache, Ottawa, Canada, telephonically advised that the Roayl Canadian Mounted Police (RCMP) are conducting a survey of Canadian passports in an attempt to locate James Earl Ray. RCMP investigators have located Canadian passport number DJ909324 for one Ramon George Sneyd issued 4/24/68, at Ottawa. This passport contains a photograph of Sneyd which RCMP advises is very definitely similar to Ray and there is good probability it is a photograph of Ray.

Sneyd's application for passport was filed on his behalf by the Kennedy Travel Bureau, 962 Dundad Street West, Toronto, and was handled by Miss L. Spencer who RCMP is attempting to locate for interview. Sneyd filed an affidavit in lieu of listing a guarantor that he had only been in Toronto three weeks and did not know a guarantor. Passport data listed Sneyd as white male, born 10/8/32, at Toronto, five feet ten inches in height, 168 pounds in weight, black hair, blue eyes, residence 968 Dundad Street, Toronto (RCMP established this to be a Chinese rooming house where Sneyd arrived 4/19/68, and roomed for three weeks). He also listed as a friend Paul Bridgman, 102 (or 108) Ossington Street, Toronto (RCMP has been unable to locate Bridgman to date).

REC 88 44-38861-4190

The purpose for the Canadian passport was for Sneyd to fly to London, England, 5/6/68, via British Overseas Airlines Company (BOAC) and return to Canada 5/21/68. RCMP as yet has no information as to what BOAC flight Sneyd may have taken to London and there is no indication he has returned to Canada.

Memorandum to Mr. DeLoach
RE: MURKIN

RCMP has instructed their personnel to go all out to further identify and locate Sneyd. The handwriting on the application is being examined by the RCMP and will be forwarded to FBI Laboratory by the Legal Attache, Ottawa, along with a photograph of Sneyd.

Based on name checks and data furnished, there is no identifiable record of Sneyd in Bureau Indices, Bureau Fugitive Indices, National Crime Information Center or Identification Division files.

The Identification Division has a record on one Paul Osborn Bridgeman [redacted] who was last fingerprinted by Department of Correction, Jefferson City, Missouri, on 4-23-65, [redacted] Bridgeman received a five-year sentence which was commuted on 1-16-68.

ACTION: The Legal Attache, London, has been instructed to have investigation conducted through his sources to attempt to identify and locate Sneyd in London and to determine through BOAC if Sneyd did arrive in London and his movements subsequent to arrival.

We are affording this case top priority attention.

RE TELEPHONE CALLS BY SUBJECT RAY EN ROUTE FROM LOS ANGELES TO NEW ORLEANS.

Page 2 of referenced airtel sets out leads for the El Paso Office at El Paso, Guadalupe Peak, and Alpine, all Texas, regarding telephone calls received by individuals in those communities.

The telephone calls to El Paso and Alpine were checked out and it was determined that the persons receiving these telephone calls were not acquainted with JAMES EARL RAY and had never been in contact with him, according to their own statements.

It was determined that the telephone number at Guadalupe Peak, namely 915-828[redacted] was a non-existent or incorrect number.

On 5/31/68, an FTS telephone call was made to the San Antonio Office, at which time SAC J. MYERS COLE was requested to have the telephone company records rechecked in an effort to ascertain the correct telephone number at Guadalupe Peak, Texas.

[redacted] Driver's Licensing, advised computer system used to issue license but system has no way of throwing out a new license say issued in April or May of this year except by name and address. It cannot be done by description or year of birth.

Review under this system while not impossible would entail extensive use of personnel and liaison would have to be worked out whereby this must be done at night in order not to hamper operation of DMV during regular business.

[redacted] pointed out that Indiana like a number of states use the National Driver's Register Service, U.S. Department of Transportation, Washington, D.C. He stated this source is used in out-of-state applicants and on those over 21 who apply for beginner's permit.

ReWFOtel and airtel to Bureau 5/10/68, Butel 5/14/68, re review of passport applications.

In view of recent developments in this matter in Canada, and to conserve manpower urgently needed for other matters in the WDC area, WFO is postponing further review of records at the Passport Office, USDS.

It is to be noted that WFO has completed about one-third (about 750,000 applications) of the project to date. WFO has maintained notes of work completed in the review of passport applications and is in position to reinstitute such review without duplication at any time completion of work might be deemed necessary. Further, arrangements have been made with authorities at the Passport Office for postponement of review of records.

WFO is also postponing further steps in review of DMV, WDC, records for locating an operators permit for RAY. WFO has taken steps to have all pertinent records preserved in connection with this matter and the project can be renewed at any time the Bureau desires.

Because the [redacted] name on Q349 is hand printed, the handwritten signatures of the individuals mentioned above cannot be satisfactorily compared with the [redacted] name on Q349.

Partly because of the distorted nature of the questioned signature on Q350 and partly because the known signatures in the name [redacted] are not comparable with the handwriting on Q350, it could not be determined whether this questioned item was prepared by any of the individuals whose names are set forth above.

[redacted]

BLACKBURN told him that he has two children who are living with his wife in San Antonio, one of which is in need of heart surgery, and that the calls from his wife pertained to the health of the children. She has not called in six weeks. He further advised that BLACKBURN indicated that he did not plan to bring his wife to Waterbury until he found a suitable apartment as he did not plan to live in "a ghetto area". [redacted] related that from their conversations he gathered that BLACKBURN "was much in sympathy with the aims of Dr. MARTIN LUTHER KING, Jr."

LANDSON ROBERT BLACKBURN, Jr., [redacted] Waterbury, residence [redacted] Waterbury, was interviewed on May 28, 1968, by SA [redacted] and SA [redacted] at which time he furnished the following information:

BLACKBURN stated that he has no knowledge whatsoever of JAMES EARL RAY and has never been in contact with him. He advised that he first came to Waterbury, in August of 1967, to visit friends from Winston Salem, North Carolina. He decided to accept employment here. He registered under the name JAMES at the Palace Hotel [redacted] While at the Palace Hotel, and specifically on December 17, 1967, he received phone calls from his wife HELEN BLACKBURN, residen[redacted], San Antonio, Texas, telling him about his two daughters, one of which is 2 years old and under a doctor's care because of a heart condition. This call was made from the Suzanne Hotel, corner of New Brunsfel and East Commerce Streets, San Antonio. She made several other calls from a phone booth at Ellison's Liquor Store, same location, and a Gulf Service Station at the corner of East Commerce and Gevers Streets, San Antonio. This was during December, 1967 and January and February of 1968. The above booths are located about one and one half miles from Highway 90 and Interstate 10. BLACKBURN concluded by stating that he had no knowledge whatsoever regarding the assassination of Dr. MARTIN LUTHER KING, Jr. other than what he read in the papers.

On 5/31/68 EDGAR EUGENE BRADLEY, [redacted] North Hollywood, California, telephonically advised SA [redacted] as follows:

BRADLEY said he had heard from friends in Tulsa, Oklahoma, and from relatives at Rudy, Arkansas, that FBI Agents had been making inquiries as to his whereabouts on 5/17/68. Mr. BRADLEY said that, as he understood the situation, one [redacted] had alleged that BRADLEY had told [redacted] that BRADLEY was with ERIC GALT in Oklahoma on that date.

BRADLEY said that, in fact, on 5/17/68 he was in North Hollywood, California, working on some accounts and making a bank deposit. He said he had talked with a number of people on that day, and his whereabouts can definitely be proved should it

POSSIBLE LOOK-A-LIKE OF JAMES EARL RAY
AT SHOREHAM HOTEL, WDC, ON 6/1/68.

On 6/1/68, at about 4:45 p.m., [redacted] Metropolitan Police Department, Washington, D. C., telephonically advised SA [redacted] that STEVE ISAACS, City Editor, "The Washington Post," reported a female reporter covered a meeting that date where RALPH ABERNATHY for the Poor People's Campaign was supposed to speak. For some reason, ABERNATHY was replaced by ANDY YOUNG. The female reporter mentioned to ISAACS that a "red neck" in the crowd closely resembled JAMES EARL RAY. This reporter noted the "red neck" left abruptly when it was learned ABERNATHY would not speak. ISAACS indicated another reporter covering this meeting also thought the "red Neck" resembled RAY.

At 5:03 p.m. on 6/1/68, Mr. STEPHEN ISAACS, City Editor, "The Washington Post", advised SA [redacted] that reporter CAROL HONSA (Mrs. CARL BERNSTEIN) covered a

conference of the Capital Trust Club at the Shoreham Hotel this date, and that at about 10:30 a.m. she saw a white man, who was wearing no socks, that she believed to look like an old photograph of JAMES EARL RAY and like the artist's sketch which appeared in the "Commercial Appeal," a Memphis, Tennessee, newspaper. She said that LARRY STILL, who was formerly a reporter for "The Evening Star," a Washington, D. C., newspaper, had also seen this individual.

On 6/1/68, CAROL HONSA, City Editor, "The Washington Post," whose married name is Mrs. CARL BERNSTEIN, advised that she was assigned to cover the Capital Press Club, Washington, D. C., conference at the Shoreham Hotel concerning the urban crisis. She said that she arrived at the Palladium Room of that hotel at about 10:45 a.m., at which time a conference concerning religion and the ghetto was just ending. She observed a young white man sitting in the rear of the room studying the program of the conference. This individual did not appear to be listening to the proceedings, and he was not observed to talk to anyone. HONSA stated that because of his dress he appeared out of place; and she was suspicious of him. She said that most persons were dressed in business clothing, but this individual wore a sport shirt, open at the neck, possibly beige or dirty white, a long sleeve rust colored cardigan sweater, dark trousers, possibly gray, and black shoes with no socks. She said that she had never seen this individual attending any meeting of this type on previous occasions. HONSA stated that this individual appeared to be waiting for the next sermon of the conference, which concerned civil rights organizations and the ghetto; Rev. RALPH ABERNATHY, President of the Southern Christain Leadership Conference, was scheduled to speak.

HONSA stated that after a coffee break, about 11:00 a.m., speakers for the conference were introduced; and at this time the above mentioned individual was standing at the rear of the

room near a steel service door. He appeared to be confused, and shortly after the speakers were announced, he left the room by the steel service door. She said that she did not know why he was standing, as there were plenty of seats with only about 70 - 75 people present at the meeting. About 10 minutes later he re-entered the room but left again almost immediately.

HONSA stated that because of this man's appearance and actions, she was suspicious of him; and when he left immediately after it was learned that Rev. RALPH ABERNATHY would not be a speaker, she suspected he might be there to cause some harm to ABERNATHY. She said that she spoke to LAWRENCE STILL, President of the Capital Trust Club, about this individual; and at the time she talked to STILL, AL SWEENEY was present.

HONSA stated that she had never seen this individual before or since he left the meeting, and that she could furnish no information to identify him. She suggested that he might be known to STILL or SWEENEY.

HONSA commented that her husband considers her an "alarmist".

HONSA advised that dfshe returned to the Washington Post offices around 4:00 p.m., she was thinking about this individual and about the possibility of ABERNATHY being assinated as KING was; and at this time she thought about this individual possibly looking like JAMES EARL RAY. Upon arriving at the newspaper offices, she had the photographs of RAY obtained from the newspaper morque and reviewed them. She stated that the individual she had seen somewhat resembled the 1966 Missourt State Penitentiary photograph of RAY and the "Commercial Appeals" artist's sketch.

HONSA described the individual she had seen as a white male, approximately 30 - 35 years of age, 6 feet tall, slender build, 160 - 180 pounds, thin face, light brown cropped hair with side burns to the middle of the ears, fair complexion which was slightly pink as though sun burned or wind burned. She said the individual reminded her of a "red neck".

At approximately 7:00 p.m. on 6/1/68, SA [redacted] was unable to find any individual in the lobby of the Shoreham Hotel fitting the description as furnished by HONSA.

On 6/2/68, Mr. LAWRENCE STILL, [redacted], advised SA [redacted] that he did not see the individual that HONSA had spoken to him about. He said that he may have seen the individual, but did not recall him. STILL stated that he did not have any recollection of seeing anyone at the meeting mentioned by HONSA that looked like RAY. STILL stated that he would immediately report any such thing to authorities. STILL advised that ALFRED L. SWEENEY, who is Chairman of the conference, Telephone [redacted] could possibly furnish additional information.

On 6/2/68, Mr. SWEENEY, who resides at [redacted] Silver Spring, Md., advised that he had seen the individual pointed out by CAROL HONSA, and that he had not been disturbed by this person present at the above mentioned conference. He said that his first thoughts were that the person was a worker at the hotel, but he had no information in this connection. He said that he had no way of identifying the individual. Mr. SWEENEY stated that he has seen photographs of JAMES EARL RAY and he does not consider the individual mentioned by HONSA to at all resemble RAY. SWEENEY further stated that because of his interest in civil rights and the urban crisis, he would be the first to notify authorities in the event he saw an individual he believed to resemble RAY.

In view of no identifying information being obtained by HONSA, and since other individuals do not believe the individual resembled JAMES EARL RAY, WFO is taking no further action in this matter.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

At the request of the Bureau, the Royal Canadian Mounted Police (RCMP) has been conducting an examination of Canadian passports to determine if one has been issued to James Earl Ray. A passport has been located that was issued 4-24-68, to one Ramon George Sneyd of Toronto, Canada. The RCMP has indicated the photograph of Sneyd in the Canadian passport records bears a close resemblance to subject Ray and believes Sneyd and Ray are probably identical.

Sneyd's application for passport was filed on his behalf by the Kennedy Travel Bureau, Toronto, Canada, for the stated purpose of traveling to London, 5-6-68, via British Overseas Airways Corporation (BOAC), returning to Canada, 5-21-68. RCMP investigation has disclosed that a person using the name Sneyd did travel on BOAC to London from Toronto on 5-6-68, and a person using the name Sneyd returned to Toronto from London on 5-21-68.

Bureau of Vital Statistics records established that a person named Ramon George Sneyd was born in Toronto on 10-8-32, the date and place of birth shown on the passport application. This man is a member of the Toronto Police Department and he advised RCMP he has lived in Toronto all of his life, did not file application for a passport, did not make a trip to London, and he does not know how his birth data could have come into possession of any other person.

REC-9 44-38861-4238

EX-115

Further investigation by the RCMP has disclosed that the person who obtained a passport in the name of Sneyd was in Toronto as early as 4-16-68.

RE: MURKIN

The RCMP is conducting intensive interviews at the Kennedy Travel Bureau and will promptly provide us with the results. Photographic copies of documents from the travel agency and the passport files, including a photograph of the suspect, are being flown to the Bureau for review and appropriate Laboratory examination.

Extensive investigation is continuing in Canada to trace and identify the person who obtained the passport. Investigation is also proceeding in England to identify the person who traveled under the name Sneyd and to account for his movements in England.

The application for passport listed Paul Bridgman, Toronto, Canada, as a friend of the applicant. The RCMP has not been able to locate Bridgman to date. FBI investigation has established that one Paul Osborn Bridgeman was received at Missouri State Penitentiary, Jefferson City, Missouri, on 4-23-65, and was discharged 1-16-68. While at the Missouri State Penitentiary, Bridgeman worked in the kitchen where he could have had contact with Ray. Bridgeman was arrested by the Kansas City, Missouri, Police Department on 2-8-68, for disturbing the peace. This charge was dismissed on 2-12-68, and his present whereabouts is unknown. We are conducting extensive investigation to locate Bridgeman.

ACTION:

We are continuing to vigorously press all aspects of this investigation.

Investigation regarding Sneyd is being handled discreetly as any publicity connecting this name with Ray could cause him to immediately abandon this identity if Ray actually is the person who has been using the name Sneyd.

ReWFOtelcall today.

Miss FRANCES KNIGHT, Director, Passport Office, United States Department of State, today furnished the following information to SA [redacted]

She commented that she had been contacted by PAUL SCOTT of Publishers-Hall Syndicate. SCOTT, according to Miss KNIGHT, is a reliable and reputable free lance writer.

REC-73 44-38861-4239

SCOTT inquired if the FBI was checking passport files in connection with captioned matter and Miss KNIGHT replied that the FBI would be able to check files if a specific name were known, pointing out that the passport records contained over 25 million index cards. SCOTT's questions then centered on whether a United States citizen needed a passport to visit Canada and Miss KNIGHT received the impression SCOTT was interested in JAMES EARL RAY in respect to his possibly being in Canada. Miss KNIGHT advised SCOTT that any citizen could visit Canada without a passport.

WANTED: THE MAN WHO KILLED MARTIN LUTHER KING

James Earl Ray, a Missouri prison escapee who has been sought under the alias Eric Starvo Galt in connection with the gunshot slaying of civil rights leader Dr. Martin Luther King, Jr., has been added to the FBI's list of "Ten Most Wanted Fugitives."

FBI Director J. Edgar Hoover ordered the special addition of Ray to the list, which already contains ten fugitives, to insure the widest possible dissemination of Ray's photograph and description to help effect his earliest possible location.

Ray has been the subject of a massive and intensive search since the brutal gunshot slaying of Dr. King on April 4, 1968, as he stood on the balcony of a Memphis, Tennessee, motel. One rifle bullet, believed fired from the window of a nearby rooming house, struck Dr. King.

An exhaustive FBI fingerprint search, comparing latent fingerprints uncovered in the Dr. King case against fingerprints of over 53,000 persons on whom wanted notices have been posted in the FBI's Identification Division, succeeded in determining that Galt and Ray are identical.

A Federal warrant, issued at Birmingham, Alabama, April 17, 1968, charges Ray, under the alias Eric Starvo Galt, with conspiring to interfere with a constitutional right of a United States citizen. He is also sought for unlawful interstate flight to avoid confinement after conviction for armed robbery, based on a Federal warrant issued July 20, 1967, at Jefferson City, Missouri. He had been confined at the Missouri State Penitentiary in March, 1960, with a 20-year sentence following conviction for armed robbery and operating a motor vehicle without permission of the owner. In September, 1966, while seving the sentence, he was confined for a time in the maximum security ward at the State Hospital, Fulton, Missouri. He has been reported missing from the Missouri State Penitentiary since April 23, 1967.

He served in the Army between Feb. 1946, and Dec. 1948, received a three-month sentence at hard labor for being drunk and breaking arrest and was given a General Discharge due to ineptness and lack of adaptability for military service.

Ray is a 40-year-old white male, reportedly born in Illinois March 10, 1928. He is approximately 5 ft., 10, weighs from 163 to 174 pounds, has blue eyes and brown hair. He has a small scar on the center of his forehead and a scar on the palm of his right hand. He has been described as having a straight, narrow nose, straight, even teeth, and to have a nervous habit of occasionally tugging at an ear lobe. His left ear protrudes noticeably.

Acquaintances describe him as a "loner" and "drifter" whose language and diction reflect a "rural" quality and indicate he has had limited education.

He is reportedly a fan of western and country music, drinks vodka and beer, dresses neatly and claims past employment as a merchant seaman and cook on Mississippi River vessels. He is known to have worked as a baker, laborer and color matcher.

Ray should be considered armed and extremely dangerous. Anyone with information concerning this fugitive is requested to immediately contact the nearest office of the FBI.

This is the case involving the murder of Martin Luther King, Jr.

With respect to the Canadian developments in this case, a check at the Arcade Photo Studio in Toronto where the suspect had his Canadian passport photograph made disclosed that he had used the name Paul Bridgman, 102 Ossington Street, Toronto, Canada, at the time he had the photo taken on 4-11-68.

Investigation at the Ossington Street address resulted in the landlady identifying the passport photo as being that of a man known to her as Paul Bridgman who had stayed at her rooming house from 4-8-68, through 4-19-68, when he moved out. The landlady told the Royal Canadian Mounted Police (RCMP) investigator that at the time Ray's photograph appeared in local papers, she told her husband "Bridgman is the man who killed Martin Luther King." She said she tried to get her husband to call the police at the time but he refused to do so. EX-110 REC 6 44-38861-4247

Investigation has further disclosed that the suspect resided at 962 Dundas Street, Toronto, under the name Ramon George Sneyd from 4-19-68 (the date he moved from the Ossington Street address) until 5-6-68, when he reportedly departed for England. Investigation at 962 Dundas Street, Toronto, revealed that the suspect departed leaving a flight bag, six unexposed rolls of film, city maps of Montreal and Toronto and an empty cash box. These items are being processed for latent prints by the RCMP and photographic copies of these, as well as a photographic copy of a handwritten note by Sneyd, are being forwarded to the Bureau expeditiously for appropriate processing.

JUN 10 1968

It had previously been reported to the RCMP that a person using the name of Sneyd had traveled on British Overseas Airways Corporation (BOAC) to London, England, from Toronto, Canada, on 5-6-68, and a

EJM:hw

person using the name Sneyd returned to Toronto from London on 5-21-68. RCMP investigators have now reviewed BOAC manifests and verified departure on 5-6-68, from Toronto to London of a man using the name Sneyd; however, the manifest for 5-21-68, does not contain his name as previously reported by BOAC personnel on 6-3-68. BOAC is being checked to determine if return trip portion of the ticket has ever been used and also a check of BOAC manifests on flights to and from Canada from 5-6-68, for travel of anyone using the name Sneyd.

It has been learned that the crew on the flight on which Sneyd departed Toronto for England was disbanded after the flight of 5-6-68, and have not been reassigned to Canadian flights. Legat, London has been instructed to have members of this crew identified through BOAC Headquarters and have them interviewed for full details. Legat, London is also checking to ascertain if Sneyd departed London since 5-6-68, for any destination.

In view of the prior residence of James Earl Ray, using the name Eric S. Galt, in Montreal in the summer of 1967, and the map of Montreal now being located at the 962 Dundas Street address and the likelihood the suspect would not return to Toronto, Legat, Ottawa requested appropriate checks be made at Montreal on the names Bridgman and Sneyd. On contact, RCMP, Montreal, advised that as a result of prior circularization of dance studios, a call had been received two days prior from a dance studio indicating that a man believed to be identical with Ray had been there. Investigation had been conducted and the studio staked out but nothing productive developed. Copies of the passport photo have been sent by wire photo to Montreal for exhibiting to witnesses and other investigation.

The letter written by Sneyd furnished by the Kennedy Travel Bureau, a copy of which is being forwarded to the Bureau for examination, was dated April 20, 1968, and in it Sneyd indicated he had to go to Capreol, Ontario, Canada, for several days and would pick up his passport on his return. He furnished no address at Capreol and Legat, Ottawa advises that Capreol is a small railroad town which it is understood has some good fishing lodges in the immediate vicinity which could be an ideal spot for a hideout.

Legat, Ottawa has been instructed to insure that Canadian aspects are completely run out as expeditiously as possible.

None have been obtained since that date by either department but they will check future latents with this Identification Order as part of their investigation.

The following investigation was conducted by SA [redacted]

He said that after a while, these latents become lost, destroyed or thrown away, and there is not set pattern for holding them. He advised there is no other agency in the county which maintains latent fingerprint files and any latents developed by any other police department are sent to the Pennsylvania State Police for comparison with known fingerprints and then returned to the department. He said that to compare the fingerprints of JAMES EARL RAY with any unidentified fingerprints obtained in Washington County would be impossible since these prints are not maintained.

The following investigation was conducted by SA [redacted]

The following investigation was conducted by SA [redacted] and SA [redacted]:

On April 16, 1968, WILLIAM TIDBALL, Manager, Van Balen Laundry, 1403 Fifth Avenue, Coraopolis, Pa., advised that he has two thermo-seal marking machines in his laundry. Mr. TIDBALL viewed a color photograph of the laundry marking "O2B-6" and advised that this marking could not have been made on either of his two thermo-seal machines. He advised that his laundry uses the marking system whereby the first set of numbers indicates the lot number, the next figure would be a letter which indicates the day of the week. He stated that his markings would start with the number one and never would be preceded by a zero. Physical inspection of the two thermo marking machines by SAS [redacted] and [redacted] determined that one bore serial number 33011, model number H5M4B1, and the other bore serial number 33860, model number H5S4B1. A sample stamp was taken from each machine and it was noted that all of the characters were of equal size.

On April 17, 1968, HARRY DUNFEE, Benson Equipment Corporation, 795 North Washington Road, advised that his firm sold thermo marking machine, serial number 33605, to the Brandi Cleaners and Dyers, 3638 Frazier, Oakland, Pa.

On April 17, 1968, GERRY BRANDI, Owner, Brandi Cleaners and Dyers, 3638 Frazier, advised that he had a thermo marking machine; however, the machine was inoperative during the first six months of 1967, and that in the summer of 1967, he furnished the machine to the Allen Supply Company, 1932 Forbes Avenue, Pittsburgh, Pa., to be sold.

On April 17, 1968, CHARLES MARX, Manager, Allen Company, 1932 Forbes Avenue, Pittsburgh, advised that the thermo marking machine furnished to him by GERRY BRANDI has been inoperative and he has not yet sold the machine. Physical inspection of the machine by SAS [redacted] and [redacted] reflected that it bore serial number 33605, and model number H5-M4-B1. MARX advised that during the entire time he has had possession of the machine, it has been sitting in his shop and has not been used or leased out to another firm.

A check with the West Virginia State Police revealed this vehicle registered to [redacted], Augusta, Georgia. No stolen report.

The following investigation was conducted by SA [redacted] at Beckley, W. Va.:

On April 24, 1968, [redacted] West Virginia State Police, stated that on April 9, 1968, a teletype message was sent at 6:21 PM by [redacted] for the Beckley Police Department, to State Police, Atlanta, Georgia, to check 1967 Georgia registrations [redacted] and [redacted] or [redacted] The same evening Georgia State Police, Atlanta, replied that 1967 Georgia License [redacted] was registered to [redacted], Winder, Ga., for a 1959 Chevrolet convertible, Vehicle Identification No. [redacted] no stolen report; that there were no registrations under the numbers [redacted] or [redacted] This message came in at 10:22 PM and was given to Beckley Police Department, no name recorded.

[redacted] also stated that on April 19, 1968, a teletype message was sent at 12:51 PM by [redacted] to State Police, Atlanta, Ga., to check 1967 Georgia License [redacted] At 10:35 PM, April 19, 1968, Georgia State Police, Atlanta, Ga., replied that 1967 Georgia License [redacted] is registered to [redacted], Ft. Benning, Ga., on a 1964 Volkswagen, Vehicle Identification No. [redacted] no stolen report.

On April 24, 1968, [redacted] West Virginia State Police, advised that Georgia license check information was requested by Beckley Police Dept., on April 9, 1968, and she did not know the purpose of this data.

[redacted] stated that the Georgia license check on April 9, 1968, was sent upon the request [redacted] at the West Virginia Turnpike Service Station, an Esso Station, Beckley Exit, as incomplete data had been received for a gasoline credit purchase some time earlier and the data was needed for proper billing.

[redacted] Detective Bureau, Beckley Police Dept., advised he had no knowledge of any request for Georgia license data on or about April 9, 1968.

[redacted] Beckley Police Dept., advised he was on duty and in charge the evening of April 9, 1968, and he had no knowledge of any Georgia license data requested that date. He said he was at the Police Department at and around 6 PM on April 9, 1968, and the only other persons there were a new patrolman, in his constant company, and [redacted] who was answering the telephone calls. [redacted] stated that as a result of numerous unsolved house burglaries, the citizens had been requested to be alert for strange vehicles in their neighborhoods and to notify the police department of license numbers observed, and it is possible that some citizen had called in the two Georgia license numbers on April 9, 1968. He added that [redacted] is lax in keeping a complete log of telephone and radio calls and may have failed to record the data received. He said that [redacted] was on vacation and unavailable.

On May 2, 1968, [redacted] Beckley Police Department, advised that he was working the evening of April 9, 1968, but had no knowledge of any Georgia license checks. He said it was possible that some off-duty patrolman had requested the license checks from his home.

ReBurad, 5/21/68, concerning review of drivers' license.

Department of Motor Vehicles (DMV), Washington, D.C. (WDC), issues learner's permits to applicants for driver's license who do not hold a valid permit from another jurisdiction. A Polaroid photo is made and retained with application at DMV and can be reviewed by WFO. Review must be conducted during evening and weekend hours when DMV personnel are available and is being handled as WFO personnel are available in accordance with fulfilling other Bureau responsibilities. Approximately 250 learner's permits are issued each day and files are maintained for six months or longer; therefore, the review will cover approximately 30,000 applications in this category.

DMV, WDC, does not record on driver's license or application the race of the applicant; however, a

color photo is made a part of the license issued. Negatives are available from the Metropolitan Police Department for all permits issued. At the conclusion of search of learner's permits, WFO will obtain these negatives, have the Laboratory reproduce them as positives on 35mm black and white movie film, and review them on microfilm viewers. Approximately 600 to 1,000 permits are issued each workday and approximately 30,000 have been issued since 4/1/68. Approximately 50 one hundred foot rolls of 35mm black and white film will be required for above project. This film costs $2.90 per hundred foot roll, plus 46 cents for developing chemicals. Labor will amount to approximately 50 hours at $2.85 per hour. Total cost about $310.50.

It is recommended the Bureau approve the above as the cost of Agent time and use of Bureau equipment to resolve the identities of permit holders would exceed the above many times. It is noted DMV personnel estimate that only 10 to 15 per cent of permits issued are to white males 30 to 55 years of age, and since race is not listed on application, it would be necessary to conduct investigation to eliminate a great number of non-whites if above costs are not approved.

Re: Circularization of all doctors
in the United States of America

Dear Joe:

As I understand it there are approximately 310,000 practising physicians in the United States.

If you arrange for the Bureau to:

1. Prepare a one page insert (with photo, descriptive data and requests);
2. Fold and insert into franked envelope and seal envelope;
3. Deliver to Fisher Stevens Company, 120 Brighton Road, Clifton, New Jersey; then

Fisher Stevens will address each envelope and will bag and mail the material for a charge of $12.15 per thousand. This would come to an approximate total of $3,766.

Another possibility is to obtain the addressing material from Fisher Stevens and perform the addressing and mailing function at the Bureau. This would involve an approximate cost of $6.65 per thousand or total of $2,061. Fisher Stevens is completely computerized and set up for this type service and could do the job of addressing and so forth in about three days.

The X-Agent at Fisher Stevens is Mr. Ralph Duke Powell who has advised me that they have previously done work of a similar nature for the FBI. He specifically mentioned having circularized dentists in connection with the identification of specific dental work.

There exists one to several other companies which perform similar services. However, I do not know their identities.

ENCLOSURE

If you institute such a program through Fisher Stevens I would suggest that someone from the Bureau make personal contact with Mr. Powell. In fact if you would like more precise information you could call him directly at 201 WA 4-4360. Mr. Powell spent a number of years in the Newark Division and is well known to a number of agents who have been there for some time.

The foregoing took no more trouble than a telephone call and I am sure you realize that I am more than anxious to help in any way possible. Please let me know if there are any other inquiries you would like us to make.

Please convey my personal regards to your wife and daughter.

Specimens received 6/4/68, from FBI, Washington Field Office

Qc364 Three photocopies of Statutory Declaration In Lieu Of Guarantor form bearing the signature "Ramon George Sneyd"

Qc365 Three photocopies of Form A - Application for Canadian Passport bearing the signature "Ramon George Sneyd"

Qc366 Two photographs, one of which bears the signature "Ramon George Sneyd"

Specimen received 6/4/68, from FBI, Buffalo

Qc367 Photocopy of hand printed note dated 4/20/68 beginning "I half to go..." signed "Ramon George Sneyd"

ALSO SUBMITTED: Photograph of partial palm print and passport photograph

Result of examination:

It was determined that the questioned hand printing appearing on Qc364 and Qc365 was not prepared by James Earl Ray.

Considering the "Ramon George Sneyd" signatures on Qc364, Qc365, Qc366 and Qc367 along with the hand printing on Qc367 as a unit, it was concluded that the questioned material comprising these items was prepared by JAMES EARL RAY, whose known handwriting and hand printing appear on specimens K171, K211 and K257.

A comparison of the photographs of James Earl Ray with the photographs of Ramon George Sneyd (Qc366) discloses similarities in many significant general features including contours and shapes of ears, chin, nose and lips, the face lines, and the hairlines. Based on these similarities it has been concluded that in all probability these photographs depict the same individual. However, in the absence of specific characteristics such as identifying scars, marks, etc., a definite determination could not be made as the result of this comparison.

Specimens Qc364 through Qc367 have been retained.

Cucumbers and Beauty

by ANA MAHER

Every woman, at some time in her life, faces the spectre of an aging skin. Most women never solve the problem, and finally become resigned. A fortunate few find the answer and are rewarded with a complexion that remains fresh and youthful all their lives.

Eight years ago, I had this skin problem. Nothing very serious, but when I took my mirror over to a bright light, I could detect evidence of dryness and faint little lines in those areas where wrinkles have a tendency to show first. And I didn't like it. I knew that these were danger signals that warned of an aging skin.

I was also very bewildered. I had always taken the best care of my skin. I used expensive night creams, lotions and highly touted astringents. So I tried other creams, with no improvement. Finally I became resigned. After all, everybody gets older and most of us show our age.

Then one day I had a visit from an elderly widowed neighbor. This charming lady was about seventy, but she had the most beautiful, moist, youthful skin. I remarked about it and mentioned my own skin problem.

She told me she used a marvelous cream which had been formulated by her late husband, a physician, and that she made it herself. "Try it," she said, and then she left and returned with a jar of this cream.

So I tried using my neighbor's cream.

In only three weeks, I began to see a marked improvement. My skin was fresher, clearer, smoother. After two months, my former dry, dull skin was revitalized. The lines and puffiness had been eased away. My skin now had a youthful, almost translucent quality. I was thrilled with my neighbor's formula.

For six years, this kind lady kept me supplied with this cream. And I want to tell you that my skin was more vital and younger looking than it had been when I first started to use it, six years before.

Then my neighbor died suddenly — and with her went that wonderful cream and its secret ingredients. I was saddened by the loss of a good friend — and dejected by the loss of a miracle cream. Her family told me that her personal papers revealed no formulas of any kind. I was desperate. But I did have three jars left from the last batch she had made.

So I took the cream to one of the best known analytical cosmetic chemists. The cost of the analysis was enormous, but I got what I wanted. I had the wonder cream formula.

It had a base of pure cucumber juice, two super-moisturizers and three natural lubricants. It also contained Vitamins A and D and a special component to keep the cucumber juice fresh. My chemist told me that the formula consisted of only safe, pure ingredients — no hormones, estrogens or steroids.

I made a batch of cream for myself, following the chemist's instructions. Then my friends and relatives began using it. And in every case, the results were absolutely astounding.

Soon friends began insisting that the cream should be made known and available to all women, since the problem of aging skin is universal.

So my cream was put on the market a year ago, with the financial help of an uncle. It is called Cucumbre Frost.

The same wonderful results experienced by me, my friends and relatives were repeated time and time again by women all over the country. I have in my file hundreds of letters from grateful women telling of the remarkable results obtained with Cucumbre Frost.

Treatment is not a complicated ritual. I don't have time for that and the chances are you don't, either. You apply Cucumbre Frost at bedtime. Leave it on all night. It feeds, protects and nourishes your skin while you sleep.

I know what Cucumbre Frost can do for you. Therefore, I offer you this UNCONDITIONAL GUARANTEE. Try it. See for yourself in your own mirror how, after a few treatments, Cucumbre Frost helps revitalize dull, dry, aging skin. How Cucumbre Frost helps ease away lines and puffiness. Many women wrote me of astonishing results after only two weeks. Some take longer. But I say this to you: If, for any reason, you are not delighted with Cucumbre Frost—return the unused portion to me for a complete refund. No questions asked.

You now have the opportunity to have a vital, youthful, lovely skin—at no risk. Cucumbre Frost can be purchased only by ordering it directly from me. Simply fill out the coupon and mail today.

SUBJECT: MURKIN

Remycab 5/28/68.

On 5/31/68, [redacted] Special Agent, OSI, District Office #45, Seoul, Korea, advised [redacted] Foreign Affairs Section, Korean National Police (KNP), Seoul, stated he had interviewed the Associated Press (AP) representative in Seoul and had ascertained that he had misunderstood the KNP press release as intimating that the subject was possibly in Korea. Apparently AP in Taiwan carried the misunderstanding a bit further and alerted the Chinese police.

If nothing else, however, the photograph and story connected with JAMES EARL RAY and the case received excellent coverage with no apparent harm done.

This matter will be further explored on next road trip to Taiwan and Korea.

Harold Shapiro, Criminal Division of the Department, on 6-9-68, by phone advised as a back-up to prosecutive action against James Earl Ray in Tennessee, arrangements are being made in the State of Missouri to request extradition ~~xxxxxx~~ of Ray as an escaped felon.

In this connection, United States Attorney Riddle is today (6-9-68), going to Jefferson City, Missouri, to meet with the Governor to arrange appropriate process.

Mr. Shapiro inquired as to whether we could be of assistance in expediting the transportation of the papers from Missouri to Washington, D. C.

It was arranged that United States Attorney Riddle would advise the SAC, Kansas City when and where the papers would be made available.

ACTION: SAC Karl Dissly was contacted by telephone and advised of the arrangements and instructed to take appropriate action upon contact by United States Attorney Riddle to see that the papers would be delivered to Washington on a most expedite basis.

The Bureau may wish to give consideration to the following potential investigative leads and suggestions:

In view of subject RAY's statements to associates that he had previously been employed as a river man and cook on board a water vessel and his knowledge of various "beer joints" located in close proximity to the terminus of the navigable Warrior River, on which large barges operate, it is suggested that subject's photograph and description be published in "The Waterways Journal," Room 701 Chemical Building, 721 Olive Street, St. Louis, Mo., which is considered the "bible" for all employers and employees who work on the major rivers.

It is noted RAY was working in the Missouri Penitentiary bake shop at the time of his escape. In view of the possibility RAY may seek employment as a baker, it is suggested that RAY's photograph and description be circularized in all publications designed for or directed to the baking industries. It is also suggested that similar circularization be given to all baking unions.

In view of the fact that RAY may have been employed aboard a barge on the Inland Waterways System, the Bureau is requested to consider circularization and/or contact with Coast Guard stations and cutters patrolling the navigable river system. It is noted Coast Guard personnel board and inspect craft on the rivers and might be in a position to

locate RAY or former associates of RAY.

Inasmuch as RAY was known to have been interested in locksmithing and tinkering with locks in his spare time and was once enrolled in a correspondence course from the Locksmith Institute, Little Falls, New Jersey, it is suggested that the Bureau consider having Newark recontact the Locksmithing Institute regarding all correspondence course applications from 4/5/68 to the present time to ascertain if RAY may have reapplied for enrollment in a locksmithing course under an assumed name, and identify other locksmithing schools and publications.

Being Done

It is noted that RAY expressed a great interest to fellow convicts while confined in Missouri State Penitentiary in baseball and baseball news and was considered an avid baseball fan. Therefore, it is suggested that the Bureau may wish to contact the J. J. Taylor Spink Publishing Company of St. Louis, Mo., publishers of "The Sporting News," the recognized "bible" of baseball fans, to ascertain if 'The Sporting News" would consider publishing an article and photograph of RAY.

In line with the above suggestion, it is suggested that the Bureau instruct all divisions having major and minor league baseball teams contact appropriate officials of these clubs to insure circularization of concession stand operators and security personnel and other appropriate individuals in view of the fact that RAY may attend professional ball games.

It is suggested that the Bureau may wish, in light of the successful results achieved in previous Bureau cases of major proportion, to consider contacting the Saturday Evening Post and Reader's Digest magazines, which have international circulation, to ascertain if these magazines would publish an article concerning RAY's fugitive status.

The Bureau may wish to explore the feasibility of taking fingerprint pictures of all thumb impressions of all persons who applied for permanent visas to Canada and Mexico from March until the present time and submit these to the Identification Division for comparison with subject's thumb prints.

It is noted that the Bureau previously directed that Birmingham, Atlanta, Memphis and several other southern divisions personally contact all laundries and cleaning establishments within their respective territories regarding RAY's fugitive status, as well as the reward being offered for his apprehension. It is, therefore, suggested that the Bureau may desire to have all divisions contact all cleaning and laundry facilities within their respective areas, noting, however, that in the divisions with extremely dense population centers, the use of mailing lists may be more feasible than personal contact.

This case involves the murder of Martin Luther King, Jr.

An individual by the name of [redacted] Denver, Colorado, advised our Denver Office he received a telephone call on two separate occasions from a friend, Edgar Eugene Bradley. According to [redacted] he and Bradley formerly lived in Ruby, Arkansas, attended school in Alma, Arkansas, but [redacted] lost track of Bradley when Bradley went into the United States Navy in 1933. He subsequently saw Bradley in Dallas, Texas, in 1963.

According to [redacted] Bradley called him on 5-17-68, from Tulsa, Oklahoma, and stated that he had Eric Galt with him. [redacted] did not know who Galt was and Bradley told him he was also known as James Ray. [redacted] related to Bradley that he did not know Ray and Bradley stated that Ray was the man who killed Martin Luther King, Jr. Bradley claims to have lived with Ray for about one week in Tulsa, Oklahoma.

[redacted] continued to state that Bradley called him again on 5-23-68, and stated that he was at the Old South Restaurant, Fort Smith, Arkansas, and was working his way West. Bradley claimed he was eating his meals at the Old South Restaurant which is operated by [redacted] Elba Basinger Thompson. [redacted] stated that Bradley was allegedly under subpoena by District Attorney James Garrison, New Orleans, Louisiana, in connection with the assassination of President Kennedy.

REC 26 44-1-2161 4306

Mr. and Mrs. Leon Thompson, operators of the Old South Restaurant, Fort Smith, Arkansas, were interviewed and they advised that Bradley is unknown to them and they could not identify a photograph of James Earl Ray. prominence and he was last in Fort Smith, Arkansas, about three years ago at which time he claimed he had been in a cell with Jack Ruby in Dallas, Texas. Investigation revealed this was a false statement and a doctor at Parkland Hospital, Dallas, examined [redacted] and found probable psychosis and possible brain syndrome.

Relatives of Edgar Eugene Bradley were interviewed at Fort Smith, Arkansas, and they advised that Bradley currently resides at North Hollywood, California, and is presently employed as [redacted] Relatives advised that Bradley was definitely not in Tulsa, Oklahoma, or Fort Smith, Arkansas, as alleged, and an uncle of Bradley's talked to him on 5-23-68, as Bradley was calling from North Hollywood, California. The relatives also advised that Bradley has been charged by James Garrison with conspiracy in the assassination of President Kennedy and is due to have extradition hearing before Governor Reagan of California on June 5 and 6, 1968.

We are presently conducting investigation to determine the whereabouts of Bradley on 5-17-68, and 5-23-68, and we will ascertain if he has any information concerning James Earl Ray.

Circuit Judge John C. Casey, St. Louis, Missouri [redacted] sentenced James Earl Ray to 20 years in a penitentiary for armed robbery in 1959. Ray was serving this sentence when he escaped from Missouri State Penitentiary in April, 1967. [redacted] a motion to set aside this conviction was filed before Ray's escape and is still pending. [redacted]

Hearing on this motion did not develop in the manner anticipated [redacted] The attorney for Ray stated in open court he had been appointed subsequent to escape and has never seen or been contacted by Ray. The attorney objected to attempted state introduction of escape notation on Missouri State Penitentiary record as insufficient evidence of escape. The attorney took the position that the appearance of Ray unnecessary on motion to vacate as same based solely on record which is available. Judge Casey has taken this matter under advisement and no publicity developed.

ACTION: The investigation is being afforded top priority.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

PURPOSE:

To recommend the Liaison Section contact the Secretary of Health, Education and Welfare to determine if a review of new applications received by them for Social Security Numbers can be conducted as it is possible that subject James Earl Ray has applied for a new Social Security Number since April 23, 1967.

BACKGROUND:

The subject James Earl Ray in a prior employment* utilized Social Security Number [redacted]. Our investigation disclosed that Ray has been gainfully employed only a few times and these have been for periods of short duration only. In view of his fugitive status and his past history of changing his identity, it is possible that he may apply for a new Social Security Number.

Our Baltimore Office advises that there are between three and four million Social Security applications received each year, the majority of these received during the summer months. Information including name, date of birth, sex, color or race is taken from the application and is placed on computer tape. The Social Security Administration is approximately eight weeks behind in recording this data. Our Baltimore Office advises that on the surface, to obtain the desired information appears to be a tremendous task; however, in view of the fact the computer tape stores eliminating information, it is possible to program the computer to obtain information regarding all white males over 30 years of age in a simplified manner.

RECOMMENDATION:

1. The Secretary of Health, Education and Welfare should be contacted to determine if a review of new applications for Social Security Numbers can be made. It should be determined if a review of this nature can be handled, how many applications involved, what information is reported on these applications and how current the applications are.

This should be a survey type of request and upon receipt of this information, further recommendation will be instituted. New Social Security Numbers are received at rate of 110,000 per week - the TAPE is 2 mos behind + contains only the name and date of birth B.F.R. 6-4-68

2. If approved, the Liaison Section should handle this matter as outlined above. The information from our Baltimore Office is not to be disseminated outside this Bureau, however, it may be used to appropriately handle an intelligent interview.

Above stop was placed with [redacted] Assistant Inspector In Charge, INS, San Ysidro, California. Memorandum

Mr. DeLoach

DATE: June 6, 1968

OM: A. Rosen

1 - Mr. DeLoach

BJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

It has previously been determined that James Earl Ray, using the name Ramon George Sneyd, obtained a Canadian passport stating that he was to fly from Toronto to London by British Overseas Airways Corporation (BOAC) on 5/6/68 returning to Toronto 5/21/68. A person using the name Sneyd did fly to London 5/6/68 but there was no record of any return trip to Toronto.

Scotland Yard has now determined that on 5/7/68 the person using the name Ramon George Sneyd turned in the return portion of the BOAC ticket and received a ticket to Lisbon, Portugal, via British European Airlines and also received a voucher in the amount of $14.60 representing the difference in value between the return ticket and the ticket to Lisbon. This voucher can be either cashed or used to obtain further transportation.

Scotland Yard has determined that the man using the name Sneyd did depart from London on British European Airlines Flight 074, en route to Lisbon on 5/7/68 and an airline employee is 99 per cent certain that this individual is identical with the photograph of the subject.

It is noted that there is no direct travel possible from London to Rhodesia. Anyone planning to travel from London to Rhodesia would normally go through Lisbon.

EX-114 REC 26 4319

ACTION:

Legat London has been instructed to brief Legat Paris of these developments and instruct the Legat Paris to send a Bureau representative to Lisbon as quickly as possible to institute appropriate investigation for the purpose of further developing the subject's movements.

In view of JAMES EARL RAY's inquiry as early as December, 1967, regarding entry into Rhodesia and on the basis of limited information available to WFO, it appears his escape from the USA was well planned. The following observation is submitted for consideration:

Should it be impossible to determine if subject as RAMON GEORGE SNEYD has left any foreign city to which he is traced, it is suggested that foreign authorities canvas hotels or drinking establishments. It is believed subject's attendance at a bar tenders school in Los Angeles and his interest in lock picking fits into plans for his new identity. This then would indicate that RAY plans to work as a bartender in a hotel, possibly catering to tourists, and during off-duty hours apply any training he received on lock picking to burglarize hotel rooms.

This investigation may be shortened by circularizing all American hotels abroad.

Re Birmingham teletype to Director, FBI, 4/23/68.

The following investigation was conducted by SAs [redacted] and [redacted] at Indianapolis, Indiana:

On 6/5/68 GARVER WHEELER, Editor, "Journeyman Barber" Magazine, published by The Journeyman Barbers Hairdresser, Cosmetologists and Proprietors International Union of America, AFL - CIO, 1141 North Delaware, Indianapolis, Indiana, advised that the article pertaining to the subject which he originally agreed to publish in the July, 1968 edition of his Union's magazine, was shown to Mr. JOSEPH N. DE PAOLA, the President of this Union on 6/5/68. When Mr. DE PAOLA viewed the article and photograph, he immediately and without hesitation told Mr. WHEELER that the article would not be published. This decision is final.

[redacted] DE PAOLA advised that the matter was too highly controversial in view of the Negro-White member makeup of the union and he did not want anything this highly controversial in the magazine.

TO : DIRECTOR, FBI (44-38861)

DATE: 6/5/68

FROM : SAC, WFO (44-703) (P)

SUBJECT: MURKIN MURDER OF MARTIN LUTHER KING

On 5/9/68, WFO received information that RAY, as ERIC S. GALT, as early as December, 1967, was inquiring as to procedures to enter Rhodesia. In view of this, WFO recommended that plans be effected with the Passport Office, United States Department of State, to arrange for a systematic review of all passport applications received since RAY's prison escape in April, 1967.

This project was commenced and over 700,000 of a total of about 2,100,000 applications were reviewed before the project was halted on 6/4/68, as a result of investigative developments from a similar project in Canada.

As many as 36 Agents a day were used in this review which in some instances consisted of round-the-clock work. Miss FRANCES G. KNIGHT, Director, Passport Office, and Mr. ROBERT D. JOHNSON, Deputy Director, Passport Office, were most cooperative in arranging for this review.

Miss KNIGHT unhesitatingly made available the full facilities of the Passport Office and Mr. JOHNSON made arrangements for passport employees to be on duty in order that WFO's search could be continued during other than normal working hours. He also arranged for Agent personnel to use the garage facilities of the Passport Office in view of the absence of public transportation available to Agent personnel arriving for work or departing from work at the Passport Office at midnight.

It is recommended that the Director send a letter to Miss KNIGHT expressing appreciation for her warm and whole-

hearted cooperation in making Passport Office files available to WFO Agent personnel for this project. It is further recommended that the Director express thanks to Mr. JOHNSON for assisting WFO personnel in perfecting the fine details of this review and handling of necessary administrative changes. WFO files reflect that both Miss KNIGHT and Mr. JOHNSON have been staunch Bureau friends for years.

RECOMMENDATION OF GENERAL INVESTIGATIVE DIVISION:

The General Investigative Division recommends that letters of appreciation be sent to Miss Frances G. Knight and Mr. Robert D. Re Bureau airtel to Los Angeles, 6/4/68.

Enclosed herewith for the Exhibit Section is one (1) photograph of [redacted] FBI #[redacted]

Witness, ALLAN O. THOMPSON, shown artist conception of individual he knew as JAMES C. HARDIN. After observing the artist's conception, THOMPSON made the following observations:

A. The likeness of the artist's conception with regard to the shape of the head is good.

B. The shape, size and appearance of the eyes as contained in the enclosed photograph of [redacted] are very similar to those of the person he knew as JAMES C. HARDIN.

C. The eyebrows of [redacted] are, likewise, very similar to the eyebrows of JAMES C. HARDIN.

D. The nose of HARDIN is slightly thinner at the bridge than the artist's conception. Further, there is no bump at the bridge as in the artist's conception, but appears straight as in KD1-9.

E. The mouth is to be less wide than appears in the artist's conception with a slightly fuller upper lip.

F. The chin in the artist's conception is too full, too round; the chin that appears in the enclosed photograph of [redacted] is very similar in appearance to that of JAMES C. HARDIN.

G. The ears of HARDIN are as they appear in KG1-7; the ears in the artist's conception protrude too much, and further, are too wide at the bottom.

H. Good likeness.

J. The hair in the artist's conception is too stiff; THOMPSON preferred the hair, hairline and height of the forehead as that which appear in KD 3-9.

THOMPSON advised that in general, the artist's conception was not sufficiently swarthy in appearance to convey the proper complexion of HARDIN. THOMPSON had no further remarks as to the general description of the subject.

It is requested that the Exhibit Section prepare an additional artist's conception of JAMES C. HARDIN with the above mentioned modifications. It is further requested that upon completion of the artist's conception, that copies be forwarded to Los Angeles and all interested offices.

SUBJECT: JAMES EARL RAY, aka - FUGITIVE

On June 4, 1968, Deputy United States Marshal [redacted] Executive Office of United States Marshals, Ninth and D Streets, Northwest, Washington, D. C., made available to SA [redacted] an army photograph taken on October 22, 1967, at the Pentagon following the anti-Vietnam demonstration.

The photograph shows various writings on the wall of the Pentagon, one of which is, "Who is John Galt?" [redacted] said he did not see the actual writing and his knowledge is limited to his noticing the writing on the photograph. He did not know the significance of the writing, if any, but wanted to bring it to the attention of the FBI because of the name "Galt." He had been reviewing photographs of the demonstration in an unrelated matter.

This case involves the murder of Martin Luther King, Jr.

In continuing to run out the story reportedly furnished the Los Angeles "Times" by an individual identified only as [redacted] information has been developed indicating that the individual known to [redacted] an effeminate Negro, employee of [redacted] in Los Angeles, as [redacted] is in reality [redacted] FBI Number [redacted] A photograph of [redacted] was exhibited to [redacted] who identified it as the photograph of the individual he knew as [redacted]

The manager of an apartment house located at [redacted] Los Angeles, identified this same photograph as a former resident of that apartment house. The manager stated that the individual resided in an apartment with [redacted] who is currently [redacted] in Los Angeles.

Jerry Cohen of the Los Angeles "Times" advised that the newspaper had promised their informant, [redacted] that they would not reveal his identity nor furnish information which would lead to his location. Cohen did advise our Los Angeles Office that he would advise if any of the photographs exhibited to him were identical with his informant, [redacted] Cohen stated that the photograph of [redacted] an ex-convict who has been primarily suspected as being [redacted] was not identical with his informant but Cohen "declined to comment" when the photograph of [redacted] was exhibited to him.

11 JUN 7 1968

Memorandum to Mr. DeLoach
RE: MURKIN

[redacted] wife, [redacted] was interviewed in [redacted] Los Angeles [redacted] and she stated that she filed for divorce from [redacted] two months ago on grounds of desertion, cruelty and nonsupport. She stated her legal fees were being paid by her relatives and she added that she was so mad at [redacted] at the time of the filing of the divorce that she tore up all of the photographs she had of him. She described him as a shiftless drifter who never held a job during their five years of marriage. She stated she does not know his present whereabouts.

Background information on [redacted] and interview with [redacted] indicates he has spent time in Belle Glade, Florida; Reno, Nevada; various locations in Tennessee; Chicago, Illinois; and Kansas City. These areas were mentioned in connection with the story furnished the Los Angeles "Times" by [redacted] believes [redacted] is the individual who took his two guns and is the only individual outside of [redacted] and a person whom he knew as [redacted] cousin whose name he could not recall that would have known he even possessed the guns.

[redacted] previously advised he taught Ray to be a burglar. He previously stated that he and Ray cased a bank in 1958 or 1959 but did not rob it because [redacted] injured his leg. [redacted] furnished varying information regarding subject's alleged involvement in a bank robbery following his escape from the Missouri State Penitentiary on 4/23/67. After numerous efforts to elicit the truth from [redacted] he has now revealed that the bank allegedly robbed by Ray and an accomplice is located in Alton, Illinois. [redacted] stated that Ray's accomplice in the bank robbery told him, [redacted] that his name was [redacted] last name unknown. [redacted] stated that the last time he saw [redacted] he was with a man previously unknown to him who was named [redacted] last name unknown, and they visited him on the nights of 5/13 and 14/68. Ex-convicts [redacted] and [redacted] are known to have visited [redacted] on those dates.

Bureau files show that at approximately 1 p.m.,7/13/67, two unknown subjects wearing stocking masks entered the side door and robbed the Bank of Alton in Alton, Illinois. One subject proceeded directly

CONTINUED - OVER

to the tellers' area, walked behind the counter, emptied cash from two tellers' cages and left the bank by the same route. Unknown subject number two stood outside the side door flourishing a sawed-off shotgun and covered the customers and employees until unknown subject number one left. Then he backed out of the bank. The robbers obtained $27,230 in loot, not $50,000 as alleged by [redacted]

St. Louis City Jail records establish that [redacted] was in City Jail, St. Louis, from [redacted]67 to [redacted]68 and could not, therefore, have participated in the bank robbery or have contacted [redacted] as [redacted] had claimed in 1967. [redacted] description does not fit either of the unknown subjects; although Ray's description could approximate that of unknown subject number two.

[redacted]led Agents to the above bank and identified it as the one he and Ray had cased in 1959. The modus operandi planned was substantially the same as that used in the actual bank robbery. [redacted] stated that he had deliberately misled Agents as to the amount involved and the location of the bank to gain time to be sure he would be in the clear. Investigation of the bank robbery mentioned above is being intensified to ascertain whether Ray could have possibly been involved, thereby accounting for his source of funds.

ACTION:

Vigorous investigation is continuing in order to bring this matter to a prompt conclusion.

SUBJECT: GEORGE MC MILLAN
[redacted]
ATLANTA, GEORGIA
REQUEST FOR ASSISTANCE ON BOOK ABOUT
ASSASSINATION OF DR. MARTIN LUTHER KING

On June 4, 1968, the above-captioned individual, who identified himself as a free-lance writer, appeared in my office and furnished me the attached copy of a letter which reflects that McMillan is writing a book for Little, Brown and Company, Publishers, Boston, Massachusetts, concerning the assassination of Dr. Martin Luther King and one of the important features of the book would be a fully developed profile of the assassin. This book is to be published by Little, Brown and Company.

McMillan asked if we could be of assistance to him in connection with the preparation of his book.

It was pointed out to him that we could not be of assistance in connection with the book, that this case is a pending investigation, and that the FBI, therefore, is unable to furnish any information concerning the case other than has been contained in the previously issued press releases. McMillan was disappointed but appeared satisfied with this decision. Our files reflect that McMillan is a free-lance writer who was the author of an article entitled "The Birmingham Church Bombing" which appeared in the "Saturday Evening Post" issue of 6-6-64, which was not unfavorable to the FBI. Our files also reflect that he was the author of an article which appeared in November, 1960, captioned "Racial Violence and Law Enforcement" dealing with troubles in Little Rock, Chattanooga and Montgomery. The article was printed in pamphlet form by "New South," a publication published by the Southern Regional Council which, in turn, is interlocked with the Southern Conference for Human Welfare, an organization cited as subversive by the House Committee on Un-American Activities. To Whom It May Concern

This letter intends to make it clear that George McMillan of [redacted] Atlanta, Georgia, will be compiling information concerning the assassination of Dr. Martin Luther King, Jr. This information is necessary for the book he is writing, a book Little, Brown and Company intends to publish in accord with our contract with Mr. McMillan.

Important to the nature of this book will be a fully developed profile of the assassin. Any aid given Mr. McMillan in his research will be greatly appreciated by the undersigned.

RE: MURKIN

Re Bureau airtel to Los Angeles 5/29/68 and Los Angeles airtel to Director 6/3/68, relative to EDGAR EUGENE BRADLEY.

Bureau authorization requested to interview BRADLEY only for specific purpose of ascertaining his whereabouts on dates in question. Reasons for request as follows:

In past contacts, including contact on 5/31/68, BRADLEY always expressed highest admiration for Director and FBI. He has invaribly offered full assistance and on 5/31/68 specifically stated would be glad to furnish all information to establish whereabouts on dates in question or any other dates should it become necessary.

Extensive investigation would be required to verify his whereabouts if do not use his assistance. Note that BRADLEY promptly learned of recent investigation, as mentioned referenced Los Angeles airtel. Since he has offered full assistance, then should investigation proceed without prior contact with him, he would undoubtedly feel his offer was ignored. Since allegations of New Orleans District Attorney GARRISON are uppermost in BRADLEY's mind, embarrassment to Bureau could follow if he took his own inference that such investigation pertains to GARRISON's allegations.

Embarrassment might also arise should GARRISON learn of current investigation about BRADLEY, since GARRISON might infer this supports his position in some way.

It is felt that most discreet verification of alibi could be undertaken on basis of information received directly from BRADLEY, since it would allow fewest possible contacts and minimize possible embarrassment. Los Angeles holding investigation in abeyance.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

An individual identifying himself as Gary Ralph, a reporter for the Toronto Telegram, Toronto, Ontario, Canada, telephonically contacted the Bureau on June 10, 1968. Ralph indicated that he had developed information concerning Ray and his activities in Toronto and was desirous of "trading" with the FBI. Ralph inquired as to whether or not the Bureau had or had not established if there was a conspiracy. He was advised that this matter was receiving investigative attention and the Bureau could not make any statement concerning a conspiracy matter.

Ralph stated that he had established through three or four persons that Ray had been seen with a particular individual in bars in Toronto before he showed up in the rooming house (in this regard Ray appeared as Paul Bridgman at one boarding house on 4/8/68 and as Ramon George Sneyd at another boarding house on 4/19/68). Ralph also indicated that Ray had been in Buffalo before going to Toronto.

ACTION:

Legat [redacted] Ottawa, was telephonically advised of the above information so that it could be furnished to the Royal Canadian Mounted Police and Toronto Police.

The Buffalo Office was telephonically advised of the report that Ray had been in Buffalo before proceeding to Toronto and was instructed to initiate appropriate inquiry in an effort to verify such allegation.

Dear Sir:

You're pretty competent when it comes to maintaining finger prints on all of us or of pursuing the unimportant wrong door, particularly if he appears to qualify for your definition of subversive.

Successfully to run down assassins of pleaders for the little man such as JFK, FDR, RFK, Medgar Evars, etc. is quite obviously a horse of a different color. Haven't heard anything recently about your successes with Rev. King's murderer(s). Is that now, too, swept under your thick-piled rug? And wasn't it fortunate the LA police were on the job rather than the FBI, Dallas or Memphis police this week.

Hunting The King Slayer?

Exactly two months have gone by since the news of the assassination of Dr. Martin Luther King Jr., punctuated the air waves with its dolorous impact. We were told that the identity of the killer was known and that his apprehension would be only a matter of days.

Yet 60 days have passed without a single significant trace of James Earl Ray, the No. 1 suspect. Every passing day tends to lead to the conclusion that the murderer has successfully escaped the dragnet that had been set up by the Federal Bureau of Investigation.

Some serious questions are now coming to the fore. Remembering the feud between FBI Director J. Edgar Hoover and Dr. King, some people are wondering how much heart and muscle Hoover is putting into the search for Dr. King's killer. NONE

The college campus revolts, which are ascribed by some people to Communist infiltration, have become the focal point of concern, necessitating a shift of considerable manpower by the FBI to watch these activities. It may well be that in the judgment of the Justice Department, scrutiny of the campus turmoil is far more important than the search for Dr. King's slayer. At least the revolting students afford a convenient excuse for slowing down or abandoning a task for which the FBI hadn't too much enthusiasm in the first place.

Carl T. Rowan observed in his syndicated column that even with $100,000 or so of reward money lying around, the FBI hasn't even had a hot tip or a rumor worth pursuing with hope. Where did Ray, an escaped convict from the Missouri State Penitentiary, get the money to buy a car, the death weapon, and make good his escape? Obviously he was hired to do the job. But by whom? KKK OR MAFIA

These questions are creeping up with increasing frequency. They are being asked by a public which shares the pessimistic predictions of some FBI personnel that "They'll never catch Dr. King's killer."

By letter dated 6-4-68 captioned individual, who in signing her letter gives an apparent alternative spelling of [redacted] accuses the Director of completely ignoring the slaying of Martin Luther King as he did that of President Kennedy. She feels the Director has knowledge of both these murders and has accepted payoffs apparently to remain quiet. She also accuses Senator Percy's wife of having killed the Senator's daughter. She enclosed a copy of an editorial from the "Chicago Daily Defender," which she apparently used as the basis for her diatribe.

Correspondent makes scurrilous accusations against both the Director and the wife of Senator Percy which do not deserve the dignity of a reply.

SUBJECT: MURKIN

Assistant Attorney General Stephen J. Pollak of the Civil Rights Division called to advise me that with reference to the extradition of Ray the Department had compiled a number of affidavits which will be necessary to submit to the British authorities. He indicated that our experts here at Washington had furnished information for the preparation of a ballistics and fingerprint affidavit; that two affidavits had been prepared with reference to the purchase of the rifle at Birmingham; and that affidavits will be prepared with reference to persons in the police department; namely, Zachary, who had possession of the gun and binoculars and material found at the crime scene. Also they plan to have medical expert testimony concerning the possibility that the trajectory could be fired from the room which Ray had rented.

He also mentioned that at Memphis there were four persons to be interviewed in connection with the preparation of affidavits and they had dispatched a Departmental attorney to contact our Memphis Office so these individuals could be located. He identified them as (1) Stephens, who saw profile of the subject in the rooming house; (2) Mrs. Brewer, the landlady; (3) the individual who sold the binoculars to Ray; and (4) Canipe, who ran the amusement parlor on Main Street in Memphis where the gun, binoculars and other personal belongings were abandoned.

4379

With reference to the above, Mr. Pollak said he would send these to us today and he would appreciate our oral advice as to whether the affidavits are satisfactory.

I pointed out to him that it would appear that re-interviewing some of these witnesses at this stage of the proceedings would be to expose the Department to conflicting statements. I asked him why it was necessary to investigate the case, so to speak, at this stage of the proceedings. Pollak stated it was believed any information which might be furnished to the British authorities to insure his extradition would be

desirable. He said the question which I raised concerning the re-interviewing of persons at this stage certainly was sufficiently important so he felt he would like to talk to the Solicitor concerning this matter because he felt this has some merit and should be considered. It was pointed out to Pollak that it was my understanding that all that need be presented would be information to establish probable cause that Ray was the individual mentioned in the indictment. Pollak advised me he would be in touch with me later.

ADDENDUM:

Pollak called to advise me he was sending over the affidavits they had prepared for signature. They have eliminated Mrs. Brewer. We have reviewed and read these to Birmingham and Memphis. We have no changes, comments or suggestions. Pollak was so advised.

ReBUphone call to Birmingham this date.

Referenced Bureau telephone call indicated that an article appeared in a recent Los Angeles newspaper inferring that the FBI in Birmingham had instructed individuals contacted in connection with captioned investigation not to furnish information to any other individuals.

No such instructions were given to persons contacted by Agents of this office; however, ROBERT WOOD, owner of Aeromarine Supply Company, from which company the subject purchased the rifle used in shooting Dr. MARTIN LUTHER KING, when first contacted stated that he was extremely concerned that if it became known that the subject purchased the gun used in the KING killing from his company, certain elements of the Negro population might burn his place of business. He requested the Bureau not divulge the fact that RAY purchased the gun from his company. When given such assurance, he furnished all available information to this office and has been extremely cooperative in the entire investigation. He was advised that any information he gave this office would be held in confidence with the understanding, of course, that in the event the matter came to trial it would become public knowledge. He said he understood this perfectly. He was also advised that any leak would have to come from him or his employees and if he desired that this information be kept secret, he should not divulge this information. He said he had instructed his employees not to furnish any information regarding the sale of this gun.

Indicative of the fact that he was not bound by any instructions from this office, he subsequently furnished information to the press when a direct inquiry was made of him; however, this was only after continual prodding from members of the local press. To the best of our knowledge, he did not furnish any information to out-of-town reporters.

For the information of the Bureau, witnesses in this investigation, namely, CHERPES, owner of the boarding house, and Mr. PAISLEY, from whom RAY purchased a car, both gave information to the press at the inception of this investigation. However, inquiries were so numerous and made at all hours of the day and night that Mr. PAISLEY found it necessary to move his family from his home to the home of relatives and Mr. CHERPES changed his residence to another rooming house which he owned.

SUBJECT: MURKIN

I called [redacted] Legat at London, and advised him that [redacted] we understand, will complete his work in Lisbon sometime tomorrow. He was to get in touch with the Bureau before he left Lisbon to return to Paris.

[redacted] stated that he had asked the Bureau to furnish a restraining kit to him and that if a military plane was used that a medical doctor be requested to accompany the plane.

Martindale is in London and [redacted] will instruct him to coordinate any memorandum reflecting investigation being conducted. He is to also tell Martindale that [redacted] will check prior to the time he leaves Lisbon to determine whether the investigation which he has conducted is satisfactory. If Martindale feels that it does complete the work, [redacted] will return to Paris and immediately submit information covering the nature and extent of his investigation for transmittal to the Bureau. He will, however, check with Martindale to determine the information is adequate and in proper form.

[redacted] was asked whether major case prints have been taken in this matter (palm prints and prints covering the full fingers). He said that under British law no prints can be taken of an individual until after he is convicted. The results of the fingerprints of subject Ray by British authorities were furnished to [redacted] "under the table."

ACTION TAKEN:

Mr. DeLoach has arranged for the furnishing of the restraining kit and medical doctor in the event such is needed.

New Leads On King Assassination

By Paul Scott

THE FEDERAL Bureau of Investigation's massive probe of the assassination of Dr. Martin Luther King is taking a possibly sensational turn.

With James Earl Ray, the suspected assassin, apparently either outside the U.S. or now dead, FBI agents have increased their surveillance of several American Communists known to have been closely associated with King, including one who wrote speeches for him in the past.

Scott

This new development was triggered by evidence gathered by the more than 1,000 agents who have worked on the mysterious King shooting and by several "tips" and letters sent to the FBI.

One of the most interesting of these "tips" came from an alert TV viewer and concerns the now famous "Mountain Top" speech King made on April 3, the night before his slaying, showing a premonition of his impending death.

"IF THE SPEECH was truly made in Memphis on April 3 as reported," the letter pointed out, "then how can one account for King stating his age as 36 (instead of 39) and why does he speak of demonstrating in Alabama twice during the speech?"

After checking out the time and location of King's final speech, several of the FBI agents assigned to the case decided to begin seeking answers to a number of their own questions, including:

"If King had personally written that speech, why would he make mistakes like those contained in it — especially the one involving his age?"

"If the speech was written by someone other than King, who was the author and when was it written?"

The answers to these questions are considered highly important to the investigation, since, if another person was concerned in the preparation of that speech, the writer might be able to shed new light on it — especially those mistakes.

Also, if King had received help with the speech, the passages dealing with the civil rights leader's premonition of death would probably have been fully discussed. King's request to the Detroit police department for protection when he visited that city a few weeks before his death indicated he feared for his life then.

INFORMATION gathered by the FBI on King, prior to his assassination, showed that a secret member of the Communist party's executive committee was one of King's closest advisers and speech writers.

This ghost writer for King prepared many of his most famous speeches, according to testimony given by FBI Director J. Edgar Hoover during a closed door meeting of a House Appropriations subcommittee.

Since Ray during his trips prior to King's assassination visited the same city in which this ghost writer lives, the FBI is now investigating to determine if the two met covertly.

Recent evidence gathered by FBI agents in one of the most massive probes in the nation's history has forced serious investigation of these possibilities:

- That somebody close to King or within his own organization tipped off his assassin as to the civil rights leader's routine on the day of his slaying.
- That Ray was hired directly by certain Black Nationalists who paid him with money made available by foreign sources.
- That an international Communist "assassin squad" was involved in the slaying.

Because of Ray's mysterious trips to Mexico and Canada shortly before the assassination, the entire U.S. intelligence operation, ranging from the Central Intelligence Agency to the Defense Intelligence Agency, has been pressed into the hunt for King's killer.

One CIA report indicates that Ray, who is linked to the murder weapon by fingerprints and ballistic data, may have visited Cuba during his Mexican trip, according to information furnished by a Mexican airline official.

The FBI assumption is that, if there was a conspiracy to kill King, those involved made arrangements to spirit their hired killer out of the U.S. to Cuba via either Mexico or Canada.

Probably the greatest irony of the probe of King's assassination is that FBI Director J. Edgar Hoover, one of the civil rights leader's severest critics when he was alive, is doing everything in his power to solve the case.

On the other hand, King's closest aides in the Southern Christian Leadership Conference are showing little or no interest in whether the killer is found.

WHEN REV. Ralph Abernathy, King's successor as president of the SCLC, presented a series of demands to Attorney General Ramsey Clark for the "Poor People's" campaign none of these called for more intensive effort to solve King's assassination.

According to people who attended the meeting, nothing was said about King's death or the FBI investigation, although a number of the poor in "Resurrection City" had urged Abernathy to press for a more vigorous probe.

SUBJECT: MURKIN

The General Investigative Division advised this morning of a request from the Department for a portrait parle (photograph) comparison between certain pictures of the subject James Earl Ray. Specifically, the comparison requested was between a photograph of "Eric S. Galt" purportedly taken in early 1968 in connection with his attendance at a bartender school in California and prison photographs of James Earl Ray taken in 1960 and 1966. The requested comparisons have been made and we have determined definitely that the Eric S. Galt photograph is actually a photograph of the same person depicted in the James Earl Ray prison photographs. Results of this comparison have been telephonically furnished General Investigative Division.

Assistant Director Rosen advises he has furnished the results of the examination to Mr. Pollak in the Department and Mr. Pollak has requested the Laboratory's assistance in preparing an affidavit. A Mr. Maurice A. Roberts subsequently contacted me and requested assistance in the technical wording incident to the preparation of the affidavit. We are complying with this Department request and will execute the affidavit after it has been prepared and the wording has been determined to be technically accurate.

Week, the presence of the Mustang in Atlanta was not reported until Tuesday. It became increasingly clear Friday that FBI agents had been seeking a white Mustang for several days, possibly as early as last Friday—the day after the slaying.

Check With Union

Percy Strickland, a telephone repairman who lives in the rooming house, said Thursday he had heard the name of Eric Galt plenty the last week. The FBI had talked to everybody in the rooming house."

Then it was learned Friday that long before the Mustang was found FBI agents had checked with [illegible] the Maritime Union of America [illegible] a "line about an Eric Galt.

In obtaining his driver's license, the man named Galt had given his occupation as an unemployed seaman.

Agents also checked with one of the largest fishing companies in the Alabama gulf area and in Coast Guard files in Washington before the Mustang was found, it was learned.

The name of Eric Galt might never have come to public attention if newsmen in Atlanta had not caught a glimpse of the license number on the Mustang was being towed away Thursday by the FBI.

Cited in FBI Bulletin

The license, Alabama J-38503, is the same number as that cited in an FBI bulletin issued Thursday in Miami, an alert that sought help in finding Galt. The bulletin said he was last seen driving a white Mustang with that number.

As far as is publicly known, the only direct link between the auto impounded in Atlanta and the Memphis slaying is the make and color.

Witnesses who reported seeing a white Mustang drive away from the Memphis murder scene did not get a license number.

Dr. King was assassinated shortly after 6 p.m. Memphis time April 4, or shortly after 7 p.m. Atlanta time.

The Mustang registered to Galt was first reported seen in Atlanta on the morning of April 5, although witnesses differ in this respect. One said she saw it as early as 7 a.m. Two others told that they saw it being parked at 8:30 or 9.

400 Miles Apart

The distance from Memphis to Atlanta is about 400 miles. Taking into account the one-hour loss because of the time zone change, a driver traveling [illegible] could have left Memphis [illegible] the [illegible] Atlanta as early as 8 a.m. the next day.

The automobile was found in the parking lot of the Capitol Homes Development, a garden-type project designed for low income families, about five blocks from the State Capitol, past which Dr. King's funeral procession passed Tuesday, four days after the Mustang was first sighted in Atlanta.

The Rev. Bo Powell notified police about the car Thursday, after receiving a call from a member of his [illegible] City Methodist Church. He said he had hesitated at first because "if such a big world and there are so many white Mustangs."

When city detectives arrived, said Mr. Powell, they "didn't appear too [illegible]."

[illegible] arrived late and soon "were all over the place."

Johnny Nielsen, a 13 year-old boy, said he noticed a large amount of cigaret or cigar ash on the front seat, a great deal of red mud on the front floorboard and used 1967 license tags on a lodge in the back window.

Two Mexican "Turist" decals of red, white and green were on the back and side windows, he said, indicating, perhaps that the owner had visited Mexico recently.

This, of course, led to speculation that if the car owner had any connection with the assassination he might have escaped a Mexican hiding place or like—or a jumping off place to South America.

Dulles Report Denied

Dulles reports indicated the search for the assassin had spread to Mexico, although the U.S. ambassador [illegible] Mexico [illegible] denied that a report was made to Mexican officials to join the hunt.

Police in Atlanta said they have not been asked to participate in the FBI investigation here, whatever its mysterious nature.

Gun sale records of a Birmingham dealer believed to have sold the rifle used to kill Dr. King reportedly have been seized by the FBI here, and the dealer has acknowledged that he was questioned by agents Monday.

However, he said he could neither confirm nor deny that his firm had sold the rifle that had killed the civil rights leader because his records have been impounded.

The gun, found near the assassination scene, was traced to him through the wholesaler who purchased it from the manufacturer, it was reported.

Meanwhile, Memphis police said they still were [illegible] Negro [illegible] Negro who claimed he had information about reports of an alleged police chase of the assassin in or the city's outskirts soon after the shooting.

He said he had reported reports from a "police lieutenant" that he was chasing a white Mustang. The lieutenant he named has denied making any such report and that he was involved in a chase.

Legat, [redacted] called from London at 3:15 p. m. this afternoon. Assistant Attorney General Vinson had a press conference this morning at 10:15 a. m. During the conference he praised police cooperation between the FBI, the RCMP and Scotland Yard. He attempted to straighten out the record claiming that he had not interrogated subject Ray but that he had briefly seen him. The papers had previously reported that Vinson had interrogated Ray. Vinson became flustered when he was questioned by the reporters regarding the movements of Ray in several countries. Being unable to answer the questions, he eventually replied "No comment." In answer to questioning, Vinson stated that two sets of extradition papers were being sent to the British Home Office.

Vinson told [redacted] that he had been discussing this case with the Attorney General. Extradition papers are to be placed on a 7:00 p. m. plane from Washington to London. The AG apparently told Vinson there was a delay in forwarding these papers inasmuch as the FBI had had difficulty in locating a witness by the name of Stephens. (Stephens has not been located as yet, however, this is not delaying the filing of the extradition papers.) Vinson told [redacted] that the Department would possibly call upon the FBI to place the extradition papers on the evening plane. I told [redacted] that we had not received such a request.

EX-105 REC 11 - 4400

Vinson has booked reservations on a flight to depart London on Thursday, 6/13/68, at 2:00 p. m. Vinson has continued his efforts to inspect security measures at Wandsworth Prison. The British Home Secretary's office has informed U. S. Ambassador Bruce that Vinson will not be allowed this privilege. Ambassador Bruce was flatly told that it would be an insult to the British Government for Vinson to inspect security measures at Wandsworth. Vinson has asked the AG to contact Undersecretary of State Katzenbach so that a request can be made through diplomatic channels. [redacted] doubts that Vinson will be allowed to inspect Wandsworth's security measures despite pressure brought on by the American Government.

Our Paris Legat, [redacted] has completed his investigation in Lisbon, Portugal. Sources in Portugal have sent letters to all banks inquiring if Ray had funds deposited therein or had rented a safe deposit box.

Re: MURKIN

The results of this check will not be in for several days. Legat [redacted] has no further leads remaining. I told [redacted] to order [redacted] back to Paris so that he could immediately prepare a letterhead memorandum regarding the results of his investigation. This memorandum will first be reviewed by SA Martindale and then will be sent to FBI Headquarters. [redacted] will leave Portugal tomorrow morning, 6/12/68, at 10:45 a. m.

SA Martindale has spent most of his time at Scotland Yard assisting the representatives of our London Office. Investigation thus far by Scotland Yard has shown that subject Ray cannot be placed anywhere in London until the date of May 28, 1968, when he checked into the New Earl's Court Hotel. On June 5, 1968, subject Ray checked into the Pax Hotel and remained there until he checked out to travel to Brussels, Belgium. One source has advised that subject Ray told him he planned to go to Rhodesia.

Subject Ray thus far has not indicated any willingness to reveal anything. Chief Superintendent Butler has advised [redacted] that Ray, en route from the London Airport to Scotland Yard, was advised by Butler that there was reason to believe the subject's name was James Earl Ray. The subject allegedly turned white and did not deny this allegation, however, on the other hand, he did not admit anything.

[redacted] has now put in an official request, through Embassy channels, to interview Ray. The Home Office will make the final decision. Ray must give his permission before such an interview can take place. This request was specifically mentioned to Vinson, who replied, "By all means." This should not have been done. M

[redacted] still believes that there will be a minimum of three and a half weeks to a maximum of six weeks before extradition can take place. Even after the order of extradition is given, there will be a 15-day waiting period in which subject can make an appeal if he so desires. In the event he does desire to appeal, there will of course be further delay in extradition.

I specifically asked [redacted] what his recommendations were concerning the men from FBI Headquarters who are currently in London. He stated that he was keeping these men busy and that frankly, he felt it would be cheaper in the long run to let them remain in London rather than returning to Washington and then having to go back upon subject's extradition. [redacted] raised the point that there of course was the possibility that subject Ray at any time might indicate he was perfectly willing to be returned to the United States and that he would sign any papers certifying this fact. If this happens, our representatives must be in a position to move fast. Consequently, [redacted] feels that our representatives should remain in London.

Re: MURKIN

I agree with [redacted] in this recommendation, as does Rosen. We should, however, make a check after the next hearing to be held on June 19, 1968, to see if there still appears to be a maximum of four to six weeks before the subject will be extradited. In this event, consideration might be given to having our Agents return rather than remain in London for an extended period of time.

Hunt for Ray Futile

By CARL T. ROWAN

WASHINGTON — The disappearance of the slayer of Dr Martin Luther King becomes more eerie and revolting with every passing day.

Rowan

The FBI has not come up with a single meaningful trace of James Earl Ray, the Number 1 suspect, since I revealed several weeks ago that the investigation had taken on international implications.

Even with $100,000 or so of reward money lying around, the FBI hasn't so much as a hot tip or a rumor worth pursuing with hope.

In my earlier column, I deliberately did not reveal that a massive dragnet had been set up in Mexico. It was there that Ray had met with some characters who led FBI and other intelligence agents to suspect involvement of a foreign power. But investigators did not want the suspect tipped off as to the intensity of the search south of the border.

But it has revealed nothing.

"WE'VE COVERED Mexico, Canada, and the United States like a blanket," one high-level source tells me. "If Ray were alive in any of these places, I can't conceive of our not locating him by now."

Thus, the men who were clinging doggedly to the theory that King's killer was a berserk loner have now swung over to the belief that a hired killer planned the murder and the escape meticulously. But was it Ray — or were the seemingly clumsy clues left behind just decoys? And who did the hiring?

The truth is that the FBI has not located a single trace of Ray since he supposedly abandoned his white Mustang in Atlanta on April 5, the day after the Nobel Prize-winning Negro clergyman was slain in a Memphis, Tenn, motel. In fact, the FBI does not really have solid evidence that it was Ray who abandoned the car in Atlanta.

BUT THE massive investigation has turned up more information about Ray and his family. The most significant — and most galling in some Washington circles — is that Ray was peddling dope while in prison in Missouri State Penitentiary from 1960 to April 1967.

As the magnitude of Ray's narcotics peddling has been revealed, top law enforcement officers here have started aghast at the evidence that guards in most prisons are so easily bribed into sending almost anything into or out of a prison.

Some investigators have concluded that our penal system is rotten to the core, and they have sent screams to the top of our government that it is high time someone planned a complete overhaul.

A SERIOUS question arises now as to how long the FBI can, or will, continue a concentrated search for Dr King's killer. Already, student turmoil on scores of campuses has dictated the shifting of considerable manpower to the watching of these activities.

There are some worrisome connections between rioters on the various campuses. For example, one of the leaders of the Columbia University demonstrations recently showed up at American University here, trying to agitate students into putting some "muscle" into their protest.

So this confluence of demands on agents' time has led even some FBI personnel to each earlier pessimistic predictions that "they'll never catch Dr King's killer."

FBI loses some of its shine

The hunt for the assassin of Dr. Martin Luther King Jr. has taken some odd turns, and one of the more unusual ones is the way the Justice Department and its agency, the Federal Bureau of Investigation, have been behaving.

Immediately after the killing Atty. Gen. Ramsey Clark exuded optimism about an arrest. "We are very close," he said. A few days later he said he hoped to provide a picture of the suspect. But it was not until a week after the murder that the FBI inadvertently disclosed the name of Eric Starvo Galt.

And so it has gone since April 4. Clark's optimism has faded, and the FBI has seemed almost intent on keeping the public confused.

The FBI's image as the smoothest man-hunting agency was tarnished by the length of time taken to identify the fingerprints of Galt as those of ex-convict James Earl Ray. It was 15 days after the assassination. In question is whether it really took that long or whether the FBI was withholding the information.

It was not until Sunday that the FBI put Galt or Ray on its most wanted list. The success of the list in apprehending wanted persons over the years has been good. It is hard to understand why the description and photo of Galt were not released as soon as they were uncovered.

The FBI could never be accused of being loose-lipped, but the most wanted list was a creation of its director, J. Edgar Hoover. He has always been proud of the role it has played in apprehending those unfortunate enough to be listed.

We wonder if the recent policy adopted by the American Bar Assn. against pre-trial publicity has unduly influenced the FBI. If this is the case, the results are plain enough. The public linking of Galt and Ray was made about two weeks after the killing, and no one has yet been apprehended.

[redacted] related he was using the name [redacted] at this time. He related that eventually he was arrested in the City of New Orleans and was booked under the name [redacted]

He advised that he did not consider the photograph of JAMES EARL RAY wherein RAY is wearing sunglasses to be a good likeness. He related that the photograph showing RAY in a business suit with a white shirt and wearing a tie was a good likeness of the man he knew as JIMMY GALT. He described JIMMY GALT as a white male American, 180 to 190 pounds, 5'10", and having black hair. He advised he never paid any attention to GALT's eyes. He stated he could not recall any scars on his forehead or hands. He was unable to describe the nose and made no remarks concerning the chin. He advised that GALT wore a watch and a diamond pinky ring. He also wore sunglasses with a black frame. He advised that he met RAY in the bar at the Poosevelt Hotel in New Orleans.

[redacted] advised that he had won some money gambling and was in New Orleans to enjoy himself and to see if he could make any other scores. He stated he was aware that the State of California wanted him at that time.

He advised that he had frequented the Hotel Roosevelt bar for several days and noticed RAY, or GALT as he was called, in the bar and eventually met him. He advised that GALT had a great deal of money. He stated it was his belief that he could have had as much as $25,000 and this was based upon the fact that he saw GALT take money out of his pocket and that he had several $50 and/or $100 bills in his possession. He advised after seeing GALT with this roll that he decided he wanted to get to know him and to get to know where his residence was located so that he could get the money from him. He advised he intended to burglarize GALT's residence if necessary.

He advised that after talking with GALT at the bar in the Poosevelt Hotel that he eventually told GALT that he was wanted by the police. He advised that he saw GALT several times during a two or three week period. He advised that eventually GALT indicated that he also had done time but had been out for five or six years.

He described GALT as being very quiet, did not like Negro people, and seemed to enjoy gambling.

He related GALT never took him to his residence. He advised it was his belief that GALT lived either with his brother or his uncle in New Orleans, Louisiana. He stated this was based upon the fact that they went riding in an automobile one afternoon and that they drove by a house which was located three or four blocks from the French market and also near a big church, and GALT indicated he lived there.

He advised that the automobile they were riding in belonged to GALT's girl friend.

He advised that this house was located about ten or twelve blocks from Canal Street and five or six blocks from a big church, stating that the street had big houses on it and that at least two families lived in the building.

He advised it was his recollection that he was introduced to GALT by a barmaid in the Roosevelt Hotel. [redacted] stated that he frequented the bar every night and was so well known there that he could even leave a tab. He advised that he cannot recall the barmaid's name or her description. He stated it was his recollection that the bartender was a white male American, about 55 years of age, with gray hair, wearing glasses, who was short and stocky. He stated this bartender had a helper behind the bar who was either of Mexican or Spanish extraction.

[redacted] stated GALT was frequently in the company of women and he believed that the girl he was with most of the time was named [redacted] (Last Name Unknown) who came from some place in the South, possibly Montgomery, Alabama. [redacted] stated that it was his belief or recollection that [redacted] was a friend of a girl who had worked at JACK RUBY's place in Dallas, Texas. He advised that also in RAY's company was another woman by the name of [redacted] and that he believes she might have been from Los Angeles, California, and had some connection with a bar either as an owner or a prospective purchaser.

[redacted] related that although he met GALT in the bar at the Roosevelt Hotel, that he also saw him in a restaurant or bar across the street from the Royal Orleans Hotel and near Napoleon's Bar. He remarked that the Royal Orleans Hotel had a bar called the Touche Bar which opened after 4:00 p.m. He advised that located on a corner immediately adjacent to the Royal Orleans Hotel was Napoleon's Bar and that further down in the block was a small bar which had a large back room entirely devoted to gambling. He advised that he was in this small bar with the back room for gambling with GALT on at least one occasion and that GALT placed bets in this room with a girl named [redacted]

He stated that a city building was located across the street from the Royal Orleans Hotel and that very close to this city building was a bar called Sinatraville. He advised that the bartender or owner of this establishment would know GALT and would know [redacted] as [redacted]

He stated, "I believe that I could locate RAY or his body through making calls or contacts."

He said he had no knowledge of RAY's whereabouts and had no knowledge that RAY was dead.

It was his opinion that President JOHN F. KENNEDY and Dr. MARTIN LUTHER KING were killed by the same people. He said it was his belief that the same people are responsible for these two deaths and that the money came from the same people. He advised that it was his belief that President KENNEDY was killed because Cuban exiles held him responsible for the death of Cuban patriots in the Bay of Pigs invasion. He stated it was his opinion that these same Cuban exiles were responsible for the death of MARTIN LUTHER KING because the United States had not supported an invasion which was to be led by a RAOUL TIGAPT (phonetic). He advised that during the time he was in New Orleans in 1967 that he called Mr. GARRISON several times but GARRISON never came to the Sheraton Hotel to see him. He stated he wanted to talk to GARRISON about the death of President KENNEDY but got no response. He advised that he had information to furnish GARRISON about the KENNEDY case. He related that both ROBERT KENNEDY and Mrs. JOHN F. KENNEDY had written to him in November, 1963, when he was confined in the New Jersey State Prison. He related that he had written to Mr. ROBERT KENNEDY and Mrs. JOHN F. KENNEDY after the death of President KENNEDY. He stated, "If I told my theory, I would be killed. Subsequent to the public announcement of the arrest of the King assassin, Congressman Dan ~~H.~~ Kuykendall of Memphis, Tennessee, called the Bureau at 12:45 p.m. Saturday.

Congressman Kuykendall said he had been in touch with Special Agent in Charge Jensen on this apprehension. He called the Bureau, however, because he wanted the Director to know that he was extremely proud of the work done by the FBI. He said he was issuing a statement to the press along this line. I told him his comments were very much appreciated and would be relayed to the Director.

At 9:10 p. m., 6-10-68, Assistant Attorney General Stephen J. Pollak of the Department contacted Extra-Duty Supervisor [redacted] He started his conversation by saying he "wondered if anything had come in recently in connection with Ray from any of our offices here or abroad." He was asked if he had anything specific in mind and he said that on 6-7-68, the Attorney General had requested to be advised in writing of all developments.

He then went on to say that Mr. DeLoach had told him he was sending over a copy of a one-page cablegram from London which came in on 6-10-68, concerning Ray's appearance in court in London, but that he had not received this. He was advised that SA [redacted] was not in a position to know what information had previously been sent to the Department; however, a check would be made. He was asked again if there was any specific items of information he was particularly interested in and Pollak again replied that the Attorney General had requested any pertinent developments be furnished to him in writing. He was asked if he desired any specific action the night of 6-10-68, and he replied "Well, I'll be in my office for a while." He then went on to another topic of conversation.

SUBJECT: MURKIN

Assistant Attorney General Pollak called at 11:55 a. m., 6/10/68. He stated he was sending to Al Rosen the draft affidavits in connection with the extradition proceedings. He indicated that the Solicitor's representative from Tennessee, who is now in England, must have affidavits from the FBI in connection with this matter. Pollak stated that such requests will be held to those individuals necessary to prove probable cause.

Pollak asked if we had received any cablegrams, airtels or teletypes from our Legal Attache in London. I told him we had received one brief cablegram simply reporting the results of the Magistrate Court hearing held at 10:30 a. m., 6/10/68. Pollak stated that he would appreciate the FBI sending a copy of the cablegram to him just so he could tell the Attorney General he had received communications from the FBI. I told him we had no objections to this and would send him a copy of the cablegram in question. I added that the cablegram, however, would simply be duplicative of information already in his possession.

Assistant Attorney General Stephen J. Pollak, Civil Rights Division, called and stated he had been reviewing reports very carefully which had been submitted in this case. He referred specifically to the interview at the Bushnell Company on April 5, 1968, with reference to a shipment of binoculars to the York Arms Company in Memphis. It was specifically indicated that the serial numbers had not been recorded by the firm. He said the report concerning the binoculars is important because they would like to be able to tie in more specifically the binoculars to the York Company by serial number if possible. He recognized that in this instance the Bushnell Company apparently does not record the serial numbers of their shipments. He wondered if there was any other record which might be in existence to reflect that serial numbers were recorded by the firm. I advised him this had been completely run out; that I would recheck with our Memphis Office. He would like to back up the witnesses who say the binoculars in question were sold to the subject.

Pollak wanted to know whether we were running out all allegations relating to possible conspiracy. He said the reports do not reflect any information concerning a possible conspiracy. He was advised that so far we have not been able to establish that there was any conspiracy and we have been constantly alert to this possibility. Any allegations or possible leads that might be covered to establish a conspiracy existed are being given preferred attention.

REC 4 44-38861-4408

He said there were some allegations in the New York Times about persons who might have known or been in contact with Ray when he was in Canada. I advised him that such allegations are also being run out. These allegations refer to a Chinese woman who says a fat man was in contact with the subject, to a Negro go-go girl, to waiters, etc. The Legat at Ottawa has been furnished this information for immediate attention.

Memorandum to Mr. DeLoach
Re: MURKIN

Pollak mentioned that he would like to be able to have experts identify the photograph of James Earl Ray which depicts Ray with his eyes closed (photograph which Bureau artists drew in eyes later) with a known photograph of Ray. He particularly mentioned the Missouri State fingerprint card taken of Ray back in 1960. He said this would be helpful in supporting any affidavits of identification which might have been based upon looking at the photograph which the Bureau disseminated of Ray. He said that if our experts could state that the photograph which the Bureau disseminated was the same individual who appears in the Missouri prison print, this might be introduced as evidence from an expert witness showing that the picture was identical with a known photograph of Ray.

This matter has been referred to the Laboratory and Exhibits Section of the Administrative Division for consideration.

The Department has prepared drafts of affidavits for execution by certain individuals. We have previously been furnished these drafts on June 10, 1968, and they were called to your attention. Two individuals mentioned, namely, Charles Quitman Stephens, who resides in Memphis, Tennessee, has been out of pocket and he has not been located as yet. They are continuing to look for him so the Department may contact him for the purpose of getting him to sign the affidavits which they have prepared. Stephens is the individual who saw a side view of the subject when he resided in the rooming house in Memphis. This was the rooming house from which the subject fired at King.

We are also looking for John Webster Deshazo, who was a customer at the Aeromarine Supply Company in Birmingham, Alabama, where the gun was purchased. He identified a photograph of the subject as the person who purchased the gun. Deshazo is on vacation in Colorado. We are presently looking for him.

This is the case involving the assassination of Martin Luther King, Jr.

Assistant Attorney General Stephen J. Pollak, Civil Rights Division of the Department, called at approximately 3:50 p. m., and advised the Department had a package of papers they desired to make arrangements to have delivered to London tonight on the 8 p. m., TWA Flight 704 leaving from Dulles Airport. It is noted this flight arrives in London at 8:05 a. m., London time, at Heathrow Airport. Pollak advised he understood from Assistant Attorney General Vinson, who is in London, that the Bureau on occasion with some of its criminal cases had been able to make arrangements with pilots for expeditious carrying of such packages in emergency instances.

An attempt was made to reach Pollak at 4:15 p. m., concerning this matter to let him know the Bureau would make arrangements for delivery of the package. At 5:25 p. m., Bob Owen of the Civil Rights Division of the Department finally advised they did desire help from the Bureau in getting papers concerning the extradition of Ray to Dulles Airport. Nathan Lewin of the Department advised the material that was to be delivered to London should be picked up at the office of Mr. Mark Feldman, Assistant Legal Adviser, Room 5423, Main State Department Building, Code 182, Extension 5066.

In addition, Assistant Attorney General Pollak advised that he had been in touch with Mr. Vinson in London and Vinson was aware this material would be sent over tonight and that it was being taken to the pilot of the TWA plane who would deliver it to a Bureau representative in London and then made available to Vinson.

SUBJECT: MURKIN

At 9:45 a.m. today Mr. Pollak, Assistant Attorney General, Civil Rights Division, called to advise me that they are still interested in Charlie Q. Stephens from whom they would like to get an affidavit. He is the individual who was in the rooming house in Memphis occupied by subject Ray at the time of the commission of the offense. A memorandum has been submitted to the British authorities, however, they plan to submit a supplementary memorandum in affidavit form upon locating Stephens.

According to Pollak, attorney Flannery is now in Memphis and will be in touch with the Memphis office. Pollak said he understood Stephen's wife was a invalid. I said this was true but I did not know whether she is still living or not and the last we had on Stephens he was living on skid row. I advised Pollak we would let him know just as soon as Stephens or John Webster De Shazo has been located.

De Shazo is the individual who was in the gun shop in Birmingham and picked Ray from a photograph as the individual who purchased the gun in question. De Shazo is presently on a vacation trip in Colorado and Arizona. We have leads out for him and are trying to locate him.

ASSASSINATION OF MARTIN LUTHER KING, JR.

This is to confirm information furnished to you by SA [redacted] on June 12, 1968, and also to furnish you additional information subsequently received in this matter. The information set forth herein is based on preliminary communications and complete details will be incorporated in reports setting forth results of investigation.

The following information was furnished to you by Mr. Long on June 12, 1968:

When the subject James Earl Ray was arrested on June 8, 1968, by New Scotland Yard in London, England, the following items were found in his possession:

A .38 caliber "Liberty Chief" revolver of Japanese make; a Polaroid 220 camera; an RCA transistor radio; a light tan raincoat believed purchased on May 6, 1968, in West Toronto, Canada; a brown wool suit with a label bearing the name "Eric Galt" and the date "July 21, 1967"; a blue oxford cloth shirt of Canadian manufacture and bearing a laundry mark; a sport jacket and trousers; a receipt dated May 2, 1968, for $345 on an invoice from the Kennedy Travel Bureau, West Toronto, Canada, for R. Sneyd, 962 Dundas Street, West Toronto, and passport photographs of the subject from the Arcade Photo Studio dated April 11, 1968.

Mr. Stephen J. Pollak

Appropriate investigation is being conducted relative to various items set forth above.

[redacted] also advised you of efforts being conducted to trace the binoculars recovered with other items near the scene of the shooting of Martin Luther King, Jr. Mr. Cordra York, Sr., of the York Arms Company, Memphis, Tennessee, advised that a review of his records located an invoice dated October 31, 1967, wherein the York Arms Company received from D. P. Bushnell and Company, Incorporated, Pasadena, California, a shipment of 7 x 35 Banner binoculars. Mr. York stated this order was placed on October 20, 1967, for six pairs of binoculars to be placed in snap top cases. The binoculars were shipped on October 30, 1967, according to the invoice; and the billing date was listed as October 31, 1967.

Mr. York said he received other 7 x 35 Banner binoculars in January, 1968, and April, 1968, but these were wide angle binoculars and retailed for a higher price. He also said that if salesman Ralph Carpenter had to go to the window showcase to remove the pair of binoculars, they were in all probability the last pair in stock. He said they reorder periodically from D. P. Bushnell and Company, Incorporated, as the supply diminishes. Mr. York said there is no record kept by his firm or received from the Bushnell Company identifying the binoculars by serial number. A review of the York Arms Company's records fails to indicate a subsequent invoice showing purchases of 7 x 35 Banner binoculars in snap top cases since the invoice dated October 31, 1967. A review of the stock on hand did show one pair of the 7 x 35 binoculars which retailed at a price of $39.95. According to Mr. York these binoculars were identical to those sold by salesman Ralph Carpenter in this matter even though they were in a zipper type case rather than the snap top case. Mr. York said most of his customers purchasing binoculars preferred the snap top case and he has exchanged cases to satisfy customers. He is of the opinion this might have happened in this instance.

As [redacted] previously advised you, an individual using the name of R. W. Trotter telephoned the Pentagon in Washington, D. C., on June 7, 1968, and claimed he was the killer of Martin Luther King, Jr., and knew the girl in the polka dot dress who was at the scene of the shooting of Senator Kennedy in Los Angeles. Trotter denied making the telephone call and denied having any information concerning the murder of Dr. King or Senator Kennedy. He has a general reputation in Cunningham, Tennessee, his place of residence, of being unreliable, untrustworthy [redacted]

[redacted] also furnished you information regarding the individual referred to in Toronto newspapers as the "fat man" who reportedly delivered an envelope to the subject while Ray was living at 962 Dundas Avenue, West Toronto. The Metropolitan Toronto Police Department advised that the "fat man" accompanied by his wife, contacted that agency and identified himself as Robert McDouldton of Toronto who has been employed as a salesman for a paint supply company for the past eight years and who worked in the Dundas Avenue area.

Mr. McDouldton explained that in early May of this year, he had used a public telephone booth in the vicinity of 962 Dundas Avenue and found an envelope there addressed to Sneyd at the Dundas Avenue address. He thereafter took the envelope to that address and gave it to Sneyd in the presence of Sneyd's landlady. He stated the envelope contained a Toronto postmark with no return address and he had the impression it contained some kind of application for a job.

The landlady viewed McDouldton and identified him as the "fat man" to whom she had previously referred. Appropriate Canadian authorities are satisfied that McDouldton is a reputable citizen and that he has no knowledge of nor is he involved with the subject. These authorities advised they are committed not to divulge McDouldton's identity and requested that this commitment be honored and no information be released even acknowledging that the mysterious "fat man" has been located.

In addition to the foregoing information furnished by [redacted] SA [redacted] telephonically advised you on the evening of June 12, 1968, that Charles Q. Stephens, [redacted] who was a witness in the rooming house in Memphis when the shooting occurred, had been located in Memphis, Tennessee, by FBI Agents. A Department Attorney on the scene was in the process of arranging to interview Stephens and is to obtain an appropriate affidavit.

In accordance with your request of SA [redacted] on June 12, 1968, copies of the registration card from the New Rebel Motor Hotel signed by Eric S. Galt have been expeditiously forwarded to Memphis to be furnished to Department Attorney J. Harold Flannery in connection with the obtaining of certain affidavits.

Mr. Stephen J. Pollak

The following additional developments are being furnished for your information.

The .38 caliber revolver Ray had in his possession at the time of his apprehension in London was sold to Robert Tatum, a gun dealer, of Mableton, Georgia, on October 11, 1966, by the Liberty Arms Company and Solinger Cutlery Company, Montrose, California. Mr. Tatum has advised that on December 3, 1966, he sold the gun for $50 to Walter E. Spain of Birmingham, Alabama.

Walter E. Spain has confirmed he purchased the weapon from a gun dealer located just outside of Atlanta, Georgia, after seeing an advertisement in an Atlanta paper. Sometime in the spring of 1967 he gave the revolver to his father, Walter Leon Spain, in partial payment of a debt. Walter Leon Spain has advised that because of financial difficulties following his being hospitalized in August, 1967, he began selling personal items among which was the revolver he obtained from his son. The items were sold by placing advertisements in Sunday editions of the "Birmingham News." On the Sunday his advertisement appeared regarding the revolver, he received a call from a man who was interested in the gun and subsequently sold the weapon to that man for $65. The purchaser paid for the weapon with two $20 bills, two $10 bills, and a $5 bill. Walter Leon Spain did not give the buyer any receipt nor did he obtain from the buyer any information as to his identification, residence, or employment. Mr. Spain furnished neither ammunition nor papers for the gun.

Mr. Spain could recall only that the buyer was driving a late model white or light-colored automobile, but could furnish no further description. He described the buyer as a white male about 40 to 45 years of age, 5 feet 8 inches or 5 feet 9 inches tall, weighing 170 to 175 pounds, having dark hair slightly graying at temples. Mr. Spain selected a photograph of Ray which was taken in California in January or February of 1968 as "resembling the man" who bought the weapon, but could not make a positive identification of Ray as the purchaser.

It has been determined that an advertisement for the .38 caliber revolver placed by Mr. Spain appeared in the October 1, 1967, issue of the "Birmingham News."

Information was previously received that Ralph M. Carpenter, the York Arms Company employee who sold the binoculars to the subject, is presently confined to a mental institution. Dr. Max West, the physician in attendance on the floor of the Tennessee Psychiatric Institution and Hospital, Memphis, Tennessee, where Mr. Carpenter is a patient, has stated that in his opinion Mr. Carpenter is competent when he is not involved in his current disorder described as [redacted] Dr. West has advised that in his opinion Mr. Carpenter's present condition should have no bearing on his previous identification, or information furnished relative to this case although a defense attorney might try to make something out of it.

With respect to inquiries in Portugal, it has been learned that Ray was in Lisbon May 8 - 17, 1968, where he stayed in the Hotel Portugal. He reportedly consorted with local women and occasionally visited various Lisbon bars. One prostitute was located who spent one night with Ray but she could furnish no pertinent information. Ray returned to London on May 17, 1968, as established by airline records and official records of the Portugese and British Governments.

Ray is presently being held in Wandsworth Prison under unprecedented security provisions. He had been held in Brixton Prison but was transferred by heavily guarded convoy to Wandsworth Prison which is more secure on June 11, 1968.

Scotland Yard is continuing extensive investigation to develop information on his activities in London but has not yet been able to determine Ray's whereabouts in London prior to May 28, 1968, when he took a room at the New Earls Court Hotel. On June 5, 1968, he moved to the Pax Hotel where he stayed until the date of his arrest on June 8, 1968. The receptionist at the New Earls Court Hotel stated Ray was very shy and although she indicated a willingness to establish a close relationship with him, he did not seem receptive.

Among Ray's effects at the time of his arrest was a four page memorandum or article setting out a detailed description of the theory and specifications regarding silencers for firearms.

You will be kept advised of pertinent developments.

HE SOLD THESE ITEMS BY PLACING ADVERTISEMENTS IN THE SUNDAY EDITIONS OF "BIRMINGHAM NEWS." ON A SUNDAY HIS ADVERTISEMENT RE ABOVE DESCRIBED REVOLVER, WHICH INCLUDED HIS RESIDENCE PHONE NUMBER, APPEARED IN "BIRMINGHAM NEWS," HE RECEIVED CALL FROM MAN INQUIRING ABOUT GUN AND HOW TO FIND RESIDENCE OF SPAIN. ABOUT HOUR LATER THIS MAN CAME TO SPAIN'S RESIDENCE. THIS MAN SAID HE HAD BEEN LOOKING FOR A GUN OF THE TYPE SPAIN WAS OFFERING FOR SALE. HE THEN EXAMINED GUN, ASKED THE PRICE AND WHEN TOLD "SIXTYFIVE DOLLARS," HE SAID HE WOULD TAKE IT. MAN THEN GAVE SPAIN TWO TWENTY DOLLAR BILLS, TWO TEN DOLLAR BILLS AND A FIVE DOLLAR BILL. ASSASSINATION OF MARTIN LUTHER KING, JR.

The following additional pertinent information is being furnished relative to captioned case. The material set forth herein is based on preliminary information and complete details will be incorporated in reports of results of investigation.

Brigadier M. S. R. Maunsell, Director of Prison Security, Wandsworth Prison, where Ray is presently confined, requested that if available, he be furnished prison background information relating to Ray. Officials of Missouri State Penitentiary made available to the FBI records of Ray which have in turn been forwarded to our Legal Attache in London and will be furnished to Brigadier Maunsell. These records were made available on a strictly confidential basis and Brigadier Maunsell will be so informed.

Sources in England have advised that at Magistrate Court on June 18, 1968, the Magistrate will announce that the extradition hearing will take place on June 21, 1968. The public prosecutor will then ask for adjournment on local charges. On June 21, 1968, if the defense is ready, the extradition hearing will commence. Should the defense ask for more time he will be given until June 27, 1968, and if the hearing does not actually start until June 27, 1968, the Magistrate is prepared to sit on June 29, 1968, (Saturday) in order to expeditiously dispense with the matter.

Contrary to Section 1 of the Firearms Act. 1937."

The June 13, 1968, issue of "The Washington Daily News" contained an article on page one wherein it is stated, "Ray arrived in Britain May 8. He hurried off to Lisbon to pick up some money transferred from a Swiss bank account, according to Scotland Yard sources."

For your information New Scotland Yard has no knowledge of any money allegedly transferred to Ray from a Swiss bank account.

The same article also stated, with reference to Ray's arrival at the New Earls Court Hotel, "A second man had appeared with Ray when he checked in. Jane never saw him again. Ray left June 5, carrying the airline flight bag he always clutched, possibly containing the Liberty Chief pistol he was arrested with Saturday." "Jane" is identified as Jane Nassau, a hotel clerk at the New Earls Court Hotel.

Investigation conducted in England indicates Ray arrived alone at the New Earls Court Hotel.

As you were previously informed, New Scotland Yard advised that Frederick J. Schwartz, born June 1, 1939, at Detroit, Michigan, and currently residing in London, has contacted the court appointed attorney for Ray stating that he, Schwartz, has an academic interest in the case. Martindale-Hubbell Law Directory indicates Frederick J. Schwartz is an associate of the law firm of Dahlstrum, Walton and Butts, Los Angeles, California.

The records of the California State Bar, Los Angeles, California, reveal Mr. Schwartz was admitted to the California Bar on January 5, 1965. No inquiries have been made to the California Bar by British legal authorities concerning his legal background.

Enclosed for Legat London are two copies of extract from Kansas City report of May 15, 1968, concerning records obtained from the Missouri State Penitentiary in specific reference to subject Ray's incarceration. Included in this document will be a physical report, background, and an evaluation by the psychiatrist.

These records were furnished to the Bureau by officials of Missouri State Penitentiary with the understanding that they will be a matter of strict confidence. If a copy of these records is furnished to Brigadier M. S. R. It is to be noted that subject, since his escape from Missouri State Penitentiary on April 23, 1967, took a locksmithing course from a company in Little Falls, New Jersey. He was sent eight lessons and the degree of his proficiency or his grades are not known. It is, therefore, not possible to evaluate his lock-picking ability.

It has been reported by several individuals, particularly prison associates of Ray, that he was a user of amphetamine type drugs. The method of saturating a cloth with amphetamine type drugs, method of

recovering such drugs after the cloth has dried, and how Ray's clothes could be cleaned to insure any drugs in cloth are removed, t his is not positively known. The possibility exist that amphetamine drugs can be placed in a solution of alcohol or ether, the cloth completely saturated with solution, and this would result in quick drying, and the drugs then adhere to cloth. This could then possibly be recovered by the cloth being placed in another solution of possibly alcohol. It appears there is no positive means of insuring that the clothes could be cleaned to remove the amphetamine drugs due to the varience in chemicals used and different methods. If a problem presents its concerning Ray having drugs in his clothing, the possibility exist that he could be issued a new suit of clothing This way, it would insure that he would not carry drugs outside of England.

Director of Prison Security where Ray is incarcerated in London, England, has requested information concerning medical history of subject, details of subject's escape, records of violence against prison staff and other available information that would be of value to prison authorities. This is the case involving the murder of Martin Luther King, Jr.

As you are aware, Departmental Attorneys are in Memphis, Tennessee, obtaining affidavits from individuals who are witnesses in this case in connection with the possible extradition of subject James Earl Ray from London.

In connection with physical evidence examined by the FBI Laboratory, the Departmental representatives requested an affidavit from SAC Robert Jensen of Memphis, which was furnished to them by Jensen.

Jensen's affidavit relates to the fact that he received various items of evidence from Inspector N. E. Zachary of the Memphis Police Department and that he, in turn, forwarded them to the FBI Laboratory for examination. The items mentioned in Jensen's affidavit relate to the rifle, the rifle scope, the brown box in which the rifle was located, a set of binoculars, a gray paper bag bearing the legend "York Arms" the cartridge shell removed from the rifle by SAC Jensen, and the bullet which was recovered from the body of Dr. King.

SAC Jensen is furnishing to the Bureau a copy of the affidavit furnished by him to Departmental representatives.

O Murkin

Dear Sirs:

It is with great respect to the Department that such information could be issued throughout the world to make an attempt to capture the murderer of the late DOCTOR MARTIL LUTHER KING, JR. It will be of a greater honor for your services to bring the said person back to these United States for trial.

My communication may not be of any significance but I want to invite my personal ideas into this matter.

Upon notice that James Earl Ray had been captured, it set minds to wondering what the outcome of this capture would result to. Now a matter of his being returned alive should be the question needed answering. So many officials have expressed concern for his standing trial frightens me to the extent that I want to associate his statements of several months ago reported by one of his associate in-mates that money was in the making of the killer of Dr. King. After his long flight of 65 days of freedom it is very likely that he has been paid and it is reasonable to believe who ever had money to pay such a bill will go even further to close his mouth.

As indicated in referenced airtel, no serial numbers are marked on the weapon and he said there is no way in which a recovered gun can be traced.

However, there is no recording made of the component parts or assembly markings which might appear, and he said, regardless of the importance of a given inquiry, it was not possible to say when or to whom a gun was shipped.

ADMINISTRATIVE:

Extensive investigation has continued in this matter, however, all obviously non-pertinent information is being left out of this report. These include checks of Kansas and Missouri Departments of Motor Vehicles records, investigation at lower-class rooming houses and cleaning establishments, Kansas and Missouri Bureaus of Vital Statistics, numerous look-alikes that have been reported and eliminated as possible suspects,and all negative information furnished by informants.

Extra copies of this report are being furnished Office of Origin in the event of future dissemination.

Subject's complete file from the Missouri State Penitentiary was Xeroxed and forwarded by the Kansas City Office to the FBI, Washington, D.C., in order that it could be better evaluated for leads in this matter since it contained numerous technical, medical, and psychological terms.

Also, Warden HAROLD SWENSON, Missouri State Penitentiary, Jefferson City, Missouri, made a complete search of various medical and dental records and the only X-Rays he could obtain for the subject were of his sinus cavities. These were obtained and also forwarded to the FBI Laboratory for identification purposes. Warden SWENSON stated that the prison dentist, Dr. RICHARD SKAIN,had assured him that the sinus X-Ray was as good, if not better, than the average dental X-Ray for determination of dental identification.

The Channel Master transistor radio located near the Memphis rooming house by the Memphis Police Department bore scratchings that appeared to be 00416. The Missouri State Penitentiary's inmate canteen sells such radios,and at the time they do, the inmate's number is etched on the radio with a Vibro-Graver, model V-73, manufactured by Burgess Vibrocrafters, Inc. RAY's MSP number is 00416, and he bought a radio from the canteen on 4/21/67. The above Vibro-Graver is the one that would have been used to make this engraving. It was obtained by SA [redacted] on 5/29/68 from Mr. CLARENCE R. LUCKE, Storekeeper, Inmate Canteen, MSP, along with transistor radio case bearing samples of the numbering of personnel at the inmate canteen who would have placed the inmate numbers on the transistor radio purchased on 4/21/67.

This Vibro-Graver is being maintained in the 1B3 Section of this file in the Kansas City Office. It is not being forwarded to the Laboratory at this time for comparison purposes inasmuch as the original transistor has been returned to the Memphis Police Department. The Vibro-Graver and numbering samples are being maintained in the event they are needed in the future for evidentiary purposes.

All inmates and former inmates furnishing information regarding subject fear retaliation from other prisoners because of their furnishing information to law enforcement agencies. In view of this, discretion should be used in the dissemination of any information included in this report.

The following investigation was conducted by SA [redacted]

AT JEFFERSON CITY, MISSOURI

On May 15, 1968, [redacted] also known as [redacted] who requested that his identity as the source of this information be concealed, was contacted [redacted] and he furnished the following information:

He knew JAMES EARL RAY for quite some time [redacted] at the Missouri State Penitentiary (MSP). He had had some minor dealings with RAY in poker. RAY himself played very little poker, but he would lend money to inmates who did play poker at the "3 for 2" rate requiring $3 to be repaid for every $2 loaned. RAY was "too tight" to play poker, and even when he loaned money at the exorbitant interest rates he required some kind of collateral. If RAY was a "walk man" in the MSP, having reference to an inmate whose duties called for his moving freely around the cell block, then RAY would have been a carrier for the usual prison lotteries dealing with numbers and parleys over ball game scores, in which cigarettes were bet, and the "walk man" would deliver the numbers slips and the winners' cigarettes, and would be paid a percentage by the inmate who ran the lottery through this association, but the "walk man" would perform the service strictly for his commission and would not necessarily be "close" to the person running the lottery, but would be selected because he had access to other inmates' cells. He has no information that RAY was ever a "walk man" or ever engaged in lotteries as described above.

In his conversations with RAY he learned that RAY was more interested in Mexico than in Canada. In speaking of places to go to "cool off" or "hide out", he suggested to RAY that it would be easier for a white American to hide out in Canada than in Mexico, since his skin color and language would be the same as the natives, but RAY had spent some time in Mexico and apparently liked the area and he expressed very little interest in Canada.

[redacted] RAY discussed a newspaper article which was published [redacted] in which an Italian criminal's escape to Italy from the U. S. was apparently accomplished through his obtaining a Canadian passport, and it was suggested and RAY was apparently aware of the custom of the Episcopal Church and Church of England and its branches in Canada of keeping baptismal records and records of birth for years, which records would be easily accessible to anyone wanting to assume a new identity. They discussed how one could go to a medium-sized Canadian city, find records of birth through an open, easily accessible church, for an individual about one's own age, verify through local inquiry or source material that some such person is deceased, then write to the Provincial capital of that province requesting a copy of the birth certificate for that person, thereby securing documentary evidence of a new identity to use in securing a Canadian passport. RAY did not express a great deal of interest in this process and made no mention of planning to use such a technique to escape or change his identity. He did not say anything about any plans to go to Canada or to Mexico and thereby to a third country, and he never mentioned any interest in Rhodesia or other country with a view of flight there in hopes of avoiding extradition. RAY did say that he had considered Australia as a place to go to avoid apprehension for a wanted person, but indicated that he had dismissed Australia as a refuge because of the sparse population and the lack of tourists. RAY [redacted] had written to Queensland, apparently before 1962, to some Government agency inquiring about the type of employment available there for foreigners, but his conversation indicated he had no interest in Australia at that point.

Most of RAY'S conversation revolved around Mexico when speaking of places to go after "pulling some job". He made no mention of narcotics smuggling to Mexico, and he did not say how he planned to obtain the "big haul" he wanted to make in order to "retire", other than that he might happen onto a large supermarket with a lot of money on hand which he could rob. He did not mention any specific supermarket or area of the country in this regard. From his conversation, he felt that RAY had actual experience in and knowledge of

smuggling small appliances into the Campeche Bay area of Mexico for resale. He mentioned that there were some dollars to be made in this racket with a very small investment required. RAY'S associate [redacted] or [redacted] or some similar name previously described by [redacted] as described by RAY was a real person, and [redacted] remembered the name he gave because it was similar to the name of a "wet back" he had known previously in prison.

RAY spoke of the possibility of obtaining colored contact lenses to wear to change the color of his eyes in avoiding detection. RAY did not say where he would try to obtain contact lenses or that he had actually ever tried to obtain them or that he had ever worn contact lenses. RAY'S eyes as [redacted] recalls them are a faded, pale blue, or "sky blue", and he would want to darken the appearance of his eyes in changing his appearance. He told [redacted] how he had experimented in the past on portions of his skin covered by his clothing with staining his skin a darker color using some kind of "walnut dye". He had apparently tried the dye out of curiosity to see how long the stain would last, and he told [redacted] that the dye would "just have to wear off". As to changing his appearance, [redacted] feels it is significant to note that RAY'S weight would vary greatly from month to month. RAY would go through periods of weight-lifting, strictly for the exercise, and he would occasionally become concerned over his weight from a health standpoint and would lose weight quickly. RAY was not a competitive weightlifter and would probably not seek out a gymnasium to practice weightlifting, but he was concerned over a heart problem he imagined that he had, and he wanted the exercise to strengthen his heart. He mentioned that he knew it would be easy to obtain a fictitious Social Security card simply by filling in a form in any name, state that he had been self-employed, and he would be mailed a new Social Security card. He did not mention any problem with regard to obtaining a driver's license under an assumed name.

RAY told [redacted] about a shack he rented on the outskirts of Campeche, Mexico, and how he had considered the possibility of buying the shack instead of paying rent. Money and not paying more for anything than necessary was of constant concern to RAY. He told [redacted] of the difficulty in

Mexico for a foreigner to own any property. He told of the practice of "Rentista Papers" through which a foreigner by paying a fee could receive permission from the Mexican Government to own a small business in Mexico or purchase property on a small scale in Mexico. He mentioned how it was an effort to have anything done by local Government officials in Mexico since everyone moved so slowly, and how in order to obtain "Rentista Papers" one would apparently have to pay two or three persons "under the table" a few pesos in order to get the papers through the Government red tape, and from his conversation, it appeared that RAY never was in Mexico long enough to wait out the process of obtaining "Rentista Papers".

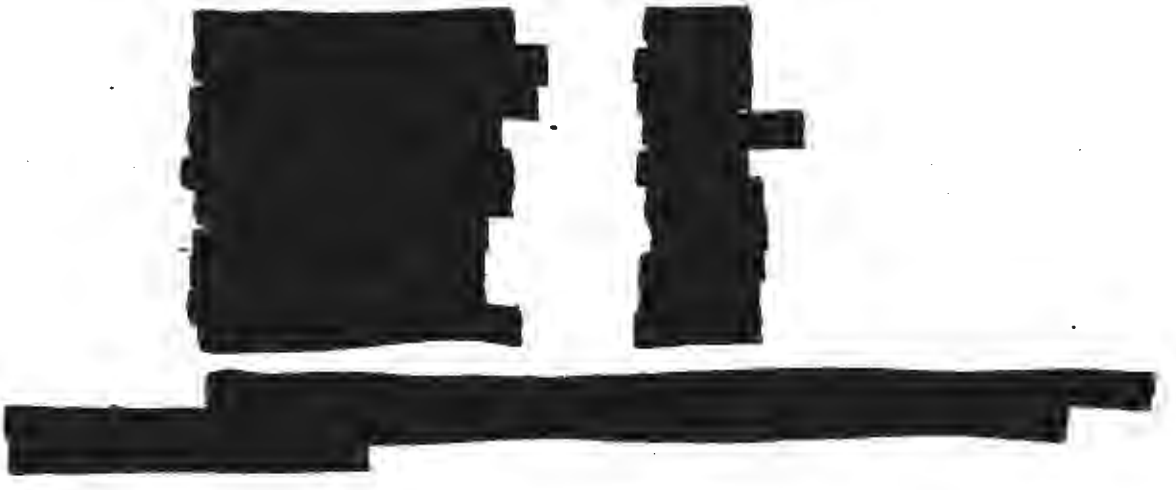
The following investigation was conducted by SA [redacted]



At Jefferson City, Missouri:

On May 24, 1968, [redacted] also known as [redacted] who requested that his identity as the source of this information be concealed, [redacted] advised that the only magazine he ever saw JAMES EARL RAY read while in the Missouri State Penitentiary was Time Magazine. He stated that RAY read whatever newspapers were available from other inmates who had them, and he once saw RAY read The National Enquirer, as he recalls the name of the publication, which [redacted] described as a tabloid type newspaper. He said that he does not know where RAY obtained the copy of that newspaper, and stated that RAY would obtain Time from unknown inmates in the penitentiary, probably from inmates who had subscriptions to that magazine, and while he was around RAY, he had these magazines weekly. He advised that he never knew RAY to subscribe to any publication. He recalled that RAY mentioned articles he had read in the U. S. News and World Report, but he never saw him read that magazine. [redacted] said that he would have no way of knowing what reading preferences RAY had or what other magazines or publications he might read if he had access to them, since reading material is limited as to periodicals in the penitentiary unless one subscribes to them or borrows them from persons who do subscribe. [redacted]

He added that RAY seemingly was impressed with GEORGE WALLACE, ex-governor of Alabama, and was in favor of his candidacy for president.

On May 6, 1968, EARL KNIGHT, MSP [redacted] serving [redacted] from New Madrid, Missouri, said he did not know JAMES EARL RAY. He said he was at Fordland (honor camp) on [redacted]. He said he came to the penitentiary in [redacted] or [redacted] and was out on [redacted]. He said he had never heard of the COOLEY gang or anyone by the name of COOLEY.

On May 6, 1968, MAJOR BERNARD J. He said [redacted] also attempted to escape by using a ladder and a uniform. He did not get away from the walls. He also said that the only person who had ammunition in his pockets was a [redacted] and another inmate by the name of [redacted] He said he also traced some ammunition to the shop where [redacted] worked, but could not "pin" them on him. He said RAY was never involved in any of these matters.

MAJOR POIRY said he had no information regarding any COOLEY or COOLEY gang, but would attempt to develope information in this regard through his inmate contacts.

On May 14, 1968, MAJOR POIRY further advised he has developed no information in regards this alleged organization or group.

The following investigation was conducted by SA [redacted]

AT JEFFERSON CITY, MISSOURI:

On May 14, 1968, [redacted] Missouri State Penitentiary (MSP), advised there have been 20 persons by the name of COOLEY in the MSP over the years. None are in any of the branches of the prison at this time. The last COOLEY to be released was [redacted] MSP #[redacted] who was released on [redacted] He was received on [redacted] and transferred to the Algon Reformatory on [redacted]. He said intense inquiry among inmates and custodial personnel has failed to reveal anyone, regardless of the period of their incarceration or employment, who has ever heard of a "COOLEY organization" or similar in the MSP.

[redacted] further stated there have been no brothers in the Penitentiary by the names of JAMES and LARRY RAYE. He said, however, that JAMES DUANE WRAY, #[redacted] who is still in the MSP, is the brother of LAWRENCE EUGENE RAY, MSP #[redacted] who is on parole. He has previously been contacted in connection with this case.

On May 14, 1968, JAMES DUANE WRAY, #[redacted] H Hall for his safety, was contacted. He said he did not know JAMES EARL RAY except by reputation and may have seen him. He said he is the brother of LAWRENCE EUGENE WRAY. He said he has lived in practically every hall in the MSP since he arrived in April of 1963. He said he does not know of any organization of inmates as such, and has never heard of anyone by the name of COOLEY or COOLEY's Organization or similar.

On May 14, 1968, [redacted] said prison records reflect there were three brothers in the MSP by the name of [redacted] These were [redacted] FBI #[redacted]

out on [redacted], MSP #[redacted], [redacted],
MSP #[redacted] and #[redacted] FBI [redacted] out
and [redacted] MSP #[redacted], FBI [redacted] out
[redacted]. All three have listed their address as
care of their mother, [redacted]
St. Louis, Missouri.

The record of [redacted] FBI #[redacted] indicates he used the alias of WILLIAM RAY in 1949, according to [redacted]

On May 14, 1968, [redacted], inmate, was recontacted. He was questioned further about the existence of the COOLLY gang, organization, or COOLIE, etc. He said he has been in the Penitentiary for 12 years and there is no organization as such and he never heard of the COCLEY gang, or similar.

On May 14, 1968, [redacted] MSP #[redacted] who said he did not desire that some of the information he furnished be attributed to him, said that he has been in the Penitentiary since [redacted]. He said he never heard of COOLEY or COOLEY's gang or organization or similar. He has never heard of a bounty on MARTIN LUTHER KING. He never heard of RAY using any type of uniform to effect an escape although he did. He never heard of RAY having any ammunition in his pockets on the grounds although [redacted] probably not known to RAY, did. He said [redacted] had nothing to do with furnishing amphetamines to RAY, and he would not disclose who did. He said [redacted] was fired two years before RAY escaped, and had nothing to do with it. He indicated [redacted] may have been fired for some dealings with [redacted] said that recently, since the appearance of an article about RAY in "Life Magazine", [redacted] (phonetic), told him that he had seen RAY last summer in St. Louis with "two other ex-cons". He said he did not know the details or the names of the "ex-cons". He said [redacted] probably would be willing to furnish the information he has and in this regard he did not desire his name to be used.

[redacted] said he has not developed any other information which might aid in locating RAY.

On May 14, 1968, [redacted] MSP #[redacted] born in [redacted]. He said he "fell" from St. Louis in [redacted] for [redacted] and other charges. He was paroled in [redacted] and was returned for violation by reason of [redacted] on [redacted]

He said [redacted] JAMES L. OWENS, the "fall partner" of JAMES EARL RAY. He said he knew OWENS in the Penitentiary and saw him on three or four occasions in St. Louis, Missouri, while he was out. He said he recalled that he was [redacted] when RAY tried to go over the walls and his ladder or rope or something broke about 1966. He said he was not a good friend of RAY's in the Penitentiary and knew him only to speak with him. He said he saw RAY in St. Louis sometime during the summer of 1967. He said it was probably the early part of the summer. He said RAY was with OWENS. He was just coming out of the Jefferson-Gravois Bank, located at the same address. RAY and OWENS were just entering the bank. [redacted] He said his wife was waiting in a car at the curb and he did not stop to talk and he went on out and drove off.

He said he had no way to fix the date. He said he reflected, at the time, that RAY must have escaped because he knew he had attempted to escape and had been "set back" on parole and he had too much time to have been released.

He said he saw OWENS on other occasions. [redacted]

[redacted] said that RAY had the reputation of being the type of person who served his time without comment and did not "mess" in the affairs of other people. He said he did not think that RAY would kill anyone as he is just not the type. He also said he has never heard of any organization in the Penitentiary and has never heard the name of COOLEY used in connection with any type of business or "racket" inside the walls and he did not know anyone by that name.

He said that inmates have over the years used cigarettes as medium of exchange in lieu of money and they make "parlay" bets on baseball games, horse races and other types of contests similar to bets made with money outside. He said he knew of no "lottery" as such involving cigarettes, but he said this might exist. He said there are "cliques" of prisoners who connive together for various reasons, and who become close associates, but there is no wide-spread organization and never has been to his knowledge. He said he certainly would be in position to know about it if there was and would have no hesitation in saying so if such existed.

On May 14, 1968, Major BERNARD POIRY, MSP Custodial Staff, in charge of security for the past 25 years, said he has been unable to develop information regarding the identity of [redacted] or of any organization such as the COOLEY gang or similar.

On May 14, 1968, [redacted] Guard, inside, said he has worked inmates inside of the walls on maintenance for the past 23 years. He said he knew JAMES EARL RAY on sight, but not otherwise. He said he never heard of COOLEY or any organization of that type. He could not identify [redacted]

On May 14, 1968, [redacted] mentioned above, said [redacted] could be [redacted] who is in the Penitentiary. However, [redacted] he does have the nickname of [redacted]. He said he has known other inmates called [redacted], but he could not otherwise identify them and could not recall any with a scar as described.

On May 14, 1968, [redacted] MSP #[redacted] born [redacted] said he was admitted to the MSP in [redacted] He was in until [redacted] released and returned on a [redacted] charge in [redacted] He said he knew RAY on sight, but that is all and he knew nothing of his habits, associates or escape. He said a guard told him that some "kid" had seen RAY last summer sleeping on a hill near Jefferson City with a "long beard". He also said that there is an organization in the MSP which wanted KING killed. He said it was not the "COOLEY organization", of which he had never heard, but the KKK. He said he did not hear any mention of this before Dr. MARTIN LUTHER KING was murdered and he could not identify anyone who has mentioned it since.

He said he had heard nothing concerning any bounty and knew of no lotteries.

On May 14, 1968, Mr. MC CORMICK WILSON, City Judge and Attorney, said he was appointed to represent JAMES EARL RAY in connection with an attempted escape by RAY in 1966. He said he talked to him at the Penitentiary and once in court. He said he also arranged to have him examined at State Hospital #1. He said he received no fees of any sort and was relieved on the case because he was appointed as an Assistant Attorney General. He said WILLIAM QUIGG completed the case.

On May 14, 1968, WILLIAM QUIGG, Central Missouri Trust Company, said he represented RAY by appointment of the court. He said he received no fees of any sort, and knew nothing about him, his background, associates, or whereabouts.

On May 14, 1968, Mr. W. C. SHELEY said that JAMES EARL RAY was represented in connection with a writ of habeas corpus case in January of 1963 by PHILLIP LEE BAKER.

On May 14, 1968, Mr. WADE BAKER, no kin, Secretary, Missouri Bar Association, Jefferson City, Missouri, said that PHILLIP LEE BAKER is an attorney and lives at [redacted] Independence, Missouri.

The following investigation was conducted by SA [redacted]

At Jefferson City, Missouri

On May 13, 1968, [redacted] Missouri Department of Corrections [redacted] advised that during about [redacted] and [redacted] he celled in the same hall in the Missouri State Penitentiary, where [redacted] is currently confined, with JAMES EARL RAY. He said that he spoke with RAY, but did not consider himself to be a close friend of RAY, and he could suggest no inmates who were close to RAY. [redacted] He said that RAY never mentioned to him any "bounty" on Dr. KING, and he heard no rumors about the existence of such a "bounty" discussed in the MSP. He stated that none of his conversation with RAY gave him any indication as to RAY's feelings about persons of other races, and he recalls that RAY also talked with Negro inmates while in the MSP. He advised that he knew RAY tried to escape previously, and he heard about his escape in April 1967. He assumed that RAY went out of the prison in a bread box from the prison bakery, but he never heard who helped him and has no information from anyone who knew specifically that RAY did escape in a bread box. He said RAY never attempted an escape in a prison guard's uniform to his knowledge. He stated that RAY did not tell him of any plan to escape and never discussed with him any plans of what he would do if he did get out of the prison. He said that RAY possibly was a user of amphetamine, but he has no information that he sold amphetamine. He stated that in his conversation with RAY, no mention was made of contacts or plans RAY had on the outside, and they merely discussed prison gossip and matters going on in the penitentiary. He said he never heard of "Cooley's Organization" and never heard RAY mention such an organization, which he doubts exists. He stated RAY stayed to himself and minded his own business while in the MSP. He advised that any "walk man" who would move freely about the cell block, such as RAY was for a time, briefly, would be the logical inmate to handle "numbers" for lottery on cigarettes, but he does not know that RAY acted for anyone in a "numbers lottery," and if

he did he would not necessarily be close to anyone running the lottery, but merely avail-ble. He said that [redacted] is not known to him, and he never knew an inmate named [redacted] He advised that he never heard any talk among inmates about a "Business Man's Organization" which offered money for killing certai n individuals. He said RAY never mentioned family or outside friends to him, and he has no information as to where RAY may have gone on escaping from the MSP. He stated RAY never mentioned escape routes out of the country to him and never mentioned Canada, Mexico, or Australia to him.

The following investigation was conducted by SA [redacted]

At Leavenworth, Kansas

On May 17, 1968, Inmate [redacted] USP [redacted] advised he is serving a [redacted] sentence for [redacted] from St. Louis. He said he began serving his sentence in [redacted].

[redacted] said he knew JAMES EARL RAY from about [redacted] to [redacted] when both were inmates at the Missouri State Penitentiary (MSP), Jefferson City, Missouri. He said RAY was still in the MSP when he was released. He said he knew RAY as a good friend, but did not cell with him or work in the same place with him.

[redacted] said he did not have any conversations with RAY concerning escape or what RAY would do if he did escape. He said to his knowledge, RAY did not plan or consider escape.

[redacted] said he did not know RAY to be race minded and said he was surprised that RAY would consider killing for racial reasons.

[redacted] said RAY's closest friend at the MSP was [redacted] who is presently released and residing at [redacted] St. Louis, Missouri.

RAY talked about having a brother in St. Louis and apparently this brother was connected in some way with the supplying of drugs to RAY. [redacted] was connected closely with RAY in the supplying of drugs in the MSP. Two other inmates were also connected with this business, [redacted] of St. Louis, Missouri and [redacted] of Kansas City.

[redacted] said it was hard to estimate what RAY's take per month on the drug sales was, but it would probably run an average of $200.00 per month. Some months it might be nothing and others it might run up to $1,000.00. He said this would depend on the source of supply and ability of suppliers to get drugs into the penitentiary.

He said inmates were able to obtain money for drugs by having guards bring in money to them for a percentage.

[redacted] said he preferred not to discuss details of the drug supply as he did not see how this could be connected to the whereabouts of RAY. He said he would co-operate fully in the location of RAY, but did not wish to become involved in any investigation of the non-narcotic drug trade at the MSP, as such, for obvious reasons.

He stated that should the information he furnished be of value in the location of RAY, he would appreciate it if the fact he had co-operated be made a matter of record in his file for parole consideration and for consideration of any agencies holding detainers against him.

[redacted] said he would be alert for information he could learn from inmates at the USP at Leavenworth, which would relate to the whereabouts of RAY and would contact the FBI through Penitentiary personnel, if he was successful in learning information of value.

RE: [redacted]

The following investigation was conducted by SA [redacted]

AT SPRINGFIELD, MISSOURI:

On May 17, 1968, [redacted] inmate, County Jail, advised he was just released from the Missouri State Prison, Jefferson City, Missouri, [redacted] and had been there since [redacted] serving a [redacted] sentence from Greene County for [redacted] He celled in [redacted] and worked in the [redacted] RAY celled in either J or K. He did not cell with him and was not close to him. He never talked to him at length at any time and the only time he saw him was at sick call. RAY always complained of stomach trouble. He knows nothing about his friends or what he might have talked about to others at the prison. He is aware that many of the inmates would come forth with some "manufactured" information about him in the hope of gaining a parole. Many of them would say anything if they thought it would help their own case.

The following investigation was conducted by SA [redacted] on May 17, 1968:

AT JEFFERSON CITY, MISSOURI

Mr. HAROLD SWENSON, Warden, Missouri State Penitentiary, advised that in Food Services, RAY received $2.00 per month official pay. He said in industries the pay might run as high as $12.00.

[redacted] said the ledger sheets of RAY'S account reflected all items received and disbursed by him together with the sources of each. The first column "cash credit" indicates the amount received from the state. He said there was nothing unusual about RAY'S account. He said checks can be drawn up to $20.00 for the commissary. Any amounts sent out over $20.00 require approval by the warden. The check is usually sent with a letter stating the purpose of the payment outgoing, he said.

[redacted] previously interviewed, was upset about being recontacted. He said he should have not furnished any information in the first place as he did not want to get involved. [redacted] He said there was not any doubt in his mind about having seen OWENS and RAY together in St. Louis at the bank, and it would have had to be in the summer of 1967. He said his wife was with him. She is [redacted] St. Louis, Missouri. He now recalled that they parked the car in the parking lot and both walked into the bank so she should have seen OWENS and RAY. He said they maintained a joint checking account in the bank and his wife had a savings account in the bank (Jefferson-Gravois).. He could not fix the date.

The records of the Identification Division, searched by [redacted] reflected a [redacted] served a sentence of [redacted]. No [redacted] was found with this sort of sentence.

[redacted] Board of Pardons and Paroles, stated that [redacted] was paroled on [redacted] and resides at [redacted] Kansas City, Missouri. His parole officer is [redacted] Kansas City, Missouri.

[redacted] Missouri State Penitentiary, #[redacted] said he knew RAY well. He said he was working in [redacted] in the [redacted] when RAY escaped and he knew all about it. He said another inmate was going to escape in the bread box, but he and RAY decided, since RAY had more time, that RAY would go. He said the other inmate gave RAY some money and some clothing he had acquired to make the escape, and RAY went with the cooperation of the other inmate covering him and "for him". [redacted] said under no circumstances would he divulge the identity of this other inmate since he is a good friend of his and still in the prison. He said there was no conspiracy and no mention had ever been made of Dr. MARTIN LUTHER KING and he doubts that RAY had anything to do with that murder. He said it was a case of law enforcement attempting to get a "scapegoat".

[redacted] Missouri State Penitentiary #[redacted] assigned to [redacted] said he was out of the penitentiary from [redacted] of [redacted] to [redacted] of [redacted] when he was returned for [redacted] He said he knew RAY to talk to him, but knew nothing of his escape and could furnish no information concerning his whereabouts. He said he has heard of a lot of cliques in the penitentiary that make bets, handle amphetamines, etc., but he knew of no organization called Cooley or similar and had never heard of any bounty on Dr. MARTIN LUTHER KING.

Warden HAROLD SWENSON, Missouri State Penitentiary, advised he could locate no record of [redacted], in or out of the penitentiary.

[redacted] Missouri State Highway Patrol, Jefferson City, Missouri, advised no record for [redacted] could be located.

On May 18, 1968, Assistant Warden JESS ELLIOTT, Missouri State Penitentiary, and [redacted] Identification, advised they could locate no [redacted] as ever having been in the Missouri State Penitentiary.

Mr. MILLS advised Deputy Warden JESS ELLIOTT he recalled the telephone call last fall from [redacted] a former inmate at the farm who had become friendly with the family. He said this call was in the nature of a "hello" message to see how the MILLS were. He also said he had received a letter from [redacted] which he furnished. This letter was from [redacted] Jasper, Alabama and dated July 8, 1967 and was personal in nature. Mr. MILLS did not know JAMES EARL RAY.

Photograph and background data regarding JAMES DUANE WRAY were obtained. Background data sheet regarding [redacted] #[redacted] reflects:

[redacted] Cape Girardeau, Missouri

[redacted] Waterloo, Illinois

Mr. DANTON STEELE, Captain of the Guards, Missouri State Penitentiary, said he has been employed "inside the walls" at the penitentiary for 13 years. He said he could not recall [redacted] He said he knew JAMES EARL RAY, and knew of no relationship between RAY and [redacted] He said he did not know of any COOLEY organization or similar. He said there are countless small cliques of inmates who have various "rackets" going and cigarettes have always been used as a medium of exchange, in lieu of money, which is not allowed inside the walls. He said RAY is not the type of person who would have killed MARTIN LUTHER KING, and he was not a "leader" of any type in the penitentiary. His claim to fame was his various attempts, finally successful, to escape. He said RAY was never a "walk boy" in J Hall or any other hall. He said the best he could recall was that he either was a maximum security or assigned to food services all the time he was in.

Mr. STEELE said he also has been told the name of the inmate who aided RAY in escaping by putting bread over him in the "bread box". However, he was unable to recall it. He said "it would come to him", and he would immediately advise.

[redacted] Board of Pardons and Paroles, said that [redacted] #[redacted] was arrested [redacted] at Wyandotte, Kansas and bond was set at $2,500.00. At that time he was living at [redacted] Kansas City, Kansas.

[redacted] #[redacted], serving [redacted] for [redacted] from Moberly, Missouri, said he came to the penitentiary in [redacted] and was released the same year on a [redacted] to [redacted] sentence. He was returned, on his present sentence, in [redacted] paroled [redacted]; back on parole violation in [redacted] Paroled on [redacted] and returned on [redacted] He said he has been [redacted] but is now working as [redacted]. He said [redacted] worked under him. He said RAY never did. He knew RAY on sight, but never associated with him and he never saw [redacted] with RAY and knew of no relationship between them.

[redacted] said he has known almost all the Negroes who have been in the penitentiary the past forty years and has associated closely with them. He said he could recall of two incidents involving racial conflict. One was when some Negroes were sent to F Hall to live a few years ago and some of the white inmates assaulted them in a tunnel, killing one. He said the other was when several Negroes started dropping in on the T.V. room where white prisoners were accustomed to gather and a fight started. He said RAY was not involved in either instance and he never heard of any of the Negro inmates making any comments about RAY except, since the murder of Doctor KING to remark they hoped he was caught. He also said he has never heard of any COOLEY organization or similar, and knew of no lotteries as such. He said inmates make bets using cigarettes to pay off. He said these bets usually involve athletic contests.

He stated that he never had any intimate conversations with RAY at any time and that he adopted the policy that he was going to do his "time" and not bother about anyone else's problems at the institution. He never conversed with RAY at length about anything and RAY never told him anything about himself. He stated that he has absolutely no information that would be of benefit to the FBI. He commented that he thought that much of the information furnished by inmates at the prison was manufactured and that too much reliance could not be placed upon it.

He stated he does recall two brothers by the name of LARRY and JIMMY WRAY, and an inmate by the name of (first name unknown) RHEA, serving time while he, [redacted] was in Missouri State Penitentiary.

[redacted] stated he cannot recall anything at all regarding JAMES EARL RAY and therefore could furnish no pertinent information.

The following investigation was conducted by SA [redacted]:

On May 31, 1968, [redacted] said he did not know RAY. He noted he has not been at the penitentiary since [redacted]. He said he worked for about four months in [redacted] but spent most of his time in [redacted].

[redacted] was "slightly intoxicated" and was not fully aware of what the purpose of the interview was. He is a Negro.

On May 31, 1968, [redacted] at the Missouri State Penitentiary, advised he resigned on May 28, 1964. [redacted] He resides at [redacted].

[redacted] said he recalls RAY and recalls when he "hid out." He said RAY was the type of person who did not give anyone any trouble. He said if RAY had amphetamines they came from [redacted]. He said [redacted] was a "big supplier." He said he had never heard of RAY either using or selling amphetamines, and he did not know his contacts. He said there are a few "big shot" convicts who are in various rackets inside. He said the leader is [redacted], serving [redacted] years, from St. Louis. He said [redacted] has some type of organization to give "protection" to inmates both inside and outside of the penitentiary. He said he never heard this organization referred to as "Cooley" or similar. He said he knew this because he would get rumors that such and such convict was "in trouble" for not paying bills or for some other reason. He would call [redacted] to his office and explain to him what he wanted done. [redacted] would not admit to anything, but within a short time the "heat" would be taken off the inmate about whom the conversation had taken place. He said this applied to ex-convicts putting pressure on relatives outside the penitentiary, like making phone calls to threaten them if such and such did not take place. He said he also understood this "organization" would guarantee the inmates that if they got into trouble inside the walls, an attorney would be obtained for them by this group.

He said another of the "wheels" is [redacted] who is serving [redacted] and was one of the known peddlers of amphetamines and other contraband. He said other names and

incidents might occur to him, and he would advise. He said his information is that most of the contraband in the penitentiary was coming from Kansas City and the State of California.

[redacted] said no one has contacted him about RAY and no attempt has been made by RAY to contact him. He said he might "run into" some inmate with good contacts in the St. Louis and East St. Louis, Illinois areas who might, for a price, be able to develop information concerning the most logical whereabouts of RAY. He said he personally believes RAY is dead.

[redacted] inmate, Medical Center for Federal Prisoners, Springfield, Missouri, was advised of the identity of [redacted] as a Special Agent of the FBI. He was informed that the purpose of the interview concerned information received from [redacted] to the effect that [redacted] resided in [redacted] which apartment was rented by [redacted] who is from Tennessee. [redacted] occupied this apartment, according to [redacted] from May to December, 1965. He has never heard of a man named [redacted] and he never lived with him in [redacted] which is [redacted] He stated that he and [redacted] moved into the apartment and took it over from two other men who had stayed in the apartment but left to work off shore. In June, 1965, [redacted] paid the rent to [redacted] and it was about this time that he, [redacted] left and returned to Columbia, South Carolina. In Columbia he stayed with [redacted] for about one month. He then returned to New Orleans and stayed at a motel, name unrecalled, located on Chef Menteur Highway under his true name. He stayed at this motel for about 1 to 1 1/2 months and spent his time gambling at Slidell, Louisiana, which is 20 miles from New Orleans. He commented that the woman he was living with was a [redacted] He advised that he had been to Dallas on one trip previous to this one and lived with a girl he declined to name who worked at the [redacted] in Dallas, Texas. He stated that she was a widow [redacted]. This woman was about 25 years of age and had one child, a girl, 7 years old.

[redacted] stated that he is very faint on dates and places but he believes that after he left Dallas he traveled to Las Vegas, Nevada where he stayed at the Horseshoe Club under the name of [redacted] He stated that while here he sent a telegram to his wife in Pennsylvania and she and their son came out to visit him. They bought a 1964 Buick and with his family traveled to Artesia, New Mexico. They arrived in New Mexico about July, 1965 [redacted] They lived right behind [redacted] In August, 1965, he sent his wife home because she was always trying to get him to surrender which he did not want to do. He stated that he drove them as far as Wilmington, Delaware and then called his brother to come after them.

He sold his Buick in Las Vegas and obtained a Plymouth Valiant. He sold this Plymouth to a Ford dealer in Artesia, New Mexico and obtained a new Ford truck and a 1962 Chevrolet. After he took his wife to Wilmington, Delaware he traveled to Hartford, Connecticut where he got a job with [redacted] where he was in charge of a [redacted] He obtained this job in the name of [redacted] and as such he had charge of carrying the night deposits to the bank. He worked at this place two weeks and on one evening instead of taking the night deposit to the bank he took it to the motel room, took out the money, left the checks in the bag and absconded.

He then traveled to Batavia, New York for the purpose of gambling at the race track in this town. He said this was the last part of 1965. While traveling to the races at Batavia he actually lived in Buffalo, New York at a hotel under the name of [redacted] This was some stolen identification which he had found. He stayed in this area for two weeks during which time

he bought a new Corvette and left the Chevrolet on a parking lot and called the owner of the Chevrolet in Artesia, New Mexico and told him where it was located. He then returned to New Orleans where he continued his gambling activities in Slidell and Covington, Louisiana. He sold the Corvette in Baton Rouge, Louisiana to the Love Motor Sales for $900.00. AT SAN QUENTIN, CALIFORNIA

RE: [redacted]

The following investigation was conducted by SAs [redacted] and [redacted] on May 17, 1968.

[redacted] stated he had no reason to lie to the FBI. He advised "I don't even know why I am talking to you guys. After I talked to you the last time, I got plenty of heat in the yard. Some of the men told me that I shouldn't have spoken to you. The grapevine will know that the FBI was back again today and I expect to get more heat."

[redacted] advised that prison time is getting pretty heavy and he stated that he does not know whether he will be able to make this sentence. [redacted] stated that he needs help to get a reduction of sentence or transfer to another less strict institution in the State of California, and that he desired to be cooperative hoping that his cooperation could be of value both to the FBI and to himself.

[redacted] He stated it was his opinion that any man escaping from prison would have or would try to have on his person as much cash as possible as this money would enable him to move away from the scene of the escape and to purchase items of clothing, et cetera, that would make him less conspicuous. He stated he imagined that RAY also had money in his pocket at the time he escaped from the penitentiary.

[redacted] stated that RAY impressed him as being the type of person that did not and would not trust anyone. He stated this was another factor which led him to believe that RAY would have taken whatever money he had with him at the time of his escape. He stated that in the event RAY had any money with anyone, that it would be with an individual that RAY had absolute trust in.

[redacted] stated RAY earned $1.50 per month from his bakery work. [redacted] reported it was his recollection that $15 or $20 per month could be furnished an inmate by his friends and/or family outside the prison for the prisoners' personal use in the purchase of commissary items.

[redacted] stated that any money that RAY had over and above his salary and the money received from the outside would be money that RAY would not want the prison authorities to know about. He stated that RAY would keep this money in some safe hiding place.

[redacted] reported RAY was extremely conservative in the handling of his money. [redacted]

[redacted] reported RAY from time to time would play in a prison card game but that even his card playing indicated his conservative bent in the handling of his personal funds.

[redacted] reported that the money [redacted] earned from the sale of pep pills and stimulants could be either in currency or services such as commissary chits or leather goods or other prison items.

[redacted] stated money could be sent out of the MSP by using guards who had been bribed by prisoners to act as couriers involving items leaving or entering the prison.

[redacted] stated he did not desire to identify any guard as that guard might still be available and usable by present MSP inmates.

[redacted] advised it was his recollection that an MSP guard earned about $260 per month at the time he was confined. He stated it was not difficult to bribe a guard as they were usually in need of money due to the low pay scale.

[redacted] reported that [redacted] engaged in the sale of

"Bennies" and antephamine hydrochloride.

He advised that [redacted] paid a prison guard $100 to bring in a 1,000 pill bottle of "Bennies". He stated each pill was then sold for $1 which resulted in a profit of $900 per bottle.

He advised that the antephamine hydrochloride was also brought into the prison by a guard who had been bribed. He advised that the usual package of antephamine hydrochloride weighed 2 ounces, and that the guard was paid $100 for bringing it in.

He advised that when the antephamine was received in the prison, it was immediately cut with 1 ounce of powdered sugar thus making the shipment total 3 ounces. He advised that it was sold by the spoonful and that 16 level spoonsful were obtained from each ounce. He advised, therefore, a total of 48 spoonsful were available for sale at $100 per spoon, making a $4800 gross income possible.

He advised that [redacted] usually got one jar of "Bennies" and one package of antephamine a month. He stated, therefore, [redacted] total income would run approximately $5800 per month less $200 for the cost of bribing the guard to bring it in plus whatever the pills and antephamine cost on the outside.

He advised that frequently inmates who had been paroled or discharged would send the stuff back through guards whom they knew to be reliable couriers.

[redacted] stated he has no knowledge of RAY's whereabouts. He stated he has no knowledge of how RAY obtained his money except to believe that he undoubtedly received some of it from his participation in the group that was selling stimulants. He advised that he has no definite knowledge as to how RAY got his money out of MSP except he feels certain that RAY carried some of it if not all of it out at the time of his escape. He said if RAY did not take it all with him, he was very sure that he would get it from the person he had left it with.

[redacted] stated RAY always had money. RAY was conservative in the use of his money and "We wondered what he did with his money". [redacted] stated RAY spent very little money while he was in prison.

[redacted] reported that RAY would not place any "prison earnings" in his account and claimed he did not know how RAY handled his prison earnings. He reported that how RAY handled hismoney was RAY's personal matter and no one would inquire as to how the other person handled his money.

[redacted] stated it was speculation on his part, but he believed that RAY could have had as much as $5,000 available to him at the time he escaped. He reported this money could be on RAY's person,or part of it on his person and the rest with some safe individual. [redacted] reported this was guess work on his part, but he feels certain that RAY would not have gone out of MSP without having some money available to him.

[redacted] stated a [redacted] or [redacted] (phonetic) was discharged by the MSP about 1965 and that this man had been used by [redacted] and his associates to bring in and take out items of value.

[redacted] stated RAY was a close friend of a [redacted] or [redacted] (phonetic), a parolee in 1964 or 1965 from MSP, who originally came from the Chicago, Illinois area. He advised that after [redacted] had been paroled, that he sent "some stuff" back in to us.

He advised it was his recollection that [redacted] was [redacted] phonetic) fall partner.

[redacted] stated that he had no reason to lie. He said that frankly his main interest was in trying to help himself. He advised that the information he had furnished was the truth. He stated that he has not seen RAY since he was discharged from the MSP. He advised he has absolutely no knowledge of RAY's present whereabouts, his connections on the outside, and no knowledge of his financial position.

The following investigation was conducted by SA [redacted]

AT INDEPENDENCE, MISSOURI

On May 21, 1968, Attorney PHILLIP LEE BAKER, [redacted] Independence, Missouri, advised that in January, 1963, he was appointed by Judge GIBSON, U. S. District Court, to represent JAMES EARL RAY at the Missouri State Penitentiary in his application for Writ of Habeas Corpus. He stated that previous to this, RAY had filed application for appointment of counsel as an indigent pauper. This Writ of Habeas Corpus was to bring the warden into court to show why he was being detained. The hearing was unsuccessful.

BAKER advised that prior to the hearing and sometime during 1963, he talked to RAY at the Penitentiary and he believes this is the only time he spoke with him at the Penitentiary and the only other time he saw him was at the hearing which was held in Jefferson City, Missouri. After the hearing, RAY indicated to him he was going to appeal. BAKER stated he did not wish to represent RAY any further and his records show that on September 23, 1963, he wrote RAY at the Penitentiary to confirm his understanding to appeal and advising him that he should handle it himself.

BAKER stated he remembers nothing unusual in his conversations with RAY. They mainly talked of the hearing. He has not been in contact with RAY since September, 1963, and could furnish no information as to his whereabouts. He did advise that in about August, 1963, RAY sent him a $50.00 fee for representing him in this matter. Also, he received a letter dated July 24, 1963, from another inmate, Missouri State Penitentiary, [redacted] Registry # [redacted] This inmate advised that BAKER had been recommended to him by RAY and he requested BAKER to handle his case in the same manner he handled RAY!s case.

BAKER said he sent [redacted] a letter in August, 1963, advising him he would be unable to handle his case. BAKER also produced a letter dated July 10, 1963, that he received from JERRY RAY, 1713 Lafayette, St. Louis, Missouri. This letter states as follows:

> "I visited my brother James Ray this past Sunday and he said you represent him. Also, he said he was going to mail you $49.75 plus later on send you some money and you are supposed to send it to me.
>
> "He will let you know when he sends it. He will also let me know.
>
> "/s/ Jerry Ray"

BAKER advised that this was the extent of his contact with RAY and can furnish no further information regarding him. However, if such information comes to his attention, he will immediately contact the FBI.

After interview with attorney PHILLIP LEE BAKER at Independence, Missouri, SA [redacted] returned to the office and checked subject's file to determine if there was a recording of subject's sending $50 to attorney PHILLIP LEE BAKER. Prison records failed to substantiate this. In fact, they show that on June 19, 1963, PHILLIP LEE BAKER, 516 Guitar Building, Columbia, Missouri, sent a money order of $50 to JAMES EARL RAY. Because of this, SA [redacted] recontacted attorney PHILLIP LEE BAKER the same date.

BAKER advised that his file reveals that he received a letter from JAMES EARL RAY dated May 19, 1963, from the Missouri State Penitentiary stating he was going to sign over $50 to BAKER and the money would be sent to him when money orders can be sent out. He advised that he got a letter dated June 11, 1963, postmarked June 11, 1963, from JAMES EARL RAY indicating that a relative was sending him $100. He stated he received another letter dated June 7, 1963, postmarked June 12, 1963, from the Missouri State Penitentiary enclosing a check or money order (BAKER could not tell from this letter) for legal fees. This letter was unsigned, however, the return address listed [redacted] Missouri State Penitentiary #[redacted] BAKER advised that his records revealed that on June 17, 1963, he sent RAY a check for $50 which was the excess over his legal fees.

BAKER stated he could not remember any further details of these transactions, however, he would continue to review his files and check records and see if he could furnish any information which would be more helpful in this matter. BAKER supposed that maybe he was supposed to send the $50 to JERRY RAY instead of back to the subject in view of the letter he received from JERRY RAY on July 10, 1963, however, he could not elaborate on this.

Mr. DONALD BUNKER, Director, Classification and Assignments, Missouri State Penitentiary, who maintains personnel files on inmates of the Missouri State Penitentiary, advised that a visitor's card is issued to a person desiring to visit inmates by the Warden. This contains the signature of the visitor. When this person makes a visit, the card of the inmate is "pulled" by the matron in the visiting room, who checks the card upon presentation. The person visiting signs the register of visitors. This is a sheet of paper in columns. This is checked on the inmate's file, according to date, and when such entries are made on the inmate's card for all visitors each day, the sheet signed by the visitor is destroyed.

Mr. BUNKER said, therefore, the only signature of a visitor is that contained on the inmate's official visitor's card. He said, if it did not agree, in the opinion of the checking matron, no visit would be allowed, and trouble might result both to the inmate and the visitor.

Mr. HUGH DALLAS, Business Manager, Missouri State Penitentiary, advised his office handles the purchase of radios for the inmates' canteen. He said no serial numbers are maintained by his office, but on occasion, are furnished by the supplier. He examined his books and said the penitentiary purchased 48 Model 6502 Channel Master radios on September 7, 1968, from Central Missouri Distributing Company, Jefferson City, Missouri, for $350.40, and the serial numbers are reflected thereon. He said ten of this same model and make were purchased from Gordon Sound System on August 16, 1966, for $73.00, and no serial numbers are given. The last purchase of this radio was on October 29, 1968, from Gordon Sound System, Jefferson City, Missouri, of 24 radios with a sale price of $175.20, and no serial numbers are indicated. He said there was no means, through his records, of establishing the serial numbers.

Mr. DALLAS said the inmates have never been furnished with Pepsodent tooth brushes, but could purchase same at the canteen. He said they are not allowed to have such items as "Right Guard."

Mr. JAMES SCHULTE, Manager, Inmate's Canteen, Missouri State Pneitentiary, advised when a radio is purchased by an inmate, his number is etched on the radio and a slip is given the Treasurer's office to code in the purchase on his account, so that he will not buy any more radios. He said he was not employed at the canteen in April of 1967. He said C. R. LUCKE has been there since July of 1966, and TOM ROBERTS has been employed for about eight years. He said PAT RACKERS was in charge in April of 1967. He said that normally one of the civilians does the etching; however, on occasion the inmates have done this. He said the inmates who were employed were GUS LYONS and AL PHASON.

He said the canteen has had only one etching device since the sale of radios was permitted about 1966. He said this is a VIBRO-GRAVER, Burgess Vibro-Crafters, Grayslake, Illinois, Model V-73. He said it has no serial number.

He said no serial numbers are maintained on radios sold by the canteen. He said the canteen still has ten or eleven Channel Master Model 6502s. He said this is the only radio which has ever been sold to inmates for $9.75 each. He said no new orders for this radio have been made since about 1966 or the first of 1967.

Mr. CLARENCE R. LUCKE, Storekeeper, Inmate Canteen, Missouri State Penitentiary, furnished the following information:

He was working in this canteen in April 1967. He often engraved inmates' register numbers on transistor radios purchased in the canteen by the inmates. He used a Model V-73 "Vibro-Graver" of the Burgess Vibrocrafters, Inc., to do the engraving.

Mr. LUCKE furnished for the use of the Federal Bureau of Investigation the "Vibro-Graver" used in the inmate canteen. He initialed the "Vibro-Graver" as the one which has been in use here since he came to the inmate canteen in July 1966. He is positive that the bit on the engraver now is the same bit which was on the engraver when he came here in 1966.

Mr. LUCKE used another engraver furnished him to engrave the number "00416" on the back of a "Channel Master" transistor radio case in an area marked #1, and marked with the initials "CRL."

The only persons he knows of who might have placed an inmate's number on a transistor radio purchased in the canteen in about April 1967, would have been himself, Mr. PAT RACKERS, since resigned, Mr. TOM ROBERTS, civilian employee presently confined in Memorial Community Hospital in Jefferson City, and two inmates who worked then in the canteen, AL PHASON and GUS LYONS.

Mr. PATRICK D. RACKERS, [redacted] who is employed as [redacted] Cumberland, Maryland, furnished the following information:

He was in charge of the Inmate Canteen at the Missouri State Penitentiary in April 1967. When inmates purchased radios at the canteen, the inmate's register number was engraved on the radio, usually by the civilian personnel employed at the canteen, with an electric engraving device known as a "Vibro-Graver." The employee who usually handled the engraving operation was Mr. CLARENCE R. LUCKE; however, it is possible that inmates employed in the canteen at that time, AL PHASON and GUS LYONS, or himself, or another civilian employee, TOM ROBERTS, would have done engraving on radios purchased by inmates. He knows of no other persons who would have done any engraving.

Mr. RACKERS used the "Vibro-Graver" obtained from the Missouri State Penitentiary Inmate Canteen on May 29, 1968, to engrave the number "00416" on the top of a "Channel Master" transistor radio case in an area designated #5 with the initials "P.R."

The total facilities of the FBI have been fully committed to this case since the outset and all phases of the investigation continue to receive top priority attention. The following are selected highlights to illustrate the intensive nature and extensive scope of investigative activity in this regard.

A peak of 3,075 field Agents have been assigned to this case and the estimated cost of the investigation at the end of April was $781,407. During the month of April, Agents assigned to this case performed 5,380 hours of unpaid overtime, while Bureau automobiles were driven an estimated 332,849 miles in connection with this case. It is estimated that more than 30,000 interviews have been conducted.

More than 70 latent fingerprints and palm prints were developed on various items of evidence. These have been compared with the prints of approximately 500 individuals and the identification of James Earl Ray as Eric Galt resulted from a project of checking selected latent fingerprints against the fingerprints of approximately 53,000 fugitives.

The FBI Laboratory has also conducted extensive examinations covering more than 360 questioned specimens of evidence and more than 625 known specimens. Laboratory identifications of material typed and written by Ray have been of substantial assistance in the investigation.

REC-33 44-1- 4445

JUL 1 1968

Canadian and Mexican authorities have conducted extensive investigation on a national basis at our request. Among other projects undertaken by them was an examination of Canadian passports issued since 4-23-67. The initial examination is being limited to 177,000

passports issued since 4-1-68, and has resulted in the location of a passport issued 4-24-68, in the name of Ramon George Sneyd, whom the Canadians believe to be probably identical with Ray. This is being vigorously pursued.

A special squad of Agents in Washington Field Office is examining the records of over 2,000,000 passports issued by the State Department since 3-1-67. This is not being restricted to a name check but is being conducted on the basis of photographs and handwriting.

Ray is not known to have ever had a bank account but is known to have maintained a safe deposit box. All safe deposit boxes are being checked in selected cities where he might logically maintain such a box. In a similar project to identify any possible payoff to Ray, various selected field divisions are checking all withdrawals from banks in the amount of $10,000 or more during April, 1968.

When Ray purchased his Mustang in Birmingham in August, 1967, he made a point of not driving it until he had obtained a driver's license in the name of Eric S. Galt. Driver's license records in all states and the District of Columbia are being checked for all new driver's licenses issued since 4-1-68. To illustrate the scope of this project, over 675,000 licenses have been issued since 4-1-68, in California, over 600,000 have been issued in Texas, and in Virginia those issued since 4-1-68, are not segregated from those issued for the entire year, making it necessary to examine 2,000,000 licenses.

In connection with other projects, approximately 2,000 long-distance telephone calls have been checked, unsolved bank robberies have been reviewed, and Salvation Army Missions and other similar organizations, as well as more than 14,000 laundries and dry cleaning establishments have been circularized. Extensive reviews have also been made of airline travel records, all travel facilities have been circularized, and extensive investigation has been conducted regarding automobiles sold and stolen at selected places and times related to Ray's movements.

As a result of the unprecedented publicity that has been given to Ray's fugitive status, suspects are being continuously reported

throughout the field. All suspects are immediately processed and up to the present time more than 800 suspects have been under investigation.

In addition to widespread investigation throughout the United States, Canada, and Mexico, specific inquiries have been made in various other foreign countries, including England, Germany, Rhodesia, the Netherlands Antilles, Guatemala, Venezuela, New Zealand, Australia, Japan, Jamaica, Honduras, Italy and Bermuda.

As a result of the massive investigation conducted in this case, James Earl Ray has been identified as the subject and substantial evidence has been developed for prosecutive use as soon as he is apprehended.

I called the Attorney General (AG) at approximately 5:50 p. m., June 8, 1968, and advised him that in connection with the conversation in his office with me, the Director had instructed me to send two men to London instead of one for the purpose of escorting the subject back to the United States. The AG was told that this would make a total of four FBI representatives escorting the subject back to this country.

The AG was additionally told that the Director had instructed that the two men in question proceed to London as expeditiously as possible so that they would be on the scene in the event extradition or deportation proceedings occurred faster than anticipated. He was told that towards this end, I had called Joe Califano at the White House, who usually handled military transportation in expedite matters of this nature, to tell him that if he knew of a military plane proceeding to London, it would be appreciated if the FBI representatives could hitch a ride on this plane.

EX-115 REC 6 44-38861-1141

The AG snappishly inquired as to the reasons why this had not been cleared with him personally. I told him I had specifically mentioned in his office the fact that three men would be suitable for escorting subject Ray back to the United States and that he had disagreed stating that he felt additional men should be assigned to this project. He stated he did not recall this exchange of conversation. I told him I recalled it very well. He stated there was no need to get into a "spitting contest" over this particular issue and that he wanted me to definitely realize that he did not recall such matters being discussed. I told him I would not back down on the matter and that the discussion had taken place. He then turned to another topic.

The AG stated that he wanted me to know that he was unhappy about the manner in which this case had been handled. I immediately asked him for specifics. He stated that obviously the FBI had possessed a great deal of information and had not cut him in on it. He stated that as an example,

the Deputy Attorney General (DAG) of the United States had called me personally and that I had refused to give him "inside facts." I replied that when the DAG first called me this morning, I had indicated that I had no facts to give him but that a short time later I had called the DAG and had read to him the press release prior to the time the release was given to the wire services. I pointed out to the AG that his Deputy had fully approved the press release and had indicated that it was completely within guidelines of appropriate legal proceedings. The AG replied that he had been told differently. He stated that he had been advised that I had not given any information whatsoever to the DAG. I stated that as indicated in my conversation with him, the facts previously mentioned were true. The AG replied by stating this was one of the biggest cases the Department of Justice will ever have. He then asked me point blank, "Who the hell do you think you're working for?" He quickly added "I'll tell you who you're working for, you're working for the Department of Justice." He next added that he wanted to insist that in the future that any information whatsoever received in this case, any investigative step whatsoever, and any communications be brought to his personal attention without delay. He stated that obviously he had been kept in the dark thusfar and that he did not intend to put up with this in the future.

I told the AG if he insisted upon making such falsifications that there was no need to continue the conversation. I then hung up the phone on him.

The AG's secretary called me back approximately three minutes later and stated that he wanted to speak to me again. He then came on the phone and told me that our conversation had not been over and that he demanded to know why I had hung up the phone on him. I told him that apparently there was no need to continue the conversation and that I did not wish to discuss it further. He stated that he must insist, as Attorney General, that any arrangements made concerning this case be cleared with him. He stated that in connection with the military flight for our Agents that I should have realized Assistant Attorney General (AAG) Vinson wanted to go on the same flight and would have wanted to make arrangements on a personal basis with the White House or the military personnel. I told the AG that if he wanted Vinson to go on a military flight, this was entirely his prerogative to make his own arrangements. The AG then told me he would discuss this case at greater length later on.

MEMORANDUM TO MR. TOLSON
RE: MURKIN

Within five minutes the AG's secretary called again and asked that I come around to his office right away. I took Mr. Rosen with me as a witness. The AG had with him DAG Christopher and AAG Pollak. The conversation was initiated by the AG and he immediately referred to his previous conversation relating to the Agents who were going to London and the discussion which had taken place in his office earlier during the day when I advised him that three Agents would be available in London for the purpose of handling the subject insofar as his return to the United States was concerned. He reviewed what he had said earlier and I repeated exactly the position I had previously taken. There was a stand-off and when he recognized that I had not changed my position, he turned to Rosen for verification at which time Rosen repeated that it was his understanding that three Agents would be available in London and that this matter had been thoroughly discussed at FBI Headquarters earlier.

I made no further reference to this conversation and he then turned to what he said were the three most important considerations in this matter: (1) Security; (2) insuring that all proper legal procedures acceptable to the United States and Great Britain would be followed; (3) that proper interviews would take place.

In this connection, there was a discussion concerning security and he referred to the availability of Legal Attache [redacted]. He insisted that MINNICH [redacted] meet Vinson at the plane Sunday morning, June 9, 1968. I told him that [redacted] would not be available to meet Vinson inasmuch as [redacted] or MINNICH one of our people would probably spend all night at the jail. He asked me if this was a true statement. I told him it was a true statement or I would not have made it.

He then referred to the legal proceedings that would take place. He said that Vinson would be in complete charge of this matter, that he would make the arrangements and insure that proper procedures be followed. He said that [redacted] would report to Vinson concerning any developments and that the question of deportation was viewed favorably by him. He said if deportation was pursued, it could be criticized from a legal standpoint insofar as he was concerned. He said transporting the subject by any plane, military or owned by the United States Government, is not a free deportation from any country. He said that his attorneys would be reviewing this matter and would be in a position to make appropriate recommendations to him. He said that the legal procedures which would be followed were obviously paramount and would have to receive first consideration over any expedient investigative procedures. I told the AG at this point that we wanted him to know that the FBI had not injected

CONTINUED - OVER

itself into any such so-called legal procedures and that our actions up to this date had been strictly of an investigative nature. I also advised him that I had informed him of the attitude of the British Government with reference to their attitude toward deportation and that this had not been an opinion of FBI representatives in London. I stated that when I mentioned that there was a 60/40 chance that he would be deported, that this was the attitude of the British authorities rather than our representatives.

The AG was advised that we had set in motion the obtaining of the copy of the indictment which had been requested which indictment was returned by the Tennessee authorities naming this subject as the person responsible for the killing of King, that this would be made available immediately upon its receipt and that a properly certified copy was being obtained.

DAG Christopher asked me if the subject was being detained on a "holding action" or as a result of a violation of British law. He was told that the subject was being detained on the basis of entering the country with illegal documents and because he had a loaded gun on his person.

The AG then turned to AAG Pollak. He stated he wanted him to divorce himself from other work for the next several days and that he should supervise this case completely. The AG then turned to me and stated that he wanted Pollak to be kept advised of any communication, airtel, or cablegram that might come in in connection with this case. I told the AG that any facts which were pertinent would be furnished to the Department. The AG then indicated that the meeting was over.

I called Legal Attache MINNICH upon my return to the office and informed him that he should proceed as planned; however, under no circumstances should he give the impression to Vinson or the Embassy that the FBI was injecting itself into extradition or deportation proceedings. MINNICH properly replied that he had not thusfar injected himself and that as a matter of fact, following my call to him concerning Vinson coming over there, he had immediately informed Embassy officials that all proceedings pertaining to extradition or deportation would be strictly handled between Vinson, the American Embassy and the British Government. I told MINNICH that he should be diplomatic but firm with Vinson and that under no circumstances should Vinson be allowed to push our personnel around. I also informed him that the AG had been told that he, would be unable to meet Vinson inasmuch as he would be spending almost full time at Scotland Yard and at the jail.

Return Of Ray Is Expected To Be Shrouded In Secrecy

By CHARLES THORNTON

Return of James Earl Ray from London to Memphis to stand trial for the murder of Dr. Martin Luther King Jr. will probably be so secret he will be safely incarcerated before any announcement is made, it was learned yesterday.

Atty. Gen. Phil M. Canale said Ray will be returned to Shelby County to stand trial for first-degree murder with all "deliberate speed."

However, it is doubtful the public will know Ray, who was captured yesterday in London, is even in the United States until he is safely in jail, top law enforcement officials confirmed.

Mr. Canale and United States Atty. Thomas L. Robinson held day-long meetings yesterday to work out details of Ray's extradition from England.

"We anticipate no trouble getting him back. We have been working primarily on procedure details," said Mr. Canale. "We have been in contact with the State and Justice Departments and Gov. Buford Ellington's office on the matter."

Mr. Canale will head the team of prosecutors in criminal court when Ray is tried. He said Governor Ellington will be asked to formally request the State Department to initiate extradition proceedings under the United States-British Extradition Treaty of 1935.

First-degree murder in Tennessee is punishable by death in the electric chair, but there have been no executions in Tennessee since 1960 and no one from Shelby County has been executed since 1948.

Former Gov. Frank Clement asked for repeal of the capital punishment law. The General Assembly refused. Governor Clement then granted executive clemency to the five men on death row.

A recent United States Supreme Court ruling may make it difficult for the death penalty to be assessed against Ray if he is found guilty.

The court has ruled that jurors cannot be excused because they object to the death penalty. However, Robert K. Dwiver, executive assistant at-

torney general, reportedly said earlier that he has never sought exclusion of a juror exclusively on grounds that he objected to the death penalty.

He said jurors are excused only when they admit they cannot return a verdict based on evidence and law because of their beliefs.

Ray was indicted May 7 by the Shelby County Grand Jury for Dr. King's murder. Official admission of the indictment wasn't released until yesterday. It is a violation of state law to release an indictment until the person is in custody.

Mr. Canale said Ray had been indicted under his own name and aliases of Eric Starvo Galt, John Willard and Harvey Lowmeyer.

"We have no other suspects in Dr. King's killing other than James Earl Ray at this time," he said.

"The extradition will be started just as soon as the procedural matters are worked out. A lot depends on what we

have to present in our petition to the United Kingdom," said Mr. Canale.

He declined to discuss specific procedures but said his office is moving "with all deliberate speed."

Mr. Canale would not speculate on when Ray will be returned to the United States or when his trial would be held. But under normal circumstances it takes four to five months to bring a person to trial for murder.

Once in Memphis, Ray's whereabouts will be kept secret to prevent attempts on his life. Law enforcement officials seemed acutely aware that Lee Harvey Oswald, accused killer of President John F. Kennedy, was killed because of a lack of security precautions.

Judges who might hear the cases were reluctant even to talk to reporters.

Mr. Canale said Ray would be tried in an ordinary courtroom open to the public.

However, because of the international interest in the trial, it is doubtful many of the public will be able to witness the trial. Earlier it was learned that 50 seats will be reserved for the press. The normal seating capacity of a courtroom is about 100.

Asked if the trial might be held in a larger room, such as in The Auditorium because of the interest in it, Mr. Canale said: "Definitely not!"

Sheriff William N. Morris, who will be ultimately responsible for Ray's security, could not be reached for comment yesterday, but Chief Roy Nixon said the sheriff's office and the attorney general's office have been working for a month and a half on security measures in case Ray were caught.

Scotland Yard charged Ray with possessing a fraudulent Canadian passport and carrying a deadly weapon without a permit.

He was en route to Brussels, Belgium, from Lisbon. In recent weeks he had used two new names — Ramon George Sneyd and Donald Bridgman.

It took the Federal Bureau of Investigation, the Royal Canadian Mounted Police, Scotland Yard and Portuguese authorities to pin down the elusive 40-year-old Illinois man with a hatful of names and an ample supply of tricks.

The case was cracked by a painstaking examination of more than 900,000 passports in Washington, Ottawa and Toronto, Canada. A spokesman for the RCMP told The Commercial Appeal last night that, after going through more than 200,000 passports issued since April 6, "We came up with what appeared to be a likeness of Ray and found it was forged."

"We had the name Sneyd then and it was quickly relayed around the world. We found he had left Toronto May 6 for Lisbon. It was just a matter of cooperation before we closed the gap."

Toronto police said Ray is first known to have arrived there April 8, four days after the murder of Dr. King outside the Lorrraine Motel here and apparently driving to Atlanta, where he abandoned his white Mustang. It is believed he went directly to Toronto from Atlanta. In Toronto he rented a room in a boarding house at 964 West Dundas Street, a rundown building in the Italian-Portuguese section of the city.

The FBI announced yesterday that Ray was known to have spent some time in Montreal, Canada, in the summer of 1967, shortly after his escape from the Missouri State Penitentary. This was before he purchased the white Mustang in Birmingham, the same type of car that was seen outside the flophouse where he rented a room in Memphis April 4.

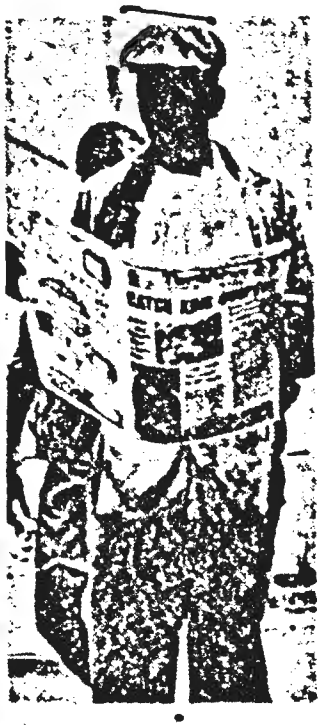
Under British law, even if cleared of the charges made by British authorities, Ray could be placed under provisional arrest at the request of the United States.

If Ray does not ask for a hearing under the terms of the extradition treaty, he might be returned to Memphis within a few days. But if he asked for a hearing, the procedure might take three to six weeks, according to American Embassy officials.

Memphis Fire and Police Director Frank Holloman yesterday sent this telegram to J. Edgar Hoover:

"Congratulations and deep appreciation for the outstanding performance of the FBI in the apprehension of James Earl Ray. I have had no doubt at any time as to the outcome of the investigtion. You have again demonstrated forcefully that law and order will prevail and justice will be done. The Memphis Police Department is grateful to you."



Mr. Holloman said he is "hopeful James Earl Ray will be brought to Memphis at the earliest possible date to stand trial for murder. He will receive a fair and impartial trial."

Mr. Holloman added: "I think this is just another indication of the closing of ranks of law enforcement around the world against spiraling crime. I'm very encouraged."

The arrest of Ray quelled widespread theories that the man was paid to kill Dr. King, then killed himself. But in St. Louis, Ray's brother, John Larry Ray, said, "If my brother did kill King, he did it for a lot of money. He didn't do anything if it wasn't for money."

He said he was "surprised" his brother was caught and added he hopes Ray "lives to stand trial."

According to Toronto authorities, Ray purchased the sec-

ond passport under the name Donald Bridgman. The real Donald Bridgman is an official on the city's school board.

The owner of the Arcade Photo Studio in downtown Toronto said last night that "mounties took the negatives of the pictures I took for the man's passport. They came with a warrant last Wednesday. When I asked them why they wanted them, they said, 'Watch your newspapers and you'll find out.'"

In New York yesterday, Mrs. King was attending the funeral of Senator Robert Kennedy when told Ray had been captured. She made no comment.

Ray had served 7 years of a 20-year sentence in the Missouri State Penitentiary when he escaped in April, 1967.

The Shelby County Grand Jury returned a first-degree murder indictment on May 7, charging Ray. Necessary extradition proceedings are expected to be put in motion shortly. Ray will appear in Bow Street Magistrate's Court tomorrow to answer the fraudulent passport and deadly weapon charges.

Dr. King was shot as he stood on the balcony of the Lorraine Motel talking to friends in the parking lot below. The bullet was fired from a bathroom window in the flophouse across the street by a white man using the name John Willard and later identified as Ray.

The FBI said that Ray came to Birmingham in late summer, 1967, and set about establishing the Galt identity. The day after he checked into a Birmingham boarding house — on Aug. 26 — William D. Paisley, the sales manager of a lumber company there, ran an advertisement in the Birmingham News offering to sell a white 1966 Mustang.

Galt bought the car for \$1,995. He paid for it in cash he had drawn from his safety deposit box in a local bank. He got an Alabama's driver's license under the name Galt on Sept. 30.

He checked out of his boarding house room in Birmingham on Oct. 7, 1967, and disappeared. The FBI said he had driven the Mustang more than 19,000 miles from Aug. 30 until April 5, 1968, when it was abandoned in a housing project in Atlanta.

Agents said Galt made sev-

eral trips to the West Coast and, while there, took dancing lessons in Long Beach, Calif., and a course in bartending in Hollywood.

While living in California, Galt was known to have taken a trip to New Orleans in December, 1967. Charles Stein, a Los Angeles songwriter, said he made the trip to New Orleans with Galt and, several times Galt attempted to telephone a New Orleans man. Stein said Galt claimed the man was an important industrialist.

Galt was graduated from the bartending school on March 2, 1968.

The man who shot Dr. King dropped a 30.06 Remington rifle on the street in front of the place from which it was fired. A man fitting the description of Ray was seen dropping the rifle and the suitcase just minutes after the fatal shot was fired at 6:01 p.m. April 4.

The FBI traced the rifle serial number back to a sporting goods store in Birmingham. It was purchased March 30, 1966. The purchaser, the FBI said, was James Earl Ray, using the name Galt or the name Harvey Lowmyer. He told a clerk at the store he and his brother planned to go "hunting."

The FBI charged Ray on April 17 with conspiring to deprive Dr. King of his civil rights by shooting him.

When he checked into the Memphis rooming house on April 4, a man who said he was John Willard, asked for a room near the back, which gave him a clear view of the Lorraine Motel. Another roomer, who heard the shot, came into the hall in time to see Willard emerging from the bathroom.

A few minutes later, several witnesses on the street said the man who dropped the rifle and suitcase drove off in a white Mustang.

The next morning, the Mustang which Eric Starvo Galt had bought in Birmingham, was parked a few blocks from the state capitol in Atlanta. The car was traced later through its serial numbers.

Atty. Gen. Ramsey Clark announced April 19 that FBI agents had identified Galt as Ray from a fingerprint found on the rifle discarded outside the flophouse.

Ray arrived in London May 6 and flew to Lisbon May 7 on a British-European Airways flight.

He obtained the other passport in Lisbon on May 16, saying that he had spoiled his original passport. He was apparently in Lisbon from May 7 until yesterday morning. The arrest was made at 11:15 a.m. London time (6:15 a.m. Memphis time.)

There was no indication that Ray traveled with anyone and, so far, nothing is known of his activities in Portugal.

And one of the biggest questions still unanswered is how this man has financed his extensive travels? The only speculations being made are that he might have been getting money through various robberies or was a paid assassin.

A $100,000 reward, which was underwritten by the Memphis City Council, had been offered for information leading to the arrest and conviction of King's assassin. The Commercial Appeal began the reward fund with $25,000.

I have said this before to other people. He never spoke to anybody. Leave now. I am locking doors and going away for a while."

Ray is in jail today in London. He is wanted in the United States, charged with the April 4 murder of Dr. King. The people here speak his name in a hush. For a month, he was one of the two million faces in Toronto, and Toronto, it seems, would rather forget it.

But his name wasn't Ray then. It was Paul Bridgman who got off the trolley at Queen and Ossington and walked the half block to Mrs. Szpakowski's place. The sign was in the window that day, too, April 8. He asked how much. She said $10 and took him up to see the room. His eyes fell on the "Home Sweet Home" embroidery and he fished Canadian cash out of his pocket.

For two weeks he rose early, tugged on his clothes and nodded at Mrs. Szpakowski as he left through the front door. She said he usually waited for the trolley down at the corner — the trolley that took him downtown where he again became a face in the crowd.

About April 22, Mrs. Szpakowski took a letter to his room. The return address was 70 Lombard St., the provincial registrar's office, where birth certificates are issued. He left the next day.

Toronto police said the birth certificate bore the name of Ramon George Sneyd. The real Ramon George Sneyd is a traffic officer in the Toronto Police Department. Police Sunday theorized Ray got the name by searching through old newspaper files and picking a birth date close to his own. Then, they think, he applied for a lost birth certificate under that name.

monds said he thought it "ironic" that Ray should choose the name of a police officer. However, the chief said "Ray was able to get enough information on the real Sneyd to apply for a passport in his name and eventually assume the identity of Sneyd. Our duties now are to find out how he got that information." The real Sneyd, contacted at his home Sunday night, referred all questions to his superiors.

On April 11, Ray, still calling himself Paul Bridgman, went to Mable Agnew's photographic studio and had pictures taken for a passport. Mrs. Margaret Eaking took the pictures, and remembered he looked like "a business executive type. Like he was in Toronto on matters of business."

And all this time, a man who, since birth, had been called Paul Bridgman, was going to work five days a week at the Toronto Board of Education as a consultant teacher. James Earl Ray had borrowed the name. The real Mr. Bridgman also referred all questions to the police, who said little.

With the passport pictures in his hand, Ray went to the Kennedy Travel Bureau on Bloor Street West and booked passage on a 21-day excursion trip to London. He used the name Sneyd.

The agency asked him whom it might contact in case of illness or accident. Paul Bridgman, he wrote down, at 102 Ossington West.

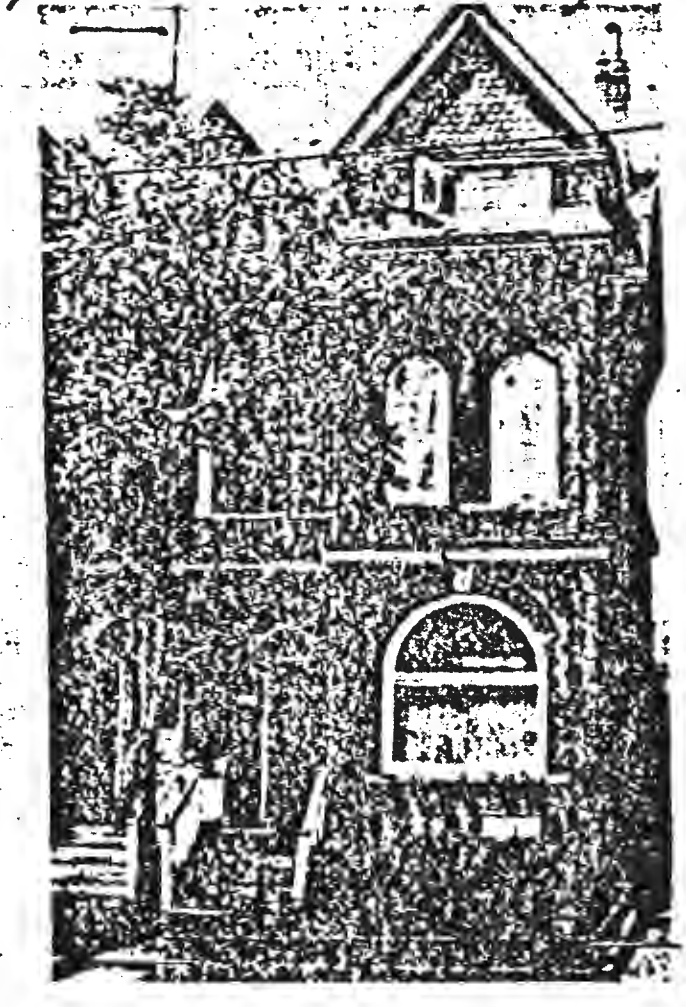
Mrs. Lilliane Spencer at the travel bureau remembers seeing the man. "He was the type who faded into the wallpaper," she said.

Ray applied for a passport April 24, and received it at his new address on Dundas. It was mailed to Sneyd.

The RCMP impounded the passport negatives Wednesday morning from Mrs. Agnew's photo studio.

Ray stayed at Mrs. Loo's house until he left for London May 6. Mrs. Loo said he did not say where he was going. His rent was paid and he left "in the early morning."

"He do not speak Chinese. I do not speak English good. We did not talk much for the time he stayed. He was quiet."



Mrs. Loo said her boarder was gone almost all the daylight hours every day. At night, he went to his room and did not emerge until morning.

James Earl Ray's business in Toronto was partially successful. He wished to remain inconspicuous. He did.

His neighbors on Ossington and Dundas do not remember him. His fellow boarders seldom, if ever, saw him. Only Malcolm Speight, a grizzled, 60-year-old laborer who sometimes stays at Mrs. Loo's, clearly recalled him.

"I saw him when I was sitting on the porch one day. I said hello. He nodded. I figured he had problems."

Where Ray Stayed

Mrs. Adam Szpakowski (above) owner of a Toronto rooming house, said she rented this room for two weeks to a man now identified as James Earl Ray. The man called himself Paul Bridgman when he rented the room on Ossington Avenue April 8. Canadian authorities say Ray also stayed in a rooming house on Dundas Street West (left) in downtown Toronto. The landlady said Ray, wanted for the assassination of Dr. Martin Luther King, had no luggage when he arrived.

LONDON, June 8 — They gave his name as Ramon George Sneyd and his present address as Cannon Row, a 77-year-old detention center on the banks of the Thames.

They gave the charge as possessing a forged passport and possessing a firearm without a certificate.

Beyond that, and an occasional cup of tea, Scotland Yard Sunday gave precious little else which might have shed some additional insight into the man charged with the April 4 murder of Dr. Martin Luther King Jr. in Memphis.

accused assassin in much of London Sunday went beyond that.

"I don't know anything about that" or "I haven't been following that" were the general hurried responses to questions about the arrest.

At London Airport where James Earl Ray, alias Eric Starvo Galt, alias Ramon Sneyd, was arrested as he waited to board a plane for Brussels, employes refused to talk to the press.

Perhaps it was the weather. June supposedly is the best month in Britain, and Sunday must have been the best of the lot. The last swatches of fog were burned off by 10 a.m. and bright sunshine was fanned by a constant soft breeze.

In the plump green parks, bare-chested boys kicked soccer balls while babies in carriages slept in the shade.

At Buckingham Palace, hundreds of picture-snapping tourists recorded the changing of the guard, while lovers in the adjoining St. James's Park lay embraced on the grassy knoll, the cooing of pigeons that only background music since the park is posted against portable radios the young people always seem to have wired to their ears these days.

Then, too, as Susie Murray, a plain but helpful employe of the London Tourist Board, put it: There is "that Kennedy thing."

Susie, like many Londoners I talked with, is still in a state of shock over the death of Senator Robert Kennedy.

"I mean, I was pretty shocked when they killed Luther King (almost everyone calls him that) but Kennedy, my God, I mean, it might happen once, but how many times is it going to keep on? I guess I haven't thought much at all about this fellow being arrested for Luther King's death. The FBI says it is their man, and I guess that is that. The FBI ought to know what it is talking about."

Susie is not alone in her adoration of the FBI. People here seen in as much awe of the federal agents as Americans are of Scotland Yard.

The London press is full of accounts of how FBI Director J. Edgar Hoover personally took charge of the search for Dr. King's assassin, which probably would come as a surprise to a number of sleepless, numb-footed agents who were assigned to the case.

At Trafalgar Square, two attractive young

ladies sat feeding the pigeons. Both are welfare officers for the Children's Society, which gives assistance to unwed mothers and acts as an adoption agency.

"I think Europeans used to envy the life of Americans," said blond, 20-year-old Carole Griffith. "But now, I think the feeling is that America is on the verge of destroying itself. I find it perfectly frightening that everyone goes around armed with firearms.

"When Luther King was killed, there was a great deal of interest because of the thought of conspiracy, and one couldn't help wondering it it had anything to do with the killing of President Kennedy. Then this other impossible shooting, well, it is perfectly horrible, so many leaders being shot off so quickly. I think American has reached her limits."

Her friend, 21-year-old Derval Murray said she thought America is "just too permissive. Why do they let anyone carry firearms? I am satisfied that you have caught the assassin of Luther King. But so what? I wonder who you will shoot next."

At Scotland Yard, there was nowhere near that much conversation. The press is not even allowed in the door of Scotland Yard proper. There is a press room at the rear of the building, entered through a rear door. If a reporter has a question about a story, he picks up a special phone and dials "0". In a few minutes, a press officer appears to answer the question.

Reporters Sunday wanted to know whether United States Justice Department officials had met with Scotland Yard about the extradition process.

The press officer returned a few minutes later and said the news of the day was that a car from the American Embassy had been at the Yard earlier in the day. If there had been a meeting, it was over.

Another part of the mysterious circumstances of his arrest was a report from police and airline officials at the Lisbon Airport which said no one with a Canadian passport issued in the name of Sneyd, the name Ray was using at the time, had passed through the airport Saturday.

The 40-year-old Ray was scheduled to appear in Bow Street Magistrate's Court at 10 a.m. today (4 a.m. Memphis time) on two British charges — carrying a firearm and traveling under a false passport.

Though the Toronto fat man and the London roommate might suggest an international conspiracy, Atty. Gen. Ramsey Clark said in Washington yesterday:

"We have to go on the evidence and facts. At this time we have no evidence of a conspiracy. If there was one, it will be discovered."

In London, Asst. United States Atty. Gen. Fred M. Vinson Jr. visited the accused killer of Dr. King in his heavily guarded Cannon Row police station cell.

Ray made no statement.

A United States Embassy spokesman said Vinson talked yesterday with Thomas Butler, Scotland Yard's ace detective who worked on the Ray case, about speeding up procedures and setting a timetable for Ray's transfer to Memphis to stand trial for murder.

Shelby County Dist. Atty. Gen. Phil M. Canale said last night no Memphis or Shelby County officers had been sent to London. The officers who might pick up Ray when British authorities release him will be determined by the State and Justice Departments, and whether anyone from Shelby County would be sent also "will be up to the federal officials," he said.

An authority on British law said that charges would be brought against Ray this morning mainly to give American authorities time to begin the procedure of extradition.

They said the magistrate would most likely "remand him in custody," that is, order him held in prison, for a period up to eight days. This is to provide time for further investigation.

The magistrate however could deal with the case on the spot if Ray pleads guilty to the pistol and false passport charges.

— He might impose a de-rred sentence.

— He might sentence Ray to 5 days in prison, which ould presumably run conurrently with the 15 days uring which, under British aw, a person must be held n custody after he has been rdered extradited.

— He might be fined.

The magistrate might order n "absolute discharge" hich would mean that he ad been found guilty but hat no punishment was eing exacted.

Under the Extradition Act of 9 a person must be held for days after an extradition der has been made in order safeguard his rights. This eans that instead of rushing n out of the country he is ven 15 days during which he uld apply for a writ of beas corpus in order to dis-te his extradition.

The London Daily Telegraph id last night a man calling nself Ramon Sneyd, the me authorities said Ray ed in obtaining a Canadian ssport, telephoned a Tele-aph reporter several times the last few weeks and ked how to become a merce-ry soldier in Africa.

It was not clear immediately whether the calls were local or came from Lisbon, Portugal, where the FBI said Ray went on May 7. The Telegraph has published several stories recently about foreign mercenaries fighting in Africa.

Scotland Yard detectives arrested Ray Saturday as he awaited a flight to Brussels, a base for some Congo mercenaries. Belgium once owned much of the Congo.

The Telegraph said its reporter had given Sneyd an address in Brussels at which he might contact someone involved with mercenary recruiting.

In Washington, Clark said Ray has made no statement and would not be questioned except in a manner "in strict conformity to applicable legal standards."

Clark said he could make no estimate of how soon Ray might be returned. He said it is possible Ray might waive extradition or that he might be deported under an "exclusion principle" of British law. Clark did not elaborate.

He said he is working with Tennessee Gov. Buford Ellington, Vinson and British officials on the question of extradition if that proves necessary.

Clark said Ray "is a person who lived a life of crime" and it was plausible that he might have financed his travels that way.

Clark was interviewed on the ABC radio-television program "Issues and Answers."

The New York Times News Service learned in Lisbon yesterday that Ray lived in a third-class hotel in downtown Lisbon for nine days in May and then disappeared.

"That's the man who called himself Ramon George Sneya," declared the day clerk of the Hotel Portugal pointing to one of the photographs of Ray published in the Lisbon newspaper Diario de Noticias.

Ray signed into the 45-room, busy commercial hotel on the evening of May 8 and left on the morning of May 17.

A spokesman for the Canadian Embassy in Lisbon also reported seeing a man who carried a Canadian passport in the name of Sneya.

"He came into the consulate and said that his name had been misspelled on the passport and that it should have been Sneyd," a Canadian consular official said. "He produced a birth certificate in the name of Ramon George Sneyd and asked us to change Sneya to Sneyd."

The Canadian consul said he pointed out that it was against Embassy regulations to alter a passport and so issued a new passport in the name of Sneyd on May 16.

It was the next day, the London report said, that he returned there.

This is the investigation of the assassination of Martin Luther King, Jr.

Subject James Earl Ray was arraigned in Magistrates Court, London, this morning at 10:30 a. m. London time (5:30 a. m. Washington time) on charges of carrying a concealed weapon and for entering England with illegal documentation (false Canadian passport).

The arraignment lasted only a few minutes and an additional hearing has been set for next Tuesday, 6/18/68. Ray was remanded to Brixton Prison where he will be held until his 6/18/68 appearance.

The arraignment was conducted under maximum security conditions and members of the public and the press were searched before being admitted to the hearing.

During the arraignment the Magistrate directed Ray's attention to a new British law under which the subject is granted the privilege of saying whether or not he wants the proceedings in his case publicized in the British press. Ray stated he did not want the proceedings in his case publicized.

Ray made formal application during the arraignment for legal counsel and the Magistrate will appoint counsel for him.

Two possibilities are available in connection with Ray's return to this country, formal extradition proceedings or deportation proceedings. Assistant Attorney General Fred Vinson who is in London representing the Department to expedite legal activities has indicated a preference for extradition proceedings.

Memorandum to Mr. DeLoach
RE: MURKIN

If deportation proceedings were to be undertaken against Ray, the charge of carrying a concealed weapon will be dropped and the British would use the fraudulent passport charge as the basis for deporting him. Should this procedure be followed, Ray possibly could be returned to the United States sometime next week following his 6/18/68 hearing.

If formal extradition proceedings are undertaken it is estimated that it will take at least three to five weeks for his extradition to be accomplished.

Robert A. Frazier, Examiner assigned to our Laboratory Division, and George J. Bonebrake, a latent fingerprint examiner assigned to our Identification Division, assisted the Department in the preparation of documents which could be necessary in the extradition of the subject. Frazier previously made an examination of the rifle left at the scene of the shooting of Martin Luther King, Jr. Bonebrake previously identified latent fingerprints on the evidence abandoned at the scene as those of James Earl Ray.

Among the items recovered by New Scotland Yard in connection with Ray's arrest on 6/8/68 was a "Liberty Chief" Japanese revolver, a Polaroid camera, a RCA transistor radio and various articles of clothing.

Among the items of clothing was a brown wool suit with label inside of innerpocket, English and Scottish Woolen Company, Limited, Montreal, with name Eric Galt, date 7/21/67, order number 11526. It is to be noted it was previously established that subject as Galt was in Montreal, Canada, during part of July and August, 1967. Investigation has been immediately instituted regarding these items.

ACTION:

This matter continues to receive expeditious attention and you will be kept advised of all pertinent developments.

GEROLD FRANK, AUTHOR
DESIRE TO DO STORY ON ASSASSINATION
OF MARTIN LUTHER KING
BUREAU FILE 94-63917

My memorandum of 5-13-68 reflects that Frank, who is the author of the well-known book entitled "The Boston Strangler," contacted me on that date advising that his publisher, New American Library, Inc., was interested in him doing a book on the assassination of Martin Luther King. Frank stated that he would want to review Bureau files, interview Agents working on the case and "work very closely with the FBI at this time." My memo reflected that I informed him of the confidential nature of data in Bureau files and advised him that until the prosecution in instant case was completed, it was premature to even consider the authorship of a book with Bureau cooperation.

CURRENT DEVELOPMENT:

Frank telephoned me on the morning of 6-10-68 again reiterating his desire to do a book on the above captioned ~~matter~~ and wished to know if it would now be possible for him to interview Agents and look at files in connection with his planned book. I told him that what I had informed him previously still stood and that it was still premature to discuss such a book with Bureau cooperation and we could not even consider such a matter until prosecution was completed.

Forwarded herewith for the Bureau, Memphis and Legat, Ottawa are two copies each of a memorandum setting forth a brief chronology of subject's activities during his stay in Toronto, insofar as they had been determined as of the date of apprehension in London, England, 6/8/68.

It is noted that ASAC [redacted] and SA [redacted] of the Buffalo Office were in Toronto and worked with the Royal Canadian Mounted Police (RCMP) there in the development of this information. The RCMP is still conducting investigation at Toronto in an effort to fill in the gaps in the chronology.

The speculation as to why RAY did certain things in Toronto and how he obtained necessary information to establish his false identities while in Toronto represents the combined thinking of the RCMP personnel in Toronto as well as the Buffalo Bureau representatives who worked on the matter, based upon available information as to his behavior while in Toronto.

It is pointed out that details of the RCMP investigation in Toronto, including interviews, are being prepared by the RCMP and will be submitted in the usual manner, through Legat, Ottawa.

JAMES EARL RAY, aka
Paul Bridgeman,
Paul Bridgman,
Paul Edward Bridgeman,
Paul E. Bridgeman,
Ramon George Sneyd
Toronto, Ontario, Canada
April 8, - May 6, 1968

On April 8, 1968, subject, using the name PAUL BRIDGEMAN, obtained a room at a second rate rooming house at 102 Ossington Avenue, Toronto, operated by FELIKSA SZPAKOWSKA. He paid one week's rent in advance. It appears that subject obtained the room as a result of a room for rent sign in the window at the front of this residence.

The means by which subject entered Canada and his reason for selecting the alias Paul Bridgeman is not known. However, it is known that one PAUL BRIDGMAN is a former inmate of a prison in Kansas City, Missouri, who was paroled on January 16, 1968, and whose identity may or may not be known to RAY. While at this rooming house, RAY had no visitors, did not befriend any of the other roomers, was not known to be employed and according to the landlady usually left the house early in the morning and returned late at night.

On April 10, 1968, subject wrote a letter to the Bureau of Vital Statistics in Toronto, requesting a copy of the birth certificate of PAUL EDWARD BRIDGMAN and indicating that it should be sent to 102 Ossington Avenue, Toronto. In this letter subject gave his date of birth as November 10, 1932, his father's name as EDWARD G. B. BRIDGMAN and his mother's maiden name as EVELYN COODEN.

It is noted that the above biographic information relative to BRIDGMAN is accurate insofar as it relates

:faf

ENCLOSURE

to an existent PAUL EDWARD BRIDGMAN who resides at 80 Cassandra Street, Toronto, and who is a reputable citizen employed as a consultant for the Board of Education.

Interviews of both the real BRIDGMAN and his wife by Royal Canadian Mounted Police (RCMP) officers in Toronto failed to establish any method by which subject obtained the biographic information set forth in his letter to the Bureau of Vital Statistics but both BRIDGMAN and his wife recall having received several telephone calls in early April, which at the time appeared to them to be innocuous, wherein they believed the caller claimed to be a representative of the Canadian Immigration Department and inquired as to whether BRIDGMAN had applied for passport. Both state that they at no time furnished to the unknown caller any information concerning PAUL E. BRIDGMAN's background.

Attachment number one to this insert is a photographic copy of the letter directed by subject to the Bureau of Vital Statistics, Toronto, dated April 10, 1968, requesting the BRIDGMAN birth certificate.

On April 11, 1968, subject, as BRIDGMAN, visited the Arcade Photo Studio, Toronto, and obtained passport size photographs.

On April 16, 1968, subject, as RAMON GEORGE SNEYD, obtained a room at 962 Dundas Street West, Toronto, a second rate rooming house, operated by a Chinese woman named Mrs. Sun Fung LOO.

It appears that he obtained this room as a result of a sign, room for rent, in a front window and he paid one week's rent in advance ($9.00) with the understanding that he would take occupancy on April 19, 1968.

On April 16, 1968, subject, as RAMON GEORGE SNEYD, visited the Kennedy Travel Bureau, 424 Bloor Street West, Toronto, where he arranged with [redacted]

[redacted] of that travel bureau office, for a round trip ticket via British Overseas Airline Company (BOAC) from Toronto to London. In connection with arranging this reservation, it was necessary for subject to furnish an Affidavit for a Canadian passport which he did in the name of RAMON GEORGE SNEYD, listing his date of birth as October 8, 1932, and giving his address as 962 Dundas Street, Toronto. In answer to a requirement in connection with the passport application for the name of a sponsor, EARL indicated that he had only been in Toronto for three weeks and had no local sponsor. In answer to the question on the application as to who should be notified in the event of an emergency, EARL listed the name PAUL BRIDGMAN and the address of 102 Ossington Avenue, Toronto.

In answer to [redacted]'s request for three passport photographs, RAY furnished to her three copies of the photograph which he had previously obtained from the Arcade Photo Studios on April 11, 1968, under the name of PAUL BRIDGMAN. It is noted, however, that nowhere on the photograph does any name appear.

As a result of a request made by subject at that time, [redacted] obtained through BOAC, reservations for him to travel to London departing from Toronto on May 6, 1968, via BOAC Flight 600 and returning to Toronto on May 21, 1968, via BOAC Flight 601.

Anticipating that it would take approximately ten days to receive the passport, Miss SPENCER suggested that subject return to pick up his ticket and his passport in about ten days.

On April 16, 1968, subject wrote a letter to the Bureau of Vital Statistics, Toronto, requesting birth certificate in the name of RAMON GEORGE SNEYD, listing his date of birth as October 8, 1932, at Toronto, setting forth his father's name as GEORGE SNEYD and his mother's maiden name as GLADYS MAE KILNER and requesting that it be sent to 962 Dundas Street West, Toronto.

A photographic copy of this letter is attachment number 2 to this insert.

It is noted that according to Mrs. FELIKSA SZPAKOWSKA, landlady at 102 Ossington Avenue, Toronto, a letter arrived for subject as PAUL E. BRIDGMAN at the Ossington Avenue address from the Bureau of Vital Statistics, Toronto, several days before he left that address and although she pointed out to him on at least two occasions that the letter was on a table and for him, he never did take possession of it and, therefore, after he departed from the Ossington Avenue address, she returned it to the Bureau of Vital Statistics. On April 17, 1968, Miss LILLIAN SPENCER, Kennedy Travel Bureau, Toronto, addressed a letter to the Canadian Passport Department, Ottawa, forwarding subject's application under the name of RAMON GEORGE SNEYD and enclosing a $5.00 money order, which is the standard fee for a passport.

On April 19, 1968, subject, as RAMON GEORGE SNEYD, moved into the rooming house at 962 Dundas Street West, had no baggage according to Mrs. Sun Fung LOO, landlady at that address and she did not see him thereafter until April 26, 1968. According to Sun Fung LOO, subject did not appear to make friends with anyone in the rooming house and she had no knowledge as to any employment or other activities on his part.

On April 20, 1968, subject, as RAMON GEORGE SNEYD, listing his address as 962 Dundas, wrote a letter to the Kennedy Travel Bureau informing them that he had to go to Capreal for several weeks on business and would pick up his passport upon his return.

It appears he was referring to Capreol, a small town in northern Ontario. RCMP investigation indicates that subject was not known in that small town nor was there any evidence that he had actually gone there.

Photographic copy of the letter of April 20, 1968, is attached hereto as attachment number 3.

With regard to the RAMON GEORGE SNEYD identification used by RAY, commencing approximately April 16, 1968, it is noted that there is an existent RAMON GEORGE SNEYD, a police officer in the Metropolitan Toronto Police Department (MTPD), who has been so employed for over 12 years, who resides at 1731 Victoria Park Avenue, Toronto, and whose biographic background is identical with that furnished by subject when RAY wrote to the Bureau of Vital Statistics at Toronto, on April 16, 1968, requesting a birth certificate in that name. Interviews of the real RAMON GEORGE SNEYD by representatives of both the RCMP and MTPD have failed to establish any information as to how subject obtained the necessary background data to apply for the birth certificate in that name. The real SNEYD has advised that he did not know subject and when shown photographs of him, stated that insofar as he could recall, had never seen him.

Mrs. Sun Fung LOO, landlady at 962 Dundas West, advised during interview that the next contact she had with subject, subsequent to his moving into her rooming house on April 19, 1968, was on April 26, 1968, when he paid her another week's rent in advance and told her that since he had last seen her he had gone back to Montreal.

According to Mrs. Sun Fung LOO, she did not again have any contact with the subject until May 2, 1968, when he again paid her one week's room rent in advance.

On May 2, 1968, RAY, as SNEYD, visited the Kennedy Travel Bureau, Bloor Street, Toronto, and picked up his Canadian Passport and round trip ticket via BOAC to London. It is noted this ticket called for his departure from Toronto on BOAC Flight 600, May 6, 1968, with a schedule of return by BOAC Flight 601 on May 21, 1968.

According to Miss SPENCER, Manager of the Kennedy Travel Bureau, subject paid $345.00 in Canadian funds for the round trip ticket and during interview,

Miss SPENCER was very emphatic that it was Canadian money that he used, pointing out that if it had been American money, she would have become involved in the exchange rate, etc., which she could not possibly have forgotten.

On May 6, 1968, subject, as RAMON GEORGE SNEYD, departed Toronto International Airport via BOAC Flight 600 at 7:00 P.M. for London, England. During interview by RCMP, Mrs. Sun Fung LOO, landlady at 962 Dundas West, advised that not until May 10, 1968, did she realize that subject, as SNEYD, had abandoned his room in her rooming house so that she does not actually know when he left, as she had not seen him subsequent to the occasion on May 2, 1968, when he paid one week's rent in advance.

It is noted that while both landladies and the Manager of the travel bureau in Toronto, as well as the employee at the Arcade Photo Studios, Toronto, all recognized the passport photograph of subject, none could make a positive or even strong identification of any other available photographs of RAY. It is also pointed out that according to RCMP investigation in Toronto, those individuals who had contact with the subject during his stay in Toronto, from April 8, 1968, to May 6, 1968, advised that he wore glasses at all times and none had seen him without them.

One of the suggestions as to how subject got the necessary background data concerning both BRIDGMAN and SNEYD to obtain birth certificates in both names is through a check at the morgue at the local Toronto newspaper or possibly a similar check of newspapers available in the public library. This suggestion was advanced since announcements of births appear in Toronto newspapers, listing in addition to the date of birth, the names of the parents. It is noted that both SNEYD and BRIDGMAN were born within approximately one month of one another, that is October 8, 1932, and November 10, 1932, respectively.

The switch from the BRIDGMAN identity to the SNEYD identity in Toronto appears to have possibly been triggered by some suspicion of RAY's that the BRIDGMAN identity was heating up. However, investigation in Toronto, such as a review of MTPD records to ascertain whether BRIDGMAN might have been stopped on a routine or other type check in Toronto, during the time that subject was using that identity, has failed to develop any record of such a check.

No logical explanation has been developed as to why subject, once he decided to abandon the BRIDGMAN identification, continued to reside at the 102 Ossington Avenue West address, particularly, since the landlady at that address had stated that on at least two occasions she called his attention to the fact that there was a letter there for him from the Bureau of Vital Statistics, Toronto, which presumably contained the birth certificate which he had requested.

It is alsoworthy to note that RAY appeared to have gone through the necessary procedure to obtain the RAMON GEORGE SNEYD birth certificate from the Bureau of Vital Statistics in Toronto, even though it was not necessary in connection with his passport request for his obtaining of passage by BOAC to London. This is evidenced by the fact that his letter applying to the Bureau of Vital Statistics for the SNEYD birth certificate was dated on exactly the same date on which he had arranged, through the Kennedy Travel Bureau, for his Canadian Passport.

Legal Attache Minnich called from London at 4:40 p. m., 6/10/68. He had just received word that an official of the Home Office had met with members of the American press in London on a non-attributable basis. The purpose of the meeting was to clarify issues in connection with captioned case.

The British representative specified to the press that there will not be any deportation of Ray in lieu of extradition. He stated that extradition will now definitely take place rather than deportation proceedings. He told the press that subject Ray will be transferred from Brixton Prison to Wandsworth Prison inasmuch as Wandsworth offered better facilities for two men to keep a 24-hour watch on Ray.

The British representative told the American press that there was no chance of subject Ray being extradited for at least four weeks. He stated they should not gain the idea that legal proceedings will take anything other than the full course of British justice.

Minnich advised me that his own interpretation, based upon a knowledge of British justice, is that it will take approximately three and a half weeks to six weeks before Ray is extradited to the United States.

Minnich also mentioned that Vinson has made inquiries regarding flights back to the United States as of Tuesday, 6/11/68. Minnich stated that Vinson has accomplished his obvious purposes of getting publicity for himself and the Attorney General. He stated that the basis of Vinson's trip was only too obvious to both the British and the American press. Minnich also told me that Vinson has finally discovered he has no conception whatsoever regarding the British people and British law. He stated that Vinson had dropped into the Legat's Office on at least three or four occasions that date, 6/10/68, to ask for advice and counsel and for explanations so that he will understand matters.

Re: MURKIN

Minnich told me that there is approximately a ninety-nine and nine tenths per cent chance that Vinson will not be able to inspect the Wandsworth Prison facilities. He also stated that Vinson's departure might be delayed because Vinson expects extradition papers to arrive Tuesday, 6/11/68, but it is somewhat doubtful these papers will be in London by 6/11/68.

On 6/10/68, Mr. JOHN ACORD, Chairman, American-Southern Africa Council, 800 4th Street, S.W., Washington, D.C., advised SA ROGER D. ASHLAND that he had read in "The Sunday Star", dated 6/9/68, an article on page 3 captioned "Scotland Yard Seizes RAY in Dr. KING Killing", that there was some indication RAY may have tried to get from Portugal to Rhodesia.

ACORD said he did not want the information furnished by him on 5/9/68, concerning a letter dated 12/28/67, from ERIC S. GALT to the American-Southern Africa Council released to the Press.

On 6/11/68, ACORD advised SA ASHLAND that he was disturbed in that he felt the FBI may have violated the confidential nature of the information concerning above letter. ACORD said he had learned an unknown reporter for "Life" magazine is preparing an article which will include information about this letter and the reporter had visited the Rhodesian Information Office, Washington, D.C., seeking information.

ACORD was asked concerning his source that the FBI had released the information and he indicated he did not know and had not heard the FBI had released the information. ACORD said he was aware that persons outside the FBI were made aware of the existence of the letter such as the offices of at least one United States Senator; MICHAEL JAFFE, an attorney and friend

ACORD was assured the FBI had not furnished the information to the press or magazines. He said that in the event he learns of anyone attributing this information to the FBI he will advise WFO.

ACORD has requested the letter to be returned to him when it has served it usefulness to the Bureau as he feels it maybe valuable in the future. He was advised the letter would be returned when it is no longer needed.

The above is furnished for the information of the Bureau, it being noted that the Bureau has previously been advised concerning ACORD's request to have the letter returned to him.

Pages H4796-H4797. Congressman Andrews, (R) North Dakota, e concerning the capture of James Earl Ray, the suspected assassin of in Luther King. He stated "I want to say at this time that I think the ral Bureau of Investigation did one of its most outstanding jobs in this tigation. There perhaps has been few, if any, investigations into which put greater effort. The speed with which it identified the suspected killer, he exhaustive probe which it continued to make until this man was located he things which we Americans have come to expect of the FBI. Thankfully, lgar Hoover and his dedicated associates in the FBI have come through once for the American people."

Page S6941. Senator Hruska, (R) Nebraska, stated "I want take this opportunity to speak a word of thanks to J. Edgar Hoover and e men and women of the FBI. The capture of James Earl Ray, suspected ayer of Martin Luther King, last Saturday brought to a close one of the reatest manhunts in the country." He also commended the Canadian law nforcement authorities for their assistance. Mr. Hruska went on to state hope the capture of Ray will be a lesson to two classes of people. First, hope all who might ever consider committing an assassination will realize at law enforcement agencies throughout the free world will do everything ossible to bring about their capture. Second, I hope these selfish critics ho have accused Mr. Hoover and the FBI of giving less than their best here crimes against civil rights activities are concerned will once and r all realize that their unfounded charges, are preposterous and entirely t of order."

ENCLOSURE

[redacted]

Mr. [redacted] said that [redacted] did not threaten any one during his call or indicate that he intended to do any harm to anyone else.

[redacted] said that [redacted] indicated that he was his only friend in Orlando, Florida and he just wanted to talk to him to find out if he could come back to Orlando.

On June 6, 1968, Mrs. [redacted] Orlando, Florida furnished the following information.

She advised that she married [redacted] this being her third marriage. She said they have one infant by this marriage and she has children by previous marriages. She said that [redacted] has caused her extreme anxiety and debt during their short period of marriage. She said he has deserted her at least three times and he was last seen by her over three weeks ago. She said that he had been treated for extreme alcoholism during their short marriage on at least two occasions by [redacted] in Orlando, Florida and she had taken him to the Florida Sanitarium Hospital, Orlando, Florida for the same type treatment. She advised that he has been also treated at the Cherry Hospital for extreme alcoholism but she could not recall the name of the town in which the hospital is located. She said that she hoped that her husband does not return.

[redacted]

Mrs. [redacted] said that [redacted] had called her on June 6, 1968 about 2:00 a.m. and the call lasted until about 3:00 or possibly a little later. She said he stated he was in Denver, Colorado. She said that on one occasion the call was interrupted by an operator who requested that he make a new call for credit charges which he did but the operator did not specifically identify herself as being in Denver, Colorado. Mrs. [redacted] said that [redacted] had called her on the morning of June 5, 1968 during the early hours saying that he was in Las Vegas, Nevada but she had no way of knowing his actual whereabouts at that time. She said that on both occasions he did not divulge his address or location. She said that in April, 1968, he was drinking heavily and she refused to allow him to come to the house with her children. She said he went to several motels around the Orlando, Florida area and ran up very large bills on credit cards which caused her financial difficulties. She said that on this occasions his drinking was only terminated when she took him to [redacted] for treatment of extreme alcoholism. She said that the doctor gave him tranquilizers to bring his shaking under control. She said he is a hopeless alcoholic and that when he is drinking he becomes affected mentally. Mrs. [redacted] advised that in the past [redacted] when drinking had delusions of grandeur. She said that he would refer to big news stories in the newspapers and try to cause her to believe that he was in some way connected with military service intelligence and he would have to check on these news worthy events.

[redacted]

She said that on several occasions when he was drinking and he had disappeared he would finally call her telling her that he had a large sum of money and that he would buy her all sorts of new presents. She said that on these occasions she found him penniless and drunk in North Florida.

Mrs. [redacted] said that when [redacted] called her on the past two mornings he had not made any allegations involving himself in any assassination plots on Dr. KING or Senator KENNEDY. She said he had not threatened anyone on these occasions except her when she told him she was seeking employment. He said that if she obtained a job he would come by and pick up the baby.

Mrs. [redacted] said that [redacted] did have some sort of a gun which he kept in his car because she would not allow him to bring it into the house. She said he had a permit to carry this gun because he worked as a guard during the night time at Associated Detective Agency, Orlando, Florida. She said he worked in the day time as a television technician for the [redacted]

Mrs. [redacted] said that she has been receiving numerous bills from oil companies and American Express credit card which she did not open but forwarded to his mother in North Carolina because she could not pay them. She advised that she feels that her financial situation is so destitute that she will lose her home and furniture because of previous bills made by [redacted]

[redacted]

On June 6, 1968, [redacted] advised that he treated [redacted] for about the past couple of years due to extreme alcoholism the last period of treatment being in April, 1968. He said this man is unstable but he did not further describe him.

On June 6, 1968, the files of the Orlando, Florida Police Department furnished by [redacted] revealed [redacted] was arrested on June 2, 1961 being charged as a public drunk; on Noveber 19, 1961 being charged with driving while intoxicated; and he was picked up on suspicion of auto theft March 9, 1962 at which time he was turned over to the Orange County Sheriff's Office. Six more die in Houston

Six lives were snuffed out by gunfire in Houston during a 48-hour period the past weekend running the city's homicide toll to 111 thus far in 1968. That total surpasses the record pace of 104 for the same period last year.

Murder charges have been filed at Center, in Shelby County, against a former mental patient in connection with the rifle slaying of his wife.

This slaughter most certainly points up the urgent need for action by both the Texas Legislature and the federal government for strict gun control laws, stricter law enforcement and the necessary legislation assuring swift and certain criminal court trials along with stiff penalties for the guilty.

Gun control laws will not completely stop murders. But if they will take firearms out of the possession of juveniles, known criminals, the mentally retarded and others unqualified to own such weapons, and will help law enforcement agencies in identifying both weapons and those who misuse them, they will serve to cut down the horrible crime rate.

Diligent FBI work pays off

A tragic week in American history offers at least one note of triumph—the arrest in London of the escaped Missouri convict who is wanted for the murder of Dr. Martin Luther King.

This brings to a partial end one of the most massive manhunts in this nation's history. That the suspect, James Earl Ray, who was armed at the time, was arrested unharmed and without violence is a tribute to the excellent work performed by the FBI, the Canadian Mounted Police, Canada's passport officials and London's Scotland Yard.

Indeed, it was beginning to look like Ray's trail had grown cold and that he had made good his escape despite the highly visible evidence he left at the scene of the crime and despite the international police net which was out to catch him. The search reached into Mexico, Canada, Portugal and Great Britain plus many other countries. Much credit should be given to the Mounted Police which examined more than 300,000 passport photographs before they found Ray's. And, of course, main credit should go to the FBI for another superb investigative job.

His capture by no means solves the mystery of the assassination. Ray himself remains in a London jail awaiting extradition to the United States for trial on one or all of the three charges pending against him. His motive—if he proves to be the killer—remains to be established; also the existence of any accomplices or the existence of a conspiracy against the slain civil rights leader. Evidence also suggests this assassination case may involve others who hired King's assailant to do the brutal deed.

position since October 1941. I have attended schools and other training classes conducted by the Federal Bureau of Investigation to qualify me for my position. During the time I have been a Fingerprint Examiner, I have made millions of fingerprint comparisons for identification purposes. I have testified as a fingerprint expert witness in numerous cases in federal and state courts as well as in military courts-martial with regard to my findings based on comparisons of fingerprints.

2. On April 5, 1968, at approximately 5:15 a.m., at the Federal Bureau of Investigation in Washington, D.C., I received certain objects of evidence from Special Agent Robert Fitzpatrick. These objects were identified to me as being part of the investigation into the shooting of Martin Luther King, Jr. in Memphis, Tennessee, on the previous day. Among the items delivered to me were a Remington Model 760 rifle, serial number 461476, with Redfield telescopic sight number A 17350, and a pair of 7 by 35 Bushnell binoculars, serial number DQ 408564. I examined each of these objects for latent fingerprints, and subsequently on April 5, 1968, I developed one latent fingerprint on the rifle, one latent fingerprint on the telescopic sight, and one latent fingerprint on the binoculars. These were the only latent prints of these

objects which contained sufficient characteristic ridge detail to be of value for identification purposes.

3. On April 19, 1968, I compared each of the afore-mentioned three latent prints with the known fingerprints of James Earl Ray obtained by officials of the Los Angeles Police Department, Los Angeles, California, on October 11, 1949. The fingerprint card made by the Los Angeles Police Department is contained in the official fingerprint files of the Federal Bureau of Investigation in Washington, D. C. From my comparison I formed the opinion that they were the fingerprints of the same man. I determined that the latent fingerprint on the Remington rifle and the latent fingerprint on the binoculars are identical to the left thumbprint of James Earl Ray, and that the latent fingerprint on the telescopic sight is identical to the right ring-fingerprint of James Earl Ray.

4. The official fingerprint files of the Federal Bureau of Investigation in Washington also contain the fingerprint record of James Earl Ray, taken in connection with his incarceration in the Missouri State Penitentiary on March 17, 1960, following a conviction of first degree robbery. I have compared the fingerprints of James Earl Ray taken in connection with his arrest on October 11, 1949, by the Los Angeles Police Department with the fingerprints taken in connection with the incarceration of James Earl Ray in the Missouri State Penitentiary on March 17, 1960, and I have determined that these prints are of the same person.

5. Attached as Exhibit I is a photographic copy of the known prints of James Earl Ray, taken in connection with his arrest on October 11, 19[illegible], by the Los Angeles, California Police Department. Attached as Exhibit II is a photographic copy of the known prints of James Earl Ray, taken on March 17, 1960, in connection with his incarceration in the Missouri State Penitentiary. Attached as Exhibits III, IV and V are three photographs, each depicting one of the afore-mentioned three latent fingerprints developed by me respectively on the rifle, the telescopic sight, and the binoculars.

6. I am also an Assistant Custodian of the fingerprint records of the Identification Division of the Federal Bureau of Investigation. As such, I am familiar with the contents of those records and am authorized to have copies made of those records and to certify as to their authenticity.

7. The fingerprint card attached as Exhibit II on Form FD-2[illegible], is a true copy of the original record in my custody and was prepared under my supervision. The original was received by the Federal Bureau of Investigation from the Warden of the State Penitentiary at Jefferson City, Missouri, on April [illegible], 1960 and contains the photograph (profile and front view), fingerprints, and signature of James Earl Ray, an inmate of the Penitentiary then serving a 20-year sentence.

This case involves the assassination of Martin Luther King in which James Earl Ray has been charged as the assassin.

At 1 p.m. on 6-12-68, one John Acord, identifying himself as being with the American-South African Council, Washington, D. C., telephoned and spoke to me. He said that his organization handles public relations for Rhodesia and other South African countries. He stated that some time during May he voluntarily turned over to the FBI a letter that had been written in California in December, 1967, by one Eric S. Galt to his organization asking for information on how a person goes about traveling to Rhodesia. He stated that this information and a copy of the letter were turned over by him to Bureau Agents on a confidential basis.

He stated that he has now been informed by a reporter for a South African newspaper that "Life" magazine is aware of the contents of this letter and may have a copy of it. Acord was very upset that this information may have been "leaked" by the FBI to "Life" magazine. In answer to my question, he indicated that the people of his staff are aware of the letter and its contents, as is an attorney named Jaffe and the Rhodesian Information Office in Washington, D. C.

Acord was emphatically advised that any information furnished by him to the FBI would be maintained as confidential and under no circumstances would we "leak" any information whatsoever to "Life" magazine. It was pointed out to him that he has admitted that other persons besides the FBI were aware of the letter and its contents and he admitted the possibility that "Life" magazine could have gotten the information concerning it from any of these sources. His concern, he stated, was based on the fact that he understood that "Life" magazine was to carry a story about the letter and possibly print a copy of it and he felt that this might result in bad publicity for Rhodesia. He was again assured that the FBI had maintained the letter in confidence and had not given it to any news media whatsoever.

At 3 p.m. on 6-12-68, Jack Rosenthal, who was formerly e Information Officer for the Department of Justice, telephonically ntacted me to advise that he is now associated with the Washington ireau of "Life" magazine and that he will specialize in writing on urban fairs, although at the present time is helping to gather information about e captioned case for "Life" magazine. He voluntarily informed that ife" magazine had scored a "coup" in the case by securing a copy of a ter which had been written by Ray under the name of Eric S. Galt to an named organization in Washington in December, 1967, asking for infor- ation on travel regulations to Rhodesia. When I asked him how this had en secured, he advised me on a strictly confidential basis that a copy of s letter had been secured from one Mr. Tause (phonetic) whom he scribed as the Rhodesian Government Information Officer in Washington, C.

It would appear from the above that the Rhodesian Informa- n Office is the one responsible for furnishing the information concerning e letter to "Life" magazine.

At 8:10 p. m., 6-12-68, Departmental Attorney Harold Shapiro telephonically contacted Extra-Duty Supervisor [redacted], General Investigative Division. Shapiro advised that in connection with the preparation of affidavits for use in this case, he needed the results of handwriting examinations on certain documents signed by the subject in the name of Eric S. Galt. He needed this information on the night of 6-12-68, if at all possible. He advised the documents in question were subject's application for attendance at the bartending school in Los Angeles, an installment note dated January 19th prepared at the same bartending school and the registration card for the New Rebel Motel in Memphis. Shapiro referred to Los Angeles report of SA [redacted] dated 4-18-68, Page 131, which contained the results of the interview with the owner of the bartending school. According to this report, the installment note was signed by the subject in the presence of the owner of the school and Shapiro is attempting to prove that the Eric S. Galt signatures are actually the signatures of the subject.

SA James Mortimer of the Laboratory, who had previously conducted handwriting examinations in this matter, was contacted at his office. He advised that the items in question are:

Q86 - Registration card, New Rebel Motor Hotel, ME;
Q261 - Installment note, International School of Bartending, LA;
Q262 - Application to attend International School of Bartending, LA.

All of these documents are signed in the name of Eric S. Galt. Mortimer said that the signatures on all of these documents were prepared by the same person. Mortimer contacted Shapiro and advised him of this.

Purpose of this memorandum is to suggest a theory concerning who might have paid Ray to assassinate Reverend Martin Luther King.

In a recent news dispatch, probably the Sunday Star of June 9, 1968, Ray's brother in St. Louis was quoted as saying that Ray must have been paid because he would not do anything without being paid and that if convicted he should get no more punishment than was given to the murderer of George Lincoln Rockwell. This curious reference to the Rockwell case in particular suggests that Ray's brother may know that Ray has fallen in with the so-called American Nazi Party and that whoever footed the bill for Rockwell has paid Ray in this case. The constantly reported hatred of Ray for Negroes seems to fit this theory. The reference by Ray's brother to Rockwell may have been coincidental only, but it is equally susceptible of an interpretation that the Ray brothers have been closer to Rockwell and his associates, including his backers, than was known.

RECOMMENDATION:

For appropriate consideration.

Bureau is in receipt of a letter from one [redacted] Pasadena, California, not further identified, in which he states that a recent article in the Los Angeles "Times" stated that "FBI Agents have ordered people who know anything about Galt to not mention the matter." [redacted] states he is interested to know under what law Agents are authorized to order a citizen not to say anything about any matter.

On basis of information available, [redacted] is not identifiable in Bureau files or Los Angeles Office files. The 4-13-68 issue of the Los Angles "Times" contained an article captioned, "Secrecy Shrouds Mystery Man in King Slaying," which was date-lined Birmingham and the article reported in part "So tight was the secrecy that the FBI drew around its investigation, Birmingham residents once acquainted with the man who used the name Galt were instructed by Agents to keep silent." SAC, Birmingham, advised that no such instructions were issued by Agents of that office. He advised that Los Angeles "Times" reporters were arrogant while in Birmingham, were disliked and received little cooperation from the local residents for that reason. Los Angeles "Times" also furnished the Bureau information from an unidentified informant of theirs, relative to the King murder case, which was run out in areas of the country stretching from Florida, to Los Angeles; and this information was found to have no material connection with this case.

It is felt no useful purpose would be served in attempting to straighten out the Los Angeles "Times" relative to this article.

Re Denver airtel to the Director, 5/29/68.

RE: ROBERT EDWARD BYRNE, Denver, Colorado.

On June 6, 1968, Mr. LOUIS FAWCETT, Ashdown, Arkansas, who is a member of the Board of Directors of the First National Bank, Ashdown, and is secretary-treasurer of the B & F Manufacturing Company, a manufacturer of wood products, advised as follows:

He and Mrs. FAWCETT (BILLYE) are life-time friends of Mr. HAL DAVIS HALE presently of Denver, Colorado, and Los Angeles, California. Mr. HALE is a native of Ashdown and his mother currently resides there. Mr. and Mrs. FAWCETT have frequently taken vacations with Mr. and Mrs. HALE.

During the past ten years, Mr. and Mrs. FAWCETT have visited with Mr. and Mrs. HALE under various circumstances and about three times during that period they found ROBERT EDWARD BYRNE also visiting with Mr. and Mrs. HALE. BYRNE is known only to work on various projects in the oil industry for Mr. HALE and was never known by Mr. FAWCETT to be employed by anyone else and never on a steady basis for Mr. HALE. He understood that BYRNE merely "ran errands" for Mr. HALE. The last time Mr. and Mrs. FAWCETT saw BYRNE was during a period in December, 1967, and January, 1968, when the above named persons vacationed at Acapulco, Mexico.

29 JUN 20 1968

Mr. and Mrs. FAWCETT arrived at a motel called Casa Josette which is about five miles out of the City of Acapulco and up the mountain and along the bay. They arrived on December 26, 1968. On or about December 28, 1967, BYRNE arrived with a woman whose name Mr. FAWCETT recalled only as Mrs. BIGELOW. On January 9, 1968, Mr. and Mrs. FAWCETT flew out of Acapulco direct to Dallas, Texas, where those two got their automobile and drove directly to Ashdown, Arkansas. When Mr. and Mrs. FAWCETT left the Casa Josette, they left BYRNE and Mrs. BIGELOW there.

During the period Mr. and Mrs. FAWCETT, Mr. and Mrs. HALE, and BYRNE and Mrs. BIGELOW were at the Casa Josette together all six took rides in the bay in rented motor boats and took drives through the mountains in rented jeeps, two of which they rented. On two occasions the six saw a yacht in the bay below Acapulco which they "guessed" belonged to the owner of the Revlon Cosmetic Company although no one in the party had any definite knowledge of the ownership of the yacht and no one made contact with crew members or the party on the yacht. On those two occasions they sailed around the yacht at which time Mr. FAWCETT and probably others made pictures of the yacht and waved at the crew members. It was merely a greeting to the members of the crew. Mr. FAWCETT stated he and Mrs. FAWCETT made no trips in a sailing ship although they saw one on one occasion sailing around their motor boat.

The balance of the time was spent sitting around the motel, eating, drinking, and talking. Mr. FAWCETT made no contact with any persons other than those in his party although he spoke to several persons and thinks the same applies to Mr. BYRNE. BYRNE and Mrs. BIGELOW slept until noon each day as did Mr. and Mrs. FAWCETT and Mr. and Mrs. HALE. Mr. and Mrs. FAWCETT's room was next to that occupied by Mr. BYRNE and Mrs. BIGELOW and at no time during the period did

Mr. FAWCETT see a stranger or a person not in their party visit or talk with Mr. BYRNE or Mrs. BIGELOW. Although Mr. FAWCETT was not with BYRNE at all times during the afternoons and evenings he was never known to make contact with any persons outside their party. It definitely seemed to Mr. FAWCETT that BYRNE was there to have a good time only and to drink as was his constant habit. There was no indication he sent any messages or received any messages from persons on the yacht or other vessels in the bay.

Mr. FAWCETT considers it inconceivable that BYRNE is associated with or had contact with any criminal element while in Acapulco or in fact has any interest in matters political or criminal. Mr. FAWCETT insisted in referring to BYRNE as a "well-educated drunken bum." He claimed BYRNE has been drunk every time FAWCETT saw him and in fact seldom saw him that he did not have a drink in his hand. He began drinking during the mornings or at noon when he got up and continued drinking throughout the afternoon and evening while FAWCETT was with him.

Mr. FAWCETT advised his wife, BILLYE, was visiting friends out of town and would not return for several weeks. For that reason, and for the reason of the information furnished by Mr. FAWCETT concerning BYRNE, Little Rock is not interviewing Mrs. FAWCETT.

ARMED AND DANGEROUS.

Dear [illegible] Leger:

Your letter of June 5th has been received.

In regard to your comments, the FBI, at the direction of President Johnson, conducted a prompt, intensive, objective and thorough investigation of the assassination of President Kennedy. The results of this investigation were accurately reported to the Warren Commission, and not one shred of evidence has been developed to link any other person in a conspiracy with Lee Harvey Oswald to assassinate President Kennedy. All available evidence and facts point to one conclusion--that Oswald acted alone in his crime.

James Earl Ray, who was sought by this Bureau in connection with the slaying of Martin Luther King, was arrested on June 8 in London, England, and is now awaiting extradition to the United States to face charges of murder in the State of Tennessee.

Sincerely yours,

Still another prominent American has been attacked in public. The assassination of President Kennedy has never been satisfactorily explained, and Mr. King's assassin remains undetected.

Legat Minnich called from London at 1:35 p.m. (D.C. time). He advised the extradition request had been formally given to the Foreign Office, London, and delivered to the British Home Office. Minnich states the British authorities hope they can hear the extradition proceedings on June 21st. He pointed out that in the event the extradition proceedings result in the Magistrate ordering Ray extradited, then a 15-day waiting period would occur. This is a mandatory requirement in which the defendant would have a chance to appeal the decision of the Magistrate. The above solely refers to the extradition proceedings.

The other procedure which is under way is the hearing on the English charge that Ray came into the country using false passport and also had a revolver in his possession. In this connection, Minnich states this hearing, which is set for June 18th, may possibly require the presence of ~~Special Agent~~ George J. Bonebrake, a Latent Fingerprint Examiner assigned to our Identification Division who handled the fingerprint identification in this case. I have advised Trotter with reference to this possibility and the fact Bonebrake may be needed, in which event he would have to make preparations now in order to be ready to depart on very short notice.

The Memphis Office is trying to locate Charles Q. Stephens for the purpose of having him execute an affidavit. He is the individual who was in the rooming house in Memphis occupied by subject Ray at the time of the commission of the offense. It is possible they may desire to have a Laboratory representative appear with reference to some of the evidence relating to the clothing and personal effects which were picked up as evidence in this case. It is recalled that certain of the hairs and fibers which were found on the bedspread matched the hairs and fibers which were found in a sheet which was found in a car in Atlanta abandoned by Ray. I have alerted Mr. Conrad concerning the possibility a Laboratory expert may be needed to proceed to London on short notice.

This is the case involving the murder of Martin Luther King, Jr.

The attached memorandum is being furnished to Assistant Attorney General Stephen J. Pollak of the Civil Rights Division in view of the fact the Attorney General has stated that he wanted Pollak to divorce himself from other work and to supervise this case. The Attorney General also asked that Pollak be kept advised of pertinent information in this case. The material contained in the attached memorandum has been taken from cablegrams and teletypes, and Pollak is being informed that the information is based on preliminary communications and complete details will be incorporated in reports setting forth results of investigation.

Briefly, material being submitted concerns information that [redacted] has identified himself to the Toronto Police as the "fat man." He claims he found an envelope in a telephone booth and delivered it to Sneyd, the name Ray was using, at the Dundas address and that this was his only connection with the subject. Also included is an itemization of articles found among the effects of Sneyd at the time of his arrest in London including the revolver, camera, transistor radio, and articles of clothing.

Information is also being included that an individual using the name R. W. Trotter telephoned the Pentagon on June 7, 1968, claiming he was the killer of Dr. King and knew the girl in the polka dot dress who was at the scene of the shooting of Senator Kennedy in Los Angeles. Trotter was interviewed and denied making the phone call, and denied having any information concerning the murder of Dr. King or Senator Kennedy. He has a general reputation in Cunningham, Tennessee, his place of residence, of being unreliable, untrustworthy, and an alcoholic.

Rosen to DeLoach memorandum
RE: MURKIN

In addition, the following information is also included: Charles Q. Stephens, the "wino" who was a witness in the rooming house in Memphis when the shooting occurred, has been located in Memphis by FBI Agents; the .38 caliber revolver Ray had in his possession when apprehended in London, has been traced to a man in Birmingham, Alabama, who sold it to an unknown individual answering Ray's description in October, 1967, (Ray was residing in Birmingham at that time); Ralph M. Carpenter, the York Arms Company employee who sold the binoculars to the subject, is confined to a mental institution, however, the physician in attendance stated that it is his opinion that Carpenter is competent when not involved in his current disorder and that it should have no bearing on the previous information he furnished; Ray was in Lisbon, Portugal, May 8 - 17, 1968, and reportedly consorted with local women; Ray is presently being held in Wandsworth Prison under unprecedented security provisions; Scotland Yard is continuing extensive investigation to develop information concerning Ray's activities in London; and that among Ray's effects at the time of his arrest was a memorandum or article setting out detailed description of the theory and specifications regarding silencers for firearms.

ACTION:

This case is continuing to receive high priority and the Department will be kept advised of pertinent facts.

MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Supervisor [redacted] of the New York Office telephonically advised that the New York Office received an anonymous letter today (6/13/68) concerning an alleged plan to take the subject Ray from the authorities upon his arrival in the United States.

The letter which bears the postmark "June 11, 1968, P. M. New York, N. Y." was dated June 10, 1968 and reads as follows:

"Federal Bureau of Investigation

"Gentlemen:

"I believe it to be of interest to you to know of a plan afoot to take Ray from the authorities upon arrival in the U. S. The people involved have expressed themselves as being undaunted if he is surrounded by the 100 Federal Marshals or FBI personnel. They anticipate a large protective force but will not be stopped and expect to loose several in the attempt but these will be martyrs. They have anticipated his surprise return and have placed watchers at every conceivable airport including Air Force landing areas. Because of such reprisals I must abstain from signing this note to you. I am deeply concerned and hope that no one is hurt."

According to Supervisor [redacted] the letter is written in legible longhand, probably with a ball point pen, regular plain tablet paper (yellow) and is unsigned. Neither the letter nor the envelope in which it was mailed contain a return address.

Minnich advised that AAG Vinson is leaving London today at 2:30 p.m. (London time) via Pan American Flight #107 and is due to arrive at Dulles Airport approximately 5:15 p.m. (Washington time). Vinson or some other member of the Department or both will fly back to London a day or two before the extradition hearing. [redacted] L. Freeman

Dear [redacted]

Your letter of June 9th has been received.

With regard to your comments, the investigation leading to the apprehension of James Earl Ray was a cooperative effort of law enforcement agencies on an international scale. The efforts of the FBI, the Royal Canadian Mounted Police, and Scotland Yard were combined in this investigation which culminated with his arrest in England on June 8th. The arrest was made by Scotland Yard because the FBI has no authority to conduct investigations or make arrests outside the United States.

Sincerely yours,

Dear Mr. Hoover,

In this sad and disgusting way people are acting in the U. S. A. don't you think we need more security?

This City I live in is 85,000 and very few have any respect for the Supreme Court or the F. B. I. What are they thinking of to make laws that aid & protect the Criminal? As far as the F. B. I. we have always regarded them highly, but now it seems they can't protect or find anyone. Why not? When you have a powerful Country with all of the latest methods of Crime Control it is getting worse - Aren't you a little embarrased that England's Scotland Yard had to find Ray? What's wrong?

Why not either study their methods or hire some of their men - We obviously are not getting the job done-.

America is the greatest Country in the world & we are losing face.

I love my Country and I'm getting ashamed of the image we are giving the world- Please try to do better and we will all pray for you.

Sincerely

This is the case involving the murder of Martin Luther King, Jr.

Fred Vinson called to advise me that from what he had learned, it would appear that the extradition hearing which has been set for the 21st might be put off until the 25th or the 27th. He was talking to the Chief Clerk of the British Court who he states is a powerful figure and it appears that if Ray requests a continuation for sometime to talk with his attorney, he would get such an extension.

I asked Vinson what his plans were and he stated he would plan to send somebody else over to listen to the extradition hearing and be available over there for consultation.

He wanted to know if there were any further developments concerning Ray's activities while he was in London. I advised him I had not seen anything other than that which had been furnished so far; namely, that he had stayed in the Pax Hotel for a few days and also at the New Earls Court Hotel. He said he knew we were trying to develop further information to account for the time while he was in London. I advised him that we had been in touch with Scotland Yard; that they had a special squad working on the matter and as yet we have not received any information from Scotland Yard concerning his whereabouts other than that already submitted. He said the British do not keep negative information and apparently they have not developed anything as yet.

He said that all reports in this case had been submitted to the Civil Rights Division who had been handling the matter in the past but now that he has returned, he would appreciate being put on the list to receive any information which is disseminated; that he would also like to have a copy of the report previously furnished to the Civil Rights Division. If we have an extra copy, we will forward a copy to Vinson.

REC-33 44-38661-4477

JUN 17 1968

JUN 20 1968

He mentioned that there was a story to the effect that James Earl Ray's brother in Illinois was going to visit him in London. He was referring to an item in the news indicating that the subject's brother, John Larry Ray, age 35, said he was attempting to contact the Houston lawyer, Percy Foreman, to ask him to represent his brother and that also he allegedly was going to apply for a passport on Monday to visit his brother.

In this connection, the Inspector General of the prison system told Vinson that if subject's brother or any of his family wanted to visit with him, they would probably be allowed to do so. He said they do not search visitors. The only time they can search a person is when the subject has been convicted. We are furnishing background on the brother to the Legat, London, in order that this can be disseminated to the British authorities in order that they might take proper precautions in the event he is allowed to visit the subject. We have already alerted the British authorities, of course, to his ability to escape and the need to exercise the greatest use of security measures which apparently they have done so far.

Director, FBI

ASSASSINATION OF MARTIN LUTHER KING, JR.

The following additional pertinent information is being furnished relative to captioned case. The material set forth herein is based on preliminary information and complete details will be incorporated in reports of results of investigation.

There have been reports in the press indicating that subject's brother, John Larry Ray, is planning to travel to England to visit James Earl Ray. Press accounts have indicated he intended to apply for a passport on June 17, 1968.

Prior investigation has indicated John Larry Ray visited James Earl Ray while the subject was in prison, on at least nine occasions, the last of which was April 22, 1967, the day before the subject escaped from the Missouri State Penitentiary in Jefferson City, Missouri. John Larry Ray sent his brother money while in prison. He denies any knowledge of James Earl Ray's escape or knowledge of his whereabouts following his escape. By way of background on John Larry Ray, records of our Identification Division on John Larry Ray, FBI number 368 725 A, indicate he received a sentence of two to five years for second degree burglary on January 24, 1950, and served time in the Indiana State Reformatory, Pendleton, Indiana. He also served time in the Illinois State Penitentiary at Menard, Illinois, for larceny of a motor vehicle being received there on June 2, 1953, and later discharged on February 1, 1960.

REC-19 44-38864-4503

The above information is being made available to appropriate British authorities in the event John Larry Ray attempts to visit the subject.

19 JUN 18 1968

Carol Pepper, the sister of John Larry Ray and the subject, has advised that John Larry Ray does not have funds to make the trip, that she does not intend to furnish him funds and she doubts if he will make the trip to London.

Mr. Stephen J. Pollak

[redacted] Deputy Director, Passport Office, U. S. Department of State, advised that about 5:00 p. m. on June 14, 1968, the Passport Office in Washington, D. C., had been contacted by one Mr. Arthur Hanes, Sr., from Birmingham, Alabama. Mr. Hanes advised the Passport Office that he was an attorney and was going to London to represent Ray and wanted a passport for himself and his son whom he also described as an attorney. [redacted] advised that he instructed his duty officer to inform Mr. Hanes that the Passport Office in New York would handle his request for a passport on Monday, June 17, 1968, since the Passport Office does not consent to issuing a passport to anyone on Sunday.

[redacted] advised that Mr. Hanes, Sr. had stated his name as Mr. Arthur Hanes, Sr., that he was born October 19, 1916, in Alabama and that he is an attorney in Birmingham, Alabama. Mr. Hanes, Sr. said his son is Arthur Hanes, Jr., born April 18, 1942, in Texas, also an attorney in Birmingham, Alabama. According to the information furnished by the Passport Office, Mr. Hanes, Sr. was reportedly contacted by an unidentified British attorney on June 14, 1968, relative to representing James Earl Ray. Mr. Hanes, Sr. then reportedly claimed he had contacted "a Mr. Pollak" in the U. S. Department of Justice.

For your information, Arthur Jackson Hanes, Jr., born October 19, 1916, at Birmingham, Alabama, represented defendants in the case involving the murder on March 25, 1965, of Viola Liuzzo, the woman from Michigan, who was in Alabama in connection with civil rights activities.

SUBJECT: MURKIN

This is the investigation into the assassination of Martin Luther King, Jr.

The "London Times" of 6/10/68, had a headline as follows: "U. S. Department Chief Interviewed King Case Man" and in the article it is reported that during press conference Vinson said he had seen Ray. It is noted in British usage the verb "to see" means to talk to. The "London Sun" of 6/10/68, has an article stating that Ray was removed from his cell and taken to an interview room where Vinson talked to him. It has been determined that Ray was not removed from his cell and Vinson did not talk to Ray but did see him momentarily through a slot in the cell door.

"London Daily Telegraph" of 6/10/68, contains an article by Ian Colvin which states Sneyd (Ray) telephoned several times, first calling on 6/4/68. Colvin had previously written about mercenary soldiers in Africa and Sneyd sought information as to how he could join his brother, a mercenary in Angola. Sneyd wanted to contact a British mercenary officer and Colvin offered to ask a major to call Sneyd who sounded overwrought and incoherent. The major declined to call Sneyd and when Sneyd later called the reporter on 6/6/68, Colvin gave him unspecified Brussels address through which he might contact Angola mercenaries. Scotland Yard is attempting to interview Colvin for full details and to determine the Brussels address reportedly furnished to Sneyd by Colvin.

Investigation has established that subject departed from London for Lisbon, Portugal, on 5/7/68. He remained in Lisbon for ten days and on 5/17/68, returned to London from Lisbon. Scotland Yard has an entire team of men working to establish subject's whereabouts during the period 5/17 to 6/8/68, the date of his arrest.

But FBI agents worked on, while the nation was torn by rioting and recrimination. They made thousands of interviews, tracked down thousands of tips across the continent and in Mexico and Canada. They built up a massive dossier on this man who had once allegedly told a fellow prisoner he would be willing to kill for $1 million.

The FBI agents' work is not done. If there was a conspiracy, there are conspirators to be arrested, more evidence to be dug up. Ray will have to be given maximum protection.

Past experience would indicate that the FBI is up to the task.

MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Special Agent [redacted] telephonically contacted the Bureau from London, England, on June 12, 1968, and furnished the following information.

Ray was in Lisbon, Portugal, May 8 - 17, 1968, where he stayed at the Hotel Portugal. He retired late and slept late. He tried to bring girls back to the hotel and when he was not permitted to take girls to his room, he left with them and did not return until the next day.

Employees and customers of various Lisbon bars identified Ray as a casual customer who had occasionally been in alone for one or two drinks and perhaps tried to talk to the girls. One prostitute was located who spent one night with Ray, but she speaks no English and he speaks no Portuguese; consequently, she had no pertinent information.

An extensive canvass of bars, tourist centers and prostitutes in Lisbon failed to develop any other pertinent information.

Ray is unknown at the Rhodesian Embassy and Biafra Information Office in Lisbon. Ray is presently being held in Wandsworth Prison under unprecendented security provisions. Two officers are with him at all times, and he has a private exercise yard. Each time he goes to the exercise yard, his cell is searched and all bedding is removed and replaced. Upon returning to his cell, Ray is stripped, searched and all of his clothing is changed. Prior to his hearing on June 10, 1968, Ray had been held in Brixton Prison which handles prisoners awaiting trial and is not as secure as Wandsworth. Ray was removed from Brixton to Wandsworth by heavily guarded convoy, June 11, 1968.

Memo McGowan to Rosen
RE: MURKIN

Ray returned to London on May 17, 1968, as established by airline records and official records of the Portuguese and British governments. Scotland Yard is continuing extensive investigation to develop his activities in London but has not yet been able to determine his whereabouts prior to May 28, 1968, when he took a room at the New Earls Court Hotel. On June 5, 1968, he moved to the Pax Hotel where he stayed until the date of his arrest. The receptionist at the New Earls Court Hotel stated Ray was very shy and she tried to help him by explaining British currency and engaging him in general conversation. She was willing to establish a close relationship with him but he did not seem receptive. While at the hotel, Ray made two telephone calls to the London "Daily Telegraph". Ray mentioned to her that he had read in the "Telegraph" about a Captain or Major who was deported from Togoland and he seemed extremely anxious to learn this man's address but was so incoherent no one was able to help him.

[redacted] Pax Hotel, advised the subject never signed the register but this is not unusual with her hotel. He received two telephone messages from British European Airlines. He also had two telephone calls which he did not receive, one from an American woman who left no name or message and one from a man who left no name or message. He also received a white postcard, which [redacted] cannot describe.

Among Ray's effects at the time of his arrest was a four-page memorandum or article setting out a detailed description of the theory and specifications of silencers for firearms.

Shortly after his arrest, Ray was asked why he was carrying a gun. He replied that he was going to Brussels and then when asked why he would need a gun in Brussels, he replied he was really trying to get to Rhodesia and that things are pretty bad down there.

ASSASSINATION OF MARTIN LUTHER KING, JR.

The following additional pertinent information is being furnished relative to captioned case. The information set forth herein is based on preliminary communications and complete details will be incorporated in reports of results of investigation.

[redacted] Director of Prison Security, Wandsworth Prison where Ray is presently confined, on June 13, 1968, briefed Assistant Attorney General Fred M. Vinson, Jr., on all security arrangements relating to Ray. [redacted] went over in detail that the subject is in the "condemned cell" (death row), and that two prison wardens are with him on a 24-hour basis. Ray is never left alone, all toilet facilities are in the same cell, he is examined at different times in the prison yard where there are no outside buildings from which outsiders can look into the yard, he is under escort while exercising and the food comes from the prison mess but no one knows which portion will go to Ray.

[redacted] requested that if available, he be furnished certain prison background information relating to Ray. Some of these items include the medical history of the subject, details of his escape from the Missouri State Penitentiary, details of any other escapes or attempted escapes, any record of violence against prison staff. Any other available information that may be of value to prison authorities such as Ray's reported familiarity with drug traffic and practices in prison is also desired. We will furnish [redacted] available information along the lines of his request.

REC-19 44-38861-4515

We have been advised that all information furnished by [redacted] is considered by the British Home Secretary to have been furnished with the understanding that it should not be disseminated in any fashion which would put the information in the realm of public knowledge.

NOTE: See Rosen to DeLoach memorandum dated June 14, 1968, entitled "MURKIN."

Mr. Stephen J. Pollak

An individual identifying himself as a "Mr. Adam" of "Newsweek" contacted the American Embassy in London and stated he had been requested by the American Civil Liberties Union of New York to obtain the name of Ray's lawyer. He was advised that it was not the prerogative of the Embassy to release this information and he was referred to the New Scotland Yard Press Bureau. "Mr. Adam" is not known to the American Embassy as a member of the "Newsweek" staff in London. Ray is being represented by Mr. Eugene of Michael Dresden and Company, 32 Tavistock Street, London, W. C. 2. This same firm is representing Ray in the British Government's case against Ray on the fraudulent passport and gun carrying charges as well as in the extradition matter. The extradition papers have been sent from the British Home Office to the magistrate at Bow Street Court. The same magistrate is hearing both the British Government's case against Ray and the extradition matter. Indications are that the extradition hearing will still take place on June 21, 1968.

New Scotland Yard has advised that [redacted] born June 1, 1939, at Detroit, Michigan, having United States passport number [redacted] residing at 4 Tilney Street, London, W. 1, has contacted the court appointed attorney for Ray stating that he, [redacted] has an academic interest in the case as Ray is a United States citizen in custody in London. New Scotland Yard has reported that [redacted] appears to be affiliated on a fee basis in other matters with some United States law firms in London. He registered as a lawyer late in 1967, at the American Embassy in London stating he is a member of the California Bar specializing in motion picture contract work. He last entered England on May 9, 1968, but has been in and out of England prior to that date. At the request of New Scotland Yard, we are conducting appropriate record checks on [redacted] You will be advised of any pertinent information developed as a result of these checks.

At the request of the FBI, [redacted] Metropolitan Toronto Police Department, Toronto, Canada, caused a check to be made of all unsolved major occurrences at Toronto from April 24, 1967, to July 18, 1967, covering the period from Ray's escape from prison to his approximate prior residence in Canada, but could locate none where the subject could be considered a logical suspect. A similiar check of such major occurrences in Toronto for the period of April 8, 1968, to May 6, 1968, has previously been made with negative results.

Mr. Stephen J. Pollak

Deputy Chief of Police, [redacted], Metropolitan Toronto Police Department, has now advised that he is informing local press that the "mysterious fat man" has been located, interviewed and eliminated and that he was not significant in the investigation. [redacted] is not releasing any information concerning the identity of the "mysterious fat man." Other avenues of investigation are still being explored in the Toronto as well as other foreign and domestic areas.

Our New York Office has received an anonymous letter concerning an alleged plan to take the subject Ray from authorities upon his arrival in the United States. This letter bears the postmark "June 11, 1968, P.M. New York, NY" and was dated June 10, 1968. The letter reads as follows:

"Federal Bureau of Investigation

"Gentlemen:

"I believe it to be of interest to you to know of a plan afoot to take Ray from the authorities upon arrival in the U.S. The people involved have expressed themselves as being undaunted if he is surrounded by the 100 Federal Marshals or FBI personnel. They anticipate a large protective force but will not be stopped and expect to lose several in the attempt but these will be martyrs. They have anticipated his surprise return and have placed watchers at every conceivable airport including Air Force landing areas. Because of such reprisals I must abstain from signing this note to you. I am deeply concerned and hope that no one is hurt."

The letter is written in legible longhand probably with a ball point pen on regular plain yellow tablet paper and is unsigned. Neither the letter nor the envelope in which it was mailed contains a return address. This letter is being forwarded for processing and appropriate action will be taken on anything of pertinence developed, by the FBI Laboratory and Identification Division.

FROM : C. D. DE LOACH

cc : MURKIN

Legal Attache (Legat) Minnich, London, called me at 5:30 a. m., Sunday morning, June 9, 1968.

Minnich told me that U. S. Ambassador Bruce had received a lengthy telegram signed by Governor Buford Ellington of Tennessee. Governor Ellington's telegram inquired if Ray had been identified through the medium of fingerprints. The telegram also requested the identity of the arresting officers as well as the officers who would escort Ray back to the United States in the event extradition proceedings were successful. In this connection, Minnich stated that he would like to obtain authority to name himself, Special Agents [redacted] I told Minnich that this was in accordance with the Director's instructions and that he should feel free to do this if requested.

Minnich told me that it might be possible to obtain a restraining kit (leg irons and handcuffs) from Scotland Yard for usage when subject Ray was brought back to the United States. I told him to check into this but to let me know if one was available.

I also instructed Minnich to be sure and tell Assistant Attorney General Vinson regarding the receipt of the telegram from Governor Ellington by Ambassador Bruce.

Minnich called me again at 11:00 a. m., Sunday, June 9, 1968, and stated that he had just returned from being with Vinson. He did not meet Vinson at the airport inasmuch as he was extremely tied up on matters affecting this case. The Ambassador's office called for Minnich and asked him to meet with the Ambassador, the two U. S. Ministers, and with Vinson in the Ambassador's office.

Minnich stated that the conference dealt with security matters affecting subject Ray and that Vinson had stressed that he wanted to see to it that subject did not escape, commit suicide, or be the subject of assassination. Vinson also told the conference that he was there to look into matters of deportation and extradition. He claimed that he had a team of experts in Washington who, at the time, were considering deportation but that the thinking seemed to be that deportation might prejudice the trial.

COPY MADE FOR MR. TOLSON

Vinson also was quoted as saying that transportation by military aircraft might prejudice the trial, furthermore, that usage of restraining devices might prejudice the trial of subject.

Ambassador Bruce made arrangements for Vinson to meet with Chief Superintendent Thomas Butler of the Home Secretary's office. Vinson asked Legat Minnich to accompany him to meet with Chief Superintendent Butler. In answer to questions from Vinson, Superintendent Butler told Vinson the same facts that had previously appeared in the press release made by FBI Headquarters. Vinson requested permission to see the cell in which subject Ray was being held. He made approximately a 5-minute inspection of the cell and told Butler and Minnich that he was satisfied that subject could not escape. Vinson then asked Superintendent Butler if subject Ray was vulnerable to assassination while en route to the Magistrate's Court hearing at 10:30 a.m., Monday, 6/10/68. Superintendent Butler told him that the only way this could be accomplished would be from a high powered rifle being shot into the prison moving van.

Minnich stated that Vinson made no suggestions or recommendations whatsoever. Superintendent Butler made arrangements for Vinson to attend Magistrate Court on 6/10/68. Minnich summed up the interview with Superintendent Butler by stating that Vinson went through a ridiculous procedure of asking useless questions. He stated that Superintendent Butler was not impressed in the least and refused to make any answers whatsoever regarding the investigation being conducted by Scotland Yard.

Vinson told Minnich that he would make a report to the Attorney General (AG) early that Sunday afternoon. He claimed that he would spend Monday conferring with English and Home Secretary officials. Minnich described Vinson's attitude as cool and informal. He did not inquire as to whether our people had been spending the night at Cannon Row Jail where subject Ray is being detained. Minnich deliberately told Vinson that he was somewhat "sleepy" as a result of working long hours.

Minnich advised that [redacted] had arrived in London from Lisbon. He stated that [redacted] had arrived at Lakenheath Airport and were en route to the American Embassy at that time.

At approximately 11:50 a.m., Sunday, 6/9/68, I received a call from AAG Pollock of the Civil Rights Division of the Department. Pollock asked me if the State of Tennessee had officially informed the FBI relative to

the indictment of subject Ray. I told him I did not know the answer to this question but would be glad to check. He indicated that this would not be necessary inasmuch as he could find out from other sources. Pollock informed me that it would probably be necessary to have the Laboratory men, who examined the official evidence in this case, prepare affidavits certifying their examinations and findings. I asked Pollock if it would not be sufficient merely for the Laboratory Examiners to notarize the Laboratory reports which had previously been sent to the state and which had been included in the FBI investigative reports. He stated he thought this might be sufficient, however, he would have to check and see.

Pollock asked me if I was certain that the Laboratory reports were included in the FBI investigative reports which had already been sent to the Department of Justice and to the U. S. Attorneys in Memphis and Birmingham. I told him I felt these reports had been included inasmuch as this was usual procedure, however, a check would have to be made concerning this point. (The General Investigative Division is checking this matter and will so inform Pollock.)

Pollock asked me for the identity of the four FBI representatives who had been designated by the Director to bring subject Ray back to the United States. I gave him the names of Legat Minnich, [redacted] SAS MARTINDALE BREISS & DOUGLAS

In talking with Pollock, I made specific reference to the conference in the AG's office on Saturday, 6/8/68. Pollock indicated that he wanted me to know that the most important facet of this case had been thoroughly resolved, that being the successful investigation of this case by the FBI. He stated he was very grateful in this regard. I told him we appreciated his common sense.

Legat Minnich called me at 7:00 a. m., Monday, 6/10/68, to bring up to date the proceedings in London. He stated that Vinson had informed him that several FBI offices were obtaining affidavits from Agents to support extradition papers. Vinson claimed that extradition would take approximately three and a half weeks or even up to five or six weeks. Vinson stated that he may not accept deportation offers even if this chance is given by the British authorities. Vinson told Minnich that deportation may not be a safe route from a legal standpoint.

CONTINUED.....OVER

Minnich stated that Vinson had been successful in obtaining a professional warrant simply for the purposes of continued detention of subject Ray in the event, by some remote chance, the Magistrate Court in London freed Ray at the hearing Monday morning, 6/10/68.

Minnich stated that Vinson had held a press conference on the steps of the American Embassy on Sunday, 6/9/68. Minnich indicated that there was considerable pressure on the part of the press for further news. He stated he had received a number of calls, particularly from one New York "Times" representative who claimed that he had close friends in the FBI. Minnich wanted to know what action he should take in handling these calls. I told him that he should make no comment whatsoever. I stated that furthermore the New York "Times" was lying if they claimed they had close friends in the FBI.

Minnich told me that Vinson has scheduled another press conference Tuesday morning, 6/11/68, at 10:00 a. m. Vinson claimed that this conference would be very brief and that he felt like he had to do this in order to "take the pressure off."

Vinson told Minnich that he may decide to charter a commercial aircraft rather than use military transportation for subject Ray to be escorted back to the United States. Vinson apparently ruled himself out of accompanying subject Ray back inasmuch as he told Minnich that he hopes to be back in the United States by Wednesday, 6/12/68.

Minnich specifically asked that FBI Headquarters send him a restraining kit in the event we are able to arrange free transportation by military aircraft. He also stated that we should keep in mind that in the event the Department decides to have subject Ray brought back to the United States by military aircraft, there definitely should be a military doctor on board. I told Minnich that both points were good ones and that we would send the restraining kit immediately. (The General Investigative Division should take care of this matter without delay.)

Minnich told me that Commissioner Lindsay of the Royal Canadian Mounted Police (RCMP) was in London and had called by the Legat's office. Lindsay was very enthusiastic about the capture of Ray. He also was very grateful for the publicity that the Director had allowed the RCMP in connection with Ray's apprehension. - Lindsay stated that this publicity will be of great assistance to the RCMP not only in subduing their enemies but in allowing for badly needed appropriations for his force.

CONTINUED.....OVER

DeLoach to Mr. Tolson
Re: MURKIN

ACTION:

(1) The General Investigative Division should see to it that a restraining kit is sent to Minnich immediately in London. The Liaison Section of the Domestic Intelligence Division should ascertain if military transportation is available for this kit. Minnich should be advised by cablegram of the approximate time of arrival so that a representative from the Legat's office can meet the plane.

(2) In the event the Department finally makes a decision concerning transportation of subject by military aircraft, the Department should be specifically advised of the desirability of having a military doctor aboard the aircraft.

Assistant Attorney General Stephen J. Pollak, Civil Rights Division, called stating he had not gotten any teletypes, cablegrams or airtels in connection with the King case other than the one which had been sent concerning the arraignment of the subject.

I advised him that investigation was going forward in Canada by the RCMP and that Scotland Yard was handling inquiries in London, that the numerous references that have appeared concerning the alleged activities of Ray during his residence in Canada and in London were being given attention by these agencies.

I advised him that information which had been developed by our representative who went to Lisbon will be furnished to him just as soon as we have received a report concerning this matter, that we have not received any information concerning the results of the investigation by the Canadian and Scotland Yard authorities in the form of reports.

It is recalled on Saturday, June 8, as reflected in Mr. DeLoach's memorandum of 6/8/68, the Attorney General turned to Pollak during the conversation in the Attorney General's Office and stated he wanted Pollak to divorce himself from other work for the next several days and that he should supervise this case completely. The Attorney General also wanted Pollak to keep advised of all communications, teletypes or cablegrams that might come in in connection with this case. Mr. DeLoach advised the Attorney General that any facts pertinent would be furnished to the Department, after which the Attorney General indicated the meeting was over.

REC- 71

We have received numerous teletypes from various offices, as well as telephonic information from the field offices and Legats. We have not furnished copies of this traffic to Mr. Pollak. This material, of course, contains administrative data and other traffic which is not ordinarily disseminated outside of the Bureau, purely intra-Bureau information containing leads and instances of evaluations of information being obtained.

The Department has been furnished with the pertinent reports in this case and since the apprehension of Ray we have been currently in touch with representatives of the Department concerning developments which have been brought to the Director's attention. We can, however, screen teletypes and furnish copies to the Department, eliminating administrative material and furnishing that information which may be pertinent.

ACTION TO BE TAKEN:

If approved, we will follow this procedure. We will issue appropriate instructions to the field that teletypes submitted in this case in the future must be prepared for appropriate dissemination.

(1) Carbon copy of memorandum from Canadian Embassy, Lisbon, to Canadian Passport Division 5/17/68 showing a new passport had been issued to RAMON GEORGE SNEYD on 5/16/68.

(2) Application for Canadian passport executed by RAMON GEORGE SNEYD showing Passport No. DJ 909322 was cancelled and Passport No. YT 602294 was issued 5/16/68.

(3) Undated affidavit by RAMON GEORGE SNEYD to the effect that he had no guarantor available in Lisbon because he was only there on vacation.

The handwriting on the passport application and the affidavit should be compared with RAY's known handwriting, and upon completion the enclosures should be returned to Legat, Paris, for forwarding to the Canadian Embassy at Lisbon.

Also enclosed are the following documents furnished to [redacted] on 6/8/68 by Senor [redacted] the Portuguese International Police:

(2) Exit card executed by RAMON GEORGE SNEYD when he departed from Lisbon enroute to London 5/17/68.

(3) Registration card for RAYMON GEORGE SNEYA at Hotel Portugal, Lisbon, dated 5/8/68.

The above items should be compared with the known handwriting of RAY, after which they should be forwarded to Legat, Paris, for return to Senor [redacted]

[redacted] was interviewed by the above agents, and explained that SNEYD appeared at the Canadian Embassy on 5/15/68 to complain that there was an error in his Canadian passport that had been issued at Ottawa on 4/24/68; and that his name was shown to be SNEYA. Arrangements were made to issue a replacement passport, which was given to the subject the following day and his old passport was cancelled and returned to him. In his conversation with SNEYD [redacted] said that he made no mention of his activities in Lisbon or of his prior travel or future plans. He was assisted in filling out the forms by Counselor Assistant [redacted]

[redacted] was vacationing at a distant point in Portugal and was telephonically interviewed by [redacted] She stated that when she assisted SNEYD in executing his passport application he said he was staying in Lisbon only one or two days and debated whether to bother to change his passport because he "did not want to spend all of his time waiting around the Embassy," A new passport was issued the day after he first came in. It is noted that the passport photograph does not identify the photographer. [redacted] stated she may have referred RAY to Photo Lusitana to have the photos taken but she could not definitely recall whether or not she had done so. RAY displayed a Canadian birth certificate in the name of RAMON GEORGE SNEYD. He needed a great deal of help in filling out the application, leading Mrs. Lopes to believe he did not have a good education. She cancelled the passport issued at Ottawa by stamping it "Cancelled" on each page and clipping one inch from each of the inside pages.

Inspector [redacted] Immigration Officer at the Lisbon Airport, advised the agents that he had checked RAMON GEORGE SNEYD out of Lisbon enroute to London on 5/17/68. He selected the photograph which RAY had used on the Ottawa passport as closely resembling SNEYD.

Senor [redacted] advised that he had caused intensive but discreet inquiries to be made at the Hotel Portugal and had determined that SNEYD had checked out of the hotel shortly before his flight was to depart for London on 5/17/68. He lived quietly and inconspicuously in the hotel, had no known associates, had no known contacts with women, and gave every appearance of being an ordinary tourist.

Senor [redacted] advised that airline records covering RAY's return to London from Lisbon are in an office which will not be open until 6/11/68, at which time he will review the records to determine the manner in which the ticket was purchased will interview the airline employee who handled the transaction, and will also interview the flight crew for any pertinent information.

Senor [redacted] agreed to locate and interview the photographer in Lisbon used by RAY for any information of value, and also agreed to check all banks for records of any accounts or safe deposit boxes obtained by the subject. After RAY's apprehension Senor [redacted] was asked, and agreed, to have more intensive and open investigation conducted at the Hotel Portugal and surrounding areas, as well as at bars and among prostitutes, to develop RAY's activities while in Lisbon.

At 11:45 a.m., 6/9/68, John Minnich, Legat, London, telephonically advised Special Agent [redacted] that Assistant Attorney General Fred M. Vinson, Jr., held an extemporaneous press conference on the steps of the United States Embassy in London. The conference was covered by television and news representatives. Vinson reiterated that he was in London to check security arrangements concerning James Earl Ray and to make sure that such were maximum. He further stated that he was also there to expedite extradition of Ray. He praised New Scotland Yard's handling of the case. Although it was not known whether Vinson was asked whether he had seen Ray, Vinson had agreed with the press officer at the Embassy to say, if he was asked, he saw Ray in his cell but did not speak to him. The above conference was held at 4:40 p.m. London time, 11:40 a.m. our time on 6/9/68. The above information was furnished immediately upon receipt to the Supervisor on duty in the General Investigative Division for appropriate handling.

At 12:03 p.m. John Minnich, Legat, London, telephonically advised that he had been in contact with one of his press sources who told him Assistant Attorney General Vinson had advised at the above press conference that he would not discuss what tactics would be used to return Ray to the United States. Vinson paid tribute to New Scotland Yard and the FBI. He said he had seen Chief Superintendent Butler at New Scotland Yard and had seen Ray but he had not talked to him. Vinson did not know if he, Vinson, would attend court 6/10/68. Vinson was asked if he was going to return to the United States on the same plane as the subject. Vinson's reply was that it was doubtful. He said he would have further talks with New Scotland Yard

The Ray Apprehension

E LONDON ARREST of James Earl ime last weekend as the culmination aps the most prodigious manhunt in tion's recent history.

w begins the painstaking business of ing Ray to the jurisdiction in which ssassination of Dr. Martin Luther Jr. occurred.

st as there was widespread impa- with the long and complex procedure gh which the prime suspect was ed down, so will there now be wide- d impatience with the equally complex dures through which he will be re- d to stand trial in Memphis.

irst of all, Ray must face charges of ing Britain on a false passport and a concealed weapon. And the offense hich the Federal Bureau of Investiga- entered the case—the denial of Dr. 's civil rights—is not one on which he xtraditable. Ray, of course, is also ed for the completion of a prison term issouri.

Even when all of the legal knots are unraveled and the case against Ray presented, there will be dozens of questions to which the nation and the world will want answers.

Was the assassination of Dr. King the handiwork of one man—Ray or someone else? Or did it involve an elaborate conspiracy in which the actual assassin was only a part? And where did Ray obtain the $12,000 he is alleged to have spent during the months preceding Dr. King's assassination?

As the legal steps unfold, as authorities seek answers to these and related questions, it is an important matter that Ray be accorded his full measure of constitutional rights, lest a technical error contribute to an ultimate denial of justice.

The arrest of the prime suspect comes as an immense relief to those who had begun to fear that the King assassination might go unpunished. Its accomplishment is a tribute to the FBI and to the other agencies whose assistance it enlisted.

Re Los Angeles airtel to Bureau, 5/27/68.

Referenced airtel suggested that the Mobile Office consider interviewing former Sheriff [redacted] for any information he might have concerning the assassination of KING. This lead was based upon a letter from [redacted] Lomax Poll and Tribune, Los Angeles, Calif., to [redacted] of the Los Angeles Office. In this letter, [redacted] points out that former Sheriff [redacted] of Macon County, Ala., is a supporter of former Governor GEORGE WALLACE of Ala. [redacted] expressed the opinion that the KING assassination was plotted by the WALLACE forces "to provoke Negroes to riot to further WALLACE's political ambitions."

For the information of the Bureau and Los Angeles, former Sheriff [redacted] of Macon County, Tuskegee, Ala., during his term of office, was cooperative and forthright with the Mobile Office of the FBI. On more than one occasion, he was instrumental in averting violent confrontations between Negro marchers seeking to integrate white churches and opposing groups of white persons. At no time was he known to display a hostile attitude toward Negro citizens of that community.

On the other hand, [redacted] while residing in Tuskegee, Ala., acquired a reputation as a fanatic. [redacted] Tuskegee Tribune made many irresponsible charges against leading citizens of the community, both Negro and white, particularly against those seeking to bring about racial harmony through bi-racial groups. [redacted] paper supported the militant actions of Student Non-violent Coordinating Committee (SNCC), which then was gaining a foothold at Tuskegee Institute.

In the letter accompanying the referenced airtel, [redacted] characterizes [redacted] expressions as "scuttlebutt." Upon review, [redacted] letter does not appear to make any accusation that ex-sheriff [redacted] was connected with the slaying of Dr. KING; rather it is speculated that the WALLACE forces might be responsible for the slaying because they profitted therefrom. [redacted] is associated with this alleged "plot" only in that he has been a WALLACE supporter in the past.

There does not appear to be any more basis for interview of former Sheriff [redacted] than for interview of GEORGE WALLACE or other WALLACE supporters. UACB no interview of [redacted] will be conducted.

This is the case involving the murder of Martin Luther King, Jr.

Reference is made to Mr. DeLoach's memorandum to Mr. Tolson dated June 10, 1968, in which Assistant Attorney General Stephen J. Pollak made inquiry concerning whether Laboratory reports were included in FBI investigative reports which had already been sent to the Department of Justice in the United States Attorney's Office in Memphis and Birmingham. Mr. DeLoach told him he felt these reports were included as this was the usual procedure; however, a check would be made concerning this point. This was in conversation with Mr. Pollak on June 9, 1968.

Mr. Nathan Lewin, of Mr. Pollak's Office, was advised June 9, 1968, that his department was sent eight reports and the identity of these reports was verified. He was also advised that the Laboratory findings based upon evidence left near the scene of the crime were included in the reports of Memphis authorities in his possession.. Mr. Lewin was also advised that copies of the report were furnished the United States Attorney in Birmingham in view of the fact Federal process was obtained from Birmingham. He was specifically advised that reports were not furnished the United States Attorney in Memphis as process was not obtained there.

According to recent accounts by newspapers regarding the activities of the subject during his stay in Toronto, Canada, the names of Eric St. V. Galt, Paul Bridgeman and Ramon George Sneyd have appeared. It is possible that a common denominator exists as to the reason subject Ray has assumed each of these names while in Toronto. It is also possible that subject was in Toronto after his escape on April 23, 1967, up to the middle of July, 1967, at which time he appeared in Montreal, Canada.

Legat Ottawa will consider requesting the Royal Canadian Mounted Police to conduct background investigations of the three individuals heretofore named considering that the three individuals may have, in one particular spot at a certain time, all did business at one particular bank or any item that would put the three of them in one location. Legat Ottawa, in the request, should consider if Galt had a checking account and examine the same to determine when he did, in fact, discontinue signing his name as Eric St. V. Galt.

This is the case involving the murder of Martin Luther King, Jr.

JOHN WASHINGTON CAMPBELL [redacted] of the Buffalo Office has telephonically furnished the following information:

ROBERT JOHNSTONE [redacted], a reporter for the "Toronto Star" a daily Toronto, Canada, newspaper, contacted the Buffalo Office this afternoon (June 14, 1968) and requested detailed background information concerning [redacted] the former Minutemen official currently being sought as a Bureau fugitive for bank robbery (conspiracy). No information was furnished to [redacted] JOHNSTONE

During the contact, JOHNSTONE [redacted] stated he is about to break a story tying James Earl Ray in with the Minutemen. He stated that through inquiry he has established that an unnamed Minuteman, whom he declined to identify, has resided in the same block in Montreal as Ray did during the time of the world's fair, Expo 67. Allegedly this unnamed Minuteman was in contact with Ray during this period.

JOHNSTONE [redacted] added that the unnamed Minuteman was represented by an attorney who sometimes allowed him to answer [redacted] but on other occasions advised him against doing so. JOHNSTONE

According to JOHNSTONE [redacted] the unidentified Minuteman has now left Canada and is back in the United States.

ROBERT CAMPBELL [redacted] advised that JOHNSTONE [redacted] is the son of a former Toronto Police officer but that the indices of the Buffalo Office contain no information identifiable with him.

RE: MURKIN

It should be noted that our investigation established that Ray resided at 2589 Notre Dame Rue, Montreal, Canada, from July 18 through approximately August 25, 1967. At that time he falsely claimed that he was employed at Expo 67.

In connection with the foregoing, Inspector [redacted] Royal Canadian Mounted Police (RCMP) telephonically advised today (June 14, 1968) he had received a call from [redacted] Washington correspondent of the newspaper "Toronto Mail Star." [redacted] mentioned that he was trying to obtain information relative to one [redacted] claimed [redacted] had been in New Orleans and associated with Ray in New Orleans, as well as with Ray in Canada, place in Canada not indicated. He likewise alleged [redacted] impersonated a Secret Service Agent in New Orleans and was supposed to be doubling as an agent in Klan activities. Bureau files were checked relative to [redacted] and there is nothing based on the information available identifiable with him.

Inspector [redacted] advised [redacted] has written several exposes wherein he has been critical of authorities including the story concerning [redacted] the German girl who was associating with a member of the Canadian cabinet a few years ago. He also wrote an expose concerning a Bureau fugitive, [redacted] who was located in Canada and his whereabouts was known to both the RCMP and the FBI, but an arrest could not be made pending necessary legal ramifications. This case could not be readily identified in Bureau files without additional research. [redacted] article indicated it requested a newspaper man to locate [redacted]

Inspector [redacted] advised his office in Canada has no knowledge of any association of [redacted] and Ray while Ray was in Canada.

ACTION:

Pertinent information set forth above as furnished by [redacted] was furnished by the Buffalo Office to the RCMP at Toronto which is checking the matter out.

CONTINUED - OVER

Bureau files are being checked in an effort to identify the unnamed Minuteman referred to by [redacted] Legal, Ottawa has been advised of information furnished by [redacted] and instructed to follow the matter closely with the RCMP.

New Orleans is being instructed to conduct appropriate inquiry concerning [redacted] possible association with Ray.

London, June 14—The lawyers for James Earl Ray in any extradition fight could nceivably claim that the slaying of American civil rights leader Martin Luther King . was "political."

Speculation about such a pos-ility grew today when the pected British magazine The onomist commented that "the e is likely to spotlight the nplexities of British extradi-n law, long overdue for revi-n."

A hearing of the United States' plication for Ray's return may held in Bow St. police court t week.

The magazine said it rad sot s the intention of Parliament exclude political assasination m the extradition act when was passed in 1870, but that lawmakers "failed to use nguage restricting the scope the concept in this way."

"All Sorts of Problems"

The Economist's legal corre-ndent said today that despite order by Home Secretary es Callaghan yesterday au-rizing extradition proceedings ainst Ray, the Missouri peni-tiary escapee accused of the ril 4 assassination of King in mphis, Tenn., "all sorts of nplicated problems could still actively arise."

The magazine noted that "if actual facts are that the man ncerned is merely suspected of e crime there is no machinery der the extradition act for his rrender. If evidence of the an's guilt could only be pro-ced after the American author-ies have interrogated him then request for his surrender would il.

"Utmost Vagueness"

" In any event, the act permits e person sought to argue that e offense with which he is arged is an offense of a polit-al character, a concept of the most vagueness."

If Ray waived extradition he uld be returned to the U.S. ithin a week. But if his court-ppointed British attorney uses l the delaying procedures avail-le under British law Ray could

Solicitor Michael Eugene, named by Metropolitan Chief Magistrate Frank Milton to represent Ray, told THE NEWS he expected a hearing on the extradition order to be held at Bow St. on Thuesday, at the same time that a hearing is scheduled on British charges of possessing an unregistered firearm and a false Canadian passport.

The American Reaction

American officials said they would be pleased by such a speedy hearing, but they had expected the British charges to be heard as scheduled on Tuesday and the request for tradition to come up late in the week, or possibly not until the following week.

Solicitor Eugene declined to say whether he would fight extradition.

Ray, in Wandsworth Prison, was reported to be talking freely about his activities in Britain in the three weeks before his arrest last Saturday.

But Scotland Yard detectives pointedly refrained from questioning him about King's murder to avoid complicating the case against him in the United States. American FBI agents have refrained for the same reason from asking permission to question him.

Ray Extradition Faces Hurdles

LONDON UPI—Efforts to return James Earl Ray to the United States for trial in the slaying of Dr. Martin Luther King Jr. may run into a sea of delay and difficulty because of Britain's complex extradition laws, legal sources said today.

The language of the 1870 law is vague on the subject of political assassination, the sources said, and it will require U.S. authorities to present strong evidence that Ray is responsible for the civil rights leader's death.

The legal sources said framers of Britain's extradition laws sought to exclude political assassination from offenses of a "political character"—and therefore not subject to extradition—but the language used was vague.

They also said that if U.S. authorities are permitted to question Ray in his prison cell prior to the extradition hearing it could jeopardize their case.

They must go before the court with prima facie evidence of his guilt—not just suspicion—before he can be sent to America, the sources said.

Lawyers from both nations planned to meet Monday to set a date for the hearings on America's extradition request.

Canadian Passports AH

The saga of James Earl Ray, as told by United States authorities, has brought to the attention of the general public what has apparently been well known to every crook and spook worthy of the name. Canada, it seems, is the place to go if you're anxious to establish a new identity and to get the credentials necessary for a quick international getaway.

Ray, so the official account goes, left the United States shortly after the assassination of Martin Luther King and headed north of the border. In no time at all, he had the documents in hand to prove that he was Ramon George Sneyd of Toronto and a passport identifying him to the world as a Canadian citizen.

The exact procedure to be followed in establishing this instant citizenship may well have been learned by Ray during his term in prison. In any event, it was, it seems, common knowledge in criminal and spy circles that Canada's passports are easy to come by. They have, according to some accounts, become the diplomatic equivalent of Panamanian ship registry among those who, for one reason or another, are not anxious to bother with a lot of bureaucratic questions and answers.

Canada has, in the wake of the Ray case, ordered a study of means by which the illegal traffic in passports can be curbed. Perhaps a system of regional passport offices, similar to that in the United States, will replace the present mail order setup whereby all passports are issued from Ottawa, with no requirements for an applicant's appearance before any official. Surely some new method must be devised — and promptly — that will honor Canada's dedication to individual liberty, and at the same time stem the flow of undesirables to and from the North American continent.

The Ray Case: 3 Key Questions Remain Unanswered

~~[illegible]~~ TALBURT 110
Scripps-Howard Staff Writer

Despite the flood of disclosures about James Earl Ray since he was captured in London, three questions remained unanswered today.

Where did Ray, suspected assassin of the Rev. Dr. Martin Luther King Jr., get the estimated $12,000 he spent in the last nine months?

Investigators suggest he may have been one of the still-unidentified masked men who robbed a bank of $27,000 in Ray's hometown, Alton, Ill., soon after Ray escaped from the Missouri State Penitentiary on April 23, 1967.)

How did Ray manage to get from Atlanta, where he was seen April 5 — the day after Dr. King was slain in Memphis — to Toronto where he rented a room April 8?

A report he was seen entering Canada by auto at Ft. Erie, Ont., has been dismissed by authorities as "poppycock." It's more likely he flew from Atlanta to Toronto, tho this never has been officially confirmed.)

How did Ray know the names and other particulars about three — possibly four — Toronto residents whose names he used as aliases?

Investigators say Ray could have obtained this information from the Vital Statistics Bureau in Toronto. The FBI says Ray previously visited Canada in the summer of 1967 and took a six-week course in locksmithing in Montreal. Whether he also visited Toronto a year ago has not been disclosed.)

U.S. authorities still doubt Dr. King's death was the product of a conspiracy, tho they won't rule it out until they have what they consider rock-hard proof.

Here, chronologically, is what is known publicly of the trail left by Ray:

April 4 — Minutes after Dr. King is shot, police in Tennessee and surrounding states launch a search for a white Mustang in which it's believed the killer escaped Memphis.

April 5 — At dawn in Atlanta, Ray abandons a white Mustang registered to him. He takes two taxi rides covering an area of only a few blocks near downtown Atlanta's Peachtree Street. Then he vanishes.

April 8 — Ray rents a room in a shabby $8-a-week rooming house in Toronto and stays there until April 19. He uses the alias, Ramon George Sneyd. Later, while applying for a passport to go to Europe, Ray even uses the birth date and parents' names of Raymond George Sneyd, a Toronto constable, who bears a striking resemblance to Ray. Mr. Sneyd tells police he never heard of Ray before.

BRIDGEMAN

While getting a passport picture taken, Ray identifies himself at a Toronto photo shop as Paul Bridgeman. The real Paul Bridgeman is a consultant to the Toronto Board of Education. He also says he never heard of Ray before.

April 11 — FBI agents in Atlanta find Ray's abandoned white Mustang on a housing development parking lot.

April 15 — Agents search an Atlanta rooming house where Ray had stayed before going to Memphis. At the rooming house he was known as Eric Starvo Galt. It later develops that an Eric St. Vincent Galt, who also resembles Ray, lives in northeast Toronto near Mr. Sneyd and Mr. Bridgeman.

(It's also suspected that still another alias used by Ray when he checked into the Memphis rooming house from which the fatal shot was fired, was the name of yet another Toronto resident — John Willard.)

GALT

April 17 — The FBI identifies Dr. King's suspected assassin as Eric Starvo Galt. Two days later, on the basis of a thumbprint found in the Atlanta rooming house and other evidence, Galt is identified as Ray.

May 6 — Ray leaves Toronto and flies to London aboard a British Overseas Airways Corp. jet. Altho he has purchased a round-trip ticket, he cashes in the return portion in London.

May 7 — Ray flies to Lisbon and, using the name Sneyd, checks into a third-class hotel where he stays until May 17 when he flies back to London.

The dates from May 17 to May 28 constitute a still-questionable piece of the puzzle. Officials say Ray probably was in London this entire period, but conceivably could have returned to Lisbon. A London rooming-house operator says Ray rented a room from her for three nights during this period, but her statement is unconfirmed.

PIMLICO DISTRICT

May 28 — Ray turns up at the New Earl's Court hotel in London's West End. Several days later he moves to the Pax hotel in London's run-down Pimlico district.

June 8 — Ray checks out of the Pax and goes to London's Heathrow Airport to board a flight to Brussels. When arrested at the airport his possessions include fraudulent passports he obtained in Canada and Portugal, a loaded pistol and 70 pounds ($168).

With Ray under arrest, attention focuses on proceedings in London to have him returned to the U. S. to face a murder charge in the King slaying.

Canadian police, seeking a "fat man" seen giving ray an envelope the day before he went to a Toronto travel agency to buy the round-trip ticket to London, discover this part of their investigation is a dead end.

The unidentified man, who went to police after reading of the search for him, had found a letter Ray had written seeking a job in Toronto. Ray apparently had dropped it in a phone booth. The man simply had been a good samaritan, Canadian police say, and returned it to Ray at his rooming house.

Re telephone call from Section Chief C. L. McGOWAN [redacted] May 24, 1968, and telephone call from No. 1 Man, [redacted] May 29, 1968.

The above telephone calls were received in the Springfield Office in the late afternoon.

Upon receiving instructions from Mr. McGOWAN [redacted] on May 24, 1968, with regard to the possible connection between the MURKIN subject JAMES EARL RAY and the possibility of his involvement in the Bank of Alton robbery of July 13, 1967, I immediately contacted [redacted] of the Alton Resident Agency. I furnished the information to [redacted] and emphasized the importance of the investigation.

[redacted] had previously been in contact with [redacted] of the St. Louis Office at which time he learned that the reliability of [redacted] was not known. For this reason and the fact that the Alton Bank was closed at the time I spoke with [redacted] and was not open for business until Monday, May 27, 1968, [redacted] displayed the clothing bearing laundry marks and also the shotgun to the Bank of Alton witnesses on Monday, May 27, 1968.

possible in submitting the evidence for comparison insofar as at least a tentative identification by the witnesses concerned. At the same time [redacted] displayed photographs of RAY and his known associates in an additional effort to determine if any of the pertinent witnesses might identify RAY or his known associates.

I had instructed [redacted] that as soon as the pertinent investigation was completed that he was to proceed to the headquarters city with the evidence so that the evidence could be submitted to the FBI Laboratory as [redacted] had instructed. Mr. McEOWEN

[redacted] arrived in the Springfield Office on Tuesday morning at which time he reviewed portions of the file and then prepared item Q3, a Van Heusen shirt, item Q6, a man's brown trousers, and slides of hair samples prepared by the Laboratory of hair recovered from previously submitted evidence. An airtel was prepared dated May 28, 1968, advising the Bureau that under separate cover, registered mail, these items of evidence were being submitted to the Laboratory for a determination of any similarities or identification between the two cases. In the same airtel the Memphis Division was requested to submit items of clothing bearing laundry marks and hair samples recovered in the MURKIN investigation for comparison with the above items.

We are continuing the investigation to develop additional information concerning that furnished by [redacted]

The Springfield Office has been very conscientious in its effort to develop information in the MURKIN case, particularly since JAMES EARL RAY was reportedly born in this area. Because of this we have felt that the answer to RAY's whereabouts may be developed in our division. This investigation's importance has been continuously emphasized in this division.

JUN 14 1968

Dear Sir:

I wish to offer my congratulations for a job well done upon the arrest of the suspected murderer of Dr. Martin Luther King. I can well imagine the number of man hours spent on this assignment by Special Agents nationwide, but I am particularly aware of the esteem and high regard held for Mr. John Minnich and his staff in London by members of Scotland Yard. This well deserved regard certainly played a part in the excellent cooperation received from Scotland Yard.

The arrest of this suspect in London has proven the troubles our country is suffering know no national boundaries, but more important the close cooperative effort of law enforcement agencies in at least three separate nations has shown that men can work together in the interest of right. This action intensified a light of hope that had been flickering in the gloom of present times.

On May 24, 1968, she departed Heathrow Airport, Slough, England, at approximately 5:00 p.m. on British-European Airways Flight Number 606 for Frankfort, Germany, for the purpose of visiting her family who resides in the Frankfort area.

Upon boarding the flight she obtained a seat situated on the left hand side of the airplane on the window side, two rows of seats forward of the wing facing the rear of the plane. Shortly after sitting down, she observed an individual sitting directly across from her who appeared to be identical with the photographs of JAMES EARL RAY as contained in the Blade Tribune Newspaper for the [redacted] California, area dated June 10, 1968. [redacted] advised that her seat was facing in the direction of the individuals seat, so that they were facing each other, and consequently she was in a good position to observe him. She further stated that to her knowledge none of the seats on the airplane had been previously assigned to any particular individual.

Shortly after the airplane took off, [redacted] attempted to take a picture of a cloud formation at which time the individual stated to her in words of effect that it would be senseless to take photographs since all she would obtain would be pictures of clouds. [redacted] further advised that later during the flight the individual stated to her that he frequently made the trip by air from Slough, England, to Frankfort, Germany and was disappointed that the Lufthansa Airlines flight had been discontinued. [redacted] further stated that as the airplane approached Frankfort, Germany, the individual looked out the airplane window and pointed out the Rhine River and the Autoban from Kaiserslautern, Germany, giving the impression that he was familiar with the area. [redacted] stated that during this conversation with the individual she observed him to possess an "ordinary American accent and not of the rural type." [redacted] advised that the individual was neatly dressed and did not appear to be traveling with anyone else on the flight. She stated that

This is the case involving the murder of Martin Luther King, Jr.

The attached memorandum is being furnished to Assistant Attorney General Stephen J. Pollak of the Civil Rights Division in view of the fact the Attorney General has stated that he wanted Pollak to divorce himself from other work and to supervise this case. The Attorney General also asked that Pollak be kept advised of pertinent information in this case. The material contained in the attached memorandum has been taken from cablegrams and teletypes, and Pollak is being informed that the material is based on preliminary information and complete details will be incorporated in reports setting forth results of investigation.

Material being disseminated includes that we are furnishing the Director of Security, Wandsworth Prison, where Ray is presently confined, information relating to Ray while he was confined at the Missouri State Penitentiary, which was requested by the Director of Prison Security, Wandsworth Prison.

Also included is information from sources in England indicating that it will be announced at Magistrate Court on 6-18-68 that the extradition hearing will take place on 6-21-68 at which time the public prosecutor will ask for adjournment of the local charges against Ray. Should a continuance be granted and it is not possible to start the hearing before 6-27-68, the Magistrate is prepared to sit on 6-29-68 (Saturday) in order to expeditiously dispense with the matter.

Mr. Pollak is also being advised that information which appeared in the 6-13-68 issue of "The Washington Daily News" indicating that Ray had received funds from a Swiss bank and that a second man was with him when he arrived at the New Earls Court Hotel, is not accurate. 44-38861-7359

The following investigation was conducted by [redacted] on June 13, 1968:

At McAlester, Oklahoma

A review of the files of the Oklahoma State Penitentiary (OSP), revealed that [redacted] was received on [redacted], from Tulsa County, Oklahoma, and sentenced to a term of [redacted] years for the crime of Robbery with Firearms, after former conviction of a felony. His minimum release date is shown as [redacted] and his maximum release date is shown as [redacted]. A review of the FBI Identification Record of [redacted] revealed that he was received at the Department of Corrections, Jefferson City, Missouri, on [redacted], and charged with Murder, 1ST Degree. He was sentenced for the remainder of his natural life. The next item shown on [redacted] Identification Record is [redacted] when he was arrested by the Sheriff's Office, Tulsa, Oklahoma, and charged with Armed Robbery and Assault and Battery with a Deadly Weapon. The next item on [redacted] Identification Record is shown as [redacted] when he was fingerprinted as a patient at Eastern State Hospital, Vinita, Oklahoma. The final entry on [redacted] Identification Record is [redacted], when he was received at Oklahoma State Penitentiary, McAlester, Oklahoma, sentenced to a term of 150 years, for Robbery, with Firearms.

During an interview with [redacted] he admitted a casual acquaintance with JAMES EARL RAY while both were inmates at the Missouri State Penitentiary. He stated that RAY was an inmate at Missouri State Penitentiary when [redacted] arrived there on October 2, 1964.

[redacted] stated that he worked in the Mess Hall at Missouri State Penitentiary while JAMES EARL RAY worked in the bakery which joins the Mess Hall. [redacted] said that he occasionally visited with RAY from time to time while they were working and also on the prison yard.

However, [redacted] maintained that he would not consider himself a personal friend of RAY.

[redacted] said that on [redacted] he planned to escape from the Missouri State Penitentiary. He said that he learned later that RAY had planned to escape on the same night and their plans were not known to each other. [redacted] said that he placed a dummy in his cell and went to the recreation room. According to [redacted] after the recreation period was over, he hid behind the television set in the recreation room and waited for the lights to be turned out. When the lights were out, he began moving television benches to the prison wall and had planned to go over the wall by means of climbing the television benches. Unknown to [redacted] at the time, RAY had managed to get onto the roof of the Administration Building, but had fallen and hurt his arm. The prison officials and guards were looking for RAY when they discovered [redacted] He said that RAY managed to hide himself in a ventilation shaft in the Officers Dining Room for two or three days before he was discovered.

[redacted] advised that he could furnish absolutely no information concerning RAY's escape from the Missouri State Penitentiary on April 23, 1967. He said he knew nothing of RAY's escape plan, his source of funds, his associates inside or outside the penitentiary, nor anything concerning the murder of Dr. MARTIN LUTHER KING, JR.

[redacted] said that it was his personal opinion that RAY was not intelligent enough to plan the murder of Dr. KING and certainly not intelligent enough to plan an apparent elaborate escape procedure including passports by himself. [redacted] said that when RAY finally escaped from the Missouri State Penitentiary, he escaped in a bread box from the bakery where he had worked for a long period of time. [redacted] stated that he had observed that this method of escape would probably be successful after he had been at the penitentiary for only a short period of time.

[redacted] stated that he actually escaped from the Jackson County Court House, Kansas City, Missouri, on November 13, 1967. He said that he made his way from Kansas City, Missouri, to Tulsa, Oklahoma, where he arrived on November 16, 1967. [redacted] said that for reasons of possibly incriminating himself in local burglaries, he did not care to state how he traveled from Kansas City, Missouri, to Tulsa, Oklahoma. He claimed that he went to work on November 16, 1967, at the Piccadilly Cafeteria, Tulsa, Oklahoma, under the name [redacted] He claimed to have worked at the Piccadilly Cafeteria as a dishwasher until October 26, 1967, when he was arrested at Tulsa, Oklahoma, for Armed Robbery. He said that he stayed at the Grand Hotel on East 3rd Street, Tulsa, Oklahoma, during this period of time, also using the name [redacted] He claimed to have been in continual custody from October 26, 1967, until the present time. He admitted spending approximately 30 days at the Vinita, Oklahoma Eastern State Hospital.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Fred Vinson called to advise me that from what he had learned, it would appear that the extradition hearing which has been set for the 21st might be put off until the 25th or the 27th. He was talking to the Chief Clerk of the British Court who he states is a powerful figure and it appears that if Ray requests a continuation for sometime to talk with his attorney, he would get such an extension.

I asked Vinson what his plans were and he stated he would plan to send somebody else over to listen to the extradition hearing and be available over there for consultation.

He wanted to know if there were any further developments concerning Ray's activities while he was in London. I advised him I had not seen anything other than that which had been furnished so far; namely, that he had stayed in the Pax Hotel for a few days and also at the New Earls Court Hotel. He said he knew we were trying to develop further information to account for the time while he was in London. I advised him that we had been in touch with Scotland Yard; that they had a special squad working on the matter and as yet we have not received any information from Scotland Yard concerning his whereabouts other than that already submitted. He said the British do not keep negative information and apparently they have not developed anything as yet.

He said that all reports in this case had been submitted to the Civil Rights Division who had been handling the matter in the past but now that he has returned, he would appreciate being put on the list to receive any information which is disseminated; that he would also like to have a copy of the report previously furnished to the Civil Rights Division. If we have an extra copy, we will forward a copy to Vinson.

Memorandum to Mr. DeLoach
RE: MURKIN

He mentioned that there was a story to the effect that James Earl Ray's brother in Illinois was going to visit him in London. He was referring to an item in the news indicating that the subject's brother, John Larry Ray, age 35, said he was attempting to contact the Houston lawyer, [redacted] to ask him to represent his brother and that also he allegedly was going to apply for a passport on Monday to visit his brother.

In this connection, the Inspector General of the prison system told Vinson that if subject's brother or any of his family wanted to visit with him, they would probably be allowed to do so. He said they do not search visitors. The only time they can search a person is when the subject has been convicted. We are furnishing background on the brother to the Legat, London, in order that this can be disseminated to the British authorities in order that they might take proper precautions in the event he is allowed to visit the subject. We have already alerted the British authorities, of course, to his ability to escape and the need to exercise the greatest use of security measures which apparently they have done so far.

We have followed the procedure of preparing any information being furnished to the Department in connection with the above-entitled matter in written form, such material to be approved in the Bureau before it is disseminated to the Department.

With reference to Fred Vinson, my memorandum of June 14 reflected that Vinson was reportedly returning to Washington and was to brief the Attorney General on his activities in London on June 14, 1968.

Vinson called me on Saturday, June 15, 1968, on two occasions, which are reflected in memoranda dated June 15, 1968. Copies of these memoranda are attached.

Fred Vinson called to advise me that he had just spoken with the prosecutor in London and that he was most pleased with the evidence which had been submitted by the Department. He said he had all that he needed. Vinson parenthetically told me that he had all that he needed and then some. He was referring to the affidavits which have been submitted based upon the investigation which we have conducted in the United States.

He said that with reference to George Bonebrake, the latent fingerprint examiner who made the identification in this case, he, in talking with the prosecutor, was advised that they would like to have Bonebrake in London two days before the hearing in order that the prosecutor may have a chance to confer with him. The extradition is set for the 21st; however, Vinson feels that the hearing will be set over until the 27th. He advised me that he would let me know on Tuesday concerning Bonebrake. We have previously alerted Bonebrake to the possibility that he might be needed. The above information is also being furnished to him.

John T. Minnich, Legat, London, called concerning reports that Arthur Hanes, an attorney in Birmingham, was flying to London to represent the subject. He wanted to know whether this was founded on fact.

I advised him there were indications that Hanes was applying for a passport and that he would be going to London with his son, who is also an attorney. I told him that Hanes was a former Agent, had been in the Bureau a couple of years, was a former Mayor of Birmingham, had represented defendants in the Liuzzo case, and is a Klan attorney.

I told him he was absolutely no good and to have no contact with him.

SUBJECT: MURKIN

Reference is made to memorandum A. Rosen to Mr. DeLoach dated 5/22/68.

This case involves the murder of Martin Luther King, Jr.

In reviewing James Earl Ray's past activities, it was noted that (1) he has a penchant for self-improvement courses, including correspondence courses, (2) he frequently replies to magazine advertisements and (3) he consulted two psychologists in Los Angeles for hypnotic treatments for the purpose of learning to relax, gaining self-confidence, overcoming shyness, and learning to talk to people. Therefore, it was felt there is a good possibility Ray would reply to the following advertisement if it could be brought to his attention.

SELF-HYPNOSIS

A leading psychologist has perfected a simple, positive method of relaxing, gaining confidence, overcoming shyness, and effectively communicating with others. Quick, simple, home study course. Results guaranteed or your money back. Reasonable cost. For free details with no obligation, write P. O. Box...

Although the use of such an advertisement does not appear to violate postal laws, complaints might be brought to the Postal Inspectors, either by persons answering the advertisement who receive no reply or the Better Business Bureaus or professional groups who recognize the impossibility of guaranteeing results of this type.

Memorandum to Mr. W. C. Sullivan
RE: MURKIN

Liaison was requested to contact the [redacted] without identifying the case involved and obtain his clearance to publish such an advertisement designed to solicit a reply from a particular fugitive.

On 5/27/68 this matter was discussed with [redacted] U.S. Post Office, Washington, D.C., who advised as follows:

[redacted] stated that the subject of hypnosis is most controversial, particularly among the medical profession, and his Department has several pending false representation cases where claims regarding hypnosis were toograndiose in offering positive results.

[redacted] after reviewing the sample advertisement set forth above, stated that as presently written, it would probably bring strong complaints from the medical profession as well as Better Business Bureaus. He suggested that the word "positive" be eliminated and the sentence "Results guaranteed or your money back" be replaced by "Money back if not completely satisfied." He stated these minor changes would make the advertisement inoffensive since no positive claims would be made and the Post Office would then be in a position to so advise anyone who lodged a complaint. [redacted] stated the advertisement, with the above-mentioned changes, would not violate postal laws and could be used by the Bureau in an effort to obtain the desired results.

[redacted] stated that when final arrangements were made to run the advertisement, he should be advised of the address where inquiries would be received. He explained that if any inquiries or complaints were made in the field to Postal Inspectors, they would submit this information to the Inspector in Charge of the District where the addressee is located. [redacted] could then insure that all inquiries concerning this particular advertisement would not receive any investigative attention by his Department.

POINTS OF IDENTITY

Mr. Rosen's Office was advised by Legat, London, that, at the request of the Assistant Attorney General for the Criminal Division, Fred M. Vinson, Jr., inquiry had been made with Scotland Yard officials as to number of identifying points necessary before testimony relative to a latent fingerprint identification could be presented in court. The Legat was advised by Scotland Yard officials that sixteen or more points are necessary.

As a result of discussions held in the past (last discussion January, 1965) with representatives of Scotland Yard's Fingerprint Bureau, it appears that the sixteen point rule is not based on any court decision but is an administrative policy arrived at many years ago by a commission set up for that purpose.

Under the prevailing rules of evidence in the United States, the courts do not have the discretionary power to determine how many points of identity are necessary for an identification. We are not in possession of nor know of any court decision requiring any specific number of points of identity.

Under the rules of evidence, fingerprint testimony is expert testimony and as such is opinion evidence. Therefore, anyone who qualifies in court as an expert may testify as to his opinion regarding a comparison of two prints regardless of the number of points.

of these identifications have been made on fewer than twelve points and, on occasion, to as few as seven. In our experience, no court has ever attempted to exclude or invalidate our experts' testimony on the basis of the number of points of identity appearing in the prints.

The question as to number of points had already been raised by a departmental attorney on 6/10/68, and he was advised that Fingerprint Examiner George J. Bonebrake had found fourteen identifying characteristics in the latent fingerprint on the rifle, eleven in the latent fingerprint on the telescopic sight, and ten in the latent fingerprint on the binoculars.

RECOMMENDATION:

This memorandum be referred to the General Investigative Division for consideration of advising the department of the above information.

ADDENDUM AR:WW 6/14/68: I called Steve Pollak and pointed out I had heard Vinson had inquired of Minnich concerning the number of identifying points necessary for testimony relative to a latent fingerprint identification before it could be presented in court. I wanted to explain our position in the matter. He said he fully understood.

O MURKIN

Dear Mr. Hoover,

Please accept my thanks for your letter of June 10th expressing your appreciation for the work performed by the R.C.M.P. in the case involving James Earl Ray.

The outcome of our efforts has given us great satisfaction in seeing, as it not always the case, that they have resulted in something tangible. There are times, as you know, when good work in the law enforcement field does not always produce results, and even when it does there are more times than not when such work goes unsung.

I am sure [redacted] and [redacted] will be pleased to have your letter and we will certainly convey your sentiments to the other members of the Force who were involved in this particular aspect of the investigation, as well as the appropriate officers of the Passport Section, Department of External Affairs.

If there is any particular point of satisfaction in this case I am sure I speak for my associates as well as myself when I say that we were particularly pleased that our efforts resulted in assisting you and your [redacted]rganization in a matter and at a time when it was so [redacted]ecessary to show that there is effective law enforcement [redacted]hand and effective co-operation between the police [redacted]orces of the Western world, and particularly between our two organizations.

This is investigation into the murder of Martin Luther King, Jr.

Investigation to date has not developed any concrete evidence of Ray's being involved in a conspiracy. Likewise, no information has been developed pinpointing the exact source of funds available to the subject. In order to thoroughly resolve the question of a possible conspiracy, Memphis and Birmingham have been instructed to initiate a specialized recheck.

Since subject on 3/29/68, purchased a gun in Birmingham, Alabama, in the afternoon and returned to the store early the following morning to exchange the gun, there is a good possibility that he may have stayed in Birmingham that night. (It is noted that on 3/24/68, he had rented a room in Atlanta, Georgia, and was there again, that we know of, on 3/31/68.)

Appropriate records, cards, etc. are to be furnished to the FBI Laboratory for handwriting comparison.

SAC Jensen, Memphis, was instructed to obtain a list of the guests of the Rebel Motel, Memphis, Tennessee, of 4/3/68, and forward this to the Birmingham Office. It is noted that Ray stayed at the Rebel Motel on 4/3/68, the night before the King assassination.

1 - Mr. Long

This is the case involving the murder of Martin Luther King, Jr.

In a communication dated June 18, 1968, Mr. Fred M. Vinson, Jr., Assistant Attorney General, Criminal Division, Department of Justice, attached a telegram from the U. S. Embassy in Lisbon, Portugal, to the Department of State concerning the possibility of news stories in this country alleging United States authorities knew of Ray's presence in Portugal but took no steps to have him apprehended because of the weakness of the Portugal-United States extradition treaty.

No record has been located of any such news report in the files of this Bureau. This Bureau has at all times vigorously pressed this case both domestically and in foreign areas, through close cooperation with appropriate foreign authorities, in order to bring about the immediate apprehension of the subject whenever and wherever he might be located. The telegram from the American Embassy in Lisbon which was attached to the memorandum clearly states that reporters were unable to obtain anything in Lisbon other than local color.

On June 1, 1968, we learned that a Canadian passport was issued for subject in the name of Ramon George Sneyd for travel from Toronto, Canada, to London, England, on May 6, 1968. We learned that subject, on May 6, 1968, departed Toronto, Canada, and arrived in London, England, on May 7, 1968. He then departed London for Lisbon, Portugal, on May 7, 1968. It is to be noted that Ray returned from Lisbon to London, England, on May 17, 1968, and remained in London until his apprehension on June 8, 1968.

REC 64-31-11 1563

From the above it can be seen that Ray had already completed his travels to Lisbon, Portugal from London, England, and returned before the Bureau had received any information on his travels in this regard.

This is the case involving the murder of Martin Luther King, Jr.

The attached memorandum is being furnished to Assistant Attorney General Stephen J. Pollak of the Civil Rights Division with a copy to Assistant Attorney General Fred M. Vinson, Jr., of the Criminal Division.

The Department is being advised of the closing of the tavern operated by the subject's brother, John Larry Ray, after three carloads of Negroes were reported to be observing the tavern; that the news report of his brother receiving a telephone call from a friend in Canada is false; that his brother is not planning a trip to London, contrary to press reports; that sources in England state his brother would not be given permission to visit the subject if he did come to England; that Attorney Arthur J. Hanes, Sr., of Birmingham, Alabama, intends to apply for a passport for himself and his son for travel to England in connection with his reported representation of the subject; and that the subject appeared in London on 6-18-68, on the local charges and was given a remand until 6-27-68.

Legat, London has also received information in the strictest confidence that Ray wrote the Birmingham, Alabama, Bar Association requesting assistance and suggested his letter be forwarded through former Birmingham Mayor Hanes. This apparently refers to Arthur J. Hanes, Sr. London sources also advised that the subject refused to see two Scotland Yard officers on 6-14-68 and stated he would refuse to see FBI Agents if they asked to see him. Since the information has been furnished in confidence, it is not being given the Department.

A telephone number written in Portuguese, which was among notes found in Ray's possession when he was arrested, has been determined to be the telephone number of the South African Embassy in Lisbon, Portugal. That Embassy has no

ASSASSINATION OF MARTIN LUTHER KING, JR.

The following additional pertinent information is being furnished relative to captioned case. The material set forth herein is based on preliminary information and complete details will be incorporated in reports of results of investigation.

The Grapevine Tavern operated by the subject's brother, John Larry Ray in St. Louis, Missouri, has been closed since early last week, according to John Larry Ray, for the safety of his patrons after Negroes in three automobiles were reported to be observing the tavern. John Larry Ray has also advised he has been hiding from newspaper reporters. He further stated that the news report of his receipt of a telephone call from a friend in Canada is false and that he knows no one in Canada.

John Larry Ray said that press reports of his planning a trip to London and reports of his intending to obtain a lawyer from Texas for the subject are false. He stated he has not heard from the subject but has written the subject to get in touch with Carol Pepper (sister of John Larry Ray and the subject) if the subject is in need of anything.

Sources in England have advised that if John Larry Ray travels to England he may not be given permission to land due to his criminal record. If he should be given permission to land, however, under the prison rules no one with a criminal record, even a relative, is permitted entry into the prison. As you were previously advised, John Larry Ray has a criminal record.

John Larry Ray is also of the opinion that the subject committed robberies for income during his travels.

where he plans to obtain employment and remain there until after the trial of the subject. Both of the subject's brothers intend to contact the subject as soon as possible after his arrival in this country.

Information has been received from the Passport Office, United States Department of State, that Arthur J. Hanes, Sr., an attorney from Birmingham, Alabama, has advised that he and his son, Arthur J. Hanes, Jr., will appear at the Passport Office, Washington, D. C., on the morning of June 19, 1968, to file application for passports. They plan to depart for London from Dulles Airport at 7 p.m., June 19, 1968. Arthur J. Hanes, Sr., previously informed the Passport Office that he has been asked to serve as counsel for the subject.

On June 18, 1968, the subject appeared before the local magistrate in London concerning the charges relating to his entering Great Britain with a false passport and illegal possession of a firearm. He was given a remand until June 27, 1968. The magistrate said the extradition proceedings should take precedence over the local charges.

With respect to a telephone number written in Portuguese which was among notes found in Ray's possession when he was arrested, it has been determined this is the telephone number of the South African Embassy in Lisbon, Portugal. Inquiry has been made at the South African Embassy. They have no knowledge of Ray. All banking institutions in Lisbon were circularized for not only any bank account or safe deposit box, but also any letter of credit or other type of transaction. There have been no positive returns to date on this.

John T. Minnich, Legat, London, advised that Agents [redacted] and [redacted] will arrive at Dulles Airport at 5:15 p. m. tonight.

The Consul General of the American Embassy, Jack Herfurt, apparently is reporting any developments telephonically to Fred Vinson of the Department.

The British Attorney General, Sir Elwin Jones, conferred with U.S. Minister Kaiser and Herfurt and told them subject Ray was most uncooperative. He referred to the request that representatives of the American Government be allowed to interrogate Ray and indicated that there was little likelihood that this could occur prior to extradition on June 27; however, if the American Government would insist on interviewing Ray this would be given consideration to the extent that perhaps after extradition is ordered, assuming it is on June 27, he would favorably consider such a request.

John Minnich, Legat, wanted to know what position to take with reference to this. I advised him to make no comment with reference to his views but to point out that this matter is in the hands of the Department of Justice and any inquiry should be directed to the Attorney General of the Department of Justice.

Minnich stated that as a matter of cooperation Sir Elwin Jones wanted background information on attorney Arthur Hanes. We have previously advised him that he was a former Mayor of Birmingham, represented members of the Klan, and had been the defendants' attorney

in the Liuzzo Civil Rights case. This was a matter involving the killing of Mrs. Liuzzo, who was working in the area on behalf of the civil rights movement. He said he specifically wanted to know whether he had a criminal record, date and place of birth, whether he has been issued a passport, and the passport number. I advised him that this would be checked and he would be advised.

Minnich inquired as to whether he could be furnished with the flight number and time of arrival of Fingerprint Expert George Bonebrake. Bonebrake's testimony is needed on June 27th in connection with the extradition and he plans to leave on June 25th. Flight number and time of arrival will also be furnished. It is noted the British authorities requested he be there two days prior to the hearing for a conference.

ASSASSINATION OF MARTIN LUTHER KING, JR.

Reference is made to your memorandum of June 18, 1968, concerning possibility of news stories being reported in this country alleging that United States authorities knew of James Earl Ray's presence in Portugal but took no steps to have him apprehended because of the weakness of the Portugal - United States extradition treaty.

This Bureau has at all times vigorously pressed this case both domestically and in foreign areas, through close cooperation with appropriate foreign authorities, in order to bring about the immediate apprehension of the subject whenever and wherever he might be located. The telegram from the American Embassy in Lisbon, Portugal, which was attached to your memorandum, clearly states that reporters were unable to obtain anything in Lisbon other than local color.

For your information, on June 1, 1968, we first learned that subject was possibly issued a Canadian passport using the name of Ramon George Sneyd for travel from Toronto, Canada, to London, England, and return. Subsequent investigation determined that Ray returned to London, England, from Lisbon, Portugal, on May 17, 1968, which was prior to the date we learned of the Canadian passport.

A report concerning the details of subject James Earl Ray's apprehension in England is being obtained and will be forwarded to you upon receipt.

ASSASSINATION OF MARTIN LUTHER KING, JR.

On the completion of the extradition hearings in London, the problem of safely returning subject James Earl Ray to the United States is of great concern. In view of this, I want to bring your attention to certain matters which will arise in connection with the subject's transportation. These relate to the objective of expediting the return of Ray to the United States once the order of extradition has been finalized.

In view of the above, it is suggested consideration be given to immediately resolving certain problems which may arise.

It would appear that the use of military aircraft would be more desirable in order to afford appropriate security. Necessary arrangements will have to be made with the United States Air Force for the aircraft to be used, insuring that it is appropriately staffed and equipped for the mission involved. Arrangements should be made through the British authorities to accomplish any necessary immigration exit controls such as validating Ray's certificate of identity at the London prison where he is incarcerated.

Arrangements should be made for a medical doctor appropriately equipped to accompany the subject and the escorting officers. Arrangements should also be made in connection with his entry into the United States with necessary Immigration, Customs and United States Public Health authorities.

If military aircraft is utilized, greater control can be exercised upon arrival in the United States over the subject, as well as in departing from London. It would be most difficult to maintain such control and a high degree of security in the event he

is transported by commercial airliner. All personnel on military aircraft can be screened. This would be impossible upon commercial aircraft. It would also be most difficult to control the departure crowds as well as the arrival crowds which would assemble in the United States as well as in London.

The escorting officers should be equipped with proper written authority to escort the prisoner to be presented to the British authorities. This authority should be in such form as is acceptable to the British in order to avoid any delays in obtaining custody of the prisoner at the time of extradition.

It is obvious that in order to insure that the subject will not in any way harm himself that the proper restraining devices must be employed. Such devices must necessarily be used to the degree necessary and according to the judgment of the transporting officers.

Upon arrival, arrangements should be made at the final destination for subject Ray to be given a thorough medical examination as proof of his safe delivery in good condition to local authorities.

The Pursuit And Capture Of Ray

The arrest of James Earl Ray, accused killer of Dr. Martin Luther King Jr., on the run for more than two months, hopefully will bring answers to questions about the assassination of the civil rights leader and put an end to quiet mutterings in some places that the Federal Bureau of Investigation had not been pressing its quest vigorously.

In addition to the general relief which comes with the apprehension of the prime suspect in the murder of Dr. King, it is doubly satisfying to know that police organizations on two continents—especially those in Canada and Great Britain—have worked with such cooperative efficiency with the FBI.

Seldom has a criminal act caused more speculation, rumors, founded and unfounded, and mass emotion as it led through a maze of rabbit trails.

The dogged investigation by the FBI leading to Ray's arrest is another meritorious chapter in that law enforcement body's history. It offers another contradiction to those who argue that the bureau has outlived its proven usefulness.

Now, it can be hoped, Ray will be extradited to this country, duly arraigned, indicted and brought to trial in an atmosphere free of any display which might prejudice the outcome.

Barring the unexpected, Ray will have his day in court. If found guilty his fate will be determined by our established courts, and no person should ever attempt to turn the course of justice from that path.

As he unpacked the magazines, JERRY RAY said [redacted] "Just between you and me, I saw my brother right after he escaped. We had a meeting place where he would meet on my days off." RAY did not say if these alleged meetings occurred after his escape from prison or after the murder of KING.

JERRY RAY also said he had visited his brother who owns a tavern in St. Louis, Missouri, after the assassination and before his first interview by the FBI. He stated that before the FBI contacted him, he saw the photograph of an individual identified as ERIC STARVO GALT with his eyes closed. He recognized this man as being identical with his brother JAMES EARL RAY.

JERRY RAY said if he told the FBI everything he knows, "with all of their resources" they would be able to "track him down." He stated, "I do not know where he is right now. I do not think I'll ever see him alive again." He explained his brother would probably not permit himself to be captured alive. JERRY RAY added that he did not want the subject apprehended because of the additional bad publicity it would result in for the RAY family. RAY further said he does not refer to the subject since the assassination by his real name but calls him STARVO or GALT. He did not explain why he does this.

RAY also said, "I tell the FBI only enough to keep them off my back."

On 6/5/68, RAY speculated [redacted] that the subject would probably flee the country to Mexico or Canada. He also said the subject was too hot for him to be in touch with now.

On 6/6/68, [redacted] asked JERRY RAY if his brother shot KING. He replied, "This is his business. I didn't ask him. If I was in his position and had 18 years to serve and someone offered me a lot of money to kill someone I didn't like anyhow and get me out of the country, I'd do it."

Later the same day JERRY RAY commended [redacted] even if the subject confesses to committing the murder of KING, he, JERRY RAY, would not agree with him. He did not further explain this statement, [redacted] advised.

RAY said he now carries a gun from his room to his car. He keeps the gun in the trunk of his car. When he walks

to his room from his car, he removes the gun from the car's trunk and takes it with him. He said he carries the weapon for personal protection.

RAY said the subject is a supporter of Presidential Candidate GEORGE WALLACE. He said the subject once drove a man to Alabama from possibly the California area so he could vote for WALLACE. He then identified this man by his photograph which appears in the 5/3/68, issue of "Life." It is noted [redacted] said the magazine states this man's name is CHARLES STEIN. JERRY RAY, [redacted] did not say when the trip to Alabama occurred.

JERRY RAY said he was considering moving his residence again to a place where the press and possibly the FBI would be unaware of. He also said he was thinking of beginning to use the alias of JERRY RYAN. He then displayed a new Illinois driver's license in the name of JERRY RYAN. He said he recently obtained that license for his own use. He did not further explain why he might change his address and begin to use an alias. He did not say he intended to leave his present job.

On 6/7/68, [redacted] said on 6/6/68, [redacted] asked JERRY RAY if he thought his brother shot KING. RAY replied by pointing out if he were in his brother's position of having an 18 year sentence to serve once he was apprehended and someone offered him money to kill someone he did not like and thereafter be able to leave the country, he would do it. RAY further volunteered at this point the subject might have fled to Canada or Mexico. He did not say anything further about where he thought the subject was.

Then [redacted] asked JERRY RAY where the subject got the money to buy instant white Mustang with. JERRY RAY replied, "They gave him part of the money. He put the money in a safety deposit box, but when he left, he drew it all out. It broke his heart to have to leave the white Mustang."

On 6/9/68, PCI also said on 6/6/68, [redacted] recalled RAY commented the subject was paid either $100,000 or $500,000. JERRY RAY said this while [redacted] and he were discussing if the subject killed KING. According to [redacted] JERRY RAY did not further explain his comment regarding the $100,000 or $500,000 sum. Neither PCI was able to extract a direct statement from JERRY RAY that the subject killed KING.

On 6/9/68, [redacted] said [redacted] received a telephone call from JERRY RAY. He said he was calling to alert [redacted] in

the event [redacted] did not know, the subject had been arrested. He also said he did not think the RAY family would have any difficulty obtaining a lawyer to represent the subject because he was certain several good ones would want the job because of the publicity they would receive.

JERRY RAY also told [redacted] he intends to visit the subject with his brother who owns a tavern in St. Louis when the subject is returned to the United States.

[redacted] received the impression from JERRY RAY that he did not know the subject was traveling as he was just before his arrest.

JERRY RAY also said he intends to travel to St. Louis, Missouri to confer with his brother who owns a tavern there within the next week. He said he will do this so he and his brother can agree on how they should handle inquiries from the Press. He said he might consult with an attorney himself so he would not mistakenly say anything in public which might be detrimental to the subject's case.

On 6/10/68, [redacted] advised [redacted] received on 6/3/68 an airmail special delivery envelope from JERRY RAY postmarked in Wheeling, Ill., on 6/1/68. The envelope contained a money order from JERRY RAY to [redacted] in the amount of $40.00. The money order was about 8½" long by 3½" wide. The paper the money order was on was yellow in color and had a white edge. Across the bottom of the face of the money order was "PERSONAL MONEY ORDER" written in black letters. PCI said [redacted] could not recall noticing what kind of a money order it was.

[redacted] stated on 6/3/68 [redacted] cashed the money order at the First Camden National Bank and Trust Co. bank located in the 2800 block of Mt. Ephraim Ave., Camden, N.J. [redacted] accompanied [redacted] and put [redacted] name and the number of [redacted] account at that bank on the money order when it was cashed.

This money order represents one of several instances where JERRY RAY has mailed money orders or cash to [redacted] for [redacted] personal use. It is noted for the Bureau's information JERRY RAY is apparently quite fond of [redacted] and this is probably the reason he sends [redacted] money.

The money order was enclosed in a four-page form-type newsletter bearing the heading of "THE ROYAL BANK OF CANADA MONTHLY NEWSLETTER". Beneath this heading appears the information this newsletter represents Vol. 49, No. 5,

NK 44-854
JEO:lgd

and the organization's head office is in Montreal. [redacted] newsletter is for May, 1968, and contains an article entitled "TECHNOLOGY AS A WAY OF LIFE". The article deals generally with the various aspects of technology's affect on contemporary living.

Across the front of the newsletter is written in ink, "Look inside, I am at the post office and didn't have any paper." [redacted] said this is the only message from JERRY RAY which appeared in this piece of correspondence.

[redacted] said [redacted] recalled receiving the communication containing the described newsletter after learning the subject had been in Canada prior to his apprehension. [redacted] said that JERRY RAY indicated to [redacted] during his visit he obtained and sent the money order from the Wheeling, Ill. area.

Superb Police Work

Only the trial can confirm whether or not the suspect in the murder of Dr. Martin Luther King is the right man.

But the international police diligence, patience and skill which led to the capture of James Earl Ray, alias Eric Starvo Galt, alias Ramon George Sneyd, has to go into the books as one of the most remarkable crime searches in many years.

The FBI had been looking for Ray since April 20, after a spate of intensive detective work pin-pointed the identity of the man they wanted. Police all across the United States had been involved in the hunt, and when it seemed possible Ray might have slipped out of the United States, police forces in other countries were informed.

There are no passport requirements for Americans visiting Canada and it was fairly easy for Ray to "go north."

But the Royal Canadian Mounted Police lived up to their reputation for relentless pursuit. They combed 200,000 applications and turned up Ray's picture on request for a Canadian passport under the name of Sneyd. The FBI and the British were alerted, among others.

Britain's famed Scotland Yard made the capture as the result of typical perseverance. Ray was caught at an airport trying to leave the country.

This fellow obviously is no ordinary suspect. Whether or not he had confederates, his trail marks him as a cunning character.

In any case, we think the FBI, the Mounties and Scotland Yard deserve special commendation. And only hope that similarly skillful police co-operation will lead to the arrest of other wanton killers—the three men, for instance, who gunned down Abder Rayyan, a South Side Chicago merchant. Police could detect no motive but since Rayyan was a Jordanian immigrant, it was possible the killing was intended as revenge for the assassination of Sen. Kennedy.

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover: Re: Martin Luther King

I have been interested in the account of your investigation of the above negro's death written by Paul Scott and published in the Shreveport, La. Shreveport Times. There are many questions that have not been answered.

In fact there are some about King that have not been answered during his lifetime. For instance if he represented non-violence, why did violence always break out when he arrived at a place? If he were called to preach and was so ordained, why did he not try to lead people to Christ and salvation instead of leading them into disobedience of civil law?

I do hope that if you find that he had communistic ties and evidence that he was the fraud that I believe him to be that you will give the information to all news media so that some of the worshipers can be shown that their idol had clay feet. I am so sick of the way the preachers and others speak of him as though he were God that I can hardly read anything about him. My own pastor made such a to-do about his death that many of the congregation would have left the church except we hated to be rude.

Maybe this is an unusual request that you can't grant, but I would get a lot of satisfaction out of knowing that I am partially right at least about him and I would so like for some of the admirers to be shown exactly what he stood for. I would not take away from anybody any esteem they earn or deserve but I just can't feel that Martin Luther King is one of that kind.

Sincerely,

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

At 6:00 a. m. this date, the Legal Attache's Office London telephonically contacted extra duty supervisor Kenneth A. Lofgren. Bureau supervisor Wilbur Martindale, on special assignment in London, advised that with respect to the telephone number written in Portuguese per London airtel 6/14/68, it has been determined this is the telephone number of the South African Embassy in Lisbon, Portugal. Inquiry has been made at the South African Embassy. They have no knowledge of Ray. All banking institutions in Lisbon were circularized last week for not only any bank account or safe deposit box, but also any letter of credit or any other type of transaction. There have been no positive returns, so at this time it looks like that investigation will be negative.

According to Martindale, when Ray arrived in Britain from Canada, he had a round-trip ticket which he exchanged in London for a ticket to Lisbon and in that transaction, he got a voucher in the approximate amount of $14. A stop had been placed earlier in Toronto with BOAC on that voucher. Since that voucher was found in Ray's possession when arrested, that stop can now be removed. Being handled.

Legat, Minnich advised that Ray appeared before the local magistrate today, 6/18/68, on the local charges outstanding against him. Those charges related to his entering Great Britain with false passport and illegal possession of a firearm. The hearing was continued until 6/27/68 and the magistrate said the extradition proceedings should take precedent over the local charges. Minnich stated the continuance on local charges coincides with the deferment of the extradition hearing. Accordingly, on 6/27/68 it is possible the local case will be further remanded until the extradition proceedings are finally resolved. When that occurs the local charges will then be dropped.

19 JUN 21 1968

KAL:EJM:bjf

CONTINUED - OVER

79 JUN 25 1968

Legat Minnich stated he understood that George Bonebrake, Identification Division, will appear at the extradition hearing and his presence is desired two days prior to the hearing date. Minnich desires that this be confirmed by the Bureau by appropriate communications to Legat London along with request for room reservation, etc.

Fred M. Vinson, Jr., advised on 6/15/68 that in talking with the British prosecutor, Vinson was advised that they would like to have Bonebrake in London two days before the hearing. Vinson indicated he would advise on 6/18/68. Bonebrake has previously been alerted to the possibility of his having to appear at the extradition hearing.

Minnich further advised a cable will be sent to the Bureau today containing his recommendation as to whether or not Special Agents Wilbur Martindale, George Zeiss, and Kenneth L. Bounds should remain on the scene or should return to headquarters.

Instructions were given to Washington Field Office as soon as the identity of the pilot is ascertained, the Agent should contact our Duty Agent in Division 6, who will in turn advise our Legal Attache Minnich in London, England.

SUBJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

PURPOSE:

To recommend that the prosecutive summary report be disseminated to the Department, United States Attorney at Birmingham, and Phil M. Canale, State Attorney General, Shelby County, (Memphis) Tennessee.

BACKGROUND:

Reports were prepared by the field setting forth results of the investigation in this case and eight separate reports were disseminated to the United States Attorney at Birmingham and the Department. The reports were disseminated to the United States Attorney at Birmingham in view of the fact that the United States Attorney there authorized Federal prosecution. No copies of the reports were disseminated to the United States Attorney at Memphis. The reports that were disseminated contained, among numerous items, a listing of items of evidence recovered and the results of the FBI Laboratory examinations of such items. These reports, as well as the prosecutive summary report, contain no information of a confidential nature and have been prepared suitable for dissemination.

On May 7, 1968, an indictment charging subject James Earl Ray with murder, was returned by the authorities in Shelby County, Tennessee. In light of this and due to the fact that they will no doubt prosecute Ray on charges of murder, a copy of our prosecutive summary report as prepared by Memphis should be transmitted to Mr. Phil M. Canale, State Attorney General, Shelby County, Tennessee, who will be handling the State prosecution. When copies of this report are disseminated, the receiving persons will be issued instructions that the report or the contents thereof should not be disclosed outside the receiving agencies, except for prosecutive purposes.

On 6/18/68, DELBERT HEEDERIK, Laboratory Aide, Radio Isotope Section, Wood Veterans Hospital, Wood, Wisconsin, furnished the following information concerning instant case:

HEEDERIK, a recovered alcoholic, with a record of numerous arrests for drunkenness and disorderly conduct by the Milwaukee Police Department, advised that approximately 5/27/67, he was staying at the Holders Hotel in Gulfport, Mississippi. He stated that he occupied an upstairs front room on the southeast corner of the Hotel, and that the room directly west of him was occupied by an individual he described as a muscle man for the Klan. He also stated that an individual known to him as RICH (LNU) occupied the room west of the Klansman's room. He stated that while staying at the Hotel, he was employed at Oberlies Radio and TV Company as a repair technician.

HEEDERIK stated that on approximately 5/27/67, he invited a man known to him only as RICH (LNU), and who was reportedly to be a guitar player, into his room for a glass of beer. He stated that while he and RICH were drinking beer, they noticed a large black automobile, which appeared to be an executive limousine, drive up in

front of the Holders Hotel. They saw a man get [redacted] of the car and heard him running up the stairs of the [redacted] toward HEEDERIK's room. HEEDERIK stated that at about this time RICH put a headlock on HEEDERIK and whispered, "Make it look real." At about this point, the man who was in the black automobile entered HEEDERIK's room and said, "RICH, leave him alone." HEEDERIK stated that at this point RICH and the unidentified man from the automobile left the room together, and he, HEEDERIK, has never seen either of them since. HEEDERIK stated that recent photographs of JAMES EARL RAY in which RAY was wearing glasses as on Canadian passport photo have caused him to believe the man in the black automobile was, in fact, JAMES EARL RAY. HEEDERIK offered the following descriptions:

1) RICH LNU

Race	White
Sex	Male
Height	5'9"
Weight	175 lbs.
Complexion	Ruddy
Hair	Sparse, light brown-reddish; combed straight back
Eyes	Blue
Age	Approximately 29 years old

2) Man in black automobile

Race	White
Sex	Male
Height	5'9"
Weight	160 lbs.
Hair	Dark
Glasses	Hornrimmed
Age	30 years old

HEEDERIK stated he never reported the above-described incident to anyone in Gulfport, Mississippi, and unless he had seen the photographs of RAY in the paper, he would not have reported it at all.

DELBERT HEEDERIK is described as follows:

[redacted]

Race	White
Sex	Male
Date of Birth	7/12/15
Place of Birth	Milwaukee, Wisconsin
Misc.	Chronic alcoholic between 1958 and present; presently practicing member of Alcoholics Anonymous and considered a recovered alcoholic

HEEDERIK also stated that being involved in radio and television work as he was, he had a special radio antenna and equipment in his automobile. He also used to spend many hours sitting by the window of the hotel with binoculars just watching the general public. HEEDERIK said that for these reasons he was probably considered a suspicious character, and for that reason believed that RICH (LNU) was an FBI Agent or some other type of Agent who was assigned to surveil him.

Scotland Yard is continuing intensive investigation to account for the subject's whereabouts in London between May 17 and 28, 1968. It is noted that at the time of his arrest his only identification papers were in the name of RAMON GEORGE SNEYD and his Canadian passport does not show any exit from England after his arrival 5/17/68. To have left England he would have needed a passport and the passport would have been stamped at the time of his departure, and again at the time of his return, as well as at the time of his arrival and departure from any other country he visited.

[redacted] Scotland Yard, has advised in confidence that he interviewed [redacted] has been a leader in mercenary forces for a number of years and is considered to be an established liaison man and go-between for the hiring of mercenaries. [redacted] stated that he had reason to believe RAY had contacted the Biafra Mission in Lisbon and made application to go to Biafra as a mercenary, but that Biafra does not want any outsiders to enter the country at this time.

The transistor radio in subject's possession at the time of his arrest is labeled on the outside "Deluxe Hi Fi" and "Merc-Radio." On the inside of the plastic cover which removes to provide access to the batteries, there is attached a paper bearing a schematic diagram of the set, and on this paper are two stamped numbers, "Model HT-6043" and Model HT-6082." No other pertinent information could be found on the outside or inside of the radio. The radio was equipped with an Ever-Ready 9 volt battery, Model PP3.

As the Bureau has been advised, ads have been placed in London newspapers on behalf of the Washington Post to solicit information from the public regarding RAY's activities between May 17 and 28, 1968. Scotland Yard had previously considered a public appeal for such information and attempted to arrange such publicity on 6/18/68, but permission was denied by the Home Office.

Scotland Yard has done a tremendous amount of work in attempting to completely trace RAY's movements and is continuing to expend a great deal of manpower. This is being closely followed with the Yard and the Bureau will be kept currently advised of pertinent developments.

Numerous efforts have been made to contact PRINCE DIXON at 4303 Morgan Avenue, Los Angeles, California, with negative results. Contact with neighbors of DIXON revealed he continues to reside at the above address but none of the neighbors know his place of employment. DIXON, according to neighbors, is a Negro male.

On 6/12/68, Mrs. EDWARD DWYER, 221 Fanwood, Long Beach, California, advised that the former resident MURRAY J. CLATER , 3332 Roxanne Avenue, Long Beach, California, moved and presently resides at 448 Via Herbosa, Novato, California, telephone number 883-4192.

According to Mrs. DWYER, the CLATERs left the Roxanne residence during December, 1967.

Previous communication has been submitted to San Francisco asking that CLATER be interviewed concerning any information he might have regarding JAMES EARL RAY.

On 6/12/68, FELIX ROBINSON, 651 North Commonwealth Avenue, Los Angeles, California, was interviewed, at which time he advised that he could not recall having received any telephone calls from anyone within the San Antonio area but possibly the individual who resides with him at the above address, GUS MC KEAN, received the telephone call as he is orignally from the San Antonio area.

On 6/12/68, GUS MC KEAN was interviewed at his place of employment, Five Torches Restaurant, 11344 Crenshaw Boulevard, Inglewood, California. MC KEAN advised he could not specifically recall a telephone call to his telephone number 663-3675 on 12/17/68, but it was very probable the call was from his sister, MARY WILLIAMS, or his brother, JOHN MC KEAN, who both reside in San Antonio. He related his brother and sister call him at least two or three times a month. He was shown photographs of JAMES EARL RAY and advised he could not recall having ever seen the individual depicted in the photographs nor did the name JAMES EARL RAY or ERIC STARVO GALT mean anything to him, expect from reading about him in the newspaper and hearing the name on television.

Mrs. CLORELENE M. CARPENTER, 1221 South Main Street, Santa Ana, California, advised on 6/12/68 that in December, 1967, she and her family resided at 518 West Edinger Street, Santa Ana, California, and had telephone number 714-540-7240. She stated that they moved to this address about March, 1968, and have telephone number 835-5127.

Mrs. CARPENTER recalled about in December, 1967, her close friend, Mrs. KATIE DANIELS, went to Texas to visit her parents for Christmas. She stated the only call she received from Texas in December, 1967 was a call from Mrs. DANIELS.

FROM : SAC, ALBANY (44-493) (P)

SUBJECT: MURKIN

(OO: Memphis)

RICHARD TOMKINSON, 97 Union Avenue, Saratoga Springs, New York, President of the Delaware Corporation, a small vending machine company, advised SA [redacted] that he has an acquaintance named NELSON SCHAUB of Saranac Lake, N.Y. SCHAUB, according to TOMKINSON, is a coin dealer, recently convicted of smuggling gold into the United States, who is always looking for a chance to make big money. SCHAUB told TOMKINSON that he had an idea which might make a lot of money for both of them. SCHAUB said that the United States Government was offering a reward of $100,000.00 for JAMES EARL RAY, killer of MARTIN LUTHER KING. SCHAUB was aware that there was a far right group in Lake Placid, N.Y., which included many prominent local people. This group included doctors and lawyers. It had recently sponsored a speech at the Lake Placid Arena by a former member of the "Green Berets", the Army Special Services Force. That speech and the talks of those who introduced and thanked the speaker, was very critical of United States policy in Vietnam.

SCHAUB had heard some people in Lake Placid discuss the death of MARTIN LUTHER KING and he felt they were not unhappy at KING's death and said they felt he had probably had his appearance changed and was out of the country.

He told TOMKINSON that if the United States Government would investigate this group which he believed to be a John Birch Society group, the Government might obtain information regarding the KING killing and SCHAUB and TOMKINSON could share in the reward money.

The Albany Office indices indicate that NELSON RAYMOND SCHAUB is a former PCI operated by SA [redacted] while SCHAUB operated a coin exchange at Plattsburgh, N.Y. This case was closed when SCHAUB was arrested by the U. S. Treasury Department and convicted of gold smuggling in 1966. SA [redacted] determined that SCHAUB has since been involved in a $30,000 swindle in the Tupper Lake, N.Y. area; is the subject of outstanding warrants for bad checks in the

SUBJECT: MURKIN

This involves the murder of Martin Luther King, Jr.

An item has been appearing in the Toronto, Canada, newspapers as to a mysterious "Fat Man" who delivered an envelope to subject James Earl Ray while Ray was residing at 962 Dundas Avenue, West Toronto, during latter part of April and early part of May, 1968.

The mysterious "Fat Man" who identified himself as [redacted] of Toronto, contacted [redacted] Toronto PD, (National Academy) with his wife and explained that in May of this year he had used a public telephone booth in the vicinity of Dundas Avenue and found an envelope which was addressed to Sneyd. He, thereafter, took this envelope to the address on Dundas Avenue and gave it to Sneyd in the presence of Sneyd's landlady. According to [redacted] the envelope contained a Toronto postmark, no return address and he had the impression it contained some kind of application for a job. The landlady at Dundas Avenue viewed [redacted] and identified him as the "Fat Man" to whom she previously referred to in newspaper articles.

Officers of the Toronto Police Department and the Royal Canadian Mounted Police are satisfied that [redacted], who has been employed as a salesman for a paint company in Toronto for the past eight years, is a reputable citizen and has no knowledge of or involvement with subject as Sneyd.

44-38861-4659

Two Department of Justice employees with the U. S. Bureau of Prisons contacted our Memphis Office and advised that they havebeen in Memphis for two days on instructions of the Attorney General counseling with local authorities concerning the security measures which may be needed in the event James Earl Ray is returned to Memphis. They stated they are in Memphis in an advisory capacity and desired to be helpful, and their purpose in contacting our office was to advise they were in the city and they would appreciate any suggestions our office may have in connection with handling of Ray. Our Memphis Office will make absolutely

no comments regarding the handling of security of Ray if and when he is returned to Memphis.

Tennessee State Attorney General Phil M. Canale contacted our Agent in charge in Memphis and advised he is not in agreement wit Department Attorney John Rosenberg in regard to making efforts to obtain affidavits from Ralph M. Carpenter. Carpenter is an employee at the company who sold binoculars to the subject and who is currently confined to a psychiatric hospital in Memphis. Canale was of the opinion that any extensive interviews with Carpenter may well lead to publicity regarding his incarceration and could have detrimental effect on the future of the case. Departmental Attorney Rosenberg contacted our Memphis Office and he advised that at the present time no interview will be attempted with witness Carpenter.

We have ascertained that the raincoat in possession of subject when he was arrested by London authorities in London, England, on June 8, 1968, was purchased at "Andy's Mens Shop" in Toronto, Canada on May 6, 1968, and he paid for it with a $50 Canadian bill. The wife of the store owner has identified subject as purchaser of this coat.

MEMORANDUM FOR MR. TOLSON
MR. DE LOACH
MR. ROSEN
MR. BISHOP
MR. SULLIVAN

While talking to Attorney General Ramsey Clark on another matter, he asked how the James Earl Ray investigation looked now. I said I thought it was more or less stymied in legal technicalities in Great Britain as it has to go through a long process on extradition. I commented that, of course, the lawyer who has gone over to represent Ray is a former FBI Agent; that he is no good and was the attorney in the Mrs. Viola Liuzzo case, but, of course, we got convictions in that, but this lawyer has always been strongly pro-Klan. I said he was Mayor of Birmingham, Alabama, at one time and at that time he was a strong supporter of "Bull" Connor and I thought it significant that Ray should get a fellow who has certainly a strong smell of the Klan about him. I said he denies that he is a Klansman or that he ever attended any of their meetings and he claims he does not know how Ray came to ask for him as his lawyer. I said that Ray claims he read about him in the newspaper when he was in the penitentiary in Missouri. The Attorney General said he does not see how Ray would remember that. I agreed and told the Attorney General that the lawyer and his son, who is a partner, went over to England and we alerted our London Office to alert the British as to his background so they would know with whom they are dealing.

The Attorney General asked how long ago the fellow was with the Bureau and I stated it must have been before the war. The Attorney General then asked how long he was with the Bureau and I told him about three years and that he then went into the practice of law and got into politics in Birmingham and, as I had said, he was a very strong supporter of "Bull" Connor in the use of police dogs, et cetera, in civil rights matters. I said he was the lawyer in the Liuzzo case and won in the local court and then it went into the Federal court on civil rights and he lost. I said he has made many public statements against Martin Luther King when King was living and he has strong animosity against King and against Kennedy. I said it was significant that he is the attorney selected by Ray to represent him in the trial in this country. I said

he does not intend to ask for a change of venue if he is to be tried in Memphis. The Attorney General asked if we were getting any evidence that Ray had somebody helping him and supporting him and I told him none whatsoever. I said we were checking various lines as to Ray and Sirhan Sirhan in the Robert F. Kennedy case as to the mysterious woman in the pantry of the Ambassador Hotel and so far they have all fallen through. I said the girl in the Sirhan case has refused to take a lie detector test, but I thought the police were going to give her one although so far she has refused to take one. The Attorney General asked if this were the woman in the polka dot dress and I told him it was the one who claimed she saw the woman in the polka dot dress. The Attorney General said he had read the report on her and got the feeling she was unbalanced. I commented that she was seeking publicity.

I continued that we are also checking as to who was with Sirhan Sirhan at the rifle range when he was practicing with the revolver as well as persons with him when he bought the ammunition. I stated in these instances they were men.

I stated that in Ray's case, we have not found a single angle that would indicate a conspiracy. I said the only significant thing is the money he had and which he spent freely in paying bills and I thought that could have been obtained from a bank robbery. The Attorney General said that if we could show he robbed the bank at Alton, it would be helpful. I said we are working on that because he was paying his bills with $50 bills up to his arrest. I said on the other hand he stayed at flop houses and never stayed at a first-class hotel but at the same time he spent, I thought, $1200 or more in buying guns and the car, which I thought was $1500, and then he took dancing lessons, bartender lessons, and lessons in picking locks, and that is why I think security is so exceedingly important not only in England but on the way back to this country and when he gets here.

The Attorney General commented that he hoped my men can bring him back and asked if that were satisfactory. I told him it was and that I would be strongly of the opinion, unless there is a compelling reason to the contrary, that he ought to be brought back by military plane; that I could not see any difference between a military plane, a Cunard liner, or Pan American; and on the Military plane we would have our Agents and have Ray confined with

leg irons and handcuffs. I said he is a dangerous individual and is not a damn fool; that he is desperate and will make any effort to escape that he can. I said I thought he should be landed at the Naval airport in Memphis and not the regular airport. The Attorney General asked if we should have a representative of the Memphis Police Department on board or not, and I said I would not think so. I said I would think we would be responsible for taking him from the British and arrange with Frank Holloman to have the Memphis Police at the airport in Memphis on arrival, but to do it almost on an "eyes only" basis so there will be no leak as to where or when he is coming in because we will be plagued by the press, as they are trying everything they can in England to get a line on when he is being moved. I said I noted the lawyer says he expects to be advised exactly when and where he will depart. The Attorney General commented that he will know when he gets in.

I said there is a military airport in London and I thought that is where the military plane should land if it goes from this country with absolute silence on the part of the Commanding General as to its departure; that the first knowledge in this country would come when he is delivered to the Memphis Police with sufficient time to get him into jail. I said the plane should arrive so as not to allow them to go through the city in the daytime but to arrive around 2:00 or 3:00 in the morning. The Attorney General said he was sure that was exactly right. I said otherwise there will be efforts to kill him if there is a conspiracy and if there is no conspiracy, the supporters of Dr. King will do everything in their power to kill him. I said the same thing is true in the case of Sirhan Sirhan in Los Angeles because the feeling on behalf of the Kennedy followers is so strong that they will have to take great precautions to see he is not killed. I said it would be a horrible thing as it would be charged it was done by the Federal Government or something like that and for that reason it must be very carefully handled both as to transportation of Ray from London and incarceration, if he is ever extradited as I think it is going to drag on for five or six weeks. I said what I am afraid of is that there is going to develop in this country criticism on the part of the British in getting this fellow back here. I said people have asked how soon he will be brought back and I have told them it is up to the British as it is not our responsibility as we have done everything so that he has legal representation.

The Attorney General stated that Assistant Attorney General Fred Vinson, Jr., will be going back over to England Monday night as the Home Secretary and our Ambassador asked that he come back. He said that we have urged in every way that it be speeded up because of the strong feeling in this country about it.

The Attorney General asked then if I thought a military plane is better than leasing a commercial plane and I said I did because when you lease a commercial plane, you would have a crew, unless you put a military crew on it, but there would be no purpose putting a military crew on a commercial plane. I said I could not see any legal difficulty as the method of getting him back does not make much difference as to the legality of the thing or the image of it. The Attorney General commented that he had been thinking the other way. I said he is a dangerous man and has proven himself to be very clever as he landed for various parts of the world as I thought he was headed for Brussels to join the mercenaries and he had plans to go to Rhodesia and he was in Lisbon where he laid around for about a week and came back to London. I said the London Police have never been able to pick up what he was doing for the balance of the time. I said he is a slippery, shrewd individual and he is most contemptuous in manner and action with the prison authorities over there. I said another thing about the British is that they are not tight on security as they do not search a person unless he is convicted and they do not search anybody visiting someone in jail, but that is the old British procedure. The Attorney General commented that it is absolutely wrong. I said I thought any person visiting a prisoner ought to be searched. The Attorney General said he thought my men talked them into doing that. I said they finally did, but they always talk about traditions over there. The Attorney General commented that they were about as strict as anybody on those.

I said I thought we have a very serious problem in moving this fellow and we ought to do it with very carefully laid out plans and take him into the Naval airport in Memphis and arrange to turn him over to Holloman and then announce he is in the custody of the Memphis Police. The Attorney General said he hoped my men were working on that so we will be ready and I told him we were.

I told the Attorney General that the men who were in London were back here, as one man's father had a serious heart attack. I said one is Special Agent Zeiss, whom he may remember, and the Attorney General said he did, that he was a close friend of his father's and his son knows him, too. I said he will be on the plane and so would John T. Minnich. The Attorney General commented this would be ideal.

The Attorney General asked how we thought Ray got the three names he used. I said this again shows his astuteness as all three are living people residing in Canada who never knew him and never heard of him. I said on the other hand, Ray spent last year, when he was wandering around the country, a great portion of the time in Canada and I thought he was planning this thing and seeking a double identity like Sneyd, Galt, and Bridgeman and checking out those names so if there were any check made on his application for a birth certificate, they could ascertain such a person existed. I said this shows his shrewdness. I said I think we are dealing with a man who is not an ordinary criminal in the usual sense, but a man capable of doing any kind of a sly act. The Attorney General said he was exceptionally clever.

I said Sirhan Sirhan is a different individual as he is a fanatic and killed Robert Kennedy because he spoke in favor of Israel and this fellow being an Arab became intensely bitter against Kennedy and felt he should be killed, which he did, but he is a fanatic and Ray is not a fanatic in that sense. I said I think Ray is a racist and detested Negroes and Martin Luther King and there is indication that prior to the Memphis situation, he had information about King speaking in other towns and then picked out Memphis. I said I think he acted entirely alone, but we are not closing our minds that others might be associated with him and we have to run down every lead.

I said we are getting more crank letters and letters about other people who are going to be killed who are in high office, such as Senator Edward Kennedy, et cetera. I said one does not realize how many nuts are loose in this country until we have a case like this. The Attorney General said it brings them out. I said we have to be careful of all of them; that we take about three away a week who come to my office who complain about persecution and sometimes they are armed and we send them to the hospital and then they are sent to St. Elizabeth's and in two or three months they are back on the streets. The Attorney General said we are going to have to find new ways to deal with that problem as it is not effective now. I said it

is a problem for the psychiatrists but they are apparently doing little to cure them, but they are mentally unbalanced. The Attorney General said it is a public safety problem now. I said I do not favor the view that the country is depraved and all that. I said I think we have a great block of fine people in this country; that there may be some depraved citizens, but it is not a depraved society. The Attorney General said he thought there was too much emphasis today in the press that society is sick; that it is the fashionable thing to do.

I said I hoped the new Commission the President has appointed will keep a balanced viewpoint as to that because the other Commission went far astray in regard to white racism. I said there is racism but not as predominantly as the Kerner Commission found it to be. The Attorney General said he had never found it so. I said as an example take the meeting yesterday (Solidarity Day); that more than 50% of those who attended were white and it was not predominantly Negro. The Attorney General said that was surprising to him and he felt better to see it that way. I said this shows that white racism is not as predominant as we have been led to believe. I said I hope the Eisenhower Commission when they get around to their findings view it with an unemotional attitude. The Attorney General said there are some good people on the Commission. I said it seems it should be done without emotionalism or crying fire. I said I get annoyed with the editorials about our sick society as I do not believe there is such a thing in this country although there are some sick citizens. The Attorney General said that if I could make this point in the Law Enforcement Bulletin on the Director's page, he thought it would be helpful. I said I have been working on that just recently; that the idea was given to me by McGill of the Atlanta Constitution. I said he had a fine editorial about the attacks on the FBI because we had not found the King murderer after two months and the cracks that we were not trying to find him and then he quoted several verses of the Bible which portrayed Christ as not interested in the poor, but it showed again that there is always an effort to tear down and destroy. I commented that I thought there was a tendency to debunk our Patriots in history. I said it was that sort of thing that I thought drove President Johnson from running for a second term and the Attorney General agreed.

I mentioned the Students for a Democratic Society as a minority group dominating and the Attorney General said it was a tiny group. I said it is a bad group and it played a big part yesterday at this meeting as they attended but it was just like the Columbia University thing. I said that was staged by only about thirty individuals who closed the university which has thousands of students. The Attorney General said they are a pretty clever and effective group and have to be watched carefully. I said they are more effective than out and out communists. The Attorney General said they are doing more harm. I said they are moving into every area they can and we have been watching them closely and we have some good informants. The Attorney General said he thought that is really vital because they are a dangerous group.

The Attorney General expressed his appreciation and said he would keep me posted on this registration of guns.

Very truly yours,

SUBJECT: MURKIN

Assistant Attorney General Vinson called with reference to the above-entitled matter involving the murder of Martin Luther King, Jr. He said he has been in touch with British lawyers, believes they will further stipulate as to the identity of subject Ray; however, this has not been firmed up to the point that he is in a position to advise the Bureau that Latent Fingerprint Examiner George Bonebrake will not be needed in London to testify. Vinson said he is going to make one more pass at this matter with the British and will either be in touch with the Bureau today or tomorrow concerning whether Bonebrake is needed.

He said inasmuch as the Department and the Bureau are going to be involved in devising some plans for the travel of Ray from London to the United States, he had been instructed by the Attorney General to get some background on the prison security in Tennessee and thought he had this pretty well lined up inasmuch as some men had been in Tennessee for several days looking over the security there.

Insofar as transporting the subject is concerned, he said that is going to be primarily one for the FBI and he wanted to know whether we could get together on Monday to talk over such things as the most desirable time to leave London, the possibility of private airfield, and other matters which would allow Ray to be taken from London quietly because he felt the British press were even more aggressive than the press here in the States.

I inquired as to whether he had taken any steps with reference to the suggestions concerning the use of military aircraft and the other matters which were set forth in the memorandum that was sent to the Attorney General yesterday. He said he had seen something on it. I told him a copy was designated for him. He said the alternative would be to hire a commercial aircraft but, of course, this presented some problems.

Re: MURKIN

I advised him we would like to know the Department's decision with reference to the matters raised yesterday.

ACTION:

It is suggested we find out what Vinson has in mind on Monday. As he indicated, he wanted me to see him on this and then it can be determined what steps need be taken. Obviously, if we are going to use military aircraft our problems can be greatly reduced and we, of course, will have much more control over the situation than if we went by commercial aircraft.

We do not want to use commercial aircraft.

GEORGE ROBERT LETSINGER was subsequently arrested by the San Diego Police Department 6/12/68 on an outstanding warrant issued at Seattle, Washington, for grand larceny.

On 6/13/68 GEORGE ROBERT LETSINGER was interviewed, at which time handprinting was taken from him since circumstances seemed to indicate he had written the note himself, although he denied having written this note.

FINGERPRINT TESTIMONY AT EXTRADITION HEARING

As you are aware, the testimony of the latent fingerprint examiner who effected the identifications with the fingerprints of James Earl Ray, has been requested in connection with the extradition hearing for Ray in London on June 27, 1968.

Fingerprint Examiner George J. Bonebrake is scheduled to arrive London at 8:05 A.M., on June 24, 1968. The attorneys in London have requested that Bonebrake be available for conferences two days prior to the hearing, and, inasmuch as all flights to London on June 24, 1968, are filled, it is necessary for the examiner to take a flight leaving Washington, D. C., the evening of June 23, 1968. Legat, London, advised by cablegram today.

Bonebrake is taking the following listed items as possible aids to his testimony:

- Charted enlargements illustrating the identification of latent fingerprints on the rifle, telescopic sight for the rifle, and the binoculars
- Photographs and negatives of all latent fingerprints identified with Ray
- Two original fingerprint cards and copies made from the microfilm of all fingerprint cards from the record of Ray, FBI #405942G

Martindale pointed out that Legat, London airtel to the Bureau of June 14, 1968, enclosed pertinent Scotland Yard reports, and advised that their reports could be disseminated to the Department in confidence, but to no one else. While the nation mourned the death of Sen. Robert F. Kennedy at the hands of an assassin, the FBI entered the unspectacular stages of the [redacted] Dr. Martin Luther King Jr., entered its fifth week with no sign of success.

While the FBI will make no comment on the case, a Justice Department official conceded what many associates have said for nearly the entire time — that Dr. King's assassin may never be found and may be dead.

While the FBI continued to press a world-wide manhunt for the suspect, James Earl Ray, the [redacted] official said:

"The chances of capturing Ray have diminished with time because time dims recollections and obscures evidence. And it is not unlikely, despite a host of evidence, that Ray was killed by someone who may have conspired with him against Dr. King."

The statement of the official, who would not permit use of his name, conflicts sharply with Attorney General Ramsey Clark's earlier public pronouncements that he believed Ray was alive and would be caught.

Dr. King was struck by a sniper's bullet as he stood talking on a Memphis motel balcony April 4 — nine weeks ago last Thursday. The FBI traced Ray to Atlanta where agents were told he was seen the day after the murder. There the trail ends.

A library [redacted] Ray in Atlanta, Ray managed to board a plane unnoticed and flew to Miami where he boarded another plane that took him out of the country. Officials of virtually all free world nations have been alerted to watch for him. A meticulous FBI check of airlines serving Atlanta turned up nothing.

The FBI, deluged with tips about Ray in the weeks immediately following Dr. King's death, still gets hundreds every week, but not as many as before.

"All it needs," said a more optimistic official, "is one — the right one. And it could come any hour of any day."

This is the investigation into the assassination of Martin Luther King, Jr.

Based upon stops placed by New Scotland Yard as a result of information furnished by the FBI, James Earl Ray was arrested at the London International Airport, London, England, today, 6/8/68, at 11:15 a. m. London time (6:15 a. m. Washington, D. C., time).

Ray was traveling under a Canadian passport issued in the name of Ramon George Sneyd. At the time of his arrest he had two Canadian passports under this name. One had been issued at Ottawa on 4/24/68 and the other had been issued by the Canadian Embassy at Lisbon, Portugal, on 5/16/68. Ray obtained a second passport by claiming that his original passport had been destroyed.

Ray at the time of the arrest was carrying in his hip pocket a fully loaded revolver. He is being detained by English authorities for carrying a concealed weapon and for entering the country with illegal documentation (the passport). Ray is to be arraigned in court in London on Monday, 6/10/68, at 10:30 a. m. London time. Ray cannot be interviewed by FBI personnel before his arraignment. Subsequent to the arraignment he can be interviewed only if he consents to submitting to such an interview.

The Legal Attache in London has advised that Ray's identity has been confirmed through fingerprints. REC 31 - 176 4/610

The White House, the Department of State, Secret Service and officials of the Department of Justice were appropriately advised of the apprehension of Ray. Also, Public Safety Director, Frank Holloman, of Memphis, Tennessee, was personally informed that Ray had been

apprehended and was in custody in London, England. The Canadian Embassy in Washington, D. C., and Royal Canadian Mounted Police Liaison Officer Pantry were advised. It was pointed out to the Department of State and officials of the Department that extradition proceedings would have to be initiated. It is our understanding that the Unlawful Flight to Avoid Confinement charge as well as the Civil Rights - Conspiracy charge are not extraditable offenses. The murder charge which is outstanding against Ray based on the indictment in Tennessee is an avenue for extradition.

The Crime Records Division issued a national press release on this case at 11:36 a. m., after it had been cleared with both the Deputy Attorney General and with Cliff Sessions, the Department of Justice Information Officer. Prior to that the release had been read to and approved by the Legat in London and the SACs at Atlanta, Memphis and Birmingham. The latter SACs were advised it could be released to the local press at 11:55 a. m. Extremely wide press coverage has been given to the press release, both on radio, television and in newspapers. Attached is a copy of the press release as well as the story as it appeared in the 6/8/68 issue of the Washington "Evening Star."

ACTION:

You will be kept advised of pertinent developments in this matter.

ADDENDUM ASSISTANT TO THE DIRECTOR

The Attorney General asked me to come to his office at approximately 2:20 p. m. In his office were his wife, Assistant Attorney General Vinson, Assistant Attorney General Pollack, his Executive Assistant Neil Lindenbaum and the Deputy Attorney General, Warren Christopher.

The Attorney General first congratulated the FBI and stated that this was the greatest news he had ever heard. He next went into a long song and dance on the absolute necessity of security and the avoidance of evasion of civil rights of the subject, James Earl Ray. The Attorney General asked me questions concerning the quality of our Agent personnel in London and I told him we had absolute faith and confidence in these men, otherwise we would not have assigned them there. He stated he thought we should send additional men to London to assist in this case. I told him I thought this was both foolish and unnecessary. He asked me about Legal Attache Minnich's background and I provided this information for him. He asked me if the FBI had a representative in the same cell block with the subject. I told him we did not and that furthermore, inasmuch as this man was under British custody, we could not even talk to the prisoner unless he, the prisoner, agreed to interrogation. The Attorney General asked if we had a man next to the cell block. I told him we did not and that he must realize that this man was under British custody and, therefore, not the responsibility of American authorities. The Attorney General stated he would feel better if he knew the exact provisions under which security the prisoner was being maintained. I made no comment.

The Attorney General asked me if I thought it was necessary to send a Departmental representative to London. I told him I thought this was completely unnecessary if the representative would be going for the purpose of attempting to look into FBI activities. The Attorney General stated this representative would be going for the purpose of expediting legal activities in connection with the extradition of the subject. He added that the Departmental representative would also check with the British authorities to make certain there was ample security. Furthermore, to make certain that the prisoner's civil rights were being protected.

The Attorney General asked me whom I thought should be responsible for bringing the prisoner back to the United States. I told him I previously discussed this with the Director and that the Director was agreeable to the FBI escorting the prisoner back to the United States. He asked how many men would do this. I told him we would utilize three very capable men. He stated he thought we needed more. I told him I disagreed and that three men

would be sufficient, particularly [illegible] The Attorney General asked [illegible] commercial transportation should be utilized. [illegible] military transportation would probably be better and further [illegible] plane should land at a military base, possibly near Memphis, Tennessee, so that maximum security could be afforded. The Attorney General agreed. He then called Governor Buford Ellington in Tennessee and specifically asked him to expedite extradition proceedings by immediately making a request to the President of the United States so that the White House in turn could forward this request to the British Home Secretary. The Attorney General also told Governor Ellington that he would personally feel better if Federal officers (meaning the FBI) would escort the prisoner back to the United States. Governor Ellington agreed to all terms and stated that he would comply with the wishes of the Federal Government in this matter.

The Attorney General next turned to the Deputy Attorney General and asked him if he thought a Departmental representative should be sent to England. The Deputy Attorney General replied, "Without question." The Attorney General next asked the entire group whom they thought should be sent. He ventured the personal opinion that it should either be Vinson or Pollack. There was no comment. The Attorney General then stated that Vinson should go and should leave tonight, June 8, 1968. He asked that Vinson be placed in touch with our Legal Attache. I told the Attorney General that sending Vinson was his own business, however, I would like to make absolutely certain that Vinson did nothing to upset the very excellent relationship between the FBI and Scotland Yard. I stated that Vinson under no circumstances should attempt to push Scotland Yard around by insisting on different types of security. The Attorney General repeated that Vinson would be there primarily for the purpose of expediting legal activities. The Attorney General then told Lindenbaum to have several Bureau of Prisons officials go to Memphis early Monday, June 10, 1968, for the purpose of taking a look at the county jail in Memphis so that proper security could be afforded the prisoner once he was turned over to the state authorities. (This, of course, is none of the Attorney General's business inasmuch as once the prisoner is turned over to the state he is strictly the state's responsibility.)

Upon leaving, the Attorney General told me that he would like to sit down with me within the next several days and completely go over this case. I told him that we had already provided him with reports in the matter and that these reports, plus the press release of today, covered all necessary details. He made no comment other than to commend the FBI once again and to say that hard work paid off.

[redacted] be assigned this responsibility. [redacted] is approximately 6 feet 4 inches tall, is in excellent physical shape, is a firearms instructor and is currently assigned to the General Investigative Division here at FBI Headquarters. He has an excellent background. In the event the Director approves this recommendation, we will have [redacted] obtain a passport and the necessary medical shots so that he can proceed to London, England, upon instructions.

I am advising Legal Attache Minnich this afternoon, June 8, 1968, that while he should confer with Assistant Attorney General Vinson he should not be "bossed around" by Vinson or allow Vinson to upset any delicate relations that we have with law enforcement authorities in England.

6/8/68

FOR IMMEDIATE RELEASE
JUNE 8, 1968

Attorney General Ramsey Clark today announced that James Earl Ray, an escaped convict being sought in connection with the fatal shooting of the Reverend Dr. Martin Luther King, Jr., in Memphis, Tennessee, on April 4, 1968, has been located in London, England.

FBI Director John Edgar Hoover said that Ray, who has used the name of Eric Starvo Galt and other alias, was detained by officers of New Scotland Yard at 11:15 a.m., London time, this morning. Ray was traveling under the name of Ramon George Sneyd and had two Canadian passports in that name in his possession. One passport had been issued at Ottawa on April 24, 1968, and the other had been issued May 16, 1968, at Lisbon, Portugal, by the Canadian embassy in that city. Mr. Hoover advised that Ray was located based on information furnished by the FBI to New Scotland Yard. At the time of his detention, Ray was passing through British immigration offices and was planning to take a flight to Brussels, Belgium.

ENCLOSURE

Mr. Hoover said (illegible) Ray is now [illegible]

London's Cannon Row Police Station under maximum security conditions.

Mr. Hoover further advised that Ray was armed with a fully loaded pistol which was found in his hip pocket. He was wearing glasses and was dressed in a light colored raincoat, a sports jacket and gray trousers.

Director Hoover advised that Ray's arrest was the direct result of intensive investigation by the FBI pursued in all fifty states--as well as in Canada, Mexico, Portugal, England and other countries. In particular, Mr. Hoover signaled out the outstanding cooperation received from the Royal Canadian Mounted Police and from England's New Scotland Yard.

FBI Director Hoover pointed out that Ray was detained in England based on his use of fraudulent documentation--a passport--and also on the fact he was carrying a concealed weapon. A 1st degree murder indictment was returned by the Shelby County Grand Jury in Memphis, Tennessee, on May 7, 1968, charging Ray and necessary extradition proceedings will be initiated shortly.

According to Mr. Hoover, Ray was added to the FBI's list of "Ten Most Wanted Fugitives" on April 20, 1968.

Mr. Hoover stated that the 40-year-old [illegible] escaped from the Missouri State Penitentiary at Jefferson City, Missouri. He was received at the institution on March 17, 1960, to serve a 20-year sentence following conviction in St. Louis for armed robbery and for operating a motor vehicle without permission of the owner. In April, 1967, he was reported missing from the State Penitentiary; and on July 26, 1967, based on information indicating Ray had fled from Missouri, an FBI complaint was filed at Jefferson City charging him with unlawful flight to avoid confinement for armed robbery.

On April 17, 1968, the FBI filed a complaint at Birmingham, Alabama, charging him, under the name of Eric Starvo Galt, with conspiring to violate the civil rights of Dr. King in violation of Title 18, Section 241, of the United States Code.

This FBI complaint charges that:

"On or about March 29, 1968, at Birmingham, Alabama, ...Eric Starvo Galt and an individual whom he alleged to be his brother, entered into a conspiracy which continued until on or about April 5, 1968, to injure, oppress, threaten, or intimidate Martin Luther King, Jr.,...in the free exercise or enjoyment of a right secured to him by the Constitution or

[illegible] of the United States, namely, the right to [illegible] travel from state to state. In furtherance of this conspiracy, Eric Starvo Galt did, on or about March 30, 1968, purchase a rifle at Birmingham, Alabama..."

Immediately after the fatal shooting, a 30.06 rifle with a telescopic sight was found near a rooming house on South Main Street in Memphis which overlooks the Lorraine Hotel and Motel where Dr. King was staying. Mr. Hoover said FBI Agents determined that the rifle had been purchased on March 30, 1968, from a gun dealer in Birmingham and that the telescopic sight was also purchased from this dealer.

On April 19, 1968, Mr. Hoover announced that a systematic and exhaustive search of latent fingerprints uncovered in the Dr. King case against the fingerprints of the over 53,000 persons for whom "Wanted Notices" had been posted in the files of the FBI's Identification Division led to the determination that Galt and Ray were identical.

FBI Agents also identified him as the owner of an abandoned 1966 white Mustang bearing Alabama license plates which was

located in Atlanta, Georgia, on April 11, 1968. As Eric Galt, he had purchased the Mustang from a private citizen in Birmingham on August 30, 1967. From that date until it was abandoned in early April, 1968, the car was driven more than 19,000 miles.

Mr. Hoover said that the fugitive's travels in the Mustang included trips to Los Angeles, New Orleans, Birmingham, Memphis and Atlanta, as well as to Mexico. He visited Mexico in October and November, 1967. He made a trip to Canada earlier in 1967 before purchasing the Mustang.

According to the FBI Director, while in Montreal, Canada, in the Summer of 1967, Ray enrolled as Eric Galt for a correspondence course in locksmithing offered by a school in New Jersey. He also took a course in bartending in Los Angeles early this year, graduating on March 2, 1968. In addition, he also took dance lessons in Long Beach, California, from December, 1967, to February, 1968.

Mr. Hoover said that a summary of the FBI's investigation in this case, together with the findings of the FBI Laboratory and the results of fingerprint examinations by the Identification Division, will be made available to Tennessee authorities.

Accused Slaye
Of King Seized a
London Airport

By JEREMIAH O'LEARY
Star Staff Writer

James Earl Ray, accused slayer of Dr. Martin Luther King Jr., was arrested today in London.

The 40-year-old fugitive was seized by Scotland Yard operatives at 11:15 a.m. (7:15 EDT) as he disembarked from an airliner en route from Lisbon, Portugal, to Brussels, Belgium, Atty. Gen. Ramsey Clark and FBI Director J. Edgar Hoover announced.

The FBI, which has sought Ray since King's death April 4 in Memphis, Tenn., said Ray had a snub-nosed, fully loaded revolver in his hip pocket when British police made the arrest. Ray was arrested on the basis of information furnished Scotland Yard by the FBI.

An announcement by Scotland Yard said Ray was charged with possessing a forged passport and possessing a firearm without a certificate.

Ray was wearing a light raincoat, sports jacket and gray trousers.

He was traveling with a Canadian passport listing him as Ramon George Sneyd. The FBI said he obtained the Canadian passport April 24 in Ottawa, Canada, where he apparently fled after King's assassination.

The arrest was announced as King's widow was attending funeral services for Sen. Robert F. Kennedy in New York.

JAMES EARL RAY

Hoover said Ray had be traced by the FBI to Canada a that he had flown to London May 7 with a round-trip ticke In London, Ray had cashed the unused part of the ticket i exchange for a ticket to Lisbo and a voucher for the differenc of $14.60.

Last night, Ray boarded an airliner in the Portuguese capital, checked his luggage through to Brussels and stopped in London only as part of a refueling stop.

The FBI, already aware of the false identity he had assumed, had alerted Scotland Yard to watch for anyone using the name Ramon George Sneyd.

The arrest came when Scotland Yard detectives checked the passenger list of the Lisbon to Brussels airplane at Heath Row International Airport in London.

The FBI said Ray's extradition to the United States will be sought on the basis of the murder charge filed against him by the State of Tennessee rather than the federal fugitive and civ-

ll rights warrants outstanding against him.

According to information reaching here, Ray refused to admit his identity but he was identified quickly by British police from fingerprints taken after his arrest. Ray is being held in London's Canon Row police station under maximum guard.

Washington officials said they understood he would be arraigned on the British charges against him on Monday and that extradition proceedings would be started as soon as possible.

Hoover said the arrest was the result of close cooperation between the FBI, the Royal Canadian Mounted Police and Scotland Yard. The FBI had lost Ray's trail in the first several weeks after the murder of Dr. King, but picked up his scent again after routine checks of all passports issued in the United States and Canada.

Ray had applied for and obtained the Canadian passport under the name of Sneyd, using the name of one Paul Bridgeman of Toronto as a reference.

Hoover said no Paul Bridgeman had been located in Toronto, but that was the name of one of Ray's fellow prisoners in the Missouri State Penitentiary at Jefferson City, Mo. Ray himself apparently used the name Paul Bridgeman during his stay in Toronto before flying to London on May 7.

He had continued his old habits of living in cheap boarding houses and frequenting bars during his stay in Canada, FBI agents learned. The pursuit of Ray intensified in mid-May when the FBI learned that he had gone to the Canadian Embassy in Lisbon to apply for a second passport under the name of Sneyd, saying that the first one had been spoiled.

Ray had been the object of an intensive, worldwide manhunt since King's death, even before the FBI knew the true identity of the man they sought. The accused sniper had left a confused network of false identities behind him from the day in April 1967 when he escaped from the Missouri prison until his arrest today.

The first alias he used was Eric Starvo Galt, under which name he traveled to Canada in the summer of 1967 and bought the white Mustang that linked him with the King slaying.

When the suspect bought the presumed murder weapon, a Remington Gamemaster 30.06 pump gun, in Birmingham, Ala., on March 30, 1968, he used the name of Harvey Lowmyer. And when he registered in the Memphis flophouse several hours before Dr. King was fatally wounded on the balcony of the nearby Lorraine Motel on April 4, he was calling himself John Willard, the FBI said.

It was not until the white Mustang was located in Atlanta, Ga., parked near the state capital building, on April 11, that the name of Galt entered the investigation. FBI agents already knew that an Eric S. Galt had registered at the Rebel Motel in Memphis the night before King's murder but had not been able to connect him with the crime.

Registration of the car in Alabama gave investigators the name of Galt but a week went by before the FBI determined that this, too, was a false identity.

The FBI found that a man using the name Galt had traveled to Canada, Mexico, the Los Angeles area and New Orleans in a 19,000-mile journey from September, 1967 until early April, 1968. FBI agents located photographs of "Galt" at a bartending school in Los Angeles, in possession of a Mexican prostitute in Puerto Vallarta, and at the home of a Los Angeles girl to whom the suspect had written a lonely-hearts letter.

But it was not until April 18 that the FBI determined that the fugitive's real name was James Earl Ray.

This is the case involving the murder of Martin Luther King, Jr.

The Legal Attache's Office in London advised this morning that Ray, who is officially known as Sneyd in Britain, appeared before the local magistrate for about nine minutes this morning on the local charges outstanding against him. Those charges related to his entering Great Britain with false passport and illegal possession of a firearm. The magistrate gave him a remand until 6/27/68. The magistrate said the extradition proceedings should take precedent over the local charges. The defense counsel then referred to Section 3 of their Criminal Justice Act under which they can keep restrictions on the press regarding the proceedings. Defense counsel said he did not think this section applied to extradition proceedings so in order to make it perfectly clear, he did not want any restrictions imposed on press coverage.

The British Solicitor acting on behalf of the States of Tennessee and Missouri directed to the court the warrants outstanding against Sneyd for the murder in Tennessee and his conviction for robbery in Missouri.

The defense counsel then made reference to an article which appeared in the June 10, 1968, "London Times" headlined "United States Justice Department Chief interviews King Case Man."

Defense counsel for Sneyd said he was anxious to make it clear on behalf of Sneyd that Sneyd had not been interviewed by Assistant Attorney General Fred M. Vinson, Jr., or any other United States Government official. Defense counsel said he also had the permission of Chief Superintendent of the Metropolitan Police Department, Thomas Butler,

REC-39 44-38861-46-2

that Butler confirmed the fact that Sneyd has not been interviewed. Butler confirmed the fact, however, that Vinson did visit Canon Row Police Station when Sneyd was held there. Further hearing on the extradition proceedings were also set for 6/27/68.

Legat Minnich summarized the above by saying that Sneyd's being remanded on the local charges coincides with the deferment of the extradition hearing. Accordingly, on 6/27/68, it is possible the local case will be further remanded until the extradition proceedings are finally resolved. When that occurs, the local charges will then be dropped.

Legat Minnich stated he understood that George Bonebrake, * Identification Division expert, will appear at the extradition hearing and his presence is desired two days prior to the hearing date.

The act of the British courts has been included in the early morning radio newscast.

SUBJECT: ~~KING~~ RAY

This is the case involving the murder of Martin Luther King, Jr.

There is attached a letterhead memorandum dated June 18, 1968, for the Attorney General, the Deputy Attorney General, Assistant Attorney General Pollak of the Civil Rights Division and Assistant Attorney General Vinson of the Criminal Division, setting forth results of the investigation conducted in Portugal concerning James Earl Ray.

The investigation was conducted by the Portuguese International and State Security Police and was made available to our Legal Attache, Paris. The memorandum shows that Ray arrived in Lisbon, Portugal, on May 8, 1968, and departed Lisbon en route to London on May 17, 1968; that he was issued a new passport by the Canadian Embassy in Lisbon since the original passport allegedly misspelled the last name he was using as Sneya rather than Sneyd; that he displayed a Canadian birth certificate in the name of Ramon George Sneyd; that he frequented bars or night clubs where he could pick up girls and was in the habit of staying out late at night and sleeping late during the day; and that inquiry had been made at the Rhodesian Mission in Lisbon but that employees there failed to recognize the subject's photograph, and there was no record of any inquiry having been made by him. Investigation previously revealed that Ray had exhibited interest in going to Rhodesia. During the inquiries in Portugal, particular attention was given to attempting to determine if subject was alone or was accompanied by other individuals. It was ascertained he was alone in all instances except those described above.

FEDERAL BUREAU OF INVESTIGATION

WASHINGTON, D.C. 20535

June 17, 1968

JAMES EARL RAY

The following investigation was conducted at Lisbon, Portugal, on June 8-12, 1968:

[redacted]

Policia Internacional e de Defesa do Estado (PIDE - Portuguese International and State Security Police), Lisbon, on June 8, 1968, furnished the following documents:

1. Entry card executed by RAMON GEORGE SNEYA when he arrived at Lisbon Airport at 1:15 AM, May 8, 1968, via British European Airways Flight 074. The entry card showed that he was born on October 8, 1932, in Toronto, Canada; employed by an "auto agency"; a resident of 962 Dundas Street, Toronto; carrying Canadian Passport #DJ-909324, issued in Ottawa, Canada, on April 24, 1968.

2. Exit card executed by RAMON GEORGE SNEYD when he departed from Lisbon en route to London, England, on May 17, 1968, at 11:00 AM, on Portuguese Airlines Flight 450. This exit card indicated he was in possession of Canadian Passport #YT-602294, issued by the Canadian Embassy in Lisbon on May 16, 1968.

   The exit card indicated that SNEYD had been questioned by the passport inspector as to the fact that his Canadian passport issued in Lisbon on May 16, 1968, did not reflect his entry into Portugal. He then produced his original Canadian passport issued April 24, 1968, in Ottawa, which reflected his entry into Portugal on May 8, 1968. This was noted by the passport inspector on the exit card.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency. It and its contents are not to be distributed outside your agency.

ENCLOSURE

[redacted] JAMES EARL RAY

Registration card for RAMON GEORGE SNEYA at the Hotel Portugal, Lisbon, dated May 8, 1968.

[redacted] advised that a careful check of entry and exit records between May 8 and 17, 1968, failed to disclose that the subject, under the name of SNEYD, had departed or re-entered Portugal between those dates. Likewise, a careful check of records since May 17, 1968, failed to reflect that he returned to Portugal at any time following his departure.

[redacted] Inspector at Lisbon Airport, Lisbon, was interviewed on June 8, 1968, at the Lisbon Airport and advised that he recalled the incident when the subject departed Lisbon on May 17, 1968, since it was necessary for him to question the subject regarding his new passport and the fact that it did not reflect his entry into Portugal. He recalls that SNEYD then produced his original passport issued April 24, 1968, at Ottawa and explained that a new passport had been issued by the Canadian Embassy in Lisbon on May 16, 1968, since the original passport contained a misspelling of his name as SNEYA rather than SNEYD.

[redacted] stated that he was satisfied with the subject's explanation and noted that his original passport had been properly cancelled by the Canadian Embassy, but he had been advised to retain it since it reflected his entry into Portugal. [redacted] recognized a photograph of the subject from his original passport application at Ottawa.

[redacted] of the Canadian Embassy, Lisbon, was contacted and interviewed. He furnished the application executed by SNEYD on May 16, 1968, for a replacement passport. He stated that SNEYD had come to the Embassy explaining that his original passport issued April 24, 1968, at Ottawa, Canada, had a misspelling of his name as SNEYA rather than SNEYD and that this had caused confusion. He requested advice as to how this could be rectified. Mr. MORANTZ decided to issue a replacement passport gratis in the name of SNEYD.

[redacted] stated that the subject produced a copy of an original birth certificate showing his birth as October

JAMES EARL RAY

[redacted] 1931, at Toronto, Canada. The original passport application executed by SNEYD reflected his date and place of birth as October 8, 1931, at Toronto, Canada, and gave his residence as 962 Dundas Street, Toronto, Canada. It indicated that a replacement passport, FYT-602294, was being issued in Lisbon to replace the original passport, FDJ-909324, issued in Ottawa on April 24, 1968, since the original passport contained a typographical error which had caused some confusion in the past. There was attached to the passport application an affidavit executed by SNEYD to the effect that there was no guarantor in Lisbon who could vouch for his identity, since he was there alone on vacation as a tourist. He did not give any local residence.

[redacted] advised that he did not engage in a lengthy conversation with the subject but interviewed him briefly and authorized the issuance of a new passport since he was convinced by the presentation of the birth certificate as to the subject's identity as a Canadian citizen. He stated that the passport application had been handled by [redacted] a Consular Assistant in his office.

[redacted], who was vacationing at a distant location in Portugal, was interviewed by telephone from Lisbon on June 5, 1968. She stated that when she assisted SNEYD in executing his passport application, he said he was staying in Lisbon only one or two days and debated whether to bother to change his passport because he "did not want to spend all of his time waiting around the Embassy." A new passport was issued the day after he first came in. It is noted that the passport photograph does not identify the photographer. Mrs. LOPES stated she may have referred RAY to Foto Lusitania to have the photographs taken, but she could not definitely recall whether or not she had done so.

[redacted] advised that subject displayed a Canadian birth certificate in the name of RAMON GEORGE SNEYD. He needed a great deal of help in filling out the application, leading [redacted] to believe he did not have a good education. She also advised that he had a rather unusual accent for a Canadian. She cancelled the passport issued at Ottawa by stamping it cancelled on each page and clipping one inch from each of the inside pages.

JAMES EARL RAY

[redacted] advised that Foto Lusitania, Rua Mayer, Lisbon, had been contacted on June 11, 1968. They recognized the photograph of the subject and recalled that he had been referred there by the Canadian Embassy on May 16, 1968, for passport photographs. They took his photograph and he purchased several copies (six is the usual number). They considered this a normal routine transaction and nothing out of the ordinary was noted.

Mr. GENTIL LUIS SOARES, Hotel Portugal, 4 Rua Jose das Regras, Lisbon, advised on June 9, 1968, that the subject registered under the name of RAMON GEORGE SNEYA on May 8, 1968, and departed on May 17, 1968. This is a small, inexpensive hotel. The registration book maintained by the hotel reflects the dates of his arrival and departure and indicates his occupancy of the room during that entire period. The registration book reflects (probably taken from his passport) that his nationality is Canadian and he is 38 years of age.

Mr. SOARES advised that it was his impression that the subject resided there as a tourist. He was not particularly friendly with any other clients of the hotel. He slept late during the day and stayed out late at night. Mr. SOARES advised that it was his impression that the subject was spending his time in bars or nightclubs where he could pick up girls, since on at least two occasions he attempted to bring girls into his room and when the hotel refused to permit him to do so, he departed with the girls and stayed out for the entire night. Mr. SOARES stated that he did not know the identity of the girls whom SNEYD brought to the hotel.

Mr. SOARES advised that at the time of his departure on May 17, 1968, he paid cash for the last three days, having previously been billed for his first week of occupancy. He recognized the subject's passport photograph taken at the time of the issuance of his original passport in Canada and stated that subject did not wear the glasses constantly during his stay at the hotel.

[redacted] advised that on the night of June 9, 1968, [redacted] of the PIDE visited numerous nightclubs and bars of the type which the subject may have frequented, in an effort to obtain further specific

[redacted] EARL RAY

information as to his contacts, associates and activities, Inspector [redacted] visited the following bars and nightclubs:

Texas Bar
Arizona Bar
Niagara Bar
California Bar
Europa Bar
Atlantico Bar
Bolero Bar
Maxime's Nightclub
Gale Bar and Nightclub
Fontoria Nightclub
Tagide Nightclub
Nina Nightclub

Inspector [redacted] interviewed approximately 60 individuals, including doormen, managers, bartenders, bar girls and prostitutes. He displayed the subject's photograph in all instances to determine if the subject was known and, if so, the extent of the contacts. Inspector [redacted] advised that subject had visited the Texas Bar on two occasions alone and had purchased beer on each occasion. He had not remained for more than an hour. The same was true at the Niagara Bar. There were various individuals in the other bars contacted who vaguely thought they recognized his photograph but could furnish no specific information.

At the Bolero Bar, the proprietor indicated that the subject had come there on two occasions at approximately midnight and had remained there until 2:00 or 3:00 AM drinking beer. He was alone and quiet and attracted no special attention.

At Maxime's Nightclub, GLORIA SAUSA RIBEIRO, a prostitute, advised that she had met the subject when he had visited there one night. She spent several hours with him in the nightclub and then went out and spent the night with him. She advised that she does not speak English and he did not speak Portuguese and, therefore, they spoke "only the international language of love." She declined to say where she had spent the night with him, but did advise that he insisted on presenting her with gifts rather than paying her in cash since this made the transaction less commercial. He, therefore, presented her with a dress and stockings in payment for her services. She has not seen nor heard from the subject

again. She could not recall specifically the date when she met him and could furnish no further pertinent information. She reiterated that the conversation was very limited.

At the Gale Bar, MARIA JOSE GUTERRES recognized the subject's photograph and stated that he had visited this bar on two occasions and had bought her drinks on each occasion. She likewise speaks practically no English and, therefore, the conversation was very limited. On each occasion, he spent one or two hours drinking beer and departed alone. No further pertinent information was available from this source.

At the Fontoria Nightclub, the subject was vaguely known by various employees. One Spanish girl, not further identified, stated that the subject had purchased her beer during a visit when he stayed there for one or two hours. No further specific information was available from this source.

It was noted that at the time of the subject's arrest in London, England, he had in his possession a timetable of South African Airways on which Salisbury, Rhodesia, was checked.

[redacted] advised on June 11, 1968, that the South African Airways office in Lisbon had been contacted. One employee, not further identified, vaguely recognized the photograph of the subject as a person who may have made inquiry, but he was not certain as to this. He stated that numerous persons enter the South African Airways office and that no particular note is made of the transaction unless something unusual occurs. He may have inquired for a timetable, but the employee does not specifically recall this. There is no record of any travel having been purchased by SNEYD at this office.

Sr. PASSO also advised that inquiry had been conducted at the Rhodesian Mission in Lisbon. Employees there failed to recognize the subject's photograph and there was no record of any inquiry having been made by him.

Since the British press indicated that an inquiry had been received at the Biafra office in Lisbon from an individual who requested information as to going to Biafra as a white mercenary, [redacted] was requested to make inquiry

at the Biafra office.

[redacted] advised that the Biafra office, which is located at 18 Avenida Torre de Belem, Lisbon, does not ordinarily receive inquiries from prospective white mercenaries. He stated that the purpose of this establishment is probably to purchase arms throughout Europe and to handle their transit through Lisbon en route to Biafra. He stated that inquiry there had failed to reflect that the subject had made any inquiries there.

It was also noted that the British press had indicated that the subject had made some inquiries in London of a British reporter regarding the possibility of going to Angola, a Portuguese possession in Africa, as a white mercenary.

Inquiry was made of [redacted] regarding this possibility. He advised that there are no white mercenaries fighting in Angola. He also advised that no foreigner is allowed to enter Angola without the specific permission of the Portuguese authorities.

Since information was received indicating that the subject had converted South African money into British money in London, inquiry was conducted in Lisbon to determine if he had purchased South African currency at the Lisbon Airport.

Mr. CARLOS CAMEIRO, Manager, Banco Lisboa Acores, Lisbon Airport, failed to recognize a photograph of the subject. He also displayed the photograph to several employees of the bank, who likewise failed to recognize the photograph. They explained that they handle numerous exchange transactions and they do not necessarily note an individual's appearance.

In all of the above inquiries particular attention was given to attempting to determine if the subject was alone or was accompanied by other individuals. It was ascertained that he was alone in all instances, except those described above.

SUBJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

One question in our investigation of Ray is how and when he was able to obtain the background information concerning Galt, Bridgman and Sneyd which enabled him to assume their identities after his escape from prison and after the murder. All three were residents of Toronto and reside in close proximity to one another. It is difficult to understand why Ray would flee to the very city in Canada where all three of these individuals reside, if in fact, he knew that these three individuals were then residing in Toronto. One answer would be that he did not know this and, if not, it would follow that he did not select these identities and he either purchased this background information or someone else obtained this information for him. If the latter is the case, it would indicate a possible existence of a conspiracy in this case.

Background information for false identities is generally available in the criminal underworld and it would be assumed that there is some criminal in the Toronto area who prepares such information for sale to the underworld and to Americans fleeing to Canada to evade the draft, legal process, etc.

In view of the above, the following suggestion is offered for consideration. Consider making inquiry of Buffalo Office to determine if any of Buffalo's top-level criminal informants in La Cosa Nostra and other criminal syndicates know of the identity or existence of any individual in the United States or Canada, particularly Toronto, who

prepares such documentation for the underworld. Buffalo could also be requested to review its selective service and deserter cases wherein subjects have sought refuge in Canada under assumed names in order to determine if any of the subjects in those cases have ever reported the existence of an individual who prepares background information for assumed identities.

If we could establish the existence of such an individual and locate him, he should be interviewed to determine if he prepared the background information used by Ray and, if so, the identity of the individual to whom he furnished such information.

The Department is being advised of the receipt of passport documents of the subject furnished by the Canadian Embassy in Lisbon, Portugal, and documents furnished by Portuguese authorities. These documents indicate that the subject applied for and received a new passport from the Canadian Embassy in Lisbon since the passport issued by the Canadian Passport Office in Ottawa on 4-22-68 carried his name as Ramon George Snyes instead of Sneyd.

These documents are being examined by the FBI Laboratory and handwriting comparisons are being made.

together with background information furnished by WAUGH, the possibility exists that same may have been written by subject RAY, based upon photographic specimens of his handprinting furnished the Birmingham office by the Bureau, by Routing Slip dated June 17, 1968. This, together with the fact it is known that RAY was visiting in New Orleans on March 22, 1968, which was the date indicated the Palmer Writers School pamphlet was executed, plus RAY's known propensity for correspondence courses, makes it desirable that investigation be conducted at New Orleans, as set forth below.

The FBI Laboratory is requested to make a handprinting comparison of the executed portions of the Palmer Writers School pamphlet filled in by ERIC A. WAUGH, with known handprinting specimens of subject RAY and that Birmingham, New Orleans, and Memphis be advised of the results.

NEW ORLEANS DIVISION

AT NEW ORLEANS, LOUISIANA:

1. Will conduct investigation at Apartment No. 3, (upstairs) 2928 Tulane Avenue, and determine occupant on the date of March 22, 1968. Determine whether subject RAY may possibly have rented the apartment temporarily or may have been visiting the normal occupants thereof.

2. Will interview CHARLES MARTIN, Inspectors of Patroleum, P.O. Box 19465, New Orleans, Louisiana, 70119, regarding the pamphlet of the Palmer Writers School, and

determine whether he was acquainted with the ERIC A. HAUGH, whose name appears above that of MARTIN, as desiring to be enrolled in the Palmer Writers School. Will determine from MARTIN whether he is acquainted with anyone by the name of ERIC A. HAUGH or whether he might recognize photographs of subject RAY. (New Orleans refer to its previous report regarding RAY's presence in New Orleans on the date in question).

GENERAL INVESTIGATIVE DIVISION

This case involves the murder of Martin Luther King, Jr.

The attached communication from the Legal Attache, London is a preliminary communication concerning arrangements for security and transportation of subject. This is somewhat all encompassing in trying to cover all eventualities as some things will probably not involve the Bureau. However, these comments were offered in the event others become involved in any part of the transportation.

These observations and recommendations will be reviewed in detail with Agents Bounds and Zeiss upon their return to this country pending the outcome of the extradition proceedings and recommendations submitted.

(SECURITY PRECAUTIONS -
OBSERVATIONS AND RECOMMENDATIONS
RE TRANSPORTATION OF SUBJECT)

Agent personnel this office make the following observations and recommendations to insure complete security and the safe transportation of JAMES EARL RAY from Englan d to point of destination in the U.S.:

AIRCRAFT

When Asst. Attorney General VINSON was here, he left me with the definite impression he preferred a chartered commercial aircraft and his opinion appeared to be based on the possibility that a poor public image would be created by use of a military craft.

We definitely prefer and recommend a military craft for obvious security reasons.

Arrangements to be made in the U.S. by the individual or organization having this responsibility we recommend should be as follows:

1. Make necessary arrangements with U.S. Air Force officials for the aircraft to be used in transporting subject to point of destination; security of the craft and fuel supply to be used for flight from London to destination. Insure there are no U.S. Air Force regulations preventing the use of restraining devices aboard the craft. Insure that the crew flying the craft into England, whether it be from the U.S. or the European Continent, is perfectly capable of making a turn-around flight within hours. If not, provide an alternate crew. Arrangements

should insure that the return flight should be non-stop from point of origin in England to destination - Tennessee.

2. Effect arrangements for a medical doctor with all equipment he deems necessary to his profession to be on board the aircraft and to accompany the aircraft on its return flight. It should be understood the doctor is to be available only if needed and he should not be considered part of the escort. In this regard, his name should not be put on the extradition paper requiring names of escorting officers.

3. Make appropriate arrangements for Immigration, Customs and U.S. Public Health clearances at point of destination into the U.S. Advise where this is to be done. In this regard, a Certificate of Identity will be issued to RAY by the Consular Section, American Embassy, London. However, in order for his entry to be a legal one into the U.S., he must be cleared by the foregoing agencies.

4. Advise by name the persons RAY is to be released to and where the official release is to be made.

5. We recommend absolute and complete blackout on any news releases concerning arrival in U.S. until RAY is turned over to appropriate local authority. In this regard, it is appreciated that the Bureau may not have the final decision as to what press releases are made; however, we suggest that press coverage could be achieved through a lottery of press representatives and the desired solution would be to limit press and photographic coverage to one reporter and one photographer each, these individuals to be checked out security-wise and not be told the actual destination of the aircraft but merely to be available for a 24-hour period and then taken under police escort to the destination with no opportunity to communicate with any outside individuals.

6. Concerning official release of RAY to local authorities, the local officers who are to assume custody should be accompanied by a Bureau representative to whom they are known. It is suggested that lapel pins for escorting and receiving officials be used for identification purposes and that this office be furnished a supply of these pins or else a description of them.

7. Equipment needed in London which can either be sent or put on the craft to be used, provided the craft leaves from the U.S. to England, is as follows:

Two .38 revolvers with right-hand holsters, and ammunition.

One restraining kit with locks and keys.

If there are no restrictions, send body armour - Spooner vest - of a size that would fit subject's physical description. This to be used at any point from jail in London to aircraft at field, and from destination to jail in Tennessee.

8. At point of destination, authorities concerned should consider transporting RAY in a closed van with escorts front and rear. Suggest a bullet-proof type vehicle be used, such as Brinks armored vehicle or similar type.

9. Suggest we be permitted to make arrangements for the return flight to touch down at destination in the early morning hours (1 A.M. to 5 A.M.) provided this can be worked out with Air Traffic Control. A touchdown at this time would avoid a lot of local traffic and maintain much tighter security.

10. Suggest that in all planning an alternate field be designated in England in the event fog or other conditions prevent the craft from setting down at the designated field. Similar arrangements should be made at point of destination.

11. Suggest code words be used for flight, for fields to be used and for alternate back-up plan. In connection with any alternate plan, if it involves any other FBI Field Offices, they should be alerted.

12. In the absence of complete investigative knowledge of this matter, personnel now in this office are not aware as to whether there is any sound reason to believe the assassination involves a conspiracy by right-wing forces, a hostile intelligence service, etc. Consequently, for consideration, it is suggested if there is any evidence to indicate an attempt could be made against the craft when returning from England to the U.S. by any other aircraft in the air, give consideration to a fighter escort.

13. To insure that the Bureau is kept advised of the progress of the flight, arrangements will be effected in London to-

block off a telephone line from the field used to this office and as soon as the craft is airborne, this office will be advised and will immediately advise the Bureau. It is suggested that the Bureau ascertain the location of the Communications set-up that will monitor communications from the aircraft and place an agent at this point to monitor the communications re progress of the craft and to report this information to the Bureau or any other pertinent authority who should receive same.

14. The foregoing are recommended on the basis that a military craft and military air fields at both points will be utilized. However, if the craft is a chartered commercial craft, it is recommended that arrangements be made for the craft to arrive at a military field in England and to land at a military field at destination, again for obvious security reasons. To bring a commercial craft into Heathrow (London) Airport would create almost unsurmountable security problems, primarily due to the fact that we would be dealing with foreign civilian authorities who under these circumstances would undoubtedly generate miles of red tape which could not be overcome in a hurry.

15. If chartered commercial craft is used, arrangements similar to those suggested for the military craft should be put into effect and in addition, the crew should be carefully checked for security reasons. The craft should be thoroughly searched and checked and in this regard it should be determined that even though a chartered commercial craft, perhaps under the circumstances it could be manned by a military crew.

16. Any crew used, whether commercial or military, should not be told the reason for the flight or the destination until the craft is in the air.

17. The security of the craft used, if departing from the U.S. or the European Continent, should be insured in all aspects. At destination here two of the agent personnel now in this office will be awaiting its arrival, liaison will have been set up with the Commanding Officer and all security arrangements, such as putting the craft under a complete military security guard, checking of fuel, food, etc., will be arranged and the Commanding Officer will be requested to put a complete clamp-down on the reason for the craft's arrival and any information concerning its departure.

18. A complete set of clothing, including shorts, tee shirts, pants (no metal buttons), shirts, shoes, socks, handkerchiefs and possibly a windbreaker type jacket will be purchased for RAY and when he is turned over to escorting officers at the aircraft, immediately upon being taken aboard, he will be afforded a strip-search and the new clothing given to him.

19. Food aboard the aircraft enroute to destination will be of a type that will not require the use of utensils, paper cups will be used and if the military cannot effect arrangements, escorting officers will do so, for the purchase of the food, water and soft drinks, at a place where its ultimate use could not possibly be ascertained.

20. As has existed since inception of this matter, close liaison will be maintained with Scotland Yard to insure security for transporting RAY from place of incarceration to the aircraft. In this regard, it is the responsibility of the British Government; however, we are in a position to make suggestions.

21. A complete log will be maintained regarding the operation from the time subject is delivered over to escorting officers until he is turned over to proper authorities at point of destination.

22. I strongly recommend that we be kept fully and completely advised of all arrangements being made in the U.S. so that we can make plans to dovetail into such arrangements.

The foregoing should not be considered complete or final in any way as continuous thought is being given to this matter, realizing the national importance of safely transporting RAY back to the U.S. Any observations or suggestions that the Bureau may have will be sincerely appreciated.

The extradition papers that I picked up at the airport did not contain on the form provided the names of the escorting officers. I recommend that the Bureau, through liaison, expeditiously have the names of the escorting officers provided to the Embassy. It is my understanding at this date that the escorting officers will be: GEORGE ZEISS, KENNETH BOUNDS, W. L. MARTINDALE, JOHN T. MINNICH and that I am to have the responsibility for the escort party. If I do not understand this correctly, I would appreciate the Bureau's advice.

All information pertaining to security arrangements being effected and all planning pertaining to aircraft movement and transportation of subject at point of origin, point of destination, should be limited in distribution to only those officials in the U.S. and local government who need to know. It is suggested some consideration may be given to maintaining a list of individuals who are furnished information concerning these plans. In this regard, in order to restrict distribution, I will send all communications from London to Assistant Director ROSEN in a sealed envelope marked "Personal and Confidential", via diplomatic pouch. Consequently, where copies of communications are normally sent to the Liaison Section at the Bureau, no such copies will be disseminated on this planning.

Remyairtel 6/14/68.

Additional observations and recommendations to insure complete security and the safe transportation of JAMES EARL RAY from England to point of destination in the U.S. are set forth as follows:

(1) A check is being made through New Scotland Yard to determine what exit controls RAY will have to go through on departing England. If it is necessary for his Certificate of Identity to be stamped by a British Immigration official, this will probably be accomplished right at the prison.

(2) Concerning aircraft, if a chartered commercial craft is used and if the identity of the company from which chartered leaks to the press, this company could possibly be subjected to a series of anonymous bomb threats for transporting RAY.

(3) It is estimated that a non-stop flight from England to some destination near Memphis, Tennessee may take ten hours, depending upon headwinds. Considering time difference of six hours between London time and Tennessee time. If we left England at 12 Midnight, which is a most desirable time here, we would be estimated to arrive at destination about 4 A.M., which would appear to be a desirable time there. Suggest this be checked with proper military or airlines people as to any possible difficulties involved in these times.

REC-116 44-38861-462

(4) Suggest that SAs ZEISS and BOUNDS be given sufficient time at the Bureau to prepare a comprehensive check list of.

things to be done here and at point of destination. This would be an all-encompassing list with the time each item is to be done, when done and the individual doing it.

(5) The restraining kit has arrived and is in Legat Office and if ZEISS and BOUNDS depart London June 19 next, they will leave two guns with Legat and bring two guns with them on return.

(6) It would appear that one of the most important decisions to be made would pertain to the attitude to be displayed to RAY by the escorting agents. In other words, should he be appropriately warned of all his rights and thereafter an attempt made to interview him? In answering this question it should be borne in mind that he will be under restraint, which will probably consist of handcuffs, leg irons and lead chains. If after appropriately warned of his rights he shows an inclination to engage in petty conversation of any type, should the escorting agents engage him in such conversation or should absolute silence be maintained by escorting agents with regard to RAY during the entire trip? If he is to be warned of his rights, etc., appropriate forms should be given to ZEISS and BOUNDS upon their return trip.

(7) Whether military or commercial craft is used, it is suggested that the door to the toilet facilities be removed and that all mirrors or glassware and sharp appurtenances be removed.

(8) Four flashlights with new batteries and bulbs should be furnished for emergency lighting use within the aircraft in the event the lighting equipment fails.

(9) Suggest consideration be given for arrangements to be made at final destination for RAY to be stripped, photographed and medically examined as proof that he was delivered to local authorities in good condition.

(10) It is contemplated that all property in his possession at the time of his apprehension will be turned over to this office by New Scotland Yard. It is contemplated this property will be taken aboard the aircraft and instead of being left at Memphis, escorting agents will take the property to Washington, D.C. for any further laboratory examinations desired.

This is the case involving the murder of Martin Luther King, Jr.

Fred Vinson called to advise me that he had just spoken with the prosecutor in London and that he was most pleased with the evidence which had been submitted by the Department. He said he had all that he needed. Vinson parenthetically told me that he had all that he needed and then some. He was referring to the affidavits which have been submitted based upon the investigation which we have conducted in the United States.

He said that with reference to George Bonebrake, the latent fingerprint examiner who made the identification in this case, he, in talking with the prosecutor, was advised that they would like to have Bonebrake in London two days before the hearing in order that the prosecutor may have a chance to confer with him. The extradition is set for the 21st; however, Vinson feels that the hearing will be set over until the 27th. He advised me that he would let me know on Tuesday concerning Bonebrake. We have previously alerted Bonebrake to the possibility that he might be needed. The above information is also being furnished to him.

The extradition hearing in the matter involving the subject James Earl Ray is set for June 27. If successful there is a mandatory waiting period of 15 days within which the defendant has a right to file an appeal. After this is resolved, then there usually is a 5-day waiting period until the Home Office signs the papers making the order of extradition official and it can be expected there may be delays for several days after this for the order to be returned and so forth.

Once the above is resolved, the question of who will transport the prisoner and return him to the United States has not been resolved. It is recalled the FBI sent two Agents to London on short notice for the purpose of being available to return the prisoner to the United States. with the assistance of the Legat and another Agent in London. These four would be available and could adequately handle the prisoner for such a return. It should be recognized that their presence in London was required on short notice in contemplation of a deportation proceedings. Such did not take place and in the meantime the Department through its insistence was successful in seeking a removal on the basis of an extradition proceeding. This is presently in the mill.

DOES THE FBI HAVE AUTHORITY TO TRANSPORT RAY

There is a real question as to whether the FBI has any authority whatsoever to return Ray to the United States following a successful extradition hearing. The request for extradition is based upon two charges: (1) that Ray is wanted for the murder of Dr. Martin Luther King, and (2) that he is an escapee from the Missouri State Penitentiary at Jefferson City, Missouri. If either or both of these charges are supported, there is nothing that has been indicated to us by the Department which would suggest that we are to remove the subject.

20 JUN 2 1968

Memorandum to Mr. DeLoach
Re: MURKIN

It is also doubted whether the Department has any authority to designate the transporting authorities. This, of course, would depend on the authorities demanding his return. As we understand it, the United States Government merely acts as a transmission belt through accepted diplomatic channels and uses the Department of Justice as the vehicle through which any request for extradition is brought about on behalf of the demanding authorities which in this case is the State of Tennessee and the State of Missouri.

We have no request from either of the above jurisdictions to bring Ray back to the United States on their behalf.

The responsibility for extradition is a great one and there is no doubt the FBI can effectively handle it. Nevertheless, there are these questions which must be resolved from a jurisdiction standpoint before Ray is returned. There is ample time to resolve these matters and it would appear to be desirable that these matters be resolved at this time well in advance so that appropriate steps may be taken by the transporting agency, whoever that may be.

ACTION TO BE TAKEN:

It is recommended that these matters be taken up with the Department and confirmed thereafter in writing so that the Bureau will know without equivocation and in writing our responsibility, if any, for the returning of Ray.

I have already asked [illegible] to send [illegible] a U.S. attorney to [illegible] handles Ray's transfer to U.S.

Although we have been advised by the Attorney General that the Governor of Tennessee would desire to have the FBI bring the prisoner back, this comment was made by the Attorney General prior to a decision that Ray would not be deported but would be handled by extradition proceedings. It would be desirable to have this matter resolved at this time by the Attorney General in order that the Bureau would be able to move quickly in the event we can extradite him upon orders of the British Court.

Don't Give Up Easily

A few weeks or so ago they were saying that "They'll never catch Dr. King's killer." One columnist wrote: "The truth is that the FBI has not located a single trace of Ray since he supposedly abandoned his white automobile in Atlanta April 5, the day after the Negro clergyman was slain in a Memphis, Tenn., motel."

Understandably, the FBI does not tell all that it knows. It is entirely possible that the FBI did not know exactly where the murder suspect was at the moment the columnist was making his observations. But it evidently wasn't far behind.

The FBI doesn't usually give up so early in a problem of this kind, or any kind. Because of the many implications involved in the slaying of a man of Dr. King's prominence, especially in the civil rights field, it is inconceivable that the FBI ever thought at any time of giving up the search.

So it was not exactly surprising that James Earl Ray, the principal suspect in the Dr. King slaying, was captured Saturday in London principally through the work of the FBI and the Royal Canadian Mounted Police. The Canadian police found the suspect's passport record in a batch of more than 200,000 applications which they searched and the FBI and Scotland Yard did the rest from that point on.

The investigation must not stop with the arrest of the prime suspect. Efforts must be made to learn whether Ray was only a cog in a conspiracy, whether he was a paid killer. For a man who was unemployed, he spent considerable amounts of money.

The FBI did not give up in its search for Ray, a man of many aliases, and while it is not making its intentions known, it is not likely to abandon the search for conspiratorial or other evidence that might be associated with Dr. King's assassination.

Assistant Attorney General Fred M. Vinson, Jr., Criminal Division, telephonically contacted [redacted] at 6:30 p.m., 6-22-68, regarding the extradition proceedings involved in this case. Mr. Vinson said that it is desirable to show the English lawyers that this crime is not one of a political nature; accordingly, he would appreciate having furnished to him as soon as possible the news articles in the first two newspaper coverages at Memphis, Tennessee, immediately following the murder of King.

Mr. Vinson said he needed these clippings to take to England when he returns there the first part of the week of 6-23-68. He also requested that he be called at this office Monday morning, 6-24-68, as to availability of such clippings.

ACTION: SAC Jensen, Memphis Office, was instructed to make every effort to obtain the clippings desired by Mr. Vinson. It was suggested to SAC Jensen that obtaining copies of the complete newspapers published immediately after the murder might be advisable so that the articles would be identified as to publication and date. He was also advised to dispatch the papers by airplane captain as soon as possible.

On 6-23-68, SAC Jensen advised [redacted] that he had obtained two copies of the morning paper and two copies of the afternoon paper for 4-5-68, which set forth detailed information concerning the King assassination. The morning paper is the "Commercial Appeal" and the afternoon paper is the "Press Scimitar." He advised that no information concerning this shooting appeared in Memphis papers on 4-4-68, as they had been printed and distributed prior to the assassionation. He advised arrangements would be made to have this material flown to the Bureau.

Subsequently, on 6-23-68, [redacted] Memphis, advised the material would be put on board Flight #132, American Airlines, leaving Memphis at 6:45 p.m., arriving Washington National Airport at 9:34 p.m. [redacted] advised that efforts to put this material on earlier flight were unsuccessful as the crew for the earlier flight changed at Nashville and did not desire to take the responsibility of transferring the package to another crew. Flight #132 is nonstop from Memphis to Washington. [redacted] Washington Field Office, was contacted and instructed to make arrangements to have the material picked up and delivered to Room 5710, Justice Building.

SUBJECT: MURKIN

This is the case involving the murder of Martin Luther King, Jr.

Assistant Attorney General Fred M. Vinson, Jr., telephonically requested the Bureau obtain news articles which appeared in the first two newspapers published in Memphis, Tennessee, immediately following the King assassination. Vinson stated it would be desirable to show that this crime is not one of a political nature.

ACTION:

Copies of the "Memphis Press-Scimitar" and "The Commercial Appeal" which were published on April 5, 1968, the day following the shooting, have been obtained and are being furnished to Vinson today. It is noted Vinson plans to go to England on the evening of June 24, 1968. These appear to be mere factual statements regarding the shooting incident.

SUBJECT: MURKIN

This case involves the murder of Martin Luther King, Jr.

Information developed in our investigation of Ray indicates that Ray was reported to have said Cooley (phonetic) or Cooley's Organization would pay $10,000 to have King killed. Ray was reportedly a member of Cooley's Organization, a membership organization of prisoners at Missouri State Penitentiary (MSP), which offers prisoners protection and assists them in handling affairs with other prisoners. There is a fee for joining and additional fees for services rendered by that organization.

Ray was reported to have been also associated with the leaders of the St. Louis Gang at MSP. It is not known whether Cooley's Organization and the St. Louis Gang are identical.

We have confirmed the existence of Cooley's Organization but although we have conducted extensive interviews, we have been unable to ascertain any information concerning its principals or membership or the extent of its network. There are indications that this organization exists in other prisons.

The identification of the members and principals in Cooley's Organization and the subsequent interview of such individuals could materially assist us in our investigation of Ray and in other investigations.

Re: MURKIN

The following investigation is suggested to that end:

Consider interviewing chaplains and psychiatrists at MSP and other logical prisons to determine if anything has ever come to their attention concerning the existence of Cooley's Organization and if they are knowledgeable as to the principals or members in that organization. They should be advised to keep the inquiry confidential. It is not felt that the revelation of such information by these individuals would be the breaking of a confidence because of their special relationship with the prisoners since membership in such an organization would not be immoral in the religious or social sense. The information concerning Ray's association with Cooley's Organization has not received any publicity to our knowledge and accordingly, it would not be expected that these individuals would come forward and volunteer such information.

Between 4/5 and 4/24/68, [redacted] spent many hours of his ordinary working day, as well as five hours of his own time on 4/6/68, affording assistance to this office in the review of records of that company. Efforts by New Scotland Yard to photograph flourescent laundry markings were unsuccessful.

At the time of his arrest, RAY was in possession of a Wittnauer Geneve wristwatch. Scotland Yard has determined that this watch, which is made in Switzerland, is manufactured exclusively for the American market and Scotland Yard has been advised that no jeweler in London has the special tools required to open the case without inflicting serious damage. Therefore, it has not been possible to determine the serial number, if any. The watch, together with RAY's other personal possessions, will be turned over to Bureau representatives when RAY is removed to the United States.

RAY's personal possessions include a receipt dated 6/7/68 for one pound, fifteen shillings. Scotland Yard determined this was issued by a men's wear shop at 330 Vauxhall Road, S.W. 1, London. The manager was unable to identify RAY or the person to whom the receipt was issued but the records of the shop indicate that the receipt was issued for a rollneck pullover sweater. No such sweater was found among RAY's possessions.

Scotland Yard requested RAY's solicitor to provide information regarding RAY's whereabouts, May 17-28, 1968. The solicitor informed the Yard that RAY refused to cooperate and RAY also refused to be interviewed by Scotland Yard regarding his whereabouts or activities in England.

London airtel 6/8/68 sets forth a copy of the charge sheet at Cannon Row Police Station. On page 2, fifth item from the bottom, is listed a BOAC ticket No.0614/4256/8753, London to Toronto. The charge sheet is in error in that this ticket is actually for passage from London to Lisbon.

The revolver in RAY's possession when arrested has been examined by a Scotland Yard ballistics expert who concluded it had been fired several times since it was last cleaned. He found no reason to believe the gun had been recently fired.

With regard to the call made from Houston, Texas, 6/9/68 by one [redacted] who attempted to call RAY person to person, it is noted the original information alleged [redacted] as connected with Cannon Row Police Station, London and was referred to Chief Superintendent Butler but the night duty officer declined to call BUTLER. Scotland Yard has been unable to identify the night duty officer in question or to develop any information regarding this call.

Under the reporting procedures in use by Scotland Yard, the results of negative investigation, as well as details of the nature and scope of investigation conducted are not recorded in report form and are not collected in any central file. This material appears only in the "pocket book" carried by each officer to record his activities. The formal report is limited to a brief account of information intended to actually be introduced as evidence. Chief Inspector [redacted] who is coordinating the investigation, is having a "schedule" prepared which will show details of the nature and scope of investigation conducted. This is an unusual procedure and requires a great deal of effort by many Scotland Yard officers. This is being closely followed on a daily basis and when received the schedule will be immediately reviewed, after which any additional investigation that appears necessary will be discussed with Scotland Yard.

ARTHUR HANES, accompanied by his son, arrived in London, 8:40 AM, 6/20/68, via TWA Flight 704. He was not met by the Embassy and has had no contact with the Embassy. In order to see RAY he will have to apply through RAY's British solicitor or through the Home Office. HANES is staying at the Royal Lancaster Hotel.

In a London press conference, 6/20/68, HANES reportedly stated he has never met the subject but was retained by a letter signed R. G. SNEYD, dated 6/10/68, and forwarded to HANES through the Birmingham Bar Association. HANES said he is a lawyer who works

for fees and does not work for nothing but he declined to identify the source of his fees. He indicated he probably will not see RAY in London but wanted to confer with RAY's British attorneys.

For information of Chicago and Springfield, on 5/17/68, the Los Angeles Times had contact with one [redacted] (LNU), who said he had information concerning what actually had taken place in connection with the death of Dr. KING. The following is a summary of the allegations made by [redacted]

1. The day before the shooting, RAY was picked up in Athens, Alabama, and was taken to Memphis.

2. He registered in a rooming house. Another man registered as [redacted] was supposed to be the backup man and kill KING at the rally that night if RAY missed his chance on the balcony.

Buffalo is making no local dissemination of instant LHM, and whether or not any dissemination should be made at SOG is being left to discretion of the Bureau.

The information set forth in instant LHM is being furnished to the Bureau and interested offices principally because of the serious nature of the alleged information furnished and [redacted] prominent position as a world-famous novelist, although previous experience with [redacted] demonstrates she has a penchant for intermingling fact and fiction indiscriminately, and has, in the past, published an article bearing on the internal security of the United States representing it to be factual whereas it was completely fictional.

[redacted] is now attempting to twist information recently furnished by her as evidencing advance information concerning the death of Senator KENNEDY, despite available facts as set forth in referenced LHM definitely indicating otherwise.

Specific attention is directed to the fact as set forth in instant LHM that when [redacted] telephoned [redacted] on June 4, 1968, she said she was unavailable for interview because she was hurrying to go to the hospital to see her husband who was on the brink of death. On June 6, 1968, she told [redacted] that after talking with him on June 4, 1968, she had gone out to the front of her home to plant flowers.

[redacted] no action is recommended on the information being furnished by her, other than possible dissemination by the Bureau of this information because it is very possible [redacted] may proceed to furnish the same information to other governmental agencies, or may proceed to publish the information she has furnished.

POOR PEOPLE'S CAMPAIGN

At 3:45 P. M., on June 6,1968, a telephone call was received at the Buffalo Office of the Federal Bureau of Investigation from [redacted] whose true name is [redacted] and who resides at [redacted] immediately referred to a letter she had recently mailed to the Buffalo Office of the Federal Bureau of Investigation predicting "that something terrible was going to happen," to the fact that on June 4, 1968, a Special Agent of the Federal Bureau of Investigation had telephonically discussed this letter with her, and she stated she now wished to furnish additional developments.

She said that on the afternoon of June 4, 1968, shortly after discussing her letter with a Special Agent of

[redacted] said she replied, "You mean about the Negro woman?"

The young man allegedly said, "No! No! You've got that mixed up."

[redacted] allegedly replied, "I told the FBI."

The young Negro then allegedly replied, "You should have told the Secret Service. Anyway, it's too late now."

[redacted] stated that almost immediately thereafter, the young Negro drove away on his motor bike, the entire conversation having lasted about one or two minutes. She stated that she had never seen this young Negro before, and described him as about 19 years of age, wearing a dark sleeveless shirt, blue jean trousers, and as being very well spoken. She conjectured he is a student because strapped on the back seat of his motor bike had been two or three text books.

[redacted] stated she had been completely startled when she had heard the young Negro refer to "our friend in New York," but had immediately assumed that the reference made was to the Negro businessman in New York City who had recently written to her that "something terrible is going to happen."

the Federal Bureau of Investigation, she had gone outside to plant some flowers in front of her home. While so engaged, she noticed a young man on a motor bike ride by in the street in front of her home several times. Finally, this young man stopped directly in front of her home and commenced speaking with her. She states she was surprised to see on close observation that this young man was a Negro, whereas when she had seen him from a slight distance, he appeared to be Caucasian.

According to [redacted] the first thing this young Negro said to her was, "Do you know [redacted] said she replied, "I know him well." [redacted] explained at this point that she knows a Negro in Buffalo named [redacted] the purpose of which is to raise money to provide educational scholarships for meritorious and needy Negro students. She stated that she has given financial and other assistance to [redacted] and immediately assumed that this is the [redacted] the young man was inquiring about.)

[redacted] went on to state that the next thing the young Negro said to her was "Did you tell Secret Service what our friend in New York wanted you to tell them?"

POOR PEOPLE'S CAMPAIGN

[redacted] then made reference to the recent assassination in Los Angeles of Senator ROBERT F. KENNEDY and proceeded to speculate that perhaps this was the "terrible thing about to happen" that her Negro friend from New York City had written to her about, and which information she in turn had forwarded to the Federal Bureau of Investigation. She acknowledged that in her letter to the Federal Bureau of Investigation, she had described the incident about to occur as involving an unknown Negro woman, but now wondered whether she may possibly have misinterpreted the Negro businessman's letter. She speculated that perhaps what the Negro businessman had been trying to tell her was that a Negro woman was to be involved in the incident in some way, but not necessarily as the victim.

[redacted] concluded by stating she felt Senator KENNEDY's death was more than just a mere coincidence, that she is "not a believer in coincidence," and that there must definitely be some connection between the information she had previously received and Senator KENNEDY's death.

Attention is directed to the fact that [redacted] in her telephone call of June 6, 1968, to the Federal Bureau of Investigation, stated that her conversation with the unidentified young Negro occurred while

she was planting flowers in front of her home on the afternoon of June 4, 1968, and that she also stated she had gone outside to plant these flowers shortly following a telephone conversation with a Special Agent of the Federal Bureau of Investigation, on June 4, 1968.

It is noted that a Special Agent of the Federal Bureau of Investigation did, in fact, have a telephone conversation with [redacted] from about 4:35 P. M. to 4:50 P. M., on June 4, 1968. During an earlier telephone call to the [redacted] residence on June 4, 1968, the Special Agent was told by a housekeeper, who answered the telephone, that [redacted] was asleep, that it is [redacted] practice to work through the night and sleep during the day, and that [redacted] would be available to answer the telephone at about 4:30 P. M.

When the Special Agent of the Federal Bureau of Investigation did telephonically contact [redacted] at about 4:35 P. M., on June 4, 1968, he requested a personal interview with [redacted] concerning a letter which had been received from her earlier that day. [redacted] replied she was not available for interview then because she was hurrying to get ready to visit her husband, who is in the hospital on the brink of death, and that because of her busy schedule, she would have no time for a personal interview for at least two weeks or perhaps longer.

deals with all four captioned matters. Two copies of LHM are enclosed for Memphis as OO in MURKIN case, and three copies of LHM are enclosed for New York, since it is alleged locus of plots set forth, with one of these copies being for New York file on [redacted]

For info of Bureau, information previously received on various matters from [redacted] has been set forth in following communications to Bureau:

(1) Buffalo let to Bureau, 7/23/62, captioned "AMERICAN NAZI PARTY, RM."

(2) Buffalo let to Bureau, 8/15/63, captioned [redacted] aka, INFO CONCERNING."

(7) Buffalo airtel to Bureau, 11/18/66, captioned "ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, 11/22/63, DALLAS, TEXAS."

These communications have been itemized so Bureau itself can better evaluate [redacted] and information furnished by her.

The above communications and a review of Buffalo Office files reflect that [redacted] (whose true name is [redacted] that she is an inveterate letter writer, possessed of a vivid imagination, and is inclined to intermingle fact with fiction indiscriminately; that she is prone to carry on literary battles through the mails and in publications

with various and sundry persons throughout the world; and that she has a proclivity for furnishing information to other government agencies in addition to the FBI.

The information set forth in the LHM is being furnished to the Bureau and interested Offices, principally because of the serious nature of the charges, [redacted] prominent position, and the possibility that she may at some future time claim she furnished pertinent information to the FBI, which received no attention.

Buffalo is making no local dissemination of the LHM, and whether or not any dissemination should be made at Washington, D.C., is being left to the discretion of the Bureau.

No action, other than possible dissemination at the Seat of Government to Secret Service because of intimation of threats of harm to President JOHNSON and Vice President HUMPHREY included in the material furnished by [redacted] is recommended. [redacted] It would appear that a person in her position would place the welfare of the U.S. above an alleged loyalty to a correspondent, whom she has never met, and that she would disclose the identity of her correspondent so he could be located and questioned if he does, in fact, exist and if he did in fact send her the information she claims to have received.

It is pointed out that in the telephonic interview conducted with [redacted] on 6/4/68, it was suggested to her that in the future she send any letters received from her friend to the FBI, deleting his signature if she feels so obligated, but so the FBI would have his exact wording for purposes of evaluation. She first replied this would be a violation of her promise to destroy her friend's letters. She then stated possibly she could Xerox the letters, and send the Xerox copies to the FBI, and then destroy the originals, which would mean she was honoring her promise. Finally, she stated that doing this would bother her conscience, and that anyway she felt her friend would not write anymore because he sounded

so terrified in his last letter. [redacted] responses throughout the telephonic interview of 6/4/68 emphasized her unwillingness to be interviewed in person concerning this matter, and reflected a desire on her part to go into great detail on extraneous matters rather than on the alleged plots.

It is acknowledged by the Buffalo Office that there is considerable detail in the LHM dealing with [redacted]herself and prior FBI experiences with her. It is felt this data is essential to an appropriate evaluation of the serious charges contained in her letter should the Bureau feel compelled to disseminate the LHM.

Unless advised to the contrary by the Bureau, the Buffalo Office will make no further effort to personally interview [redacted] re instant matters, and will simply acknowledge receipt of any further data from her in this matter without incorporating the information into LHMs for the Bureau.

ASSASSINTATION OF PRESIDENT JOHN
FITZGERALD KENNEDY, DALLAS, TEXAS,

POOR PEOPLE'S CAMPAIGN

On June 4, 1968, there was received at the Buffalo, New York Office of the Federal Bureau of Investigation a letter dated May 31, 1968 from [redacted] the contents of which will be set forth below.

[redacted] whose true name is [redacted] She is referred to from time to time in news articles as an outspoken foe of Communism. She is known as and admits to be an inveterate letter writer. She has frequently engaged in literary battles with persons who opposed her private and public statements. Close associates have described her imagination as vivid, and many of her statements as tending toward exaggeration.

On one occasion, [redacted] wrote an article which appeared in the October, 1960, issue of [redacted] in which she alleged that an unnamed, American-born distinguished professor, in one of the large universities, was a Communist. With [redacted] concerning this story, her husband, [redacted] who scheduled appointments for [redacted] stated it would serve no purpose for the Federal Bureau of Investigation to interview [redacted] regarding the article in [redacted] because the unnamed professor was non-existent, a figment of [redacted] imagination and a hypothetical situation employed by [redacted] to provoke public opinion.

On another occasion in September, 1968 when [redacted] was being interviewed by a Special Agent of the Federal Bureau of Investigation in the presence of her husband concerning an occurrence she had brought to the attention of the Federal Bureau of Investigation, [redacted] husband flatly stated that the true circumstances of the occurrence were completely different from the version given by [redacted] after which the latter materially modified her earlier statement.

inform you of something which my terrified Negro businessman friend in New York wrote me last October. It still disturbed me, however - though it sounded very improbable - that I incorporated it as a sort of warning in my article in the Buffalo Evening News concerning events of 1968, earlier this year, which you may have read, yourself. FSF had nothing to do with that!

"He wrote me, if I remember accurately - as I immediately destroy his letters at his urgent request - that a meeting was held in New York the latter part of last September, in which plans were laid to 'throw the country into chaos and revolution.' It was suggested that a prominent Negro leader be assassinated, or at least badly injured, in early 1968, 'as a start to revolution.' He said that New York lawyer and novelist, about whom I have written you before, discussed this at length, and then remarked the matter would be given considerable thought - later. My friend was not invited 'later,' for some reason or other which alarmed him. But he was able to gether tegether a few facts last October and write me about them. He did not give me the source of his information.

"The man finally chosen was a white man, between the ages of 25 and 30, named [redacted] some simple name such as [redacted] from the vicinity of New Jersey, a crack shot, of fair complexion, light eyes either very light brown or blue-gray, medium brown hair, long thin face, very agile - and a 'Marxist.' My friends say you have had a dossier on him for several years in either New Jersey or New York. He followed Martin Luther King for several months before the assassination, which was scheduled for early March, not April, but the opportunity did not arise. 'They' wanted a larger city than Memphis, especially Washington. 'They' had thought of Carmichael or Brown, then settled on King. It was remarked that they had 'failed' with Mr. Kennedy, because they had thought to start nationwide riots against 'right wing extremists,' and a general blood-bath, and nothing happened. 'Only Oswald got caught,' they remarked, which led my friend to believe that others were implicated, too, in the Marxist assassination. Apparently 'they' don't believe in the Warren Commission Report, either, for good and sufficient reasons.

"Now he writes that 'something much worse' is 'going to happen soon.' He doesn't know what it is, because he is being included less and less in 'conferences,' and is very frightened. He had asked me to write you last October about the planned assassination, and I did not, and he now wonders 'if I can trust you.'

"He writes that a woman will be the focus-point of the 'much worse,' and almost immediately, but does not know who the woman is. She is a Negro, however. He also writes that the man you are looking for is working either in New Jersey or 'just outside of New York,' and is or was in the Army and received a 'discharge without prejudice,' whatever that means, though not an honorable discharge. I thought they were the same. At any rate, he is often in New York at 'conferences.' Then it was decided to send him to Washington with the 'Poor People," and is probably there now. (By the way, he had accomplices in Memphis.)

I thought they were genuine 'mistakes,' and threw away all letters but one - and you may see it if you wish. For instance, how could a letter addressed to me by a man from Syracuse, N.Y., find its way to Andover, Mass.' That was the one I kept. [redacted] stated she is extremely busy and upset, that her husband is at the brink of death in the hospital, that she is in the midst of preparing two speeches for delivery in California later this month, and that she would have no time for a personal interview for at least two weeks or perhaps longer. She stated all the facts known to her are set forth in her letter. She pointed out that under no circumstances would she disclose the identity of the friend who had supplied her with the information set forth in the letter. She said she no longer has any of his letters because in keeping with a promise made to him, she burns them immediately after reading them.

When asked for the name of the New York lawyer she mentions in the second paragraph of her letter, [redacted] replied that this lawyer's name is [redacted] adding she had previously advised the Federal Bureau of Investigation that [redacted] in her opinion is a Communist.

[redacted] was then asked if she could furnish any data on the source of her information which would aid in evaluating the reliability of this source. She then replied she has never met this source, but that he is a person who started writing to her about five years ago after reading one of her books. He has

described himself in his letters as a Negro businessman who owns a business in Harlem. He has written to [redacted] from four or five different addresses, which she states indicates to her that he has had to move around for fear of his life. She has written back to him on several occasions, and two or three of her letters were returned to her marked "Unknown at this address," but most of her letters were delivered. On several occasions when she knew she was going to be in New York City, she wrote to her friend requesting that he come to see her at her hotel, but he never came. She recalled that one address he had given her was somewhere on West 114th Street.

[redacted] added she believes her friend is a member of the John Birch Society, because he has made reference frequently to articles she has written for the publication of this society entitled "American Opinion." She added that when this man first started writing to her, the letters were merely friendly and pleasant, expressing admiration of her writing and dealing with general political observations of World War I and World War II. However, commencing in the Fall of 1967, he began writing about his knowledge of the assassination plot of a prominent Negro leader, ultimately designated as Rev. MARTIN LUTHER KING, JR.

She said her first reaction was that his statements along this line sounded "kooky" so she ignored them, except for the fact that in a newspaper article she wrote in October, 1967, which was not published until February, 1968, and in which she made a predication of major events to occur in 1968, she did predict the assassination of a prominent Negro leader, being influenced in this predication by what her friend had written to her.

[redacted] was then asked whether she would suggest to her friend that he contact the Federal Bureau of Investigation in New York City. She replied she knows he would not do so, because he had written to her in the past that about four years ago he had contacted the Federal Bureau of Investigation to furnish information that "an FBI under-cover agent in an organization" was under suspicion. However, according to the friend, the Federal Bureau of Investigation wanted more and more information, so he broke off contact with the Federal Bureau of Investigation. The friend also claimed that shortly after contacting the Federal Bureau of Investigation, he had begun to receive anonymous threatening letters, making him realize that his contacts with the Federal Bureau of Investigation had been observed. [redacted] stated that based on the letters received from her friend, she believes him to be a very intelligent man, but who is now completely terrified by the plot of which he is aware and also apparently by the fear that

he himself is under suspicion, as indicated by a comment in one of his letters that he was not even invited to "Resurrection City" and cannot understand why, unless it is because he is no longer trusted.

[redacted] stated at one point in the conversation that she had just received another letter from her friend "yesterday," but when questioned about the contents, completely ignored the questions and then reverted to a statement that the last letter from her friend arrived a few days before her own letter to the Federal Bureau of Investigation.

[redacted] then proceeded to state that because of her husband's confinement, everything at her residence is in a state of chaos and that she is "simply going out of my mind." She said that previously her husband had taken care of all her business affairs, that she is killing herself going back and forth to the hospitals, that she has had to give up her whole career to take care of her husband, and that "all this is too much for me." She said she herself is under constant medical care and does not know why she has to put up with all of this mess.

POOR PSYCHIATRIC CONDITION

[redacted] continued by stating her husband's political convictions and the resultant 'messing up' of her own life is all the fault of 'Warren of the Supreme Court who let all those criminals loose,' and made it possible for them to viciously attack her husband and rob their house.

In this connection it is noted that according to articles which appeared in the local press, two armed men had broken into [redacted] residence on March 20, 1967 when she, her husband, and their housekeeper were all present, had demanded jewelry, and beaten and attempted to smother [redacted] but then had fled empty-handed.

On March 27, 1967, [redacted] had written a letter to the Federal Bureau of Investigation in which she related the circumstances of the above break-in, and in which she stated that the man who had tied up her husband at the time of the break-in had forced him down on the stairs with a gun at his back, but "made no effort to otherwise hurt my husband." [redacted] the letter said she believed the objective of the break-in had not been robbery, but an attempt to kill her because of her anti-Communist activity.

On June 25, 1968, [redacted] was interviewed at work by [redacted] who prefaced the interview by stating merely that it had been reported to the Seattle FBI Office that [redacted] proportedly had advanced information that KING would be shot.

He said that he most certainly did not have any foreknowledge that KING would be shot although he was not surprised that it did happen for the reason stated above; but he deplored the shooting. POSSIBLE THREAT AGAINST ROBERT F. KENNEDY, PRESIDENTIAL CANDIDATE, SPEECH AT CHULA VISTA, CALIFORNIA, MAY 20, 1968

On May 20, 1968, [redacted] San Diego County Sheriff's Office, El Cajon Substation, telephonically contacted the San Diego Office of the Federal Bureau of Investigation and furnished the following information:

[redacted] advised that he had been contacted by a fourteen-year-old boy named [redacted] Chula Vista, California. [redacted] told him that while he was getting ready to leave the area in front of the Chula Vista library where ROBERT F. KENNEDY had just spoke, he was approached by a man who resembled JAMES EARL RAY. This man asked [redacted] where and when KENNEDY was to speak again. When told that he did not know where and when KENNEDY was to speak, this individual then asked him the location of a good place to eat with a telephone. [redacted] felt that the man with whom he spoke looked very similar to a photograph of JAMES EARL RAY appearing in a recent issue of the Chula Vista "Star News."

[redacted] "Citizens for Kennedy," KENNEDY Campaign Headquarters, San Diego, California, was contacted on May 20, 1968, at which time he advised that ROBERT F. KENNEDY had departed the San Diego, California, area en route to Los Angeles, California.

[redacted] was advised of the information furnished by [redacted] and he stated that he would relay this information to the KENNEDY Campaign Headquarters at Los Angeles, California.

ENCLOSURE

POSSIBLE THREAT AGAINST FORMER
F. KENNEDY, PRESIDENTIAL CANDIDATE,
SPEECH AT CHULA VISTA, CALIFORNIA,
MAY 20, 1968

Deputy Sheriff [redacted] San Diego County Sheriff's Office, El Cajon Substation, El Cajon, California, was recontacted on May 21, 1968 and advised that he had no further information to relate concerning information furnished to him by [redacted] except to state that [redacted] resides in his immediate neighborhood and considers him a highly reliable young man.

[redacted] Chula Vista, California, was interviewed on [redacted] and furnished the following:

[redacted] had occasion to be present at the campaign speech of ROBERT F. KENNEDY at the Civic Center, Chula Vista, California, on May 20, 1968. A short time after the speech by Mr. KENNEDY ended, which was then approximately 5:10 p.m., an individual closely resembling CHAS. RAY approached him and asked him if KENNEDY had made his speech yet. When told that he had, this individual appeared surprised and then asked where KENNEDY was going to speak next.

[redacted] stated that he had a schedule of Mr. KENNEDY's appearances in the San Diego area and told this individual that his next appearance would be at San Ysidro, California.

This individual asked [redacted] where there was a good place to eat where he could obtain a telephone. He also asked him if there was a telegraph office in San Ysidro, to which [redacted] replied he could not furnish this information as he did not know.

[redacted] described this individual as approximately forty years of age, white, male, American, five feet eight inches to five feet nine inches, 160 to 170 pounds, hair medium brown, complexion fair to medium, wearing a blue coat, light-colored slacks and brown shoes.

[redacted] advised that prior to seeing this individual he had read an article in the Chula Vista "Star News"

concerning JAMES EARL RAY, which also had a photograph of RAY in the paper. According to [redacted] the individual who contacted him at Chula Vista closely resembled JAMES EARL RAY.

On May 21, 1968, [redacted] Manager, Western Union Office, San Ysidro, California, advised she usually closes the Western Union office at 5:00 p.m. on a daily basis; however, on May 20, 1968 she closed the office at 4:45 p.m. in order to go to the campaign speech of ROBERT F. KENNEDY.

[redacted] photographs of JAMES EARL RAY were displayed to [redacted] and she advised that she had not seen anyone fitting his description in the San Ysidro, California, area.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

SUGGESTED LEADS BY DIVISION NINE

ITEMS ALREADY HANDLED

Item number is that used on over-all list furnished by Division Nine.

Item No. 1 Circularize bus companies, such as Greyhound and Trailways, etc.

Action This circularization was covered in the normal circularization suggested to the field in distributing IO's and Wanted Flyers.

Item No. 2 Circularize coin-operated laundries

Action We are already affording intensive contact with and circularization of laundries in areas that Ray has been known to visit or reside and have distributed circular letters to more than 14,000 laundries throughout the country. Most coin-operated laundries do not have an attendant present and any IO or Wanted Flyer left on individual coin-operated laundry premises would probably be appropriated by the first patrons. In view of this aspect, it is not feasible to circularize coin-operated laundries.

Item No. 3 Check out all new (since 3/67) bank safety deposit box subscribers

Action We are already conducting logical check of bank safety deposit box subscribers, as well as ascertaining identities of such subscribers in Birmingham and Atlanta banks who made entries into their boxes in the period immediately following the shooting. This is for the purpose of checking out these individuals in light of the possibility that the subject, if he had such a box, could have made withdrawal after the shooting.

NOT RECORDED
JUN 20 1968

Item No. 7 Expand Wanted Flyer (Spanish) coverage to Brazil and other South and Central American countries

Action We have already furnished Wanted Flyer in Spanish language, as well as Wanted Flyer and IO in the English language to our Legats in Buenos Aires, Argentina, and Mexico City, Mexico, which arranged for appropriate distribution in South American and Central American cities. Moreover the arrangements have been made with the State Department to furnish such material to our consultants throughout the free world.

29 JUN 20 1968

Item No. 8 Check out "banana boats" and "tramp steamers" or freighters leaving New Orleans and other southern ports since 4/5/68.

Action The New Orleans Office has already checked out appropriate shipping organizations and other logical checks along these lines have been made.

Item No. 10 Check British Passport and Visa Office for information regarding persons who applied for visas to visit Great Britain or its possessions.

Action The Washington Field Office is already conducting a monumental review of over two million passport applications, and the Legats in Mexico City and Ottawa are having appropriate passport checks made in Mexico and Canada respectively. The Australian Embassy has also been checked on passport information on Ray, and the Rhodesian and New Zealand authorities have been alerted to any possible travel of Ray into those countries.

Item No. 14 Check airline and steamship manifest records at New York and INS at San Francisco. These records are held 120 days.

Action Immediately upon identification of the subject as Galt and later as Ray, all offices covering points of departure from the United States, including border points, were alerted to conduct appropriate checks and place appropriate stops. INS records have been thoroughly reviewed and no information has been developed on the subject.

Item No. 15 Utilize former prison mate or informant sending him to Mexico to frequent haunts Ray talked to him about in prison.

Action We had already handled this lead and Legat, Mexico City continues to utilize the sources and investigative informants to the maximum.

Item No. 16 Check recent new Social Security Number applicants of men in the forty-year bracket.

Action In view of the fact that this case does not involve a deserter, Selective Service, or Internal Security matter on which matters [redacted] is usually contacted

for pertinent Social Security information [redacted] it has been recommended that the Liaison Section request Social Security information on Ray and also on new male applicants between the ages of 35 and 45 since 4/4/68, from the Secretary of Health, Education and Welfare.

Item No. 17 Contact (circularize) all shrimp fishing vessels working Gulf of Mexico. Fishing companies on Gulf Coast control such fleets.

Action We have already handled the logical aspects of this suggestive lead.

Item No. 19 Circularize spot labor or part time labor employment agencies such as Manpower, Inc., since Ray stayed at second rate rooming houses, etc., in which neighborhood these agencies usually exist.

Action Manpower, Inc. offices are not necessarily confined to lower class neighborhoods but many are located in the business office section of cities, however, we have instructed pertinent offices to circularize in second class rooming house areas as well as areas where rehabilitation houses and missions such as the Salvation Army establishments and the like are located.

Item No. 20 Place stop with any companies which Ray may have given as references on any previous employment applications.

Action This lead has already been handled.

Item No. 21 Circularize any trades he may have learned while in prison.

Action While in prison Ray merely stacked loaves in the bakery which would not qualify him as a baker. We have circularized and conducted appropriate inquiries at places such as dancing schools, bartending schools, locksmith schools, as well as places where he has obtained merchandise indicating an interest in a particular field.

Item No. 22 Have Identification Order, Wanted Flyer and summary of Ray's fugitive status furnished to State Department for dissemination to all of their consulates or embassies in the event any inquiry is received by their personnel in a foreign country.

Action This has already been handled.

Item No. 23 Bank robbery fugitive [redacted] went from Canada to Tanganyika where he surrendered to State Department. Find out how he arranged this since it is believed that he did not have a passport.

Action We have explored the possibility of individuals entering another country without a passport. This is possible, however, it seems extremely remote. In a review of a file concerning the subject of a Federal Reserve Act case, it was determined this individual entered Rhodesia from Canada; however, the subject did have an American passport. We are presently checking the issuance of Canadian passports. A file review has been instituted regarding [redacted] allegedly in Tanganyika from Canada as it was believed he did not have a passport.

Item No. 24 Check embassies in Canada and Mexico where Ray is alleged to have gone after escape from prison to determine if he made any inquiries at these other foreign embassies in effort to obtain travel papers to their countries.

Action This lead has already been handled.

Item No. 25 Recheck with locksmith school and with any other places from where Ray might have received correspondence or literature to determine if, since the murder of King, he has corresponded with them possibly under another name. Check all new correspondents.

Action This lead has already been handled.

Item No. 25a Have check made of ads for courses appearing in the pulp magazines known to have been read by Ray

Action This lead has already been handled.

Item No. 27 Look into feasibility of checking Western Union records during the pertinent period, particularly with reference to possible transmittal of substantial sum to a recipient in the Atlanta area.

Action This lead has already been handled.

Item No. 29 Through State Department alert police authorities in South Africa, Congo, Angola with thought that Ray may show up in one of those areas and offer himself as a white mercenary.

Action We have already arranged with the State Department to have copies of IO's and Wanted Flyers furnished all American embassies and consulates throughout the free world.

Item No. 30 Attempt to identify Ray's associates and fellow soldiers while he was serving in Germany and conduct any logical investigation thereafter with the thought that he may have remained in contact with individuals residing in Germany. Areas which he frequented while in the Army in the European Theater should be checked out as possible areas to which he might return.

Action Identities of some of Ray's possible associates while in the Army serving in Germany have been obtained, but since about twenty years have elapsed since his having been in the Army, efforts to contact these individuals are being held in abeyance at this time. We have instructed Legat in Bonn, Germany to make appropriate inquiry at the places of assignment of Ray while he was in the Army in Germany.

Item No. 31 Circularize Salvation Army centers and other Rescue Mission centers throughout the country.

Action This lead has been handled.

PROJECTS INSTITUTED

1. Passports - On May 14, 1968, Washington Field has instituted the review of approximately 2,153,000 passports issued to U. S. Citizens since March 1, 1967. It is anticipated that this project will be completed on June 21, 1968. We are revieting these at the rate of 20,000 per day. Through the Department of State, Rhodesian authorities are checking their records for any information regarding individuals entering the country from April 5, 1968, to the present date. This, of course, is not limited to citizens of the United States but is including Mexican and Canadian individuals. Our Legat in Ottawa advises that the Canadian authorities are checking the issuance of passports from Canada as it is possible that subject obtained a Canadian passport.

2. Safety Deposit Boxes. - We are presently checking individuals having access to safety deposit boxes at banks in numerous field divisions. The subject rented a safety deposit box in Birmingham, Alabama, and it is possible that he rented a safety deposit box in a city in which wekknow he resided. Subject has not been known to utilize/checking or savings accounts, and it appears that his business is done strictly with a safety deposit box.

3. Cash Withdrawals - We presently have under consideration obtaining the identity of individuals making cash withdrawals in excess of $10,000 in numerous field divisions. It is possible that subject is involved in a conspiracy and a pay-off resulted therefrom. In order to run this matter out we are checking for all withdrawals in excess of $10,000.

4. Drivers' Licenses - Each division covering state capitals is ascertaining if a drivers license was possibly issued to the subject. We know that subject presently holds a valid drivers license from the State of Alabama under name of Eric S. Galt. The possibility exists that subject by another name other than currently known, obtained a drivers license.

NOT RECORDED
JUN 20 1968

5. Locksmithing Institutions - Investigation is underway to determine if subject presently taking a locksmithing course from firms in United States offering same.

File

9 JUN 0 1968

In view of fact that subject was interested in a locksmithing course, it is possible that he is taking a course under another name or through another company other than the Locksmithing Institute in Little Falls, New Jersey. We have determined the identity of companies other than the one in Little Falls, New Jersey, and investigation is presently underway at each of these companies.

6. Unsolved Bank Robberies - All divisions have been requested to exhibit photograph of subject Ray to appropriate witnesses in unsolved bank robberies. At the present time we do not know the source of subject's funds. The possibility exists that subject is also the subject of an unsolved bank robbery case and this could be his source of funds.

7. Ascertaining long distance telephone calls of certain relatives of subject as well as certain former associates of subject. The possibility exists that subject will endeavor to get in touch with relatives as well as former associates by long distance telephone, and we should be in a position to determine origin of call.

8. Circularization to Salvation Army Centers and other rescue mission centers throughout the United States. These are being circularized as it has been known that subject resided in low type rooming houses, and it is also possible that he may seek aid in these types of missions.

9. Distribution of a circular to more than 14,000 laundry and dry cleaning establishments throughout the United States. Subject, in the past, has utilized the services of dry cleaning laundries extensively, and it is, therefore, possible that he will utilize these services in the future.

10. Determination of magazine or publication which subject Ray habitually read in order to place an ad in such a magazine for possibility of surfacing Ray. The Postal Inspectors are currently reviewing this matter to determine if postal regulations are being complied with in the phrasingof the ad.

11. The State Department is presently sending information regarding Ray's fugitive status to all of their consulates or embassies in the event any inquiry is received by their personnel in a foreign country. The possibility always exists that subject may make an inquiry at a consulate and also may seek aid.

12. All offices covering points of departure from United States, including border points, have been alerted to conduct appropriate checks and place appropriate stops. The subject, in the past, has been known to be in Canada, as well as Mexico; and we should be in a position to determine if he crosses these borders.

13. Circularization of bus companies and other transportation facilities. The subject, if and when he departs areas, could utilize public transportation facilities.

14. We have instructed the field in their daily contacts at country clubs, bar, prostitutes to exhibit Identification Order of subject Ray. The subject, in the past, has consorted with prostitutes, has taken a bartending course and has voiced an interest in working at country clubs. We have instructed our offices to exhibit Identification Order to the above in the event contact has been made by him.

15. Informants are continually being alerted as to any possible whereabouts of subject Ray.

16. Field divisions are continually publicizing the fugitive status of Ray through various news media. In connection with this we have publicized Ray's photograph and information regarding his fugitive status in several publications of various industries.

(2) Copies of documents used by Scotland Yard to support the above report.

These documents include copy of the birth certificate in the name of RAMON GEORGE SNEYD and copies of the two passports obtained by the subject.

(3) Certificate of Vaccination.

(4) Copy of registration at New Earls Court Hotel, London, showing registration of RAMON G. SNEYD on 5/28/68.

✓ (5) [redacted]

(6) A page of notes, apparently in RAY's handwriting, which was on his person when arrested. "FLE 4342" is the telephone number of the London Daily Telegraph.

✓ (7) [redacted]

[redacted]

✓ (8) [redacted]

(9) Memorandum of Kennedy Travel Bureau for Mr. R. Sneyd giving details of his flight from Toronto to London and copy of his ticket envelope. These were in the subject's luggage.

(10)Currency exchange voucher of Lloyds Bank Limited.

This document shows that on 5/30/68 RAMON SNEYD exchanged 15 South African rand for £7-13-10 in British currency. This would be approximately $17.50 in American money. The voucher does not identify the branch of the bank involved, and these branches are most numerous in London. The Yard has attempted to identify the branch at which this transaction occurred without success.

(11) A 4-page document captioned "Silencers."

This is a detailed discussion of the theory and specifications of silencers for firearms, which was found in subject's luggage.

(12) Classified advertisements found in RAY's wallet at the time of his arrest.

This is a torn piece of a London newspaper containing several classified ads, including one for cheap flights to South Africa by International Air. Scotland Yard has conducted investigation at International Air and has determined that there is no record of subject's having contacted that firm, nor are personnel of the firm familiar with subject.

Scotland Yard is continuing extensive investigation to develop subject's activities between 5/17 and 5/28/68. They also are sending an officer to every institution in London which has either banking facilities or safe deposit boxes to determine if the subject opened a bank account or rented a safe deposit box while he was here.

The complete manifest for the flight taken by the subject from Toronto to London has been obtained. Efforts are being made to obtain from Lisbon the manifest for the flight from Lisbon to London and Scotland Yard has access to the microfilm manifest of subject's flight from London to Lisbon. The three manifests will be cross-checked in a search for common passengers.

Written apparently by RAY on a South Africa Air Line schedule found in his luggage are the words "Cinco tres cinco zero quatra una," This is Portuguese for the number 535041. Legat, Paris, has instituted inquiries to determine if this is a Lisbon telephone number and, if so, to identify the subscriber and determine if the subscriber has any connection with the subject.

Scotland Yard is interviewing flight crews on the flights taken by RAY from Toronto to London and from London to Lisbon. This has been substantially completed with negative results, and will be concluded as soon as personnel on overseas runs are available for interview. Legat, Paris, has previously arranged for interview of the flight crew on RAY's flight from Lisbon to London.

Scotland Yard's investigation to date has not developed any indication of RAY's having had any associate or significant contact in London.

Exhaustive checks have been made of immigration and airline records. No record has been found to indicate RAY left England between 5/17/68 and 6/8/68.

The statement in the first paragraph of this airtel regarding reports received on [redacted] onfidential basis refers only to items numbered 1, 5, 7 and 8.

SILENCERS

BACKGROUND INFORMATION: Various types of silencing devices have long been used with varying degrees of success on nearly all types of small arms. The Maxim patent silencer (illustrated below) was widely used before silencers were declared illegal in the U. S. under the National and Federal Firearms Acts. It was supposed in principal to impart a spin to the exiting muzzle gas, thus preventing the muzzle blast and resultant noise. Other common types attempted to bleed off the gas after it was captured in chambers at the muzzle, usually with complicated arrangements of flutter valves or other devices. Perhaps the most common and indeed the most efficient design is patterned after the automobile muffler, in which the gas is captured in a chamber at the muzzle, and escapes slowly from the chamber through the same holes it entered, or through exit holes positioned at opposite sides.

LEGAL NOTE: Due to the effective use of silenced firearms by poachers and assassins, many countries have stringent legal control of any type of firearm silencing device. Indeed, in the United States they fall under the purview of Title 22, Foreign Relations, Chapter I, Department of State Regulation 108.425 Revised Sub-chapter M, Section 121.01, Category 1, Paragraph (c) in that they are listed as an implement of war requiring a special license for importation. They also come under the purview of Part 179 of Title 26, Code of Federal Regulations (National Firearms Act) in that they are defined as a firearm requiring a special $200 tax stamp plus federal registration upon manufacture or change of ownership. Application for the tax stamps and registration is obtained from the Alcohol and Tobacco Tax Unit, Internal Revenue Service, U. S. Treasury Department. Should one make such a silencing device without proper exemption (available to Police and other authorized agencies) he is liable to the tax, plus the interest and penalties thereon, in addition to possible criminal liability for penalties under Section 5861, I. R. C.

MECHANICAL THEORY: The noise on cartridges which travel slower than sound comes from the blast of hot expanding gas bursting from the muzzle, or around the breech in a revolver. A device which effectively captures this blast of gas and releases it slowly enough will therefore silence the firearm, at least in theory. There are exceptions to this, however, which must be noted. The more obvious are open-breeched weapons such as a revolver or revolving rifle, which allow a blast to escape around the cylinder. Indeed, even unlocked breech weapons such as sub-maching guns allow a flash to escape from the ejection port. The British Sten and the American M-3 were both fitted with rudimentary silencers which proved effective for special missions in spite of this minor defect, however.

The second notable exception becomes apparent when one considers that not all cartridges can be silenced, as projectiles which leave the muzzle faster than the speed of sound (about 1140 f. p. s.) create a noise of their own as they travel through the air, and the partial vacuum they leave behind creates noise when the air rushes back in. Therefore, we will hereafter consider only those cartridges which can be obtained factory loaded to velocities below the speed of sound (many other cartridges may also be hand-loaded to suitable velocities, but since the possibilities are innumerable they will not be dealt with here). The most common cartridges in the silenceable category are: .22 CB Cap, .22 Short, .25 & .32 Auto, .32 S&W, .32 S&W Long, .32 Short Colt, .32 Long Colt, .32-20 Winchester, .38 S&W, .38 S&W Special, .38 Short Colt, .38 Long Colt, .38 ACP, .380 Auto, 9MM Luger (Parabellum), .38-40 Winchester, .41 Short, .41 Long Colt, .44 Special & Russian, .44-40 Winchester, .45 ACP, .45 Long Colt, .455 Webley (Eley) Revolver, .455 Webley (Eley) Automatic; plus a wide selection of shotgun cartridges loaded with solid balls.

Although the above-mentioned Maxim silencers attempted to stop the noise by not only capturing but also breaking up and giving spin to them, the most effective silencers have been the captive type, whether of the complicated "bleed-off" valve-release or the simple "automobile muffler" type. The most effective cartridge selection is obviously one with the heaviest possible projectile traveling at the lower velocity, such as the .45 ACP.

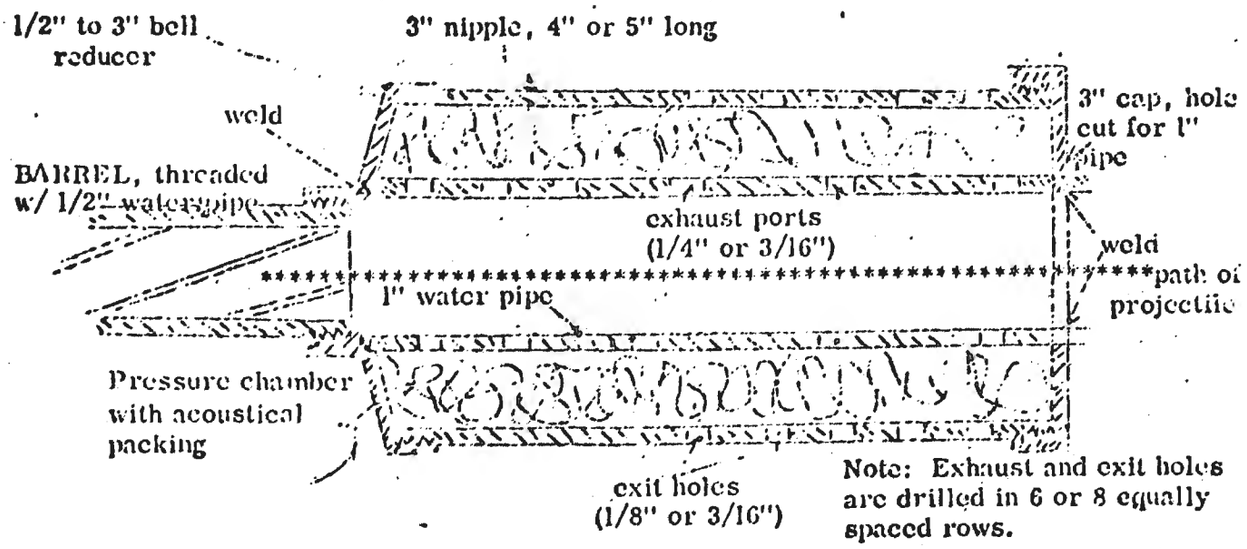
or .45 Long Colt. The favorites of professional poachers are single-shot rifles firing .43 or .45 rifle cartridges loaded to low velocities. The rifle has the additional advantage that its longer barrel tends to minimize the muzzle blast, as most of the powder is completely burned before it reaches the muzzle.

It is also obvious that since the purpose of the silencer is to capture the gas and release it slowly, the smaller caliber arms will need only a smaller chamber in which to contain this captured gas than does a larger cartridge with its resultant larger volume of escaping gas. The .22 "scratch" pistols used a silencer which was approximately one inch in diameter and eight inches long. The British Sten was fitted with a silencer which encircled the barrel and was about 2 1/2" to 3" in diameter. A .45 ACP weapon should have a chamber about 3" in diameter and at least 4" long in order to be effective and safe. It must be remembered that these escaping gases are under strong pressure, and the silencer must be very sturdily designed and constructed in order to withstand the working pressures involved. Certain modern designs have incorporated an outer chamber which is constructed of heavy rubber, which expands to contain the volume of gas at the instant of firing, but which is compact and not liable to burst and throw dangerous shrapnel. An old trick of country crow hunters is to put a baby-bottle nipple on the end of his .22, which is good for several rounds before it becomes too ragged to be effective.

As the length of the barrel is important due to the fact that a longer barrel allows the powder to be completely burned before the blast reaches the muzzle, it is readily seen that the faster-burning pistol powders (such as Hercules Bullseye) are more practical, since they accomplish the same thing in a shorter, more compact barrel.

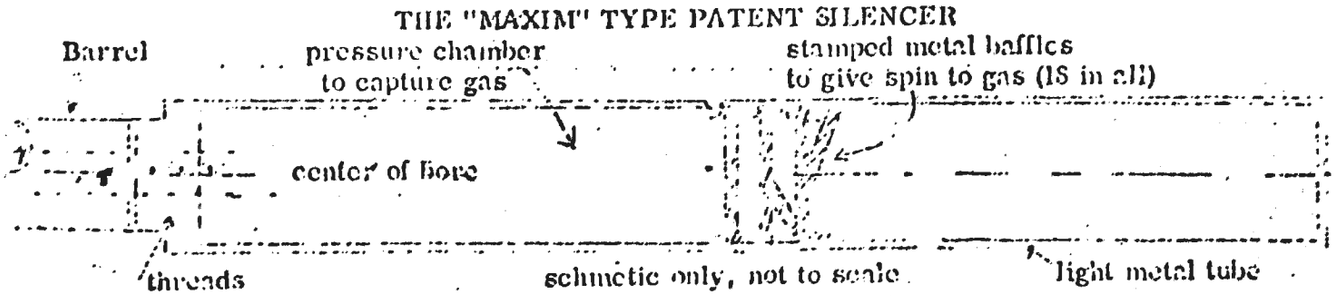
"BLEED-OFF" DESIGNS: The "bleed-off" systems will be mentioned only in passing, as they are less practical, less safe and much more complicated in design than the more popular "automobile muffler" types. These must by their nature be built to much closer tolerances and constructed to withstand greater pressures than other types. This is largely due to the fact that they divert the gas pressure first to the pressure chamber through small check valves, then from the chamber through other small valves into the atmosphere, or in some designs merely through small exit ports. In these designs, the chamber is usually not filled with any type of acoustical packing. As these are more complicated to design and build, they are favored by neither designers nor gunsmiths. A schematic diagram is shown below to illustrate the principal of operation -- it is not intended as a blueprint for jackknife gunsmiths who would break the law and jeopardize their safety with a soldered booby-trap.

AUTOMOBILE MUFFLER" DESIGNS: The effectiveness of this design depends on a pressure chamber of sufficient size and strength to capture the expanding gases from the burning gunpowder and allow a drop in pressure before the projectile leaves the muzzle of the gun Therefore, these are usually fitted to the muzzle, although in the case of certain designs they telescope the barrel and the gas entry ports are just forward of the chamber (as in some designs built for the Sten and US M-3; the design for the Sten even allowed the pressure to drop to a point where the projectile left the muzzle at less than the speed of sound). The part of the barrel which is covered by the pressure chamber is slotted or perforated to allow the gases to enter freely. This chamber is usually packed with some type of acoustical deadening material (such as coarse spun glass, steel wool, bronze wool, etc.). This design, although very simple, serves a two-fold purpose in that the gases are baffled as they enter and exit the chamber, and the high pressure which causes the objectionable muzzle blast is lowered before the projectile leaves the barrel. For these and other reasons, this design has proved to be the most practical and satisfactory in use. It is well to note here that although these silencing devices seem very simple in design, they must be built to withstand tremendous pressures in use, and their construction should not be undertaken by any unqualified or unskilled persons merely because they have access to the necessary tools and machinery and a low regard for the laws involved.



3.8

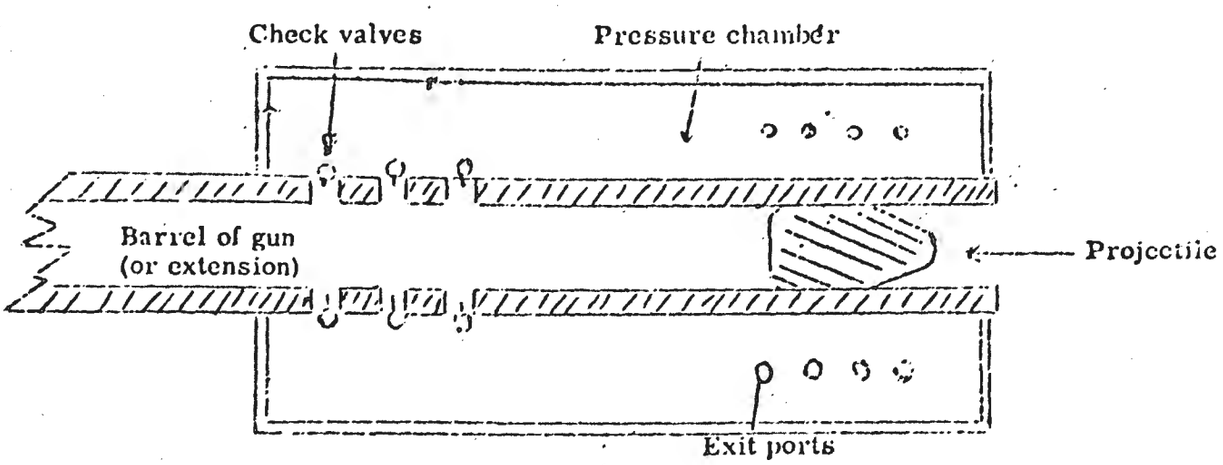
SILENCERS...



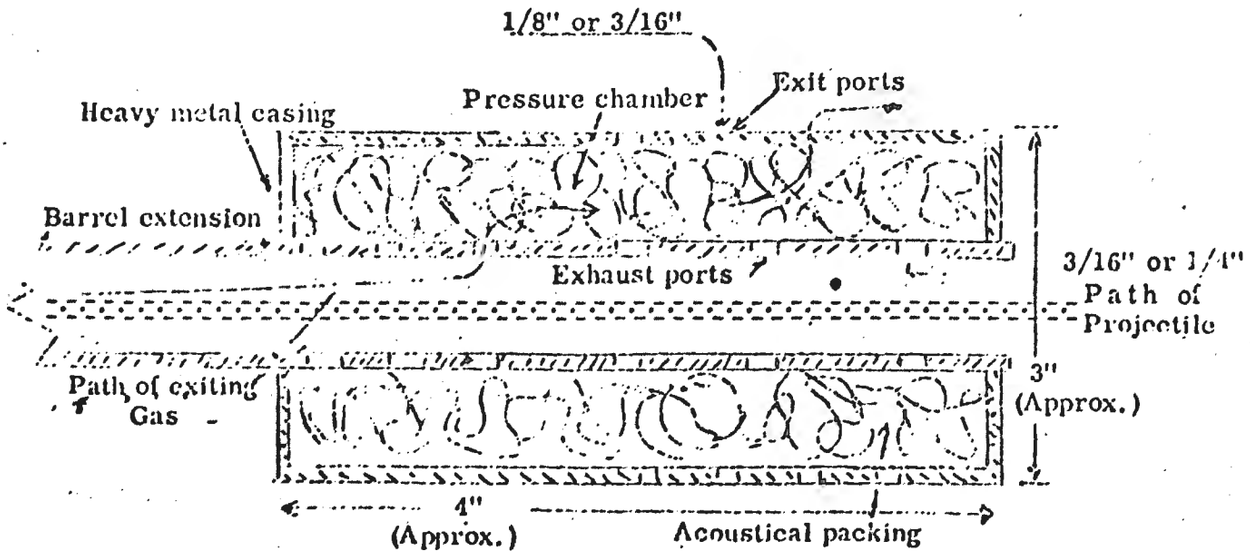
For the sake of simplicity the below representative plan is of a silencer attached to a .45AC caliber M-3 "Greasegun" sub-machinegun. This weapon is ideal in that it has a handily protruding barrel, solid construction and a good cartridge. To be truly effective, the pressure chamber must have a volume in excess of 25 cubic inches (the smaller it is, the more sturdily it must be constructed, as the pressure will be greater). This is accomplished in a chamber 3" in diameter and about 4" long, but these proportions may be altered to conform to the particular weapon, as long as the volume remains the same or larger. For the sake of safety, a silencer of the captive type should be wrapped with heavy canvas or glass cloth in case of a rupture, and for insulation, as nearly all silencing devices grow quite hot under sustained fire. Also, great care must be taken that the inside of the silencers align perfectly with the bore before a round is ever fired, and for this reason it is wise to have this inner wall larger than the bore and projectile size.

As it is usually impractical within the limits of existing regulations for the individual to construct silencing attachments, a very practical and inexpensive device may be constructed from a small crate about two feet square, from which is suspended cloth strips held with chicken wire on the inside in a circular lining which acts as an acoustical deadening device but does not actually attach to the weapon; this being very practical for indoor ranges when placed around the muzzle of the arm, or suspended from the ceiling for pistol shooting. As this sort of arrangement is more of a muzzle-blast muffler and is away from the muzzle by a foot or so on all sides, it has the advantage of not interfering with and sights.

Additional information on silencers may be obtained from: "Pistols, Rifles and Machine Guns", Maj. W. G. B. Allen, English Universities Press; "The World's Submachine Guns", Thomas Nelson, International Small Arms Publishers, Cologne; and the "Gun Digest" 1964 18th Edition.



THE "MAXIM" TYPE PATENT SILENCER



RESUME: Thus far we have learned that the silenced firearm is preferably of large bore and low velocity, closed-breech design (such as an automatic pistol or rifle); it has the longest possible barrel; the cartridge is best if as heavy as possible, and loaded to velocities less than 1140 f.p.s.; a fast-burning powder is preferable in order to lessen the length of barrel necessary for complete burning. The following schematic diagrams illustrate the principles involved in the various silencers, and show how effective silencers are built by authorized, competent gunsmiths:
